8. The school shall admit to a senior free place any pupil qualified under clause 7 hereof, unless, in the opinion of the Director, such pupil can obtain suitable instruction at a school nearer his home, and no school shall admit to a senior free place any pupil not so qualified.

9. A senior free place is tenable until the holder has reached his nineteenth birthday: Provided that if the nineteenth birthday occurs during a school term or quarter the free place shall be tenable until the end of that term or quarter.

10. (i.) The secondary school or district high school shall give to each holder of a senior free place more advanced instruction in the secondary

subjects named in clause 6 hereof, and under the conditions set out in that clause, except that the proviso contained in the first paragraph of the clause shall not be held to apply, and that when the pupil reaches the standard required for a Lower Leaving Certificate the requirements of the course prescribed may be deemed to be satisfied if the pupil receives at least 4 units of instruction of a higher standard in English, at least 4 units of like standard in each of two other subjects named in clause 3 of the regulations for secondary-school certificates, together with instruction in other subjects so selected in accordance with the provisions of clause 6 hereof that the total number of units completed each year is not in general less than 20.

(ii.) The technical high school shall give to each senior free pupil vocational and technical instruction in continuation and advance of the courses prescribed for junior free pupils. Not less than 20 units of work must be completed each year.

GENERAL.

11. As a condition of admission to a free place, any candidate may be required to furnish to the principal of the school to which admission is sought reasonable evidence of good character.

12. Notwithstanding the foregoing regulations, the school shall not be required to admit pupils to free places at any other time than the beginning of the school year, unless it shall seem expedient to the governing body of the school to admit such pupils at any other time.

13. In case there shall not be sufficient accommodation at the school for all pupils seeking admission to the school, those qualified as holders of scholarships under paragraph (a) of clause 3, and under paragraph (a) of clause 7 hereof, shall first be admitted, next applicants qualified by attainment for senior free places, and then the remaining applicants in such order as the Minister, after consultation with the Board, shall determine.

14. (i.) A free place, whether held at a secondary school, district high school, or technical high school, or held partly at one and partly at another, shall be reckoned continuously from the date of the original admission of the pupil to a free place in the school first attended.

(ii.) Except as hereinafter provided or as the Director of Education may decide, any intermission of attendance exceeding a period of three months in duration shall be deemed to determine the free place; further, the free place held by a pupil whose attendance during any term or quarter falls below 50 per cent. of the possible total of attendance at the school shall, with a like exception, be deemed to have lapsed as at the close of the period specified.

(iii.) If, on a report from the governing body of the school or from an Inspector of Schools, it shall appear to the Director of Education that the attendance, conduct, diligence, or progress of any free pupil is not satisfactory, he may forthwith, or after due warning, determine the free place. In any case under review a special report may be required.

(iv.) Any junior or senior free pupil who has forfeited his free place shall not be eligible for a free place of the same kind, junior or senior respectively, at any other school.

15. (i.) Except as provided for in clause 16 hereof, the holder of a free place at one school shall not be allowed to transfer his free place to another school.

Provided that, in special cases where it is shown to the Director's satisfaction that the free pupil is unable to obtain at the school he is attending instruction in the subjects required for the course of study he desires to follow, such free pupil may, with the consent of the Director previously obtained, continue his free place for the unexpired period thereof at another school.

Provided further that a junior or senior free pupil who leaves a secondary school, or a district high school, or a technical high school to take up employment at any time before the completion of the tenure of his free place shall be eligible to continue his free place at a technical school for the unexpired period thereof.

(ii.) A pupil who has completed his tenure of a junior or senior free place at one school shall not be eligible to hold a similar free place—junior or senior, as the case may be—at another school.

(iii.) Nothing in this clause shall be taken to prevent a pupil who has qualified for but has not entered upon a senior free place while attending one school from entering upon a senior free place at another school.

16. (i.) Any free pupil whose parents, after his admission to one school, shall remove more than five miles from the school at which his free place is held may continue to hold his free place at another school nearer his home, and such other school shall admit him accordingly on the same terms as if he had remained at the first-named school, provided that a secondary school

shall not be required to admit under these circumstances a holder of a free place at a district high school who can attend another district high school or a technical high school.

(ii.) If any free pupil fails on account of illness to fulfil the conditions of his free place, or if any junior free pupil fails on account of illness to pass the examination or otherwise qualify for a senior free place, his free place may, with the approval of the Minister, be continued for another year, provided that the limits of age stated in clauses 5 and 9 hereof are not thereby exceeded. The fact of illness must be proved by evidence satisfactory to the Director of Education.

17. Any pupil who has held a free place at a school that has been disestablished by the Minister, or that for any other reason has ceased to exist, may continue to hold his free place at another school; and such school shall admit him accordingly on the same terms as if he had remained at the first-named school; nevertheless, a school may decline to admit such pupil if he can attend another school nearer his home.

18. The programme of work of each free pupil under these regulations shall be determined by the Principal of the school after consultation, where practicable, with the parent or guardian of the pupil: Provided that no such pupil shall be compelled to take Latin or to take more than one language besides English.

The programme of each free pupil shall consist not of a number of disconnected subjects, but of a group of subjects duly arranged in accordance with the pupil's capacities, surroundings, and probable future calling, as far as such a programme can be provided for with regard to the general circumstances of the school.

19. Free places under these regulations are not tenable with any other scholarship or free place, except as provided in clause 3 (a) or in clause 7 (a) hereof.

20. (a.) The annual returns of free pupils under these regulations shall be made on forms provided or approved by the Education Department, and sent to the Director of Education not later than the 1st April in each year. Supplementary returns showing the new entrants and removals, and the Principal's report on the attendance, conduct, diligence, and progress of pupils, shall be sent at the end of each term or quarter.

(b.) The Principal of every secondary school or district high school and the Director of every technical high school shall keep record-cards, on the forms provided or approved by the Education Department, showing such information with respect to the course pursued and progress made by each free pupil as may be required; and in the case of transfer from one school to another the free pupil who is entitled to a transfer under these regulations shall be given his record-card duly filled up and signed, and no secondary school, district high school, or technical school shall admit such pupil to a free place until he produces his record-card. A record-card duly completed so as to form a certificate should be given to every pupil who has satisfactorily completed his course as the holder of a junior or senior free place. The pupil's record-card must accompany every application for the transfer of a free place under the first proviso to clause 15 (i), or for the extension of a junior free place under clauses 5 (i) or 16 (ii), or for the granting of a senior free place under clause 7 (c), or for the granting of a leaving certificate under the regulations relating to certificates of secondary instruction.

21. Free railway tickets will be granted, in terms of the Railway Regulations relating to Free School Season Tickets, to holders of junior or senior free places.

FREE PLACES AT TECHNICAL CLASSES OTHER THAN CLASSES AT TECHNICAL HIGH SCHOOLS.

22. A free place under the conditions specified in the following clauses is tenable at technical classes other than classes at technical high schools.

Junior Free Places.

23. Subject to these regulations a pupil shall be qualified to hold a junior free place at such classes if—

- (a.) He has qualified for a Junior National Scholarship on such pass conditions as the Minister may from time to time determine; or if
- (b.) He has obtained a certificate of proficiency or an equivalent or higher qualification; or if
- (c.) Being over fourteen years of age, and having been in regular attendance at a public school up to a date not more than six months prior to the date of admission to a free place, he is recommended therefor by an Inspector of Schools: Provided

that the elapse of a longer period than six months shall not be held to be a bar in cases where the Director of Education is satisfied that the pupil was unable sooner to attend a technical school or class: Provided further that such free place shall be tenable only subject to the conditions hereinafter set forth.

For the purposes of this clause a certificate of competency in the subjects of the Sixth Standard, with special merit in handwork or elementary science shall be deemed to be equivalent to a certificate of proficiency.

24. (a.) A junior free place held under paragraphs (a) or (b) of the previous clause is tenable if the conditions relating thereto are complied with for two continuous years from the 1st January preceding the actual date of admission as a free pupil.

(b.) A junior free place held under paragraph (c) of the previous clause is tenable if the conditions relating thereto are complied with for one year from the 1st January preceding the date of admission as a free pupil; but the period may be extended for a second year, and again for a third year, by the Director of Education on the recommendation of the school authorities, based on the school records and on the results of an examination in the subjects included in the pupil's course.

25. Every pupil admitted to a junior free place shall receive in each year and at approved classes regular and appropriate instruction in—

(a.) English, or, as an alternative in the case of pupils qualified under paragraphs (a) or (b) of clause 23 hereof, commercial English, including in either case the study of one or more selected standard works; reading; composition; and handwriting.

(b.) Arithmetic, or elementary mathematics, or practical mathematics, or, as an alternative in the case of pupils qualified under (a) or (b), commercial arithmetic.

(c.) In the case of pupils qualified under (a) or (b) one or more of the subjects of technical instruction; in the case of pupils qualified under (c), one or more subjects bearing directly on a trade or industry, including agriculture and kindred subjects, or on domestic occupations, provided that pupils qualified under (c) shall not be admitted to classes for commercial subjects.

The pupil must receive the instruction referred to in paragraphs (a), (b), and (c) of this clause for not less than sixty hours a year, provided that not less than twenty hours a year must be given to any subject taken up.

Senior Free Places.

26. Subject to these regulations—

(a.) A pupil shall be qualified to hold a senior free place at such classes if he has passed the Matriculation Examination, or the Public Service Entrance Examination, or the Intermediate Examination, or has qualified for a pass in the examination for Senior National Scholarships or for any other scholarship that the Minister may approve for this purpose.

(b.) A senior free place may also be awarded by the Director of Education, on the recommendation of the Director of the technical school or classes attended, based on the school records and on the results of the examination held by the school at the end of the school year in the subjects included in the pupil's course, to any pupil who has satisfactorily completed during the two years immediately preceding not less than 120 hours' instruction.

27. A senior free place is tenable, if the conditions relating thereto are complied with, for three continuous years from the 1st January preceding the actual date of admission as a free pupil, but if special merit is shown the tenure of the free place may be extended for a fourth year on the recommendation of the Director of the technical school or classes. Every pupil admitted to a senior free place must attend in each year approved classes in two or more related subjects of technical instruction for not less than sixty hours a year, provided that not less than twenty hours a year must be given to any subject taken up. The instruction must be of a more advanced character than that given to junior free pupils.

General.

28. The provisions of clauses 11 to 21 inclusive of these regulations shall, *mutatis mutandis*, apply to the tenure of free places held under clauses 23 and 26 hereof.
