*Customs Tariff.—Conditions entitling Goods to Entry under the British Preferential Tariff.*

Customs Department, Wellington, 1st October, 1924.

IT is hereby notified for general information that the Government has had under consideration the question of altering the conditions under which imported goods are admitted to entry under the British Preferential Tariff.

The existing conditions are indicated in the form of certificate (Form 5) prescribed by an Order in Council dated 4th December, 1922, and published in the *New Zealand Gazette* of 7th December, 1922.

It is now intended to modify these conditions with respect to goods imported or entered for home consumption on and after 1st April, 1925.

The amendments will necessitate, and their nature will be conveyed by, altering the word "one-fourth" in paragraph 6 (b) of the above-mentioned form of certificate to "three-fourths."

The following condition adopted by the Imperial Customs Conference held in London in 1921 will cease to operate when the new conditions are brought into force:—

"In the case of goods which have at some stage entered into the commerce of or undergone a process of manufacture in a foreign country, only that labour and material which is expended on or added to the goods after their return to British possessions shall be regarded as the produce or manufacture of British possessions in calculating the proportion of British labour and material in the factory or works costs of the finished article."

The new regulations and also a revised form of combined certificate of value and origin in conformity therewith will be prescribed by Order in Council at an early date. It is anticipated that this form will fulfil the requirements of Australia as well as New Zealand.

Those interested are hereby notified that the present form of combined certificate of value and origin will continue to be accepted by this Department until 30th September, 1925, provided that the word "one-fourth" in clause 6 (b) is altered to "three-fourths." This alteration will, of course, not be necessary except in respect of goods which are imported or entered for home consumption after 31st March, 1925. For convenience, the form of certificate which will be accepted after the last-mentioned date and until 30th September, 1925, is set forth in the Schedule hereto.

GEO. CRAIG, Comptroller of Customs.

## PRESS OPINIONS.

The second edition is virtually a new book. No one is so well qualified to describe New Zealand plant ecology as Dr. Cockayne.—*Nature*, London.

The story which Dr. Cockayne has to tell is wonderful, and the manner of his telling is full of charm. He gives no bare catalogue of plants nor bald descriptions, but shows by pen and picture the wonderful vegetation of those happy islands.—*Gardener's Chronicle*, London.

The book will be treasured by all who find refreshment away from the cities and petty affairs of men. Dr. Cockayne's style is as brilliant as it is simple. He cannot be misunderstood. ## PRESS OPINIONS.

The Hon. G. M. Thomson in writing this manual has evidently taken up a labour of love. He writes not so much for the scientific as for the general reader. It is a valuable and likely to be one of the most popular works issued by the Board of Science and Art. It is a notable addition to Mr. Thomson's other works.—*Evening Post*, Wellington, N.Z.

A bright little book. Mr. Thomson has provided a book sufficiently scientific to be authoritative, and yet informal and simple enough to be interesting to the young and uneducated. We shall look forward eagerly to Part II.—*Herald*, Timaru, N.Z.

It is a book of unusual interest. There is nothing like it in print, and the wonder is that it has not been done before. Mr. Thomson is to be thanked for producing a work so useful and so timely. Technical terms and scientific language have been avoided as far as possible, with the result that we have a narrative as interesting as any romance. It will prove a valuable and useful book.—*Evening Star*, Dunedin, N.Z.
