OF

THURSDAY, OCTOBER 25, 1923.

Published by Authority.

WELLINGTON, TUESDAY, OCTOBER 30, 1923.

*Teachers' Certificate Examinations, 1923.*Education Department,
Wellington, 26th October, 1923.

THE following lists contain the principal results of the examinations held in August and September for the purposes of teachers' certificates. In the preparation of the lists consideration has been given to candidates' successes at previous examinations held by the Department and at University examinations of which notice has been received.

The first list (I) contains the names of successful candidates for Classes A, B, C, and D. Teachers' certificates will be issued to such of these as have produced satisfactory evidence of age and good character, and have passed the special medical examination required, and have fulfilled the necessary conditions as to length of service and efficiency in teaching.

The second list (II) gives the names of those who have passed in two or more subjects of Parts II and III of Class C, but have yet to complete the examination.

The third list (III) contains the names of those who have obtained "partial passes" in the Class D Examination, and the fourth list (IV) those who have gained passes or partial passes in one or more "groups" of Class D. Those in List IV who obtained a pass in Group I are indicated by an asterisk.

In the fifth list (V) are given the names of the candidates whose work has been deemed worthy of "special mention."

The next examination will take place in August, 1924. Notice must be sent to the Director of Education so as to reach him not later than the 31st May, 1924. Candidates who have yet to complete the examination must observe this rule equally with other candidates, and must not expect to receive any further information of the date at which the notices become due.

Certificated teachers who have gained promotion at this examination may send their certificates to the Department for endorsement.

JNO. CAUGHLEY,
Director of Education.
