**GENERAL DESCRIPTION.**

The Orini Settlement, consisting of 928 acres, formerly the property of Mr. Richard Reynolds, is situated on the Rangitaiki and Feist Roads in the Whakatane County, about two miles and a half from Thornton, also about two miles and a half from new Rangitaiki Railway-station on the Main East Coast Railway; the Rangitaiki Butter-factory is situated about one mile from this settlement, access to all above being by good motor and dray roads. There is a good school at Thornton, also a post and telegraph station, which has a frequent mail service. This estate is all flat land having been originally all swamp, the soil pumiceous alluvial and peaty loam, consolidated where improved, and is generally of good quality. It is good pasture or cropping land when properly drained, being especially suitable for dairying. All the neighbouring farms show good pastures and crops, which is reliable evidence to indicate the capacity of this land when the drainage is more complete.

There has been a considerable amount of drains cut over this property both by the former owner and the Land Drainage Department. The drainage is in an advanced stage, and some of the sections require very little more to be completed. The dredge-cut drains are at present maintained by the Drainage Department, also the drain along the east boundary of Section 7. The Kahunui drain along north boundary of Sections 1 and 4, most of the drain along the Rangitaiki Road, and some subsidiary drains in Section 1 have been fenced and planted in blue-gums, which are now well grown. There is an annual drainage rate levied on this estate and collected by the Land Drainage Department, and successful applicants will be responsible for proportion of rates accruing after date of selection.

A considerable amount of fencing, mostly of a substantial nature, has been done on Sections 1 to 5 and most of the existing drains on these sections have been fenced, some on both sides. The Feist Road frontage to Section 10 is fenced. On Sections 6, 7, and 9, there are no fences.

Water can be obtained all over this property by sinking, and is always present in the drains.

**IMPROVEMENTS.**

The improvements not included in the capital value, but which have to be paid for separately by half-yearly instalments of interest and sinking fund are as follows:—

Section 5s: Three-roomed dwelling with lean-to and cowshed, valued at £450, repayable in twenty-one years by forty-two half-yearly instalments of £17 11s. Total half-yearly payment under lease, £54.

The improvements included in the capital values of the sections are as follows:—

Section 1s: 198 chains of fences, drain-protective plantations, fenced plantation clump, two concrete troughs, valued at £560.

Section 2s: 109 chains fences, drain-protective plantations, concrete trough, valued at £300.

Section 3s : 84 chains fences, drain-protective plantations, valued at £200.

Section 4s : 76 chains fences, drain protective plantations, valued at £200.

Section 5s : 158 chains fences, valued at £240.

4. Intending tenderers are expected to visit the locality and to satisfy themselves in every particular on all matters relative to the sale.

5. Each tenderer must state the total price that he is prepared to pay for each species. The highest or any tender will not necessarily be accepted, and the timber described is submitted for sale subject to the final acceptance of the tender by the Commissioner of State Forests.

6. The right is reserved to the Commissioner of State Forests to withdraw from sale any or all of the said timber either before or after the closing-date for receipt of tenders.

7. If no tender is accepted for the timber herein mentioned, it will remain open for application at the upset price until further notice.

8. Tenders should be on the special form obtainable from any office of the State Forest Service, and should be enclosed in envelopes addressed "Conservator of Forests, Palmerston North," and endorsed "Tender for Timber."

The following conditions will be inserted in the license to be issued to the purchaser:—

9. The aforementioned qualities, quantities, and kinds as to the said timber shall be taken as sufficiently accurate for the purposes of this sale, and no contract for the purchase shall be voidable, nor shall the successful purchaser be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, or kind as stated herein or in any advertisement having reference to the said timber.

10. The promissory notes will be presented at intervals as indicated in terms of payment, but they may be presented for payment at earlier dates if it is found that more than a due proportion of timber has been cut, or should any breach of the conditions occur, or if in the opinion of the Conservator the interests of the Crown are being jeopardized.

11. A return, verified by affidavit, giving the number of logs cut of each species and their contents, must be made quarterly by the licensee each quarter ending on the last day of March, June, September, and December respectively in each year. A return, similarly verified, must be made on the same dates showing the output of sawn timber of each species.

12. The licensee shall not put, throw, or place, or allow to be put, thrown, or placed, into any river, stream, or watercourse, or into any place where it may be washed into any river, stream, or watercourse, any sawdust or other sawmill refuse.

13. The licensee shall take all reasonable precautions by way of providing such safeguards as may be required by the Conservator for the prevention of damage to the adjacent bush by fires, whether caused by sparks from locomotives, log-haulers, or otherwise, and shall be liable for any damage thereto in consequence of any negligence or disregard of

these conditions on the part of the licensee or his workmen, such damage to be assessed by the Conservator of Forests.

14. All timber must be cut to the best advantage, and milling must be carried on regularly and generally in a manner approved by the Conservator. The Crown reserves the right to withdraw from the license such areas as from time to time are cleared of merchantable timber, and as areas are withdrawn ground rent will be reduced *pro rata*.

15. No compensation will be given, nor shall any be claimed, for any error, discrepancy, or misdescription whatever in respect of the lot or in these conditions.

16. The settlement of any dispute shall be effected by the Conservator of Forests, and there will be a right of appeal to the Commissioner of State Forests, whose decision in all cases shall be final. Should the licensee fail to fulfil any and every obligation incumbent upon him the license will be subject to cancellation.

17. The Commissioner of State Forests may authorize the laying-down and working of tram-lines through the land by other persons than the licensee.

18. The license will not be transferable, except with the consent of the Commissioner of State Forests. Cutting operations must commence within six months of the date of the license.

19. The licensee shall be permitted to cut timber on private lands and Warden's licenses simultaneously with the lot mentioned herein by obtaining permission from the Commissioner of State Forests.

20. The licensee shall have the right to cut, use, sell, or otherwise dispose of any species of timber not included in the Schedule herein on terms and conditions to be agreed upon, and provided the written consent of the Conservator be first had and obtained.

Further particulars may be obtained on application to the undersigned or to the Director of Forestry, Wellington.

#### SCHOOL FOR THE DEAF, NEAR SUMNER, CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity) :—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE  
EDUCATION DEPARTMENT,  
WELLINGTON.
