HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS, there being no Harbour Board empowered to grant the license hereinafter mentioned under the Harbours Act, 1908 (hereinafter called "the said Act"), William Holder, of Auckland (hereinafter called "the licensee"), has applied to the Governor-General in Council for a license under the said Act to use and occupy a part of the foreshore on Tamaki River, as shown on the plan marked M.D. 5672, and deposited in the office of the Marine Department at Wellington, in order to erect and maintain a boat-shed thereon :

And whereas it has been made to appear to the Governor-General in Council that the proposed work will not be or tend to the injury of navigation, and the said plan marked M.D. 5672 has, prior to the making of this Order in Council, been approved of by the Governor-General in Council :

And whereas it is desirable that a license under the said Act, for the purpose aforesaid, should be granted and issued to the licensee for the term and subject to the conditions hereinafter expressed :

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and of all other powers and authorities enabling him in that behalf, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the purpose or object for which the said license is required by the licensee as aforesaid; and, in further pursuance and exercise of the said power and authority, and with the like advice and consent as aforesaid, doth hereby license and permit the licensee to use and occupy that part of the foreshore necessary for the maintenance of the said boat-shed, such license to be held and enjoyed by the licensee upon and subject to the terms and conditions set forth in the Schedule hereto.

SCHEDULE.

1. In these conditions the term "Minister" means the Minister of Marine as defined by the Shipping and Seamen Act, 1908, and includes any officer, person, or authority acting by or under the direction of such Minister.

2. The concessions and privileges conferred by this Order in Council shall extend and apply only to that part of the foreshore occupied by the said boat-shed, as shown on plan marked M.D. 5672 (sheet 2).

3. In consideration of the concessions and privileges granted by this Order in Council, the licensee shall pay to the Minister the sum of £2 10s., and thereafter an annual sum of £2 in advance, payable on the 1st day of April in each year, the proportionate part of such rental in respect of the period from the date hereof until the 31st day of March following to be paid on the licensee being supplied with a copy of this Order in Council.

4. His Majesty or the Governor-General, and all officers in the Government service acting in the execution of their duty, shall at all times have free ingress, passage, and egress into, through, and out of the said boat-shed without payment.

5. The licensee shall maintain the above-mentioned boat-shed in good order and repair, and shall at all times exhibit therefrom, and maintain at his own cost, suitable and necessary lights for the guidance of vessels; provided that no light shall be exhibited until after it has been approved of by the Minister.

6. Any person authorized by the Minister may at all reasonable times enter upon the said boat-shed and view

the state of repair thereof; and upon such Minister leaving at or posting to the last known address of the licensee in New Zealand a notice in writing of any defect or want of repair in such boat-shed, requiring him within a reasonable time, to be therein prescribed, to repair the same, he shall with all convenient speed cause such defect to be removed or such repairs to be made.

7. Nothing herein contained shall authorize the licensee to do or cause to be done anything repugnant to or inconsistent with any law relating to the Customs, or any regulation of the Minister of Customs, or with any provisions of the Harbours Act, 1908, or its amendments, or any regulations made thereunder, and that are now or may hereafter be in force.

8. The rights, powers, and privileges conferred by or under this Order in Council shall continue to be in force for fourteen years from the date hereof, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority; and the licensee shall not assign, charge, or part with any such right, power, or privilege without the written consent of the Minister first obtained.

9. The said rights, powers, and privileges may be at any time resumed by the Governor-General, and the licensee may be required to remove the said boat-shed at his own cost, without payment of any compensation whatever, on giving to the licensee three calendar months' previous notice in writing. Any such notice shall be sufficient if given by the Minister and delivered at or posted to the last known address of the licensee in New Zealand.

10. The licensee shall be liable for any injury which the said boat-shed may cause any vessel or boat to sustain through any default or neglect on his part.

11. In case the licensee shall—

- (1.) Commit or suffer a breach of the conditions hereinbefore set forth, or any of them;
- (2.) Cease to use or occupy the said boat-shed for a period of thirty days;
- (3.) Become bankrupt, or be brought under the operation of any law for the time being in force relating to bankruptcy; or

then and in any of the said cases this Order in Council, and every license, right, power, or privilege, may be revoked and determined by the Governor-General in Council without any notice to the licensee or other proceeding whatsoever; and publication in the *New Zealand Gazette* of an Order in Council containing such revocation shall be sufficient notice to the licensee, and to all persons concerned or interested, that this Order in Council, and the license, rights, and privileges thereby granted and conferred, have been revoked and determined; and upon such revocation the Minister may cause the said boat-shed to be removed, and may recover the cost incurred by any such removal from the licensee.

12. The construction of the boat-shed shall be deemed to be acceptance by the licensee of the conditions of this Order in Council.

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and of all other powers and authorities enabling him in that behalf, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the purpose or object for which the said license is required by the company as aforesaid; and in further pursuance and exercise of the said power and authority, and with the like advice and consent as aforesaid, doth hereby license and permit the company to use and occupy that part of the foreshore, and land below low-water mark immediately contiguous thereto, which is particularly shown and delineated on the plan so deposited as aforesaid, for the purpose of using the aforesaid wharf in connection therewith, such license to be held and enjoyed by the company upon and subject to the terms and conditions set forth in the First Schedule hereto, and doth prescribe that the dues and rates set forth in the Second Schedule hereto shall, as from the twenty-seventh day of March, one thousand nine hundred and twenty-two, be charged and taken for the use of the said wharf.

FIRST SCHEDULE.

6. The company shall maintain the above-mentioned wharf in good order and repair, and shall at all times exhibit therefrom, and maintain at its own cost, suitable and necessary lights for the guidance of vessels; provided that no light shall be exhibited until after it has been approved of by the Minister.

7. Any person authorized by the Minister may at all reasonable times enter upon the said wharf and view the state of repair thereof; and upon such Minister leaving at or posting to the last known registered office of the company in New Zealand a notice in writing of any defect or want of repair in such wharf, requiring it, within a reasonable time, to be therein prescribed, to repair the same, it shall with all convenient speed cause such defect to be removed or such repairs to be made.

Any such notice shall be sufficient if given by the Minister and delivered at or posted to the last known registered office of the company in New Zealand.

These sections, formerly known as part of Tapatu Block, are situated from twenty-two to twenty-six miles by road (seventeen miles being formed) from Hicks Bay Freezing-works. This road also passes through Te Araroa, about thirteen miles distant.

Te Araroa Township includes a post and telegraph office, Native school, stores, two banks, blacksmith's shop, hotel, &c. The mail-coach runs bi-weekly, and during the summer months service cars arrive almost daily from Gisborne. Cargo and small passenger boats call at Te Araroa and Hicks Bay at regular intervals.

The contour of the land is generally steep, and traversed by well-defined ridges providing good fencing boundaries for the several sections. Altitude, from 1,200 ft. to 3,075 ft. above sea-level. Soil is of a good free clayey nature, with a mixture of rock rubble. All under heavy bush, chiefly tawa, with a mixture of rimu, miro, and supplejack undergrowth. Scattered totara-trees should provide a limited amount of fencing-posts. Most of the land has a warm northerly or easterly aspect, the exception being the two sections south of the road. The sections are well watered. The surrounding land has been cleared, and converted into first-class sheep land, and the same result may be expected on improving the Tapatu sections, the quality of the land thereon being very similar to that surrounding it.

DESCRIPTIONS OF SECTIONS.

Section 1, Block X.—Altitude, from 1,600 ft. to 2,840 ft. above sea-level. Generally fairly steep, with a warm northerly aspect. A good homestead-site should be located close to road

intersecting the section. Distance about seventeen miles from Te Araroa by road, nine miles being unformed.

Section 2, Block X.—Altitude, from 1,600 ft. to 3,075 ft. above sea-level. This section comprises practically a steep-sided basin occupying a warm situation opening out towards the north. Along the south-eastern boundary is situated about 100 acres of easy slopes on which a good homestead-site is located. Distance about sixteen miles from Te Araroa by road, eight miles being unformed.

Section 3, Block XIV.—Altitude, from 1,500 ft. to 2,400 ft. above sea-level. Steep to easy hills, with some broken faces along the Tapatu Stream and Karakatuwhero River. The greater portion of this section enjoys a warm northerly aspect, with some southerly slopes on the middle portion. A homestead-site should be located close to the road. Distance about thirteen miles from Te Araroa by road, five miles being unformed.

Section 4, Block XIV.—Altitude, from 1,500 ft. to 2,900 ft. above sea-level. Comprising steep slopes from north and south boundaries into Makakariki Stream. Small proportion tawhero bush along northern boundary. A homestead-site will have to be located below road on north boundary. Possibly this may be some chains down the slope, in which case a track will have to be graded up to the road. Distance about thirteen miles and a half from Te Araroa by road, five miles and a half being unformed.

Section 5, Block XIV.—Altitude, from 1,600 ft. to 1,300 ft. above sea-level. The greater portion of this section enjoys a warm easterly and northerly aspect, with some southerly slopes on the middle portion. A homestead-site should be found in the vicinity of the road. Distance about thirteen miles and a half from Te Araroa by road, five miles and a half being unformed.

Section 6, Block XIV.—Comprising top of spur. No visible water-supply. Altitude, about 2,400 ft. above sea-level.

Section 3, Block II.—Altitude, from 1,200 ft. to 2,900 ft. above sea-level. About two-thirds of the section has a steep southerly aspect, the remainder a warm northerly and easterly aspect. A good homestead-site is located at the south-east corner on the Kopupounamu River. Distance about fifteen miles from Te Araroa, thirteen miles being metalled road, remainder river-bed.

As witness the hand of His Excellency the Governor-General, this 30th day of July, 1923.

DESCRIPTION OF SECTIONS.

Section 1s.—Comprises about 120 acres on the eastern side felled and grassed about four years ago; balance covered generally with fern and scrub, with small patches of bush. A good deal will be ploughable when cleared, as the section is undulating; but at least one-third of section is on top of a rhyolite bluff which may prove expensive to bring in.

Section 2s.—About 25 acres of rough fern-covered hills, which have been burnt off and surface sown but have gone back to fern, &c. 100 acres ploughed and laid down in permanent grass, which may have deteriorated, 58 acres of which is enclosed and subdivided, with cottage; balance comprises easy undulating country.

Section 3s.—Comprises about 60 acres broken country in light bush and fern; 50 acres felled and grassed; 10 acres shelter-bush; balance burnt off and surface sown, but is now a good deal overgrown with fern, &c. The section comprises about 100 acres broken, the balance undulating, mostly ploughable. Few outcrops of rhyolite near road frontage.

Section 4s.—About 60 acres has been ploughed and laid down in grass; 100 acres of bush has been felled and grassed; the balance, with the exception of a few patches of bush, has been mostly burnt off and surface sown, but through being unoccupied this is becoming overgrown with fern, &c. With the exception of some 70 acres of steep country on western side, this section is generally easy undulating land.

Section 5s.—Comprises about 30 acres on the eastern side felled and grassed about four years ago; balance mostly covered with fern and scrub; a few places burnt and surface sown, but reverting to unimproved state. Mostly easy undulating ploughable land; but northern portion of section is on top of rhyolite bluff which may prove expensive to bring in.

Section 6s.—A small portion near the Omaru Road has been ploughed and laid down in permanent pasture. With the exception of a few patches of shelter-bush, the balance has been burnt and surface sown, but is now a good deal overgrown with fern, &c. The section is nearly all easy undulating land.

GENERAL DESCRIPTION.

The settlement is situated some eight miles south-westward from Kopaki, which is a railway-station on the Auckland-Wellington line some thirteen miles south of Te Kuiti. The road from Kopaki (where there is a post-office, store, &c.) to the south end of this block is a good metalled dray-road, and gives access to Sections 2s and 4s, but access to Sections 1s, 3s, 5s, and 6s is by a recently formed dray-road. When the Omaru Road has been joined up with the Tikitiki Road along the already surveyed route the northern end of the block will be distant by good dray-roads from the market town of Te Kuiti some eighteen miles, while the south end of the block will be distant from the market town of Taumarunui via Mapiu and Tapiri Roads some thirty-five miles.

The land was originally covered partly by standing bush and partly by high fern and scrub. One-third of the block (mostly in Sections 1s and 5s) is still in its virgin state; the fern and scrub originally crushed, burnt, and grassed has now for the most part become overgrown by the fern, but the grassed bush land is doing well. The land is for the most part flat and undulating, well watered, and of an average altitude of 1,000 ft. All the external boundaries of the original block are well fenced, while Sections 2s and 4s contain dwelling-houses, sheds, &c.

The soil is generally of a pumiceous loam, lying on papa and sandstone formation, with outcrops of rhyolite in places, more especially on Sections 1s and 5s. Most of the block is

ploughable, and capable of growing good crops of turnips, oats, &c., and suitable for dairying and sheep and cattle grazing, &c. There is a school at Aratoro, some four miles to the north of the settlement, and another on the Mangaiti Road some two miles and a half to the south-east of the block.

Form of Statement prescribed under the Mental Defectives Act, 1911, to be furnished to the Public Trustee by Private Committees.

WHEREAS by section 118 of the Mental Defectives Act, 1911, it is provided, *inter alia*, that it shall be the duty of every person other than the Public Trustee who has been appointed the committee of the estate of any person in pursuance of the said Act to render to the Public Trustee, at such times and in such form as he shall prescribe, a statement showing the property comprised in the estate, and the manner in which that property has been administered and applied and the condition of that property, and such other particulars relating to such estate as may be prescribed or directed by the Public Trustee, and that every such statement shall be verified by the statutory declaration of the committee:

Now, therefore, under and by virtue of the power and authority conferred on the Public Trustee by the said section, and any other power and authority in this behalf him enabling, the Public Trustee doth hereby prescribe and direct as follows:—

1. The words "private committee" wherever used herein mean any person other than the Public Trustee who has been appointed the committee of the estate of any person in pursuance of the Mental Defectives Act, 1911, or under any other Act passed in amendment of the same or in substitution therefor.

2. Every private committee shall, within twelve months after being appointed to act, and thereafter at intervals not exceeding one year so long as the private committee shall be lawfully acting as such, furnish to the Public Trustee at Wellington, or to such District Public Trustee as the Public Trustee shall in writing direct, a statement in the form and containing the particulars hereinafter set out.

3. The first of such statements shall be divided into four parts, and the second and subsequent annual statements shall be divided into three parts. The said parts shall contain the matters and things hereinafter set out.

4. The first part shall consist of a schedule of the dealings by the private committee with the property of the patient during the period covered by the statement, and shall be in the form of a receipts and payments account amplified by entries showing any final dispositions of property not actually converted into cash. Gross proceeds of realizations, rents, interest, and the like must be shown, with details of any allowances or payments for commission, sale expenses, and the like. The statement shall commence with the cash balance in hand or in the bank at the date when the private committee became authorized to act, or as the case may be, at the commencement of the period covered by the statement, and conclude with the balance of cash in hand or in the bank at the end of the

period covered by the statement. Inclusive of these balances should be in agreement.

5. The second part of the statement shall comprise a schedule of the assets and liabilities (whether present, future, or contingent) of the patient as existing at the end of the period covered by the statement. This schedule must be prepared, with the necessary modifications, on the same lines as the schedule required by part four hereinafter mentioned, save and except that it will show only the property (including cash) and the liabilities of the patient existing at the end of the period covered by the statement.

6. The third part shall comprise a schedule containing particulars of the condition of the property and the position of the liabilities of the patient as at the end of the period covered by the statement. This schedule must supplement the foregoing schedules with such information and explanations as are necessary to elucidate the statement and show (*inter alia*) the necessity for any past or prospective expenditure—as, *e.g.*, for painting, fencing, repairs, calls on shares made or anticipated, &c.

7. The fourth part shall consist of a schedule of the assets and the liabilities (whether present, future, or contingent) of the patient at the time that the private committee was appointed to act. This schedule is required only with the first statement furnished by the private committee. It must show in detail each asset of the patient at the time of the appointment of the private committee and the estimated value thereof at that time. In the case of land the latest Government valuation (with the date thereof annexed) must be mentioned. Where possible the value of shares should be computed at the last market quotation prior to the appointment of the private committee. Where assets are producing income in the form of interest or rents, the rate of interest or rentals must be stated, with the names of the mortgagors, lessees, or tenants. The liabilities of the patient to be shown as existing at the time of the appointment of the private committee will include such contingent liabilities as those incurred in respect of bills or promissory notes accepted, drawn, made, or endorsed by the patient or incurred by the patient as surety, guarantor, or otherwise.

8. The Public Trustee shall be entitled, if he think fit, to demand such further or other particulars relating to the estate of the patient as he may consider necessary in the circumstances of any particular estate. The private committee shall, if required so to do by the Public Trustee, furnish vouchers supporting payments shown to have been made in the statement furnished.

9. Each statement required to be furnished by a private committee shall be verified by a statutory declaration of the committee in the form or to the effect and containing the matters set out in the Schedule hereto. Where more than one person is appointed private committee the Public Trustee may accept such statutory declaration made by one of the committee, and in the case of a company being appointed private committee the Public Trustee may accept such a statutory declaration made on its behalf by such officer of the company as is authorized by the articles or regulations of the company to act.

Given under the hand and seal of the Public Trustee at Wellington this 14th day of July, 1923.

(L.S.) J. W. MACDONALD, Public Trustee.

STATE FOREST SERVICE NOTICE.

Milling-timber for Sale by Public Tender.—Westland Forest-conservation Region.

State Forest Service,
Hokitika, 30th July, 1923.

NOTICE is hereby given that written tenders for the purchase of the undermentioned milling-timber will close at the office of the State Forest Service, Hokitika, at 4 o'clock p.m. on Thursday, the 16th August, 1923.

SCHEDULE.

ALL the milling-timber on that parcel of land, containing approximately 57 acres, situated in Blocks IV and VIII, Mawheranui Survey District, portion of Provisional State Forest No. 1598.

The total estimated quantity of timber is 734,100 superficial feet of rimu.

Situated about three miles from Matai Railway-station.

Upset price, £600.

One year will be allowed in which to remove the timber.

Terms of Payments.—A marked cheque for £200, and £1 ls. license fee, plus exchange, must accompany the tender, and the balance be paid by two equal instalments, the first of which shall be paid six months after the date of sale, and the second nine months after the date of sale.

All instalment-payments shall be secured by "On demand" promissory notes made and endorsed to the satisfaction of the Commissioner of State Forests, and interest at current bank rates will be charged on all notes overdue from the date of maturity to the date of payment.

CONDITIONS OF SALE.

1. The right to cut and remove the timber will be sold in accordance with the terms of the Forests Act, 1921-22, the regulations in force thereunder, and the following conditions.

2. Intending tenderers are expected to visit the locality and to satisfy themselves in every particular on all matters relative to the sale.

3. The aforementioned quantities, qualities, and kinds as to the said timber shall be taken as sufficiently accurate for the purposes of this sale, and no contract for the purchase shall be voidable, nor shall the successful purchaser be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, or kind than as stated herein or in any advertisement having reference to the said timber.

4. The promissory notes will be presented at intervals as indicated in the terms of payment, but they may be presented

for payment at earlier dates if it is found that more than a due proportion of the timber has been cut, or should any breach of the conditions occur, or if in the opinion of the Conservator the interests of the Crown are being jeopardized.

5. Each tenderer must state the total price that he is prepared to pay for the species. The highest or any tender will not necessarily be accepted, and the timber described is submitted for sale subject to the final acceptance of the tender by the Commissioner of State Forests.

6. A return, verified by affidavit, giving the number of logs cut of each species and their contents, must be made quarterly by the licensee each quarter ending on the last day of March, June, September, and December respectively in each year. A return, similarly verified, must be made on the same dates showing the output of sawn timber of each species.

7. The licensee shall not put, throw, or place, or allow to be put, thrown, or placed, into any river, stream, or watercourse, or into any place where it may be washed into any river, stream, or watercourse, any sawdust or other sawmill refuse.

8. The licensee shall take all reasonable precautions by way of providing such safeguards as may be required by the Conservator for the prevention of damage to the adjacent bush by fires, whether caused by sparks from locomotives, log-haulers, or otherwise, and shall be liable for any damage thereto in consequence of any negligence or disregard of these conditions on the part of the licensee or his workmen, such damage to be assessed by the Conservator of Forests.

9. All timber must be cut to the best advantage, and milling must be carried on regularly and generally in a manner approved of by the Conservator. The Crown reserves the right to withdraw from the license such areas as from time to time are cleared of merchantable timber, and as areas are withdrawn ground rent will be reduced *pro rata*.

10. No compensation will be given, nor shall any be claimed, for any error, discrepancy, or misdescription whatever in respect of any lot or in these conditions.

11. The settlement of any disputes shall be effected by the Conservator of Forests, and there will be a right of appeal to the Commissioner of State Forests, whose decision in all cases shall be final. Should the licensee fail to fulfil any and every obligation incumbent upon him the license will be subject to cancellation.

12. The Commissioner of State Forests may authorize the laying-down and working of tram-lines through the land by other persons than the licensee.

13. The successful tenderer will be granted a license to cut the timber for the period of one year, and such license will not be extended. The license will not be transferable, except with the consent of the Commissioner of State Forests. Cutting operations must commence within twelve months of the date of the license.

14. The right is reserved to the Commissioner of State Forests to withdraw from sale any or all of the said timber either before or after the closing-date for receipt of tenders.

15. If no tender is accepted the timber will remain open for application until further notice.

16. The successful tenderer shall be permitted to cut timber on private lands and Warden's licenses simultaneously with the lot mentioned herein by obtaining permission from the Commissioner of State Forests.

17. The successful tenderer shall have the right to cut, use, sell, or otherwise dispose of any species of timber not included in the Schedule herein on terms and conditions to be agreed upon, and provided the written consent of the Conservator be first had and obtained.

18. Tenders should be addressed "Conservator of Forests, Hokitika," and envelopes endorsed "Tender for Timber."

Further particulars may be obtained on application to the undersigned, or to the Head Office, State Forest Service, Wellington.

A. D. MCGAVOCK, Conservator of Forests.
