Radio Telegraph Regulations for Amateur, Experimental, and Broadcasting Stations.

JELlicoe, Governor-General.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, the 17th day of January, 1923.

Present :

THE RIGHT HONOURABLE W. F. MASSEY, P.C., PRESIDING IN COUNCIL.

IN pursuance and exercise of the power and authority conferred on him by the Post and Telegraph Act, 1908, and its amendments, His Excellency the Governor-General of the Dominion of New Zealand, acting with the advice and consent of the Executive Council of the said Dominion, doth hereby make the following regulations in connection with the licensing of the installation and working of apparatus for radio telegraphy; and doth direct that this Order in Council shall have effect from the date of its publication in the *New Zealand Gazette*.

REGULATIONS.

INTERPRETATION.

1. IN these regulations, if not inconsistent with the context,—

- “The Admiralty” means the Commissioners for executing the office of Lord High Admiralty of the United Kingdom of Great Britain and Ireland :
- “Amateur station” means a radio station licensed for the reception, or for the reception and transmission, of radio communications other than public correspondence, and erected solely for personal interest or for experimental purposes :
- “Antenna” means the electrical conductor or system of conductors used for receiving or emitting electro-magnetic waves :
- “Apparatus” means and includes all equipment of every kind used in radio telegraphy :
- “Broadcasting station” means a radio station licensed to broadcast for general information certain classes of radio communications specified in the license :
- “Coast station” means a radio station which is established on land or on board a ship permanently moored, and which is open for the service of public correspondence :
- “Continuous waves” means waves which, after reaching the steady state, are periodic—*i.e.*, the successive oscillations are identical :
- “Damped waves” means waves consisting of successive wave-trains in which the amplitude of the oscillations, after reaching a maximum, declines gradually :
- “District Radio Inspector” means the District Telegraph Engineer of the district in which the radio station is situated :
- “Deputy Radio Inspector” or “Assistant Radio Inspector” means such officer or officers of the Post and Telegraph Department as may, with the general approval of the Minister, be deputed from time to time by the District Radio Inspector to act on his behalf :
- “Experimental station” means a radio station licensed for the reception, or for the reception and transmission, of radio communications intended to promote investigations of a scientific character :
- “Government station” means any radio station at which radio communications are transmitted or received by means of radio telegraphy, and which is operated by any Government Department or by the Admiralty :
- “Licensee” means any person, association, or corporation to whom a license for a radio station is granted in pursuance of these regulations :
- “Minister” means the Minister of Telegraphs for the time being :
- “Naval signalling” means signalling by means of radio telegraphy between two or more ships of His Majesty’s Navy, between ships of His Majesty’s Navy and Naval stations, or between a ship of His Majesty’s Navy or a Naval station and any other radio station :
- “Operator” means any person to whom an amateur operator’s certificate is issued in pursuance of these regulations :

“Public correspondence” means any radio communication transmitted by or intended for a Government station or any licensed radio station other than an amateur, experimental, or broadcasting station, except such radio communications as may be broadcasted for general information :

“Radio communication” means any communication, message, or signal propagated by means of radio telegraphy :

“Radio Inspector” means such officer or officers of the Post and Telegraph Department as shall from time to time be appointed by the Minister to act in that capacity :

“Radio station” means any station where radio communications are transmitted or received by means of radio telegraphy :

“The Radio Telegraph Convention, 1912” means the Convention signed at London on the 5th day of July, 1912, and the Service Regulations made therein ; and includes any modification of the Convention or regulations made from time to time :

“Radio telegraphy” means every system of electrical communication utilizing radio frequencies with or without the use of conductors to connect the signalling points, and includes therein all systems of radio telephony :

“Ship station” means a licensed radio station established on board a ship which is not permanently moored.

GENERAL.

2. The Minister may, at the request of any person, association, or corporation desirous of establishing, installing, working, or using apparatus for radio telegraphy for amateur, experimental, or broadcasting purposes, grant to such person, association, or corporation a license in the form of the Schedule hereto for the period, upon the terms, and subject to these regulations, and to such conditions and restrictions, not inconsistent with such regulations, as the Minister may impose from time to time.

3. Subject to these regulations, no person shall operate a radio station for which any such license is granted unless he is the holder of an amateur operator's certificate which may be issued in pursuance of these regulations.

4. Any of the powers or authorities given to the Minister by these regulations may be delegated by him to such officer or officers of the Post and Telegraph Department as he thinks fit.

5. A Radio Inspector may exercise any of the powers conferred by these regulations on a District Radio Inspector ; and a Deputy Radio Inspector or an Assistant Radio Inspector may exercise such of the powers of a District Radio Inspector as that officer may, with the general approval of the Minister, delegate to him.

RADIO DISTRICTS AND RADIO INSPECTORS.

6. For the purposes of these regulations the mainland of New Zealand shall be divided into four (4) radio districts, which shall be identical with the telegraph and telephone districts superintended by District Telegraph Engineers. These radio districts shall be classified as follows :—

- | | |
|------------------|------------------|
| (1.) Auckland. | (3.) Canterbury. |
| (2.) Wellington. | (4.) Otago. |

Chatham Islands shall be included in the Wellington Radio District, and Stewart Island shall be included in the Otago Radio District.

District Radio Inspectors of the above-mentioned radio districts shall be respectively the District Telegraph Engineers, Auckland, Wellington, Christchurch, Dunedin.

7. The following shall each constitute a separate radio district classified as under :—

- | | |
|---------------------|--------------------|
| (5.) Western Samoa. | (6.) Cook Islands. |
|---------------------|--------------------|

The Radio Inspectors of these districts shall be respectively the Superintendents of the coast stations Radio-Apia and Radio-Rarotonga, and such other officer or officers as may be appointed by the Minister.

8. Intending applicants should make inquiries to the nearest District or Deputy Radio Inspector where doubt exists as to the radio district in which the proposed radio station is located.

APPLICATIONS.

9. Intending applicants for a license to erect or operate an amateur, experimental, or broadcasting station should, in the first instance, apply to the nearest District or Deputy Radio Inspector, who will furnish any needed advice and supply forms of application.

10. Every applicant for any such license or for an operator's certificate shall furnish to the satisfaction of the Minister such technical or other information as may be required by him; and, in addition thereto,—

- (a.) Evidence of British nationality;
- (b.) A reference as to character from a reputable citizen not related to the applicant;
- (c.) Date and place of birth;
- (d.) Full name and address;
- (e.) Information as to whether the license is required on his own behalf or on behalf of an association or corporation; and
- (f.) A statement as to the purpose of the proposed radio station.

11. The required information having been inserted on the proper form, the application shall be signed by the applicant and verified by a statutory declaration made by him.

12. The application shall then be forwarded to the nearest District Radio Inspector, who will satisfy himself as to the qualifications of the applicants and will then despatch the application to headquarters for consideration. Should the application be approved, the applicant will be notified that he may proceed to erect the station. Upon the completion of the erection, notification to that effect shall be sent to the District Radio Inspector. Where deemed necessary the District Radio Inspector shall inspect the station to determine whether it fulfils the requirements of the regulations. If in his opinion the station complies with the regulations and is satisfactory in all respects, the District Radio Inspector shall issue the license accordingly. The licensee may then, and not until then, operate the station, or permit the station to be operated strictly in accordance with these regulations.

13. Where it is impracticable for the District Radio Inspector to have the completed radio station inspected within a reasonable time, and where he has reason to believe that the regulations have been complied with, he may issue a temporary permit for the operation of the station in accordance with these regulations until it is duly inspected and approved.

LICENSES AND OPERATORS' CERTIFICATES.

14. The license shall specify all information necessary to the identification of the licensee and of the licensed radio station, and, in addition, shall include technical particulars of the radio station and of the power, wave-length, and types of transmission authorized therein.

15. The license for a radio station shall remain in operation for a period of twelve months from the date of issue.

16. An application for renewal of a license for a radio station shall be made through the District Radio Inspector on the form provided for the purpose, and shall be accompanied by the amount of the annual fee for the ensuing period.

17. An amateur operator's certificate is not transferable; and the license for a radio station shall not be transferred except upon the approval of the Minister.

18. In the event of the loss, mutilation, or destruction from any cause of an amateur operator's certificate or of a license for a radio station, application for a duplicate shall be made to the District Radio Inspector, and the applicant shall forward a statutory declaration setting out the circumstances connected with the loss, mutilation, or destruction of the certificate or license. The application shall be investigated by the District Radio Inspector, who will forward the same to headquarters for consideration. If it be decided to issue a duplicate, the certificate or license shall be endorsed "Duplicate" across the face. A fee of 5s. shall be payable for the duplicate certificate or license.

19. The holder of an amateur operator's certificate shall be required, during the holding of the said certificate, to maintain his proficiency in the subjects covered by the certificate; and where a District Radio Inspector has reason to believe that this regulation is not being complied with, and the non-compliance therewith is inimical to the public interest, he may order a re-examination of the holder of the amateur operator's certificate with a view to it being determined whether the said certificate should be suspended or revoked by the Minister; and the Minister may take action accordingly.

20. The Minister may, at his discretion, revoke or suspend, for such period as he deems fit, any operator's certificate or any license for a radio station where it is found that the operator or licensee at the date the certificate or license was granted to him was ineligible or has since become ineligible for a certificate or license, or where in his opinion the provisions of the regulations governing the issuance of a certificate or license have been disregarded or violated, or where undue interference with the operation of

any Government, coast, or ship station is found to result; the Minister may further order the confiscation or dismantling of the licensed apparatus in cases where, in his opinion, such action is warranted.

21. A license shall not be granted for any radio station the operation of which, in the judgment of the Minister, is likely unduly to interfere with the operation of any Government, coast, or ship station, or for any radio station the erection and operation of which would, in the judgment of the Minister, be inimical to the public interest.

22. The applicant for a license for a radio station or for an operator's certificate shall be a British subject.

23. The applicant for a license or for an operator's certificate shall have attained the age of fourteen years.

FEES AND CHARGES.

24. The annual fees to be paid in respect of licenses issued by the Minister for the installation and operation of any class of radio station shall be as follows:—

(1.) An amateur station for reception only (including reception from broadcasting stations)	£	s.	d.
 0 5 0
(2.) An amateur transmitting and receiving station, Grade II	1	0	0
(3.) An amateur transmitting and receiving station, Grade I	2	0	0
(4.) An experimental transmitting and receiving station	..	3	0 0
(5.) A private broadcasting station 2 0 0
(6.) A toll broadcasting station 5 0 0

25. The fees to be paid in respect of examinations for an amateur operator's certificate shall be as follows for each examination or re-examination:—

	£	s.	d.
(1.) Amateur Operator, Grade I 0 5 0
(2.) Amateur Operator, Grade II 0 5 0

26. The fee to be paid in respect of a duplicate of an amateur operator's certificate or of a radio station license shall be 5s.

27. Where payment of the above-mentioned fees is not made on the due date the Minister shall not issue the said license or certificate, or, if issued, shall suspend or revoke the same as he may deem proper; provided that in the case of a recognized educational institution carrying out research work calculated to benefit the science of radio telegraphy, the Minister may at his discretion remit the annual license fee.

CLASSIFICATION OF TRANSMITTED WAVES.

28. For the purpose of these regulations the various types of emissions are classified as under:—

(TYPE A1.)—Continuous waves, key modulated; meaning continuous waves of which the amplitude or frequency is varied by the operation of keying as in telegraph transmission.

(TYPE A2.)—Continuous waves, modulated at audio frequency; meaning continuous waves in which the amplitude or frequency is varied in a periodic manner at an audible frequency, and commonly referred to as I.C.W.

(TYPE A3.)—Continuous waves, modulated by speech; meaning continuous waves in which the amplitude or frequency is varied according to the characteristic vibrations of speech.

(TYPE B.)—Damped waves; this includes waves from spark transmitters or other types of transmitters having a characteristic decrement similar to spark transmitters.

DAMPED WAVES (TYPE B).

29. The use of damped waves is prohibited except for research work on approved lines and subject to special written consent.

CALL SIGNAL.

30. Every radio station licensed hereunder to transmit radio communications shall, for purposes of identification, be allocated an official call signal, by which the station shall be identified, and which is to be used in the manner hereinafter given whenever a radio communication is caused to be transmitted from the said radio station.

31. For the transmission of any radio communication to any other licensed radio station the procedure governing communications between ship stations and ship stations, or ship stations and coast stations, and outlined in Article 25, Sections 1 and 2, of the Detailed Service Regulations appended to the Radio Telegraph Convention, 1912, shall apply.

32. Where the transmissions are of an experimental character and not addressed to any specific station, the call signal shall be sent thrice both at the commencement and at the close of each radio communication or connected series of radio communications.

33. The scheme of allocation of call signals shall be :—

- (a.) For a broadcasting station, the number of the radio district in which the station is situated followed by the letter Y and one or more identification letters—*e.g.*, 1YA, 3YKG.
- (b.) For an amateur station, the number of the radio district in which the station is situated followed by two or more identification letters—*e.g.*, 1AA, 4BOM.
- (c.) For an experimental station, the number of the radio district in which the station is situated followed by the letter X and one or more identification letters—*e.g.*, 2XAB, 3XTU.

34. Any licensee or operator who impersonates any other licensee or operator, or who improperly uses the call signal of another radio station, commits an offence against these regulations.

DECLARATION OF SECRECY.

35. Every licensee (other than an association or corporation) and every operator shall execute a declaration of secrecy to the effect that he will not divulge to any unauthorized person any information whatsoever relating to public correspondence that may come to his knowledge; and that he will, by every means in his power, seek to preserve the secrecy of the same. Such licensee or operator shall not commit to writing any public correspondence that may come to his knowledge while exercising the powers conferred upon him by the license. In the case of societies, institutes, and similar bodies, all members of the body having access to the apparatus shall execute the declaration of secrecy, and special care shall be taken to ensure that all the conditions of the license, particularly those relating to secrecy of public correspondence, are strictly observed.

CONTROL OF RADIO STATION IN EMERGENCY.

36. If and whenever an emergency shall have arisen in which it is expedient in the public interest that His Majesty's Government shall have control over the transmission of radio communications by the licensed apparatus, it shall be lawful for any officer of His Majesty's Navy or Army, or for any other person authorized in that behalf by the Admiralty or by the Minister, to take possession of, or to dismantle, or to cause the licensed apparatus or any part thereof to be taken possession of or to be dismantled in the name and on behalf of His Majesty, and to be used where such use may be deemed necessary for His Majesty's service, and, subject thereto, for such ordinary services as the said officer or person may deem fit; and in that event any person authorized by the said officer or person may enter any radio station in which any such apparatus is installed and take possession of or dismantle the said apparatus and use the same as aforesaid.

INSPECTION DURING CURRENCY OF LICENSE.

37. The radio station must be open to inspection at all times by a District Radio Inspector, and every reasonable facility given for ascertaining the condition of the station and whether the regulations are being strictly complied with.

38. The license of the radio station and the operator's certificate shall at all times be exhibited in a prominent place at the radio station.

NATURE OF RADIO COMMUNICATIONS.

39. A radio station licensed under these regulations shall not be used in any way to compete with Government communication services, and shall not transmit or receive radio communications the transmission or reception of which is calculated, in the judgment of the Minister, to cause a loss of revenue to the Post and Telegraph Department.

40. The licensee or the operator shall not transmit any radio communication of a seditious, profane, obscene, libellous, or offensive nature.

41. The licensee or the operator shall not transmit any radio communication of a false or misleading character, and, in particular, shall not transmit any false S.O.S. signal.

TRANSMITTING STATIONS TO BE EQUIPPED FOR RECEPTION.

42. An amateur, experimental, or broadcasting station shall be equipped for reception as well as for transmission, and shall observe the prescribed conditions relating to the keeping of a watch for the interference warning signal, AAAAQRM; provided that this requirement may be waived by the Minister in the case of a broadcasting station communication with which can be conveniently obtained by an adjacent coast station by means of a Government telephone-exchange connection.

INTERFERENCE.

43. The licensed radio station shall at all times be operated in such a manner as to avoid interference with other radio stations, and, in particular, with Government and coast and ship stations. In this connection radio stations shall be guided by the principles laid down in Sections 1 and 2A of Article 7 and Sections 3, 4, and 5 of Article 24 of the Detailed Service Regulations appended to the Radio Telegraph Convention, 1912. Amateur and experimental transmissions shall be as brief as possible, and the duration of individual transmissions shall not exceed five minutes. Transmitters shall be disconnected from the radiating system when not actually in use for the transmission of signals.

44. Except where otherwise provided, licensees or operators of broadcasting stations and of amateur and experimental transmitting stations must, after every transmission or short series of transmissions, listen for the interference warning signal, AAAAQRN (here follows a number indicating minutes), and transmitted by a Government station on 600 metres, and must immediately cease transmission upon receipt of the same until the time indicated has expired. The greatest care must be exercised in this connection on the part of the licensee or operator to avoid interfering with the receipt and handling by Government, coast, or ship stations of the international distress signal, S.O.S. (... — — —), and of any radio communications that may be exchanged in connection therewith.

45. All the technical provisions of the license of a radio station relating to power, wave-length, type of transmitter, and the like shall be faithfully observed, and no unauthorized variation shall be made therein; and the station shall at all times be maintained at the highest possible degree of efficiency and selectivity.

S.O.S. SIGNALS.—PROCEDURE.

46. If, in connection with his use of the authorized apparatus, any distress signal should come under the notice of the licensee or operator, and there is reason to believe that such signal has not been intercepted by a Government, a coast, or a ship station, the licensee or operator shall immediately take such steps as may be available (*e.g.*, by telephone) for communicating the same to the nearest Government station, or, if this be impracticable, to a responsible officer of the Post and Telegraph Department.

TEMPORARY PERMITS FOR DEMONSTRATIONS.

47. In cases where temporary authority is sought for demonstrations of radio telegraphy in connection with lectures, scientific proceedings, or the like, the Minister may, at his discretion, grant the necessary permission. Every care shall be taken to safeguard the secrecy of public correspondence, and only in special cases shall permission be given to operate transmitting apparatus connected to an antenna or earth.

LOG RECORD.

48. The licensee of a radio station licensed for transmission shall keep a log record showing the hours during which the authorized transmitting apparatus is in operation, and embodying a record of the reception of any special signal referred to in regulation 46. This log shall be produced for perusal by the District Radio Inspector whenever required.

MISCELLANEOUS STATIONS.

49. Schools, colleges, institutes, societies, and like bodies shall, in accordance with the object in view, be classified by the Minister in one or other of the amateur or experimental grades.

50. Portable radio stations shall be classified by the Minister in one or other of the amateur or experimental grades, and shall be subject to such additional conditions regarding field of operation and the like as the Minister may deem it necessary to impose.

ANTENNAE.

51. For experimental or research purposes, where communication with another station is not essential to the object in view, use shall be made as far as possible of transmitting circuits which do not radiate energy or the radiation from which is reduced to a minimum.

52. No limitations shall be imposed regarding the type or dimensions of a transmitting antenna; provided that the requirements as to operating wave-lengths are strictly complied with, and that no interference is caused with the operation of other radio stations by reason of the type or dimensions of antenna employed.

SPECIAL REGULATIONS GOVERNING AMATEUR TRANSMITTING STATIONS.

53. Licenses for amateur transmitting stations shall be divided into two grades according to the purpose for which the station is intended and to the qualifications of the applicant.

54. A Grade I amateur transmitting station license shall be granted to amateurs with a sufficient knowledge of or past experience in radio telegraphy and/or furnishing satisfactory testimonials from some recognized scientific or technological person or institution, and holding in addition a Grade I amateur operator's certificate; but in the case of an association or corporation the licensee, not being in possession of such a certificate, may employ a person holding an amateur operator's certificate of Grade I, or a certificate of a higher class, to operate the said station.

55. A Grade I amateur station shall be operated only by a person holding a Grade I amateur operator's certificate, the qualifications for which are as follows :—

Proficiency in Morse operating, both sending and receiving, at the rate of ten (10) words per minute, five (5) letters comprising a word; an adequate knowledge of the principles and adjustment of the authorized radio apparatus and of the laws and regulations relating to the operation and conduct of amateur stations.

56. The following transmitting wave-lengths shall, at the discretion of the Minister, be available for allocation to Grade I amateurs, but only such wave-lengths shall be employed at any station as are specified in the station license :—

- (a.) A general wave for all classes of service excepting Type B (damped waves) 150 metres.
- (b.) A band of waves for radio telephony (Type A3) .. 151-160 „
- (c.) A band of waves for I.C.W. (Type A2) 161-170 „
- (d.) A band of waves for C.W., key modulated (Type A1) 171-180 „

57. At the discretion of the Minister, the power permitted to Grade I amateur stations shall be 50 watts or under according to the qualifications and aims of the applicants. The power rating of radio transmitters shall be as determined by the Minister.

58. In cases where approved research work is being undertaken which would be facilitated by an extension of the powers conferred in the Grade I amateur station license, the Minister shall, at his discretion, grant such temporary privileges as in his opinion may be necessary to cover the object in view.

59. A Grade II amateur station license shall be granted to amateurs not possessing the requisite knowledge or experience in radio telegraphy to entitle them to a Grade I license, but whose aims and qualifications are such as to justify the issuance of an amateur station license, Grade II, and who hold, in addition, a Grade II amateur operator's certificate; but in the case of an association or corporation, the licensee, not being in possession of such a certificate, may employ a person holding an amateur operator's certificate, Grade II, or a certificate of a higher class, to operate the said station.

60. A Grade II amateur station shall be operated by a person holding a Grade II amateur operator's certificate or a certificate of a higher class. The qualifications for a Grade II amateur operator's certificate are as follows: Proficiency in Morse operating, both sending and receiving, at the rate of eight (8) words per minute, five (5) letters or figures comprising a word; an adequate knowledge of the principles and adjustment of the authorized radio apparatus, and the laws and regulations relating to the operation and conduct of amateur stations.

61. For Grade II amateur transmissions a general wave of 140 metres shall be used for all types of waves excepting damped waves (Type B), which are prohibited.

62. The maximum power permitted to Grade II amateur stations shall be 5 watts. The power rating of radio transmitters shall be as determined by the Minister.

63. Amateur transmissions shall not be made between the hours of 7 p.m. and 8 p.m. N.Z.M.T. The Minister may, at his discretion, from time to time impose such further restrictions as to the hours of transmission as he may deem necessary.

SPECIAL REGULATIONS AS TO AMATEUR RECEPTION (INCLUDING RECEPTION FROM BROADCASTING STATIONS).

64. The range of wave-lengths for reception is unlimited.

65. The type and dimensions of an antenna intended for reception only are not limited by these regulations.

66. In the interests of radio telegraphy generally, the types of receiving circuits authorized by the license shall not include those which, in the judgment of the Minister, unduly energize the receiving antenna.

(NOTE.—An example of such types is that in which one coil of a two-coil tuner is used as a reaction coil, inductively coupled to the antenna coil.)

SPECIAL REGULATIONS AS TO BROADCASTING STATIONS.

67. For the purposes of these regulations, broadcasting stations are classified as follows:—

(a.) "Private broadcasting stations" at which no charge is made for the broadcasting of radio communications;

(b.) "Toll broadcasting stations," at which a charge is made for the transmission of the broadcasted radio communications.

68. A license for a broadcasting station may be granted to persons who, in the judgment of the Minister, are qualified satisfactorily to conduct such a station in accordance with the requirements of these regulations.

69. The licensee of a broadcasting station shall not operate the said station unless he holds an amateur operator's certificate, Grade I, or a certificate of a higher class, which has been endorsed to authorize broadcasting operations; but the licensee, not being in possession of such a certificate, may employ an approved person holding a similar certificate so endorsed to assist in the operation of the said station; provided that in certain cases the requirements as to Morse operating shall be waived as indicated in regulation 42.

70. Broadcasting stations shall be classified and controlled by the Minister in such a manner as shall, in his judgment, reduce to a minimum mutual interference between adjacent broadcasting stations and render the service as widely available as possible.

71. At the following and/or at such other broadcasting centres as may be decided upon by the Minister, the normal power of a broadcasting station shall be $\frac{1}{2}$ kilowatt, and the wave-lengths of transmission shall be as indicated hereunder or as may be varied by the Minister from time to time:—

Whangarei ..	330 metres.	Wellington ..	275 metres.
Auckland ..	260 "	Nelson ..	335 "
Hamilton ..	360 "	Greymouth ..	265 "
New Plymouth ..	385 "	Christchurch ..	380 "
Gisborne ..	335 "	Timaru ..	330 "
Napier ..	380 "	Dunedin ..	370 "
Palmerston North ..	340 "	Invercargill ..	270 "

72. At the following and/or at such other broadcasting centres as may be decided upon by the Minister, the normal power of a broadcasting station shall be $\frac{1}{4}$ kilowatt, and the wave-lengths of transmission shall be as indicated hereunder or as may be varied by the Minister from time to time:—

Kaitaia ..	220 metres.	Wanganui ..	220 metres.
Dargaville ..	190 "	Dannevirke ..	250 "
Thames ..	195 "	Masterton ..	195 "
Tauranga ..	225 "	Westport ..	190 "
Rotorua ..	190 "	Kaikoura ..	220 "
Whakatane ..	250 "	Oamaru ..	225 "
Te Kuiti ..	240 "	Queenstown ..	190 "
Taumarunui ..	210 "	Roxburgh ..	250 "
Hawera ..	190 "	Gore ..	195 "
Hastings ..	195 "		

73. The power rating of the radio transmitter of a broadcasting station shall be as determined by the Minister.

74. The antenna of a broadcasting station shall not be subject to restriction; provided the requirements as to operating wave-lengths are strictly complied with, and that no inherent interference is caused with the operation of other radio stations by reason of the type or dimensions of antenna employed.

75. Where only one broadcasting station is licensed at a broadcasting centre, the operating hours shall, subject to the discretion of the Minister, be unlimited, but where more than one broadcasting station is licensed to operate at the same broadcasting centre the Minister shall determine the hours of operation, and shall be guided therein by consideration of the public interest.

76. On Sundays, during the hours of 11 a.m. to 12.30 p.m., and 6.30 p.m. to 8 p.m., N.Z.M.T., priority shall be given to the broadcasting of religious services and kindred matter.

77. Subject to the provisions of regulation 78, neither direct nor indirect advertising shall be undertaken by broadcasting stations.

78. At the commencement of each separate item the broadcasting station shall repeat its call signal three times; and, in addition thereto, may announce the full name and address of the broadcasting station, and make brief remarks relevant to the matter about to be transmitted.

79. Broadcasting stations shall not be used for the dissemination of propaganda of a controversial nature, but shall be restricted to matter of an educative or entertaining character, such as news, lectures, useful information, religious services, musical or elocutionary entertainment, and such other items of general interest as may be approved by the Minister from time to time. The licensee of a broadcasting station shall not transmit radio communications which, in the judgment of the Minister, do not come within the authority of this regulation or do not conduce to the public interest.

SPECIAL REGULATIONS AS TO EXPERIMENTAL TRANSMITTING STATIONS.

80. A band of wave-lengths from 390 to 410 metres shall, at the discretion of the Minister, be available for allocation to experimental stations, but only such wave-lengths as are specified in the station license shall be employed.

81. The normal power of an experimental station shall be 50 watts. The power rating of a radio transmitter shall be as determined by the Minister.

82. In cases in which an approved investigation is being undertaken which would be facilitated by an extension of the powers conferred in the experimental station license, the Minister may, at his discretion, grant such temporary privileges as, in his opinion, may be necessary to cover the object in view.

83. An experimental transmitting station license shall be granted only to a person of recognized attainment in the theory or practice of radio telegraphy, or to a body engaged in conducting experiments for the development of the science of radio telegraphy.

84. The licensee of an experimental transmitting station shall not operate the said station unless he holds an amateur operator's certificate, Grade I, or a certificate of a higher class; but the licensee, not being in possession of such a certificate, may employ a person holding an amateur operator's certificate, Grade I, or a certificate of a higher class, to assist in the operation of the said station.

85. The hours of transmission of experimental stations shall be as determined by the Minister.

PENALTIES.

86. Every licensee or operator who acts in contravention of or commits an offence against any of the provisions of regulations 34, 35, 40, or 41 shall be liable to a fine of £50 or to imprisonment for six months.

87. Every licensee or operator who acts in contravention of or commits an offence against any of these regulations for which a penalty is not hereinbefore provided shall be liable to a fine of £10 or to imprisonment for three months.

Validating Proceedings in connection with Special Order made by the Makara County Council altering Number of Members of Council.

JELlicoe, Governor-General.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 9th day of January, 1923.

Present :

THE RIGHT HONOURABLE W. F. MASSEY, P.C., PRESIDING IN COUNCIL.

WHEREAS the Makara County Council lately proceeded by way of special order, under section fifty-nine of the Counties Act, 1920, to alter the number of members of the Council :

And whereas the proceedings in connection with the said special order were irregular, in that the subsequent meeting held for the purpose of confirming the resolution to make that special order was not held on the day fixed for that meeting and notified in the public notice of the resolution : And whereas it is expedient to validate the said irregularity :

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the powers and authorities conferred on him by section two hundred and sixteen of the Counties Act, 1920, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby order and declare that the proceedings in connection with the said special order shall be valid to all intents and purposes as though the said subsequent meeting had been duly held on the day fixed for that meeting and notified in the public notice of the said resolution, and that the validity of the proceedings in connection with the said special order shall not be called in question by reason only of the irregularity aforesaid.

Validating Proceedings in connection with Poll taken by Mataura Borough Council on Proposal to adopt System of Rating on Unimproved Value.

JELlicoe, Governor-General.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 9th day of January, 1923.

Present :

THE RIGHT HONOURABLE W. F. MASSEY, P.C., PRESIDING IN COUNCIL.

WHEREAS, pursuant to the provisions of sections thirty-seven and thirty-eight of the Rating Act, 1908 (hereinafter referred to as "the said Act"), the Mataura Borough Council caused a poll of ratepayers to be taken in the Borough of Mataura on the twelfth day of December, one thousand nine hundred and nineteen, upon a proposal to adopt the system of rating on the basis of the unimproved value in that borough :

And whereas the proceedings in connection with the said poll were irregular, in that the notice published in the *Gazette* by the Chairman pursuant to section thirty-nine of the said Act was not published within the time required by that section, and it is expedient to validate the said irregularity :

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the powers and authorities conferred on him by section one hundred and seven of the said Act, and acting by and with the advice and consent of the Executive Council of the said Dominion, and so that the intent and purpose of the said Act may have effect, doth hereby declare that the proceedings in connection with the taking of the said poll of ratepayers shall be valid to all intents and purposes as if the said notice had been published in the *Gazette* within the time required by the said section thirty-nine, and that the validity of the proceedings in connection with the said poll shall not be called in question by reason only of the irregularity aforesaid.

F. D. THOMSON,
Clerk of the Executive Council.

Validating Proceedings in connection with Waipa County Council's Road Loan of £1,300 for Horotiu Special Rating Area.

JELlicoe, Governor-General.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 9th day of January, 1923.

Present :

THE RIGHT HONOURABLE W. F. MASSEY, P.C., PRESIDING IN COUNCIL.

WHEREAS the Waipa County Council lately proceeded to raise a loan of one thousand three hundred pounds, under the Local Bodies' Loans Act, 1913, for the purpose of acquiring, dedicating, forming, and metalling roads in an area of the Waipa County to be known as the Horotiu Special Rating Area :

And whereas by Order in Council dated the second day of October, one thousand nine hundred and twenty-two, and gazetted on the fifth day of the same month, certain irregular proceedings in connection with the public notice of the special order authorizing the raising of the said loan were validated :

And whereas the proceedings in connection with the said loan were further irregular, in that the special order provided for the loan to be secured by a special rate of one penny in the pound on all rateable property within the said Horotiu Special Rating Area, whilst the consent of the ratepayers pursuant to subsection (e) of section sixteen of the Local Bodies' Loans Act, 1913, and the resolution passed by the County Council making and levying the special rate provided for such special rate to be one halfpenny in the pound :

And whereas it appears that the ratepayers of the district have not been misled by such further irregularity as aforesaid, and it is expedient to validate the same :

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the powers and authorities conferred on him by section one hundred and eleven of the Local Bodies' Loans Act, 1913, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby order and declare that the proceedings in connection with the said loan shall be valid to all intents and purposes as though the said special order had provided for the said loan to be secured by a special rate of one halfpenny in the pound on all rateable property within the said Horotiu Special Rating Area, and that the validity of the proceedings in connection with the said loan shall not be called in question by reason of the irregularity aforesaid.

Prohibition of Money-order and Postal Correspondence for George Janssen, Copenhagen.

THE Postmaster-General of the Dominion of New Zealand having reasonable ground for supposing that the person whose name and address are shown in the Schedule hereunder is engaged in promoting or carrying out a lottery or scheme of chance, it is hereby ordered, under section 28 of the Post and Telegraph Act, 1908, that no money-order in favour of the said person shall be issued, and that no postal packet addressed to the said person (either by his own or by any fictitious or assumed name), or addressed to the address in the Schedule hereunder without a name, shall be either registered or forwarded by the Post Office of New Zealand.

SCHEDULE.

GEORGE JANSSEN, Strandboulevard 110, Copenhagen O., Denmark.

Dated this 15th day of January, 1923.

J. G. COATES, Postmaster-General.

Notice of Intention to take Land in Blocks III, Pihanga, and X, Puketi Survey Districts, for the Purposes of Gravel-pits.

NOTICE is hereby given that it is proposed, under the provisions of the Public Works Act, 1908, to take the land described in the Schedule hereto for the purposes of gravel-pits. And notice is hereby further given that the plan of the land so required to be taken is deposited in the post-office at Tokaanu, and is there open for inspection; and that all persons affected by the taking of the said land should, if they have any well-grounded objections to the taking of such land, set forth the same in writing, and send such writing, within forty days from the first publication of this notice, to the Minister of Public Works at Wellington.

SCHEDULE.

APPROXIMATE areas of the pieces of land required to be taken:—

A.	R.	P.	Being

As witness my hand, at Wellington, this 11th day of January, 1923.

J. G. COATES, Minister of Public Works.

By-laws regulating Traffic on Portion of the Main South Road, Westland County, between Ross and Waiho.

WHEREAS by section 139 of the Public Works Act, 1908, and section 4 of the Motor Regulation Act, 1908, the Minister of Public Works is authorized from time to time to make by-laws in respect of all or any Government roads for the purposes specified in the said sections (relating to the control of traffic upon such roads):

And whereas by Order in Council dated the 23rd day of August, 1915, and published in the *New Zealand Gazette* of the 26th day of August, 1915, the Main South Road, situated in the Westland County, in the Westland Land District, was declared to be a Government road, and it is expedient to make by-laws in respect of that portion of the Main South Road between Ross and Waiho (hereinafter referred to as "the said road"), under the authority hereinbefore referred to:

Now, therefore, I, Joseph Gordon Coates, the Minister of Public Works, do hereby revoke the by-laws which came into force on the 30th day of December, 1916, regulating traffic on the said road, and in lieu thereof do hereby make the following by-laws in respect of the said road; and do hereby declare that the said by-laws shall come into force on the 1st day of February, 1923.

BY-LAWS.

In these by-laws, if not inconsistent with the context,—

"Minister" means the Minister of Public Works:

"Public Works Engineer" means the Engineer or Engineers of the Public Works Department in charge of the district or districts in which the portion or portions of the said road affected is or are situated.

BY-LAW NO. 1.—FOR WIDTH OF TIRES AND TRAFFIC REGULATIONS.—HEAVY TRAFFIC.

The width of tires of vehicles (excepting jinkers, traction-engines, and motor-lorries) used upon the said road shall be as follows:—

1. The width of tires, whether plying for hire or not, shall bear the following proportion to the number of animals employed to draw the same, viz.:—

If the Number of Animals used to draw a Vehicle having Two Wheels be	Then the Minimum Width of Tires shall be			
	For Vehicles without Springs.	For Vehicles if on Springs.	For Delivery-carts for Conveyance of Goods.	For Pleasure-carts for Conveyance of Persons only.
1	4 inches	3 inches	2 inches	1½ inches.
2	4½ "	4 "	2½ "	1¾ "
3	5 "	4 "	2¾ "	1¾ "
4	5 "	4 "	2½ "	1¾ "

If the Number of Animals used to draw a Vehicle having Four Wheels be	Then the Minimum Width of Tires shall be			
	For Vehicles without Springs.	For Lorries.	For Coaches and Expresses.	For Pleasure-carts for Conveyance of Persons only.
1	4 inches	2½ inches	2½ inches	1½ inches.
2	4 "	3 "	2½ "	1¾ "
3	5 "	3½ "	3 "	2 "
4	5 "	4 "	3 "	2 "
5	6 "	4 "	3 "	2 "
6	6 "	4 "	3 "	2 "

2. The width of tires of every jinker used upon the said road shall bear the following proportions to the number of animals employed to draw the same, viz.:—

If the Number of Animals used in a Jinker be	The Minimum Width of Tires on any such Jinker shall be		
	If Two Wheels.	On the Fore Pair of Wheels.	On the Hind Pair of Wheels.
1 or 2 ..	6 inches	4 inches	5 inches.
3 or more ..	6 "	5 "	6 "

3. Heavy traffic of all or any kinds shall cease during the whole of the months of May, June, July, August, and September.

4. The owner of any motor-lorry carrying passengers or engaged in heavy traffic (whether plying for hire or not) on the said road shall pay to the Minister a yearly license fee of £150 in respect of each such vehicle which itself or together with passengers or any thing or things capable of being transported thereon weighs not less than one and a half tons avoirdupois to each pair of wheels, and shall pay an additional £25 yearly for each complete half ton avoirdupois over one and a half tons avoirdupois to each pair of wheels by way of compensation for any damage likely to occur to such road. Such license fee shall be payable in advance to the Public Works Engineer on behalf of the Minister, provided that if the said owner so desires he may pay the license fee in twelve equal monthly payments in advance.

The driver of every such motor-lorry using the said road shall carry a certificate from the Public Works Engineer as evidence of such license fee having been duly paid, and such certificate shall be produced upon demand made by any overseer, surfaceman, or other person authorized by the Public Works Engineer.

5. Every vehicle, both public and private, other than bicycles, on the said road between one half-hour after sunset and one hour before sunrise shall have at least two efficient lights affixed conspicuously one on each side of the front thereof, and shall also have an efficient light so fixed at the rear of such vehicle as to throw a bright red light to the rear of such vehicle; and all bicycles shall carry one efficient light. Every bicycle with side-car attached shall carry two lights, one on the bicycle and one on the side-car. Every bicycle, whether with or without a side-car attached, shall carry some contrivance for either showing a red light in the opposite direction to that in which such bicycle is proceeding or reflecting the light from an overtaking vehicle.

6. The word "jinker" in these by-laws shall have the following meaning: Any vehicle or vehicles used for the purpose of carrying timber, machinery, or other material by being suspended from and under the axle or axles of such vehicle or vehicles.

7. The term "on springs" in these by-laws shall mean any vehicle the body of which is supported on or by springs affixed to the axle or axles connecting the wheels of such vehicle.

8. No motor-lorry, machine, or other vehicle or load thereon shall exceed 7 ft. in width over all.

9. The driving-wheels of every traction-engine shall be cylindrical and smooth, solid, or shod with diagonal cross-bars not less than 3 in. in width nor more than ¾ in. in thickness extending the full width of the tire, and the space intervening between each pair of such cross-bars shall not exceed 3 in. The width of the tire of each driving-wheel shall not be less than 12 in. and of the front wheel 7 in. No spikes shall be inserted in or attached to the tires of wheels of traction-engines used upon the said road in such manner as to cut up or otherwise destroy the surface of such road.

10. No traction-engine shall be allowed to travel or remain upon the said road between sunset and sunrise, except in the case of a breakdown of machinery or other unavoidable accident; but such traction-engine shall be repaired and removed off the road without unreasonable delay.

11. A traction-engine shall not be permitted to stand motionless upon the said road for a greater length of time than twenty minutes, except for the purpose of facilitating the passage of horses or vehicles drawn by horses, or in the case of a breakdown of machinery or other unavoidable accident. Any traction-engine which has broken down and cannot be removed off the road must be properly screened so as not to frighten horses, and must be lighted at night. A motor-lorry which has broken down shall be lighted at night if left on any part of the said road.

12. A traction-engine shall not be drawn or propelled along the said road at a greater speed than eight miles an hour, or on a bridge thereon at a greater speed than two miles an hour, except where such speeds are varied by notices erected under the authority of the Public Works Engineer on any portion of the said road or any bridge thereon.

13. A motor-lorry shall not be driven or propelled on the said road at a greater speed than twelve miles per hour, or on a bridge thereon at a greater speed than four miles per hour, except where such speeds are varied by notices erected under the authority of the Public Works Engineer on any portion of the said road or any bridge thereon.

14. No person shall while crossing any bridge on horseback cause such horse to go out of a walk; and no person when driving any wagon, cart, coach, carriage, or other vehicle of any description, whether loaded or unloaded, across any bridge shall cause the horse or horses drawing such wagon,

cart, coach, carriage, or other vehicle as aforesaid to go out of a walk.

15. The driver or person in charge of a traction-engine or motor-lorry shall give as much space as possible for the passage of ordinary traffic.

16. The driver or person in charge of any traction-engine shall not propel or cause the same to be propelled along or over the said road or any bridge thereon unless the engine shall be accompanied by two men at least, part of whose duty it shall be to keep careful lookout both in front of and behind the engine for horses and vehicles which may be approaching to warn the riders and drivers of such horses and vehicles of the proximity of the engine, and to assist them in passing the engine in safety.

17. The driver or person in charge of any traction-engine or motor-lorry shall upon being signalled by any person driving stock or by the rider or driver of any horse or horses immediately stop such engine or motor-lorry so as to allow such traffic to pass in safety.

18. The whistle of a traction-engine shall not be sounded nor shall the cylinder-taps be opened within sight of any person riding, driving, leading, or in charge of a horse or horses upon the road; nor at such time shall steam be allowed to attain a pressure which would cause the safety-valve to blow off steam.

19. No ashes or refuse from a traction-engine shall be stacked on the said road or on or near any bridge or culvert thereon.

20. No traction-engine or vehicle attached thereto, or motor-lorry, shall pass or attempt to pass any vehicle, horse, cattle, or other stock on any dangerous part of the said road; and no traction-engine or vehicle attached thereto, or motor-lorry, shall be propelled or drawn along or upon any bridge at any time while any stock or any person with a horse or vehicle is on the bridge; nor shall any traction-engine or vehicle attached thereto, or motor-lorry, be permitted to stop on any bridge or culvert for any purpose whatever, except in the case of a breakdown of machinery or other unavoidable accident. Any such traction-engine or motor-lorry shall be repaired and removed from such bridge or culvert without unreasonable delay.

21. The driver or person in charge of any traction-engine or any wagon or other vehicle other than a motor-lorry engaged in heavy traffic shall give immediate notice to the Public Works Engineer, or overseer or surfaceman in charge of the said road, of any damage done to the said road or bridges, culverts, or fencing thereon by such vehicles. Any damage done or injury caused to the said road, or any bridge or culvert thereon, by any engine, wagon, carriage, or vehicle attached thereto or connected therewith as aforesaid shall forthwith thereafter be repaired and made good by or at the expense of the owner of any such engine or other vehicle.

22. Nothing herein contained shall be held to relieve owners or employers of traction-engines or motor-lorries engaged in heavy traffic from liability in respect of injury done or damage sustained by the traction of weight in excess of that prescribed by clause 27 hereof over or along the said road or any bridge thereon.

23. Any person authorized by the Minister of Public Works, or any officer or constable of police, may stop and detain any vehicle, traction-engine, motor-lorry, or machine which in his opinion infringes this by-law, until the width of tires or the weight of such vehicle, traction-engine, motor-lorry, or machine, and the load thereon, or the weight or measurement of the contents thereof, can be ascertained.

24. The driver of any such vehicle, traction-engine, motor-lorry, or machine shall give full and true information as to the load or contents thereof, and the quantity, weight, size, or measurement of the same, and shall do such acts for the purpose of enabling the same to be ascertained as such authorized person requests.

25. The manner of ascertaining the weight of loading or contents of any vehicle shall be by computing the weight or measurement from the cubical or superficial measurement of such loading or contents, and for this purpose the quantities hereunder set out shall, so far as regards the material or articles mentioned respectively, represent one ton, and so on in the same rates:—

New Zealand timber, 400 superficial feet.
 Australian timber, 350 superficial feet.
 Firewood, half a cord or 64 cubic feet.
 Sand, 21 cubic feet.
 Clay, 19 cubic feet.
 Cement, 5 barrels (or bags equal to same).
 Broken stone, 21 cubic feet.
 Lime, 38 cubic feet.
 Bricks, 320.
 Coal, 45 cubic feet.
 Chaff, 25 bags.
 Oats (4-bushel bags), 10 bags.
 Wool, 5 bales.
 Iron and steel, $4\frac{1}{2}$ cubic feet.

26. Traction-engines and motor-lorries shall only cross or pass along such bridges and culverts as the Public Works Engineer certifies in writing to the Minister are safe for such traffic.

27. The gross weight of any one vehicle which shall be permitted to use the said road or to cross any bridge thereon shall not exceed five (5) tons, and not more than one such vehicle shall be permitted to be on any bridge at one time.

28. "Traction-engine" in this by-law means any locomotive-engine propelled by steam or other motive power and designed for use on ordinary roads. "Motor-lorry" in this by-law means any vehicle propelled by power derived from internal-combustion engine or storage battery. "Heavy traffic" in this by-law means the transportation of any vehicle, engine, or machine which shall itself or together with any thing or things being transported thereon weigh more than one and a half tons avoirdupois to each pair of wheels. "Gross weight" in this by-law means the weight of the traction-engine, motor-lorry, machine, or other vehicle together with any passengers or any thing or things being transported thereon.

29. Where the said road crosses a railway or tramway, or is crossed or intersected by another road, the said road is deemed and is hereby declared to be dangerous for the use of traction-engines and motor-lorries for a distance of two chains on each side of such crossing or intersection.

30. If at any time the Minister is satisfied that the use of a traction-engine, motor-lorry, machine, or other vehicle on any bridge or on any part of the said road would be attended with risk of damage to such bridge or part of road, or danger to the public, he may, by notice erected at each end of such bridge or on such part of road, prohibit traction, motor-lorry, or other traffic along such bridge or any part of the said road.

31. No person or persons shall stretch ropes across any part of the said road, whether for log-hauling or any other purpose, to the danger of the travelling public.

BY-LAW NO. 2.—RELATING TO MOTOR-CAR TRAFFIC.

1. In this by-law "motor-car" means "motor" as defined in the Motor Regulation Act, 1908, and is any vehicle propelled by mechanical power if it does not exceed three tons in weight unladen, and is not used for the purpose of drawing more than one vehicle (such vehicle with its locomotive not to exceed in weight four tons unladen). In calculating for the purposes of this by-law the weight of a vehicle unladen, the weight of any water, fuel, or accumulators used for the purpose of propulsion shall not be included.

2. No person shall drive or operate, or attempt to drive or operate, a motor-car on the said road unless he is a person competent to control its use and movement.

3. No person in charge of a motor-car while on the said road shall permit any person to drive or operate such car unless such last-mentioned person is competent to operate the same.

4. No person driving or in charge of a motor-car when on the said road—

- (a.) Shall cause such motor-car to travel backwards for a greater distance than shall be requisite for the purpose of safety;
- (b.) Shall quit such motor-car without having taken due precaution against its being started in his absence;
- (c.) Shall cause, or allow, or permit such motor-car to be driven or operated or to remain or stand on the said road or any bridge thereon so as to obstruct or interfere with the traffic thereon.

5. The person in charge of a motor-car on the said road shall, when within a reasonable distance from and before meeting or overtaking any person in sight on foot, and when within a reasonable distance from and before meeting or overtaking any person in a vehicle or on horseback, give audible and sufficient warning of the approach or position of the car by sounding the warning instrument attached thereto and required by law to be provided.

6. The person driving or in charge of a motor-car on the said road shall, on the request of any person driving stock, riding, or having charge of a restive horse and coming towards the car, or on such person holding up his or her hand as a signal for that purpose, cause such car to stop, and remain stationary as long as shall be reasonable to enable such person to pass the car with the vehicle, horse, or stock which he is driving, riding, or in charge of, and if necessary shall stop the engine of such car.

7. When a motor-car is being driven or propelled along the said road, if owing to a bend, corner, crossing, or junction in the said road, or for any similar cause, it becomes impossible for the driver or person in charge of such motor-car to have an uninterrupted view of the traffic on the said road for at least fifty yards ahead, such driver or person in charge shall reduce his speed to six miles an hour; and around sharp bends, when actually meeting any person riding or driving, shall reduce speed to four miles an hour; and by sounding

the warning instrument give audible and sufficient warning of the approach of such motor in both cases.

8. No motor-car shall be driven or propelled on the said road at a greater speed than fifteen miles an hour, or on a bridge thereon at a greater speed than four miles an hour.

9. The person driving or in charge of a motor-car on the said road shall, if during the period between sunset and one hour before sunrise, or whenever it is dark, any person driving, riding, or having charge of a vehicle or cattle signals to the motor by waving a lamp up and down, proceed with the motor cautiously; and he shall, if during the same period any such person so signals by waving a lamp from side to side, bring the motor-car to a stand-still and keep it stationary, and if necessary shall stop the engine, for so long as may be necessary to enable such person, together with such vehicle or cattle, to pass the motor-car safely.

10. The driver, rider, or person in charge of a motor-car on the said road shall, when meeting any vehicle or cattle, keep to the left or near side of the road; and when overtaking any vehicle or cattle shall pass when practicable on the right or off side of the said road, and shall give as much space as possible for the passage of such traffic.

11. No driver or person in charge of any motor-car shall pass or attempt to pass any vehicle, horse, or cattle if on a bridge or dangerous part of the said road.

12. Where the said road crosses a railway or tramway, or is crossed or intersected by another road, the said road is deemed and is hereby declared to be dangerous for the use of motor-cars for a distance of two chains on each side of such crossing or intersection.

13. If at any time the Minister is satisfied that the use of motor-cars on any bridge or part of the said road would be attended with risk of damage to the bridge or danger to the public, he may by notice prohibit motor traffic along such bridge or any part of the said road.

14. No motor-car shall be driven or operated unless such motor-car is fitted with two independent brakes in good working-order and of such efficiency that the application of either can cause two of the wheels on the same axle to stop revolving; provided that in the case of a motor not being a motor-car, this clause shall apply as if instead of two wheels on the same axle one wheel was therein referred to.

15. No motor-car shall be driven or operated on the said road unless such motor-car is fitted with an efficient muffler or silencer, and no such muffler or silencer shall be disconnected from the exhaust, opened or removed, in being driven or operated within fifty yards from any vehicle, horse, or cattle on the said road.

16. Every motor-car on the said road between one half-hour after sunset and one hour before sunrise shall have at least two efficient lamps affixed conspicuously one at each side of the front thereof, so as to exhibit a white light in the direction in which such motor-car is proceeding, such light to be sufficiently clear and strong to afford adequate means of signalling the approach or position of such motor-car; and shall also have an efficient lamp attached to such motor-car, which lamp shall be so constructed and placed as to exhibit a bright red light in the opposite direction to which the car is proceeding, and green side lights so as to be visible from the opposite sides of the gullies round bends when the motor-car is sideways on to an approaching car or other vehicle.

17. A motor-car which has broken down shall be lighted at night if left on any part of the said road.

18. Head lights shall be so restricted in intensity that they will not dazzle any person approaching from the opposite direction.

BY-LAW NO. 3.—RELATING TO SLEDGING.

1. No person shall draw or trail any sledge, timber, or other material in or upon the said road, whether such road is or is not or may be injured or damaged thereby.

2. Any person damaging the said road by sleighing shall make such damage good to the satisfaction of the Public Works Engineer.

PENALTIES.

1. Every person who shall do or cause or procure to be done anything contrary to or otherwise than is provided by these by-laws or any section or part of a section thereof, or who shall omit to do anything therein required to be done by him, shall be guilty of an offence.

2. Every person guilty of an offence against By-laws Nos. 1 and 3 shall be liable for each such offence to such fine not exceeding £5 as the Court inflicting the same shall in its discretion think fit.

3. Any person guilty of an offence against By-law No. 2 relating to motor-car traffic shall be liable for each such offence to a fine not exceeding £10.

Dated at Wellington this 15th day of January, 1923.

Land and Income Tax Amendment Act, 1922.—Income-tax payable.

BY Order in Council made and issued by His Excellency the Governor-General in Council on the 17th day of November, 1922, under the authority of the above Act, it was determined that the duty by way of income-tax, leviable under section 5 of the said Act, should be paid in one sum on Wednesday, the 7th day of February, 1923, at the office of the Commissioner of Taxes, Government Buildings, Wellington; and, in accordance with such Order in Council, I hereby give notice that the said duty will be payable accordingly. Additional tax will accrue if the tax is not paid on or before 28th February, 1923. The liability to pay is not suspended by any objection. The tax should be paid on or before the prescribed date, otherwise the additional percentage accrues; any overpayment will be adjusted by refund.

The demands will be posted from the office of the Commissioner of Taxes on or about 31st January, 1923. Demands must be presented with all payments, and if a demand has not been received the Commissioner should be communicated with.

NOTE.—IMPORTANT.—A delay will take place in the issue of the demands for the following:—

Individuals (not companies) whose surnames commence with the letters C, D, H, I, J, K, Mc, N, O, P, T, W.

In these cases a new due date—viz., 1st March, 1923—will be fixed as provided by section 127 of the Land and Income Tax Act, 1916. Additional tax will accrue twenty-one days thereafter.

D. G. CLARK, Commissioner of Taxes.

Notice to Mariners.—No. 2 of 1923.

HAURAKI GULF.—MOTUKOREHO (BROWN'S ISLAND).—INSTALLATION OF LIGHT.

Marine Department,
Wellington, N.Z., 17th January, 1923.

THE Auckland Harbour Board has notified that the black buoy off the north-eastern end of Motukoreho Island, in Hauraki Gulf, has been replaced by a concrete beacon from which is exhibited, at a height of 27 ft. above high-water O.S.T., a red occulting (U) light, having a characteristic of one second flash followed by three seconds darkness and visible for a distance of approximately ten miles.

SCHEDULE.

HAWKE'S BAY LAND DISTRICT.—SECOND-CLASS LAND.

Wairoa County.—*Opoti Survey District.—Te Reinga Block.*

(Exempt from Payment of Rent for Three Years.)

SECTION 4, Block II: Area, 650 acres; capital value, £2,365; annual instalment on deferred payment (excluding interest), £118 5s.; half-yearly rent on lease, £53 4s. 3d.

The section forms the eastern portion of the Te Reinga Block (the balance of which is occupied by returned soldiers), and has an area of 650 acres, is situated in the Wairoa County, and is distant from Wairoa twenty-two miles by a dray-road, metalled for the greater portion.

The East Coast Railway, when completed, will pass close to the eastern side of the section.

It has an altitude from 200 ft. to 1,380 ft., and is comprised principally of easy to steep ridges covered with light bush, scrub, and fern, and is suitable for pastoral purposes. Soil is a pumice loam on papa. There is a suitable homestead-site. Patches of native grass are scattered over the section, which is well watered. There is a good deal of blackberry on the block, and so that the lessee may be given a chance to cope with it successfully he will be exempted from payment of rent for three years.

Full particulars may be obtained at this office.

W. F. MARSH,
Commissioner of Crown Lands.

RESOLUTION.

THE following regulations were laid before the members of the Egmont Racing Club (Incorporated) at a meeting held on the 14th day of December, 1922, at Hawera, with a recommendation by the Chairman of such club, Mr. John Gray, that the same be passed at once with a view to their approval by His Excellency the Governor-General, in pursuance of the Gaming Act, 1908, section 33.

Mr. John Gray, the Chairman of such club and the meeting, moved, and Mr. Robert Hicks seconded, and it was resolved, that such regulations should be adopted, and that the Chairman and Secretary be authorized to sign the same in authentication thereof.

The following are the regulations referred to:—

EGMONT RACING CLUB (INCORPORATED).

REGULATIONS.

(Under the Gaming Act, 1908.)

IN pursuance and exercise of the powers in that behalf contained in section 33 of the Gaming Act, 1908, and of all other powers and authorities it enabling in that behalf, the Egmont Racing Club (Incorporated), a racing club within the meaning of the said Act (hereinafter referred to as "the said club"), doth hereby revoke the regulations dated the 3rd day of April, 1919, and in lieu thereof doth hereby make the following regulations controlling the admission of persons to that part of the racecourse situated in the district of Hawera, and known as the Hawera Racecourse, while the said racecourse is used or occupied by the said club for race meetings.

1. These regulations shall come into force on the date of the same being published in the *New Zealand Gazette*.

2. In these regulations the words "bookmaker," "racing club," and "race meeting" shall have the meanings ascribed to those terms respectively by section 2 of the Gaming Act, 1908.

3. The following persons shall be and are hereby excluded from the racecourse above described while the same is used or occupied by the said club for a race meeting, namely,—

- (a.) Bookmakers.
- (b.) Bookmakers' clerks, bookmakers' assistants, and bookmakers' agents.
- (c.) All persons under disqualification inflicted by any racing or trotting club in the Dominion of New Zealand, the Commonwealth of Australia, or elsewhere, if affiliated to the New Zealand Racing Conference, or the New Zealand Trotting Conference, or the New Zealand Trotting Association.
- (d.) Common prostitutes, and persons who habitually consort with thieves or persons who have no lawful visible means of support.
- (e.) Professional tipsters, persons convicted of housebreaking or pocket picking, forgery, uttering or possessing counterfeit coin, theft, false pretences, receiving stolen goods, mischief, assault, or any offence or crime of any kind under the Crimes Act, 1908, and also idle and disorderly persons, rogues and vagabonds, and incorrigible rogues convicted under the Police Offences Act, 1908, and persons convicted of an offence under the Gaming Act, 1908.

Provided always that the Stipendiary Stewards' Committee appointed by the New Zealand Racing Conference, upon being satisfied by evidence as to character and otherwise that any person who, by reason of any conviction, comes within the scope of this regulation should have relief from the effect thereof, may grant exemption to any such person, and may at any time revoke any such exemption without notice to such person, and without assigning any reason for such revocation.

The foregoing regulations of the Egmont Racing Club (Incorporated) were made and passed by such club on the

14th day of December, 1922, and signed by the Chairman and Secretary.

JNO. GRAY, Chairman.
V. B. STRATTON, Secretary.

The foregoing regulations of the Egmont Racing Club (Incorporated) are hereby approved this 20th day of December, 1922.

Provided always that the Stipendiary Stewards' Committee appointed by the New Zealand Racing Conference, upon being satisfied by evidence as to character and otherwise that any person who, by reason of any conviction, comes within the scope of this regulation should have relief from the effect thereof, may grant exemption to any such person,

and may at any time revoke any such exemption without notice to such person, and without assigning any reason for such revocation.

The foregoing regulations of the Nelson Jockey Club were made and passed by such club on the 11th day of December, 1922, and signed by the Chairman and Secretary.

M. P. WEBSTER, Chairman.
J. H. FINNEY, Secretary.

The foregoing regulations of the Nelson Jockey Club are hereby approved this 16th day of December, 1922.

50

JELlicoe, Governor-General.

RESOLUTION.

THE following regulations were laid before the members of the Nelson Trotting Club at a meeting held on the 11th day of December, 1922, at Nelson, with a recommendation by the Chairman of such club, Mr. H. Baigent, that the same be passed at once with a view to their approval by His Excellency the Governor-General, in pursuance of the Gaming Act, 1908, section 33.

Mr. H. Baigent, the Chairman of such club and the meeting, moved, and Mr. J. A. Stringer seconded, and it was resolved, that such regulations should be adopted, and that the Chairman and Secretary be authorized to sign the same in authentication thereof.

The following are the regulations referred to:—

NELSON TROTTING CLUB.

REGULATIONS.

(Under the Gaming Act, 1908.)

IN pursuance and exercise of the powers in that behalf contained in section 33 of the Gaming Act, 1908, and of all other powers and authorities it enabling in that behalf, the Nelson Trotting Club, a trotting club within the meaning of the said Act (hereinafter referred to as "the said club"), doth hereby revoke the regulations dated the 28th day of June, 1922, and in lieu thereof doth hereby make the following regulations controlling the admission of persons to that part of the Richmond Park situated in the district of Nelson, and known as the Richmond Park Racecourse, while the said racecourse is used or occupied by the said club for race meetings.
