Army Medical Corps; officers and other ranks of the Imperial or other Dominion Forces, and all officers and other ranks temporarily appointed to the N.Z. Military Forces on a full-time basis.

The term, however, does not include officers employed in military hospitals, members of N.Z.A.N.S., V.A.D.s, or masseuses.

##### Vouchers, Claims, Receipts, &c.

2. The mark of any payee unable to write, and the mark or signature of every Maori, must be witnessed by a European able to write, other than the paying or countersigning officer. The Treasury, however, may exempt Maoris who can read and write English from the operation of this regulation.

3. All vouchers must show the rate according to the number, weight, or measurement of all articles by which the computed value of any item on the voucher has been arrived at. If this cannot be shown, the words "The price is as agreed upon" must be incorporated in the voucher.

4. Vouchers must be prepared by the claimants. Particulars must be clearly written, and be free from erasures and interlineations. Where a slight alteration is found to be necessary the word or figure should be ruled through, and the correction substituted and initialled.

5. The claimant must state his full Christian name, with full address. In the case of partnerships, companies, societies, &c., the registered titles of such will suffice.

6. Every voucher shall show the branch of the bank at which the cheque is to be paid, and shall contain full particulars of the claim, or be accompanied by a statement showing the particulars.

7. Officers certifying to vouchers will be responsible that all rates, computations, &c., are carefully checked, and will be surcharged with the amount of any deficiency or loss resulting from error of calculation.

8. A certifying officer may also be an approving officer, but shall not act in the dual capacity in respect of any one claim unless specially authorized to do so by the Paymaster-General.

9. In the event of any voucher being lost, payment may be made on another voucher certified and approved in the same manner as the original; but such voucher must be marked "Duplicate," show the reason for the non-production of the original, and a certificate shall be given by the certifying officer that every search has been made for the lost voucher without result, and that the claim has not been paid. Payment shall not be made until the certificate of the Director of Financial Services is obtained that the payment has not already been made.

10. No vouchers having the word "Duplicate" thereon will be passed without a full and satisfactory explanation as to the reason. Officers are cautioned against certifying duplicate vouchers unless they know positively that the original has not been paid, and that all endeavours to find it have failed.

11. When any doubt or difficulty arises as to any receipt to be taken the countersigning officer must apply to the Paymaster-General, Treasury, who will issue the instructions accordingly.

12. Certifying officers shall be responsible, *inter alia*,—
- (a.) That the accounts they certify are for expenditure which has been duly authorized, and that they are in due form, supported by vouchers where necessary, and that no erasure has been made in the total amounts; any alteration in the total amounts shall be initialled by the certifying officer;
  - (b.) That the accounts set forth the exact dates or periods and rates of service or supply, and the names of the places in respect of which the expenditure was incurred;
  - (c.) That the particulars of the claims are stated in such a manner as will admit of the calculation being readily checked;
  - (d.) That the accounts are made out in the name of the claimant, whose full postal address must be supplied. Vouchers should be prepared by the claimant in all cases where possible, and particulars legibly written in the proper place;
  - (e.) That the accounts are signed opposite the total amount by the proper claimant;
  - (f.) That the amount of the claim is written in words at length opposite to the total;
  - (g.) That the blank spaces between the words expressing the claim are filled up by drawing a line across them;
  - (h.) That reference is made to the contract, approved requisitions, agreement, or other authority governing the expenditure.
13. Officers certifying vouchers are requested to observe that unless the foregoing instructions are strictly complied with the accounts cannot be passed, and the responsibility for the delay thus caused must rest upon them.
14. It is the duty of the officer who incurs the expenditure to see that all claims against the Department are rendered within one month from the date of executing the service, and tradesmen and others with whom he deals should be informed that unless the accounts are furnished promptly no further supplies will be ordered from them. In the case of an account for which the service was rendered three months or more prior to the receipt of the account, a special certificate is required from the officer on the voucher that "the account has not been previously certified to in whole or in part," and an explanation of the cause of the delay should be added.
15. The officer authorized to certify to a claim is required to alter the certificate as occasion may require before signing it, taking care that it is so worded as to afford assurance that the conditions upon which, in each case, the payment of the claim depends have been completely and satisfactorily fulfilled. Thus, when the expenditure is incurred under a contract, it should be certified that "the charge is according to contract, and that the service has been satisfactorily performed, and the supplies have been duly delivered and entered in my Departmental Property Ledger." This refers to purchase of stores, &c., and also to contract work performed. The certificate on a claim for travelling-expenses should read, "I certify that to the best of my knowledge and belief the foregoing account is true and correct in every particular; that the charges are reasonable; that I actually expended on the services named the sums included in such charges which are not supported by receipts; and that I was absent from my headquarters at night on each of the occasions for which a full day's travelling-allowance is claimed, and that I was travelling on the public service during the period for which the claim is made."
16. The first and last days of the period of service are to be shown on every voucher.
17. Claims for supplies *must* be accompanied by the original requisition for the goods. Accounts will not be passed otherwise.
18. All officers who incur or authorize expenditure will be held responsible for the exercise of due economy, and they will be liable to make good any overcharges in respect of supplies or services which may be passed by them.
19. Authorizing officers are responsible that the usual trade discounts are obtained whenever possible. Any officer losing such discounts through carelessness or neglect will be liable to be surcharged with the amount of such loss.
20. In the case of stores purchased by weight or quantity the certifying officer is required to take steps, before certifying the voucher for the same, to see that the actual quantity charged for has been supplied, and, in case of goods supplied by contract, that they are of the quality charged for. In claims for supply of timber the class thereof should in all cases be stated.
21. There should be attached to advertising claims the original order given and also a clipping copy of each advertisement as printed, without which the account will not be passed. No advertisement should be inserted without first obtaining the necessary authority.
22. All claims on account of advertising must be submitted to the Advertising Department for checking before payment is made.
23. Payment for any special service will not be sanctioned unless authority for such service has been previously obtained from General Headquarters.
24. A revenue stamp is required on all receipts for sums of £2 or over, except for payment of salaries and wages. Receipts for payments by way of refund to an imprestee for expenditure incurred out of pocket for travelling-expenses, &c., must also bear a revenue stamp if the amount is £2 or over.
25. Receipts (stamped when necessary) for *all* fares and other expenses, including freight, when over 5s. must accompany the claim.
26. Receipts for *all* disbursements, even below 5s., must be forwarded in the case of a claimant not travelling on or engaged in the public service.

#### Salaries.

27. Salaries shall not be paid from imprest, but all abstracts must be sent to the Director of Financial Services at Headquarters, Wellington, not later than the seventh day in each month to which the payment relates.
28. Salaries which are payable by cheques on different branches of the bank must be entered on a separate abstract for each branch. The abstract must state the first and last day of the period of service, and both must be included in the calculation. If the last day of the period of service shown on the voucher has not arrived, a provisional certificate only may be given, except in special cases—as, for instance, where leave of absence has been granted, in which case the certificate is to be amended to suit the circumstances.
29. One month's pay at an annual salary must be calculated at one-twelfth part of such salary. Pay for a broken part of a month must be computed by

multiplying the month's pay by the number of days in the broken part, and dividing the result by the number of days in the month.

30. Care must be exercised in seeing that on the voucher the surname and initials of the claimant agree with his signature, otherwise the acquittance will not be accepted.

31. Every salary abstract shall show the name of the officer appointed to countersign the cheque and the branch of the bank on which the cheque is to be drawn.

#### Transfer of Members of the Forces.

32. In every case where an officer, warrant or non-commissioned officer, or man of any branch of the Military Forces is transferred, the O.C. Command to which the officer, warrant or non-commissioned officer, or man is transferred is to be immediately advised by the O.C. Command from which the transfer takes place of the following particulars: Rate of pay; details of all allowances, and whether in quarters; and date to which payment has been drawn.

33. Should an O.C. Command fail to receive these particulars on the transfer of any officer, warrant or non-commissioned officer, or man, he must at once communicate with the O.C. Command from which the transfer took place, with a view to obtaining them.

#### Correspondence.

34. On questions of departmental procedure or routine respecting financial matters the Command Paymaster shall communicate direct with the Director of Financial Services, General Headquarters.

35. All other communications and returns shall pass through the usual channel to General Headquarters.

#### Returns.

36. The following is a list of the returns to be forwarded by O.C. Command to Headquarters, not later than the seventh day of each month:—

- Return of Expenditure by Officers Commanding Commands.
- Return showing all Appointments, Promotions, and Transfers (in duplicate), both as regards the Military Forces and the Public Service.
- Sale of Government Property.
- Receiver's Declaration.

#### Payments to be made by 31st March.

37. It is very necessary that the amount of outstanding expenditure on the 31st March in each year shall be as small as possible, and with a view of attaining that end officers are responsible that the following steps be taken:—

- (a.) Supplies, &c., required to the end of March should be ordered so that the accounts might be paid as early as possible.
- (b.) The requisitions for repairs and similar works should be sent in as early as possible, and the works should, wherever practicable, be completed by the last day in February of each year.
- (c.) Where accounts outstanding are likely to be of considerable amount, the persons interested should be requested to furnish the accounts promptly. A memorandum to that effect could be written across the orders when given.
- (d.) With regard to the pay and allowances of the Forces, such arrangements should be made as will enable all payments due for the financial year to be made prior to the 31st March.
- (e.) It is the duty of officers to see that all claims are promptly paid.

#### Moneys received from Tenderers for Canteen Rights.

38. In cases where arrangements do not exist in regiments or units for a brigade or regimental canteen—

- (a.) An officer appointed to the command of a camp of continuous training may be authorized to call for and approve of any tenders received for the sale of groceries or for the conduct of booths for non-alcoholic liquors, barbers' shops, &c.
- (b.) He shall forward a list of accepted tenders, accompanied by a balance-sheet showing the amounts received and the manner in which they have been disposed of, to the O.C. Command, for the information of General Headquarters.
- (c.) On the conclusion of a camp, steps are to be immediately taken to settle all accounts in connection therewith, and the proceeds (if any) are to be distributed without delay.
- (d.) The moneys so received shall be divided proportionately between each regiment or unit, &c., or portion of same in camp, and forwarded to the respective commanding officers, who shall give receipts for amounts received. Such receipts shall be attached to documents forwarded to the O.C. Command.
- (e.) Sums so received shall be paid into regimental funds, to be used at the discretion of the commanding officer in providing games, gymnastic gear, &c., for regimental recreation-rooms, or for the necessary expenditure for the benefit of the troops in camp.

The soldier will be held responsible that his uniform as enumerated above is at all times complete and serviceable. This grant will not be payable until after twelve months from date of enlistment. Prior to the payment of the annual uniform allowance being made, a certificate must be furnished to the Paymaster by the soldier's Commanding Officer, to the effect that he is in possession of a complete and serviceable uniform.

#### TEMPORARY PERSONNEL.

52. Warrant officers, N.C.O.s, and men (other than M.T. personnel) engaged on a temporary basis, and civil employees of the Ordnance Department, will, on being engaged, be supplied with two suits of denims, which will be worn when on duty, and will be replaced at stated intervals when necessary. On all other occasions temporary personnel, as above, will wear plain clothes. Temporary personnel of the M.T. Section A.S.C. will, as regards clothing, be treated exactly as artificers of the Permanent Forces.

#### Allowances to Members of the N.Z. Permanent Forces holding Honorary Commissions.

53. Members of the N.Z. Permanent Forces who have been granted honorary commissions will be entitled to the travelling-allowances, together with the allowance for upkeep of uniform, laid down in regulations, in the same manner as commissioned officers of the N.Z. Permanent Forces.

#### Forage Allowance when Travelling.

54. Forage allowance will be paid to an officer, warrant officer, or non-commissioned officer when travelling on duty for which detailed (with his horse) at the rate of 1s. 6d. per feed, with a maximum of 4s. 6d. per diem, provided the distance travelled is not less than ten miles from his headquarters.

#### Travelling-allowance on Temporary Transfer.

55. Unless otherwise approved by the G.O. i/c A., the maximum period for which travelling-allowance may be paid to all ranks temporarily transferred for duty at any station (where neither rations nor quarters are provided) outside their own headquarters shall be—Married, twenty-eight days; single, seven days.

**Travelling-allowance on Permanent Transfer.**

56. In the cases where officers and other ranks of the Permanent Forces are permanently transferred from one station to another, travelling-allowance may be granted as follows:—

At commencement of journey: Single, one day; married, two days.

On arrival at destination: Single, two days; married, seven days.

57. In cases where married officers and other ranks permanently transferred are unable to obtain a house within seven days after arrival at the new station, the G.O. i/c A. may approve payment, for a further period, of an allowance equal to the difference between 60 per cent. of salary and the actual cost of temporary accommodation, for which receipts must be submitted.

The O.C. Command shall, before submitting his recommendation to General Headquarters, satisfy himself that the most reasonable arrangements have been made for such temporary accommodation, and that genuine endeavours are being made to obtain a house.

**Rations and Quarters, and Allowances in lieu.**

58. Officers and other ranks detailed for temporary duty at a camp or school of military instruction where officers or soldiers receive free rations shall be entitled, in cases where they actually reside in such quarters, to rations and messing free, according to the scale laid down, but shall not be entitled to any other allowances while thus drawing free rations and messing.

59. Married officers and other ranks detailed for temporary duty to a station where free quarters and messing facilities but no free rations are provided shall be entitled, in cases where they actually reside in such quarters, to an allowance of 4s. per day in the case of officers, or 3s. per day in the case of other ranks. They shall not be entitled to any other allowances.

Married officers and other ranks detailed for temporary duty to a station where free quarters are provided, but where it is necessary to obtain meals out side such quarters, shall be entitled, in cases where they actually reside in such quarters, to an allowance equal to half the travelling-allowance laid down for their rank.

61. A married officer or other rank employed at a camp or other establishment where he cannot obtain quarters for his family, and is compelled by reason of distance to remain away from his home at night, may, on the recommendation of the O.C. Station, through the usual channels, be granted for each complete day of twenty-four hours away from his home one of the allowances in Regulations 58, 59, or 60 above, as applicable. Such allowance will only be granted for a period not exceeding twenty-eight days, and, if approved, subsequent renewals will be made in periods not exceeding twenty-eight days.

In cases where an officer or other rank is granted the privilege set out in this paragraph, and whose family reside within access to his place of duty, a free return travelling-warrant may also be granted within a radius of thirty miles once per week to enable him to visit his family.

62. Except as detailed above, no allowance will be made for rations or quarters unless specially authorized by the G.O.C. or the G.O. i/c A.

**Travelling Allowances and Expenses.—General.**

63. Every care must be taken that the expenditure under the head of travelling-allowance is kept down to the lowest possible limit, and O.C. Commands are held responsible that the least possible expenditure is entailed by those under their command in the performance of their duties.

64. No officer shall proceed on any duty without first informing the head of his department or commanding officer, and such head of department or commanding officer, before granting permission, shall satisfy himself that the travelling is necessary. If, through the exigency of the service, it is not practicable to obtain the permission of the head of the department or commanding officer, the circumstances should be at once reported in writing, or verbally if the officer travelling returns within twenty-four hours.

65. In all cases where military or Government transport is available it must be utilized.

66. Any case not coming within the above should be submitted to General Headquarters for a special ruling.

67. Travelling-allowance at the following rates shall be paid. Such allowance shall include meals and portorage, and shall be paid only on defined absence from residence or headquarters. (Travelling-allowance shall not be drawn while under canvas, or while in receipt of camp allowance, or while with troops who are rationed.) In all cases "a day" means a day of twenty-four hours.

The maximum charge allowed for meals is 2s. 6d. in New Zealand.

69. Portorage includes the cost of the employment of a porter to handle luggage at a wharf, hotel, or railway-station, and must be paid for out of the daily allowance. The conveyance of personal luggage from or to a railway station or wharf or other terminus, to or from the home of an officer travelling on public service, or to or from the hotel or boardinghouse at which he is

staying, shall not be regarded as porterage, and may be allowed, provided that cab-hire is not charged for the same journey.

70. Vouchers for travelling-expenses must show full details of place, date, and time of arrival and departure, and state definitely nature of the duty on which the claimant was travelling. Receipts must be provided for all individual items of expenditure exceeding 7s. in amount. Motor-car hire will only be passed when it is the cheapest or only mode of conveyance and is authorized by the G.O.C. In all cases the least expensive conveyance available must be employed, but if public transport is available it must be utilized. Charges for cab-hire, cartage, &c., must be strictly in accordance with the scale laid down in local body by-laws.

71. In every case the officer certifying the claim will satisfy himself that the cheapest mode of public conveyance has been used, and that the charges are in accordance with the regulations.

72. Claims for travelling-expenses and for travelling-allowances shall be prepared in full detail and in order of occurrence, on the proper voucher form, to be submitted for payment not later than one month after the completion of the journey.

73. In the case of members of the Forces travelling on duty, not more than 75 per cent. of the maximum travelling-allowance for the estimated period of absence may be advanced. Applications for such advance must be made on the form provided for the purpose.

77. Except as provided above, officers up to and including the rank of Colonel, W.O.s and N.C.O.s above the rank of sergeant, travelling by train may claim, in lieu of the ordinary travelling-allowance, an allowance of £1 for the day of departure or return, provided they have incurred the cost of a sleeping-berth on the train, a receipt for which must be produced. Such allowance shall cover a period of twenty-four hours from the time of departure or return, or the whole period occupied in travelling if such period is less than twenty-four hours.

#### Transport for New Appointees.

78. All persons on first appointment will be provided with travelling-warrants for themselves, their wives and families; and household effects will be moved at Government expense subject to the provisions of paragraphs 80 to 85.

#### Removal of Furniture.

##### WHERE COST BORNE BY SOLDIER.

79. Members transferred from one station to another solely at their own request, or by exchange (except as provided for in the next regulation), must bear the whole cost of their removal. When transferred on account of misconduct, the cost must be borne by the member at fault, unless otherwise determined by the Minister prior to removal.

##### WHERE COST BORNE BY PUBLIC.

80. When members are transferred (a) in the public interest, (b) to meet the convenience of the Department, or in the ordinary course of promotion, the actual cost of conveyance of such soldiers and of their families will be paid by the Department.

81. Whenever possible, removals will be carried out entirely by the Defence Department. In such cases the procedure will be as follows:—

(a.) All cases and other packing required will be provided by the Army Service Corps or Ordnance Corps.

(b.) All such packing-cases and packing will remain the property of the Department, and will normally be taken into store on completion of the removal. (In cases where it would not be economical to return such cases and packing to store such will not be done.)

(c.) All packing will be done by the Army Service Corps or Ordnance Corps, as directed by the O.C. Command.

(d.) The Army Service Corps will make all transport arrangements, using Army Service Corps transport where available.

(e.) Packages will be numbered consecutively, and marked with the initial of the surname of the owner in a diamond-shaped figure over the first letter of name of destination.

(f.) The following particulars will be supplied by the owner to the Army Service Corps officer carrying out the removal: (i) Total value; (ii) markings; (iii) number of packages; (iv) items of special value, stating values.

(g.) The Army Service Corps officer carrying out the removal will effect an insurance policy for the value.

82. When it is not possible for any portion of the work of removal to be carried out by the Department, the following procedure will be adopted:—

(a.) Tenders will be called from at least two business firms, and submitted through the usual channels to General Headquarters, which may then give authority for the acceptance of the more suitable tender. O's.C. Commands must, before making their recommendations to General Headquarters, satisfy themselves that every endeavour has been made to obtain the most favourable quotations. Packing-cases and packing will be dealt with as in Regulation 81 (b) above.

(b.) The G.O. i/c A. may, in exceptional circumstances, authorize a cash payment to the officer, N.C.O., or man concerned, who will then make his own arrangements for the removal of his household effects. Such authorizations will, however, be strictly limited, and will be made according to the following scale:—

Where pay is under £200 per annum: Up to £35.

Where pay is over £200 and under £400 per annum: Up to £45.

Where pay is over £400 and under £600 per annum: Up to £50.

Where pay is £600 or over per annum: Up to £60.

83. When it is possible for only a portion of the service to be carried out by the Department, and it is considered by the O.C. Command that this should be done, then tenders will be called as in Regulation 82 (a) above for the remainder of the service. In such cases the procedure set out in Regulation 81 above will be carried out where it is applicable.

84. All claims for damages incurred in removals carried out by the Department will be investigated by a Court of Inquiry assembled by order of the O.C. Command.

85. In providing for the cost of removal only necessary household furniture and effects shall be taken into consideration. In the case of Mounted soldiers, their horses may be transferred at the public expense if the O.C. Command considers it necessary in the interests of the Forces.

#### Horse and Forage Allowances.

NEW ZEALAND STAFF CORPS, ROYAL N.Z. ARTILLERY, AND PERMANENT STAFF.

86. Adjutants and Instructors of the Permanent Staff, with the exception of instructors in the large towns, may be allowed the undermentioned allowances if they keep horses for the public service:—

(a.) Officers shall provide their own horses, but a N.C.O. shall, where necessary, be allowed a sum not exceeding £18 with which to buy a horse. Such horse shall be the property of the Department, and passed by the Government Veterinary Officer.

(b.) An allowance at the rate of £30 per annum shall be allowed to each officer and N.C.O. who is required to keep a horse, for the upkeep of the same.

87. All horses which belong to the Government will be inspected annually by the Government Veterinary Officer and branded, and a proper register kept by the Staff Officer i/c "Q" Branch at General Headquarters.

88. In the event of an officer's or N.C.O.'s horse being injured or dying otherwise than in camp, the case must be immediately reported on and a Board held; and if a recommendation is made by the O.C. Command, an amount not exceeding £18 may be allowed to purchase another horse.

89. Either a forage allowance of 1s. 6d. per diem or a free issue of forage in kind may be drawn by Mounted officers and Sergeant-major Instructors who have horses while in camp.

#### Bicycle Allowance.

90. Officers and N.C.O.s of the Permanent Forces may, where it is found more economical, use bicycles in lieu of horses. The cost of such bicycles shall, on the approval of Headquarters, become a charge against the Department, and an allowance not exceeding £3 per annum shall be allowed for upkeep of same, and a certificate shall be placed on the voucher stating that the allowance drawn has been duly expended and that the bicycle is in good order and repair. O.C. commands will requisition for all bicycles to Headquarters, Wellington.

#### Allowances for use of Private Motor Vehicles.

91. Officers and others using their own motor vehicles on public journeys may draw the allowances hereinafter authorized in all cases where conveyance is admissible, provided that the total charge, including fares, travelling-allowances, and (or) travelling-expenses, is not more than it would have been if the journey had been made by ordinary means of conveyance.

117. The remuneration payable to a Medical Officer for the examination of an individual Territorial or Cadet by competent authority for a purpose other than that of posting to the Territorial Force shall be at the rate of 5s. per man examined. 123. In cases of failure to obtain the report referred to in the last preceding paragraph, or where the officer has completed as a continuous period only one-half of the course, pay will be admitted for the first half of the course on a certificate from the officer conducting the course that he has displayed all proper zeal and industry, and has profited by the course.

124. The issue of pay to W.O.s, N.C.O.s, and men during authorized courses of instruction will be made at the end of the course, and will be subject to the production of a certificate that they have been punctual and attentive during the period for which pay is issued.

130. The following will be the rates of lodging-allowance to be drawn by officers, W.O.s, and N.C.O.s of the Territorial Force when attending continuous courses of instruction under the Regulations for the N.Z. The four extra days in camp are not to be reckoned as days for which pay is not drawn (*i.e.*, no travelling-allowance is payable for the four extra days in camp, although pay is not drawn for that period).

140. All travelling-allowances are to be calculated from the officers' official headquarters, or, if no greater expense is involved, may be calculated from the officers' residences.

141. No grant from public funds shall be made for the conveyance of officers' horses or other horses in excess of the number laid down in the Territorial Force establishments.

142. Officers and men joining a continuous course of instruction for which pay is drawn shall be allowed travelling-allowances from their place of residence to the nearest available place of instruction. Travelling-allowances in connec-

Officers and men attending a course of instruction shall not be entitled to any allowances in connection with their horses unless such horses are required for mounted duties, a certificate to that effect being required.

Courts and Boards of Inquiry investigating the circumstances under which disabilities are sustained will report the degree of disability and its probable duration, the average rate of pay previously earned, and shall recommend whether the provisions of the Workers' Compensation Act should apply or not. That the accident which caused the loss occurred in the actual performance of duty in the field, or while on the march to or from the place of assembly for duty, with a detachment in military formation, and under the command of an officer or N.C.O. of the N.Z. Permanent Forces or Territorial Force :

Command;
- (e.) All correspondence on the subject bearing the remarks and recommendations of the O.C. Command concerned.

157. In order to avoid the inconvenience which arises from time to time in settling the claims of civilian veterinary surgeons, the O.C. will take care that whenever the services of a civilian practitioner are required he is informed that, in case of objections being raised to the charges he may make for his professional attendance, they will be submitted for the examination and decision of General Headquarters, and that its award must be considered as final by the practitioner. The practitioner will only be employed if he makes an agreement to this effect, and O.C. will be held responsible that such agreements are duly made.
