SPECIAL SIGNALS AND LIGHTS DISPLAYED BY BRITISH SEINE-NET FISHING VESSELS.

NOTICE is given that the following signals have been agreed upon by the Fishing Industry for the use of British seine-net fishing-vessels, when actually fishing with seine nets, for the purpose of protecting their gear from injury by other vessels:—

By Day.—One black ball, basket or shape, in the fore part of the vessel as near to the stem as possible, not less than 10 ft. (3m0) above the rail.

One black triangle apex upwards on the yardarm on the mizzen mast on the side from which the net is being operated.

By Night.—Three white lights in a triangle, the sides of which are approximately 2½ ft. (0m7), apex upwards from the yard on the side of the vessel from which the gear is leading. The signal is to be used in conjunction with the side lights when running the gear and without the side lights when hauling the gear.

Sound Signal.—Two long and one short blasts on the whistle when being approached by other vessels.

When a vessel of this description is at anchor at night and not working gear the usual anchor lights as prescribed by Article 9 of the Regulations for Preventing Collisions at Sea, 1910, will be shown, and no other lights should be exhibited.

The above signals will indicate that a vessel is engaged in fishing with a seine net, in order that other vessels approaching may give the seine-net vessel a wide berth.

SCHOOL FOR THE DEAF, NEAR SUMNER, CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE
EDUCATION DEPARTMENT,
WELLINGTON.
