SCHEDULE.

1. UTILIZATION OF THE WATER.

THE said water shall be used solely for the purpose of generating electricity, and the whole of such water shall be returned to the Mokau River at or near the power-house.

THE licensee shall, in respect of this license, pay to the Public Works Engineer for the district, or otherwise as the Minister may from time to time require, a rental at the rate of 1s. per annum per kilowatt of maximum output, as recorded by the wattmeter to be installed by the licensee at the power-house; payment to be made yearly on the 31st day of March in each year, commencing from the day electrical power is first supplied. For the purpose of this clause

“maximum output” means twice the number of units generated and recorded in the half-hour during which the output is the maximum for the year. Wattmeter readings shall be recorded half-hourly throughout each day. The minimum rental shall not be less than £10 per annum.

7. SURRENDER OF LICENSE.

THE licensee may at any time, with the consent of the Minister, surrender this license, and shall thereupon, if so required by the Minister, remove from the ground all removable equipment, machinery, buildings, poles, transmission-lines, and other plant herein authorized to be installed or provided. THE system of supply shall be as described in paragraph (e) of clause 2 of the regulations.

THE generating and transmission voltage shall be approximately 6,600 volts between phases.

10. INTERCHANGE OF SUPPLY OF ELECTRICAL ENERGY.

(a.) IN the event of the Minister establishing a hydro-electric-power scheme outside the area of supply of a frequency of 50 cycles per second on the three-phase-alternating-current system, he may require the licensee to connect that system with the licensee's electrical system in such a manner that an interchange of electrical energy between the two systems may be made from time to time and when required by either the licensee or the Minister, up to at least one-half of the total capacity of the plant installed at the licensee's power-house.

(b.) THE licensee shall erect and maintain in good order, at the expense of the licensee, the necessary transmission-lines between the licensee's power-house and a point on the boundary of the area of supply to be determined by the Minister.

(c.) THE Minister shall erect and maintain in good order, at the expense of the Minister, the necessary transmission-lines outside the area of supply for the purpose of connecting the two systems at the point last mentioned in subclause (b) hereof.

(d.) THE licensee and the Minister respectively shall, on demand, and from time to time as and when required, supply to each other so much of the surplus electrical energy as is then required and is available, but not in excess of one-half of the capacity of the plant installed in the licensee's power-house.

Between the hours of 8 a.m. and 8 p.m. daily: 1d. per unit.

Between the hours of 8 p.m. and 8 a.m. daily: ½d. per unit.

To be measured in each case at the point last mentioned in subclause (b) hereof.

(f.) FOR the purpose of this clause either the licensee or the Minister may have the unit measured in kilovolt-ampere hours instead of kilowatt hours.

11. CROWN NOT LIABLE TO PAY COMPENSATION.

Nothing in this license shall be held to cast upon or imply any liability upon His Majesty the King or upon the Govern-

ment of New Zealand to pay compensation to any person, corporate body, or local authority by reason of the exercise by the licensee of the authority hereby granted; but the licensee shall be liable for any loss or damage which any person, corporate body, or local authority may sustain as the result of the exercise by the licensee of any of the powers granted by this license.

12. BED OF RIVER NOT LEASED.

Nothing herein shall be held to constitute a lease from the Crown of the bed of the river shown on the aforesaid plan marked P.W.D. 59813, nor shall the provisions of Part IX of the Property Law Act, 1908, apply to this license.

13. DEFAULT.

If the licensee fails or neglects to observe any of the conditions or obligations imposed by this license, then and in any such case the provisions of clauses 15 and 16 of the regulations shall apply to the breach of any such condition or obligation.

Notwithstanding anything hereinbefore contained, one side of every road or street shall be left free by the licensee for telegraph-lines. Lines shall not be erected on both sides of a road or street unless the permission of the Minister of Telegraphs or the Post and Telegraph Department is first obtained in accordance with clause 5 of the regulations. The minimum distance between a telephone-line and poles carrying high- or extra-high-tension circuits shall be equal to the height of the taller pole except at crossing-places.

15. CONVERSION OF LINES FROM EARTH-WORKING TO METALLIC.

Notwithstanding anything herein contained, the licensee shall bear the cost of converting the Railway or Post and Telegraph Department's lines which are now erected from earth-working to metallic, if required by the Minister of Railways or Minister of Telegraphs.

The licensee shall rectify to the satisfaction of the Minister of Railways or Minister of Telegraphs any interference or disturbance caused by the erection or operation of the licensee's system that affects the satisfactory working of telegraph-lines which are the property of the Railway Department or Telegraph Department, and which were erected prior to the licensee's lines.

17. RIGHT TO ENTER LANDS, ETC.

The licensee shall have the right at any time or times during the continuance of this license, with the consent of the Minister, subject to such conditions as he may think fit to impose, to enter upon any road or other land, whether vested in or occupied by the Crown or any other person or body corporate, and there to construct, erect, lay down, maintain, renew, or repair all such cables, wires, and other things as are required for the transmission of electricity between the power-house hereinbefore referred to and any place to which the licensee is authorized to transmit electricity in pursuance of this license.
