23. In the arrangement of the curriculum special regard shall be paid to the opportunities of instruction presented by the lectures given at the University college, and, where possible, the general education of the student shall in the main be so continued; but no student shall be permitted to take University classes that are, in the judgment of the Principal, inconsistent with the requirements of his professional course, nor shall a student be permitted to take classes forming a recognized step towards a University degree unless his capacities and attainments are of a character to fit him therefor without detriment to the interests of his training as a teacher.

24. With the limitations and exceptions contained in clauses 23 and 25 hereof, no course of training for any student shall be deemed complete that does not include attendance at at least one course of lectures in a subject other than education at the University college, together with the following:—

It is important that the observation should be such as to form a basis for the work in elementary psychology and the principles of education, and that the practice should be regular and co-ordinated.

25. (1.) Students who are University graduates, or who have satisfactorily completed an approved course of not less than two years at an agricultural college or at a school of home science recognized by the University, or who have already satisfied the requirements of the examination for Class C, may be excused from attendance at University lectures; such students, together with those who have already passed in the subject for Class D or for Class C, may also be excused from needlework. (2.) A student who is taking a science course at the University college may be exempted from attendance at a science class at the training college during the year in which he is so attending.

(3.) Students having no ear for music may be excused from attendance at singing and musical theory if an approved equivalent therefor is taken as an extra subject or subjects, selected from amongst those named in paragraphs (b) and (c) of clause 22 hereof, and occupying not less than two hours a week throughout the period of training, the total requirement under these paragraphs being thus raised to six hours a week in all.

teaching two or more branches of elementary science and handwork as suited to the requirements of the higher primary classes. The practice in teaching shall correspond thereto.

Certificates.

27. At the close of their period of training, students duly admitted under these regulations as students of Division A, B, or C, who have satisfactorily completed the prescribed course of work during their attendance at the training college, and who are favourably reported upon in respect both of professional promise and of educational progress, may, on the recommendation of the Principal of the college and with the concurrence of the Director of Education, receive without further examination, in such subjects as are approved for this purpose by the Director, and subject to compliance with the necessary conditions of service, age, and health, as prescribed by the regulations for the time being in force for the Examination and Classification of Teachers, a trained teacher's certificate, which shall rank in respect of attainment with certificates of Class C or with certificates of Class D, as may in each case be determined.

General.

28. (1.) Subject to the general control and management of the Board, the Principal shall have full control of the staff of the normal school and training college and of the students; he shall also have power to arrange for the several courses of instruction in accordance with the requirements named above, to allot to himself and the other members of the staff such subjects of instruction as he may find convenient and the Committee of Advice may approve, to choose text-books, and to determine the course of study and training of each student.

(2.) A statement shall be furnished to the Professorial Board giving the names of all training-college students in attendance at the University college, and the classes approved by the Principal for each student, in order that the Professorial Board may be in a position to report to the Principal on the progress made by the students.

29. (1.) Every student shall, when required by the Director, submit to re-examination by a School Medical Officer or other approved medical practitioner.

(2.) The Board may at any time, on receipt of a report from the Principal, dismiss a student, or direct him to cease attendance at the training college, on the ground of repeated neglect of duty or gross misbehaviour, and all allowances to such student shall thereupon cease.

(3.) A studentship may also be terminated at any time if it shall appear to the Board and the Minister that the holder does not possess sufficient aptitude for the teaching profession to warrant further expenditure in training, or is considered on the report of a School Medical Officer to be physically unfit to continue his course of training.

30. The Principal shall make an annual report to the Board of the work of the training college, and the Board shall forward that report, with such other report as it may desire to make, to the Minister of Education before the 31st January in each year.

31. The Director of Education shall inspect each training college from time to time, and shall report annually to the Minister.

living conditions are difficult may receive by way of additional salary such a sum not exceeding £30 per annum as the Director shall determine.

10. *Grade 0 Schools.*—(1.) In the case of a school of Grade 0 the Board shall pay for or on account of the salary of the teacher the sum of £15 per annum for every pupil in average attendance:

Provided that in no case shall the salary exceed £160 per annum.

(2.) Subject to the provisions of clause 16 hereof, the average attendance on which the amount payable for any quarter for or on account of the salary of the teacher of a school of Grade 0 shall be determined shall be the average attendance for the current quarter or the yearly average attendance for the year immediately preceding, whichever is the higher.

11. *Part-time Schools.*—The salary and house allowance of a teacher of a group of part-time schools shall be those for the grade of the group determined in accordance with clause 27 hereof:

Provided that if the teacher of a group of part-time schools is required by the Education Board to teach or travel on six days during the week and to teach for at least twenty-four hours in each week he shall receive the salary and house allowance for the grade or subgrade of school next higher than the grade in which that group of schools is placed.

12. *Additional Assistants.*—The salary of an assistant added to the staff of a school in accordance with the provisions of clause 29 hereof shall be that of Grade 1, provided that a higher grade of salary may be paid in special cases approved beforehand by the Senior Inspector when it is shown that such a higher salary is necessary to avoid a change of staff should the school rise in grade on the 1st February following.

13. *Commencing Salaries.*—Subject to the provisions of the next succeeding clause, every teacher who is permanently appointed to any position in a public school shall, on his appointment, receive the minimum salary of the grade attached to his position in accordance with clause 4 hereof, together with such additions to his salary (if any) as are otherwise provided by these regulations.

14. (1.) If a teacher is transferred from one permanent position which he has occupied for at least one year to another permanent position his commencing salary payable on transfer to his new position shall be determined in the manner following:—

(a.) If the amount of the final salary which he received in his former position is less than the minimum salary for his new position, he shall receive as his initial salary in his new position the amount of such minimum salary.

(b.) If the amount of the final salary which he received in his former position is greater than the maximum salary for his new position, he shall receive as his commencing salary in his new position the amount of such maximum salary.

(c.) In any other case he shall receive as his commencing salary in his new position the amount of the final salary which he received in his former position.

(2.) The provisions of this clause may, with the approval of the Minister, but subject to such modifications as he shall determine, be extended to—

(a.) A teacher who resigns from a permanent position and is not appointed to another permanent position for a period not exceeding one year:

(b.) A teacher transferred from a temporary or relieving position to a permanent position:

(c.) A person who resigns from any position in the education service (as defined by the Public Service Classification and Superannuation Act, 1908) on appointment to a position in a public school.

(d.) Other similar cases.

(3.) Salary for the purposes of this clause includes the total salary payable under these regulations, except married, house, and remote allowances, and adjustments may be made between salary and allowances so that the total payable shall be that prescribed.

15. *Annual Increments.*—Every teacher employed in a permanent position in a public school shall, until he receives the maximum of his grade of salary, receive on the 1st February (if employed on that date) in each year

the annual increment provided in clause 4 of these regulations, provided that his total salary (exclusive of remote, married, and house allowances and increases due to regrading or the issue of a certificate) has not been increased since the 1st day of August immediately preceding :

Provided that the first increment in a new position will be the amount necessary to increase the salary to the next higher salary for the position or such higher amount as the Director shall approve :

Provided further that no increment shall be paid to an assistant of Grade 1 so as to make the position salary higher than £175 per annum in the case of a man, or £160 per annum in the case of a woman—(a) unless the Board is satisfied that the teacher has served in public schools for six years as an adult teacher, or for two years as a sole teacher, or for two years as an assistant in a school below Grade IV or in a school that is regarded as remote ; or (b) unless the teacher is employed in a school below Grade IV or in a school that is regarded by the Board as remote.

16. *Reduction in Grade of Salary.*—(1.) If on the 1st February in any year any school is placed in Grade I or a higher grade, and that school is thereafter reduced in grade, any teacher who remains in the same position therein shall continue to receive the same salary and allowances as if no such reduction had taken place ; but in any such case the Board shall take the first opportunity to transfer such teacher to another suitable position to which is attached an equal grade of salary :

Provided that if, after such reduction in grade appears to the Board to be imminent, the teacher has been offered and has declined to accept in a public school, secondary school, technical high school, or in any school under the control of the Department, any position to which he could transfer without loss in salary and allowances, then he shall continue to receive, until the school is actually reduced in grade, or for a period of three months after the date on which the offer was made, whichever is the longer, the same salary and allowances as if no reduction in the grade of his school had taken place ; but thereafter, until new conditions arise, he shall receive as his salary and allowances the maximum salary and allowances prescribed for his position according to the grade to which the school has been reduced :

Provided further, that in no case shall any teacher be entitled to receive salary and allowances in excess of those payable for the reduced grade or subgrade of the school for a longer period than five years.

(2.) The provisions of this clause shall, *mutatis mutandis*, apply to a teacher who holds a position the grade of salary attached to which is reduced through an amendment of the regulations or any other cause, provided that with the approval of the Minister the transfer of such teacher to another position may be postponed *sine die*.

17. In the case of a reduction in the staff of a school, such amount shall be paid to the Board in respect of the teachers whose services are dispensed with as will enable the Board to comply with the provisions of the Education Act ; but in no circumstances shall payment be made to the Board on account of the salary of any teacher for a longer period than four months after the end of the quarter in which the school ceases to be entitled to the services of such teacher if such teacher had been permanently appointed, or for a longer period than two months in any other case.

18. If at any time between the annual grading of public schools on the 1st February in any year and the 1st February immediately following, the quarterly average attendance of a school falls below the minimum average attendance of the grade or subgrade in which the school is placed to such an extent as to satisfy the Board or the Minister that a reduction in the grade or subgrade of the school is imminent, and a position on the staff of such school thereafter becomes vacant, the grade of salary for such position as from the date of such vacancy shall be the grade of salary which would be attached to the position if the grade or subgrade of the school were determined on the reduced average attendance.

19. *Holiday Pay.*—The salary of a teacher shall be paid from the date he enters upon his duties until the date on which his duties cease, including payment for holidays during his period of engagement, and for the period necessarily occupied in transferring from one school to another : Provided that a teacher commencing duties during the first week in February in any year may be paid from the 1st February ; and provided further that a teacher who has been employed throughout a school year commencing 1st February, and whose engagement terminates at the beginning of or during the long midsummer school vacation, shall be entitled to receive salary until the end of such vacation or until 31st January, whichever is the earlier.

20. *Temporary Teachers*.—(1.) Temporary teachers who are not holders of licenses to teach, and who are appointed in accordance with the proviso to subsection (1) of section 71 of the Education Act, 1914, shall be paid salaries according to the following scale :—

Position.	Minimum.	Maximum.	Annual Increment.
	£	£	£
Grade 1 assistant	120	160	10
Grade 2 assistant	160	190	10
Grade I sole teacher			
Grade 3 assistant			
Grade II sole teacher or higher position	200	250	10

Provided that teachers recommended by the Senior Inspector on account of special qualifications or proficiency may be paid at such rate not exceeding the salary provided for a permanent teacher as the Director shall determine.

(2.) Temporary teachers when first appointed shall be paid the minimum salary of the grade unless the Senior Inspector approves of a higher commencing salary.

(3.) Temporary teachers shall also receive the same house allowances, married allowances, and remote allowances as are provided for certificated teachers for the same positions.

GRADING OF PUBLIC SCHOOLS.

21. *Annual Grading*.—Public schools and departments of district high schools shall be classified in the grades and subgrades specified in Schedules I, II, and III of clause 4 hereof. It shall be the duty of the Board on the 1st February in each year to determine, according to the yearly average attendance for the year ended 31st December immediately preceding, the grade and subgrade to which every school or department under the control of the Board belongs :

Provided that a school or department may be placed in a lower grade if the Board is satisfied that the increased average attendance qualifying the school for a higher grade is not likely to be permanent.

22. If at the beginning of any quarter it appears that a school in Grade 0 has an average attendance for the last preceding quarter of eleven or for two or three quarters immediately preceding of ten or nine (as the case may be), the school shall be placed in Grade I.

23. Until the first annual grading of a new school under clause 21 hereof the grade and subgrade of that school shall be determined in accordance with the average attendance as follows :—

- (i.) For the period from the date of opening until the end of the quarter in which the school was opened, on the average attendance for such period ;
- (ii.) For the first quarter during the whole of which the school is open, on the average attendance for that quarter ; and
- (iii.) Thereafter on the mean of the quarterly average attendances for the several quarters until the 31st December next ensuing :

Provided that in any special case where the circumstances are exceptional a new school may, with the approval of the Minister previously obtained, be provisionally graded in a higher grade or subgrade than that in which it would be placed under the provisions of this clause, or on its first grading under the provisions of clause 21 hereof.

24. The grade or subgrade of a District High School shall be determined in accordance with the average attendance in the primary department.

25. If the average of the secondary department of a district high school for any quarter falls below 12 the Board shall draw the attention of the Minister to the fact so that the question of disestablishment may be considered.

26. For the purpose of determining the grade of a school to which one or more side schools are attached, the main school and the side school or schools attached thereto shall be deemed to form one school.

27. In ascertaining the grade of a group of part-time schools the group of schools shall be treated as one school, and the average attendance shall be the combined average attendance of the group.

STAFFING OF PUBLIC SCHOOLS.

28. (1.) Subject to the provisions hereinafter contained, the number of teachers and of student assistants in any school other than a district high school, and in the primary department of a district high school, shall be the number shown in Schedules I and II of clause 4 hereof for the grade of school shown in column (2) of the schedules.

(2.) The number of teachers in the secondary department of a district high school shall be the number shown in Schedule III of clause 4 hereof for the grade of school shown in column (2) of that schedule.

(3.) In separate boys' and girls' schools and in schools from which the pupils transfer to a junior high school when promoted from S4 or S5 the total number of assistants shall be the same as is prescribed in subclause (1) hereof for a mixed school of the same average attendance, but the numbers of male and female assistants of each grade may be modified in such manner as the Minister shall determine.

(4.) On the 1st February in each year the Board shall determine the number of teachers and of student assistants aforesaid in accordance with the grade of school or department:

Provided that, until the Minister is satisfied that student assistants are available, one assistant of Grade I may be substituted for a student assistant in each school of Grade VA upwards, and a pupil teacher may be substituted for each of the other student assistants.

29. *Increases and Decreases in Staffs.*—If at the beginning of any quarter it is found that the attendance in any school or in the primary or secondary department of any district high school has increased so that the averages for two consecutive quarters are both greater than the maximum for the grade in which the school or department is placed by four in the case of schools below grade IV or D, and by ten in the case of other schools, the Board may, with the approval of the Senior Inspector, add an assistant to the staff of the school, provided that in any special case of increasing attendance not equitably provided for herein the Board may, with the approval of the Minister, increase the staff at an earlier date.

30. If at the beginning of any quarter it is found that the attendance in any school or department has decreased so that the averages for two consecutive quarters are both less by four in the case of a school of Grade IIIA or IIIB, or by seven in the case of any other school, than the minimum for the grade in which the school is placed, the staff shall be reduced as the Senior Inspector shall direct:

Provided that the Board may reduce the staff of any school or department at any time as soon as it is satisfied that the average attendance has fallen below the minimum of the grade or subgrade of the school or department, as the case may be: Provided further that if at the end of the quarter first mentioned it is found that the average for the quarter is at least equal to the minimum of the grade in which the school or department is placed, the staff may be maintained till the end of the subsequent quarter, and so on from quarter to quarter till the 1st February next ensuing.

31. Nothing in the two preceding clauses shall be deemed to affect the salary of any member of the staff who shall not have been appointed or removed thereunder.

32. As soon as under the provisions of the Act and of these regulations a reduction in the staff of a school is imminent it shall be the duty of the Board to give notice to every teacher whom it is necessary to discharge in order to carry out such reduction.

33. *Main and Side Schools.*—No main or side school, taken separately, shall have a smaller number on its staff than if it were a mixed school of the same average attendance; and the Board shall appoint such additional assistants of Grade I or student assistant (if any) as are necessary to conform to this requirement.

34. *Modification of Staffs.*—An assistant of Grade I may, with the approval of the Minister previously obtained, be substituted for two student assistants.

35. Subject to the approval of the Minister, an uncertificated teacher who has completed not less than one year's service as an adult teacher may be appointed as an assistant of Grade I to the staff of any school in lieu of a student assistant. Such an appointment shall not in general be for a term of more than one year.

36. If circumstances make it appear expedient that a modification of the staffing of a school or department otherwise provided by these regulations is reasonable or necessary, the Minister may authorize the Board to modify the staffing in such manner and for such period as he thinks fit. Any teacher appointed in accordance with such modification shall be paid such salary and allowance as the Minister may approve:

Provided that in no case shall the total salaries and allowances payable to the staff exceed by more than the amount of the salary of an assistant of Grade 1, the total of which would have been payable had the modification in staffing not been authorized.

37. *Special Classes.*—(1.) If a special class for children is established under section 56 of the Act in connection with any public school, an additional assistant of a grade not higher than Grade 2 may with the precedent approval of the Minister be appointed to the staff of such school.

(2.) If such a class or classes are established as a separate school the staff shall consist of such number and receive such salaries as the Minister shall determine.

38. *Male and Female Assistants.*—Except in special cases approved by the Director, the number of male assistants in any mixed school shall not exceed the number of female assistants.

39. At least one of the first two assistants in any mixed school of Grade IV, V, VI, or VII must be a woman. At least two of the first four and three of the first six assistants in any mixed school of Grade VI or VII must be women.

40. (1.) The position of first female assistant in every mixed school of Grade IVA or a higher grade shall be that of infant mistress.

(2.) For the purposes of this clause "infant mistress" means the assistant teacher on the staff who has charge, subject to the control of the headmaster, of the classes in the school not higher than Standard 1.

RELIEVING TEACHERS.

41. The Board may from time to time appoint suitable persons as relieving teachers; but, unless under exceptional circumstances and with the approval of the Senior Inspector, no assistant teacher holding a permanent appointment in any school may be appointed as a relieving assistant teacher in the same school.

42. Every teacher employed as a relieving teacher shall be classified by the Senior Inspector of Schools in one of the grades specified in clause 43 hereof, but such classification may be revised at any time by the Inspector or by the Director of Education.

43. (1.) The grades of relieving teachers and the salaries payable for those grades respectively shall be as follows:—

Grade of Teacher.	Salary payable.		Annual Increment.
	£	£	
A	10
B	10
C	10
D	10
E	10
F	10
G	10
H	420 or over :

Provided that if the Senior Inspector is of opinion that the relieving teacher should not be paid a salary of Grade A such teacher shall be paid at such lower rate as he shall determine.

(2.) A relieving teacher who is classified in any grade in accordance with clause 42 hereof shall be paid the minimum of the grade of salary unless the Senior Inspector with the approval of the Director, shall approve of a higher commencing salary within the grade.

44. A relieving teacher shall receive the annual increment specified in subclause (1) of clause 43 hereof in the manner, *mutatis mutandis*, prescribed in clause 15 of these regulations:

Provided that such teacher shall not receive an annual increment unless his service in the year immediately preceding amounts in the aggregate to at least six months.

45. A relieving teacher shall not be paid house allowance, married allowance, or the addition to salary provided in clause 5 hereof.

46. The salary of a relieving teacher shall be payable for the period during which he is actually engaged in teaching together with the period reasonably necessary to travel from and to his usual place of residence; and the Board may also pay such teacher for any year ending 31st January for school holidays not exceeding one-fourth of the time of actual teaching during that year.

47. A relieving teacher who is obliged to live away from his usual place of residence in order to occupy a relieving position shall be paid actual and reasonable expenses of transit to and from the place in which he is so employed, and shall also, during the period of absence, be paid an allowance

at the rate of £40 per annum, and a relieving teacher who does not receive this allowance and requires to travel more than four miles daily to school shall be paid actual and reasonable travelling-expenses not exceeding £24 per annum. Where a relieving teacher has no fixed abode the Board shall determine the usual place of residence.

48. In general, no relieving teacher shall be appointed to any position unless his services in that position are likely to be required for a period of more than one week; and in no case, unless the circumstances are exceptional, shall a relieving teacher be appointed during the absence on leave of the teacher of a Grade 0 school.

REMOVAL EXPENSES OF TEACHERS.

49. In any case where, owing to a reduction in the grade of any school or to a reduction in the average attendance of any school, a teacher is transferred without increase of salary and allowances, or where a teacher is transferred under the provisions of section 9 of the Education Amendment Act, 1919, or through no fault of his own, there may be paid to any such teacher the reasonable expenses of his removal to another position.

50. Such expenses may include the actual cost of conveyance of the teacher and his family (if any), and also of his household furniture and effects, by the cheapest route, but the amount shall in all cases be subject to the approval of the Minister.

51. Before a teacher is transferred he shall, where practicable, obtain offers from at least two carriers and submit them to the Board, which shall authorize the acceptance of the more suitable.

52. Vouchers must be produced for all sums paid in excess of 5s.

53. Cost of removal shall not be allowed on the effects such as the following:—

Plants in boxes or pots; wood and coal; horses, vehicles, harness, except when such are portion of equipment in connection with official work; live-stock and poultry; garden-seats, timber, or material connected with outside structures; aviaries and beehives; boats.

54. Clauses 14, 15, 20 (so far as it refers to assistant teachers and head teachers), 28 to 40 inclusive, and 41 to 54 inclusive, shall come into operation on the 1st February, 1925, and until that date the corresponding clauses of the regulations which these clauses replace shall operate.

SCHEDULE B.

ORGANIZING TEACHERS.

1. CLAUSES 11, 12, and 13 of the regulations relating to organizing teachers are hereby revoked, and the following substituted therefor:—

Education Act, 1914.—Regulations relating to Pupil-teachers and Probationers.

CHARLES FERGUSSON, Governor-General.

ORDER IN COUNCIL.

At the Government House at Wellington, this 12th day of January, 1925.

Present :

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

IN pursuance and exercise of the powers and authorities vested in him by the Education Act, 1914, and the amendments of that Act, and all other powers and authorities enabling him in this behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby revoke the regulations at present in force relating to pupil-teachers and probationers, and in lieu thereof doth make the regulations set forth in the Schedule hereto; and, with the like advice and consent, doth prescribe that this Order shall come into force on the first day of February, one thousand nine hundred and twenty-five.

SCHEDULE.

EMPLOYMENT, EDUCATION, AND EXAMINATION OF PUPIL-TEACHERS AND PROBATIONERS.

1. (1.) As soon as practicable after the commencement of each year the Board shall proceed to make appointments of probationers and pupil-teachers in accordance with these regulations: Provided that all vacancies for pupil-teachers shall be filled before any probationers are appointed.

(2.) The most suitable candidates shall be selected irrespective of their place of residence, and every candidate so selected shall be appointed as far as possible to the school nearest his place of residence.

(3.) Probationers and pupil-teachers may, at the Board's discretion, be transferred from one school to another within the district, and may, with the approval of the Director, be transferred from one education district to another.

2. The number of probationers that may be appointed each year in any education district shall be such as is determined from time to time by the Minister. No probationer shall be appointed to a school below Grade II; not more than four probationers shall be appointed in any year to the same school; and, in general, not less than one-half of the probationers selected in any year shall be appointed to schools of Grades II, III, and IV.

3. (1.) All candidates for employment as pupil-teachers or probationers must have qualified—

(a.) By obtaining a higher leaving certificate; or

(b.) By passing the Matriculation Examination of any British university, or by gaining a lower leaving certificate; or

(c.) By obtaining a pass in Group I in the Teachers' Class D Certificate Examination; or

(d.) By obtaining some other qualification that is in the opinion of the Director of Education equivalent to any of the above:

Provided that candidates possessing the lower qualifications heretofore prescribed may be appointed on or before the 1st July, 1925.

(2.) In selecting candidates for appointment as pupil-teachers or probationers, other things being equal, preference shall be given to candidates qualified under (a), (b), (c), and (d) as above, in the order named.

4. (1.) Each candidate for appointment as probationer or pupil-teacher shall forward to the Board with his application—(a) Satisfactory proof that he has reached the age of sixteen years; (b) a certificate from the head teacher of the school last attended, or from an Inspector of Schools, testifying to his moral character, good health, and general fitness for the position of probationer or pupil-teacher.

(2.) No one shall be appointed as a probationer or pupil-teacher until he has been examined by a school medical officer and reported by him to be of sound health and good constitution, and free from all physical defects as are incompatible with efficiency in teaching: Provided that where this is impracticable an examination by a private medical practitioner may, with the approval of the Director, be accepted in lieu of an examination by a school medical officer:

Provided further that a candidate may be accepted for appointment if the physical defect disclosed by the medical report is not of such a nature as in the opinion of the Minister should debar appointment.

5. (1.) Subject to any modification hereinafter made, the term of service of a probationer or pupil-teacher shall be one year: Provided that in the case of those appointed prior to 1st July, 1925, the term of service shall be two years.

(2.) For the purpose of this clause a year of service means a year beginning with the 1st February and ending with the 31st January following: Provided that the first year of service shall be reckoned as dating (a) in the case of a pupil-teacher appointed on or before the 1st July of any year, as from the 1st February of that year; and (b) in the case of a pupil-teacher appointed after the 1st July in any year, as from the 1st February following. Except with the approval of the Director of Education, no appointment of a probationer shall be made after the 1st March in any year.

(3.) The term of service of a pupil-teacher, or of a probationer, may, with the approval of the Director, be extended for an additional year.

6. Probationers and pupil-teachers who have completed their term of service and have satisfied the conditions of entrance may be admitted to a training college in accordance with the regulations pertaining thereto:

Provided that in cases approved by the Director of Education pupil-teachers and probationers who have completed not less than twelve months' service, may, on compliance with the other conditions of admission, be admitted to the training college as students of Division A if they have passed the examination for a teacher's D certificate or obtained a partial pass therefor.

7. (1.) The allowances payable to probationers and pupil-teachers shall be £80 per annum, with an addition of £5 per annum in the case of a male pupil-teacher or probationer.

(2.) Where a probationer or pupil-teacher is obliged to live away from home there shall be paid to him in addition to the amount above specified a boarding-allowance of £30 per annum.

(3.) Where a probationer or pupil-teacher lives at home but is obliged to travel more than four miles daily each way to attend school there shall be paid to him an additional sum (not exceeding £10 per annum) sufficient to defray the actual cost of travelling.

8. Probationers and pupil-teachers' salaries and allowances shall be payable in monthly instalments as from the date of entry upon the duties of their position.

9. (1.) The headmaster shall report to the Board at the end of each quarter (or oftener if occasion requires) on the conduct, diligence, and progress in the art of teaching and in studies of the probationer and pupil-teachers employed in his school.

(2.) The Inspectors shall report twice a year on the probationers and pupil-teachers attached to the schools which they visit.

10. (1.) The appointment of every probationer and pupil-teacher shall be regarded as probationary. If a probationer or pupil-teacher does not show reasonable promise of suitability for the teaching profession, or if he fails to obtain a satisfactory report as to his diligence and behaviour from the head teacher of the school in which he is employed, or fails to pass any examination prescribed, or otherwise on the unfavourable report of an Inspector, the Board may terminate his engagement on one month's notice. For gross negligence, incompetence, disobedience, or immoral conduct a probationer or pupil-teacher shall be liable to summary dismissal without claim on the Board.

(2.) No probationer or pupil-teacher shall be at liberty to relinquish his engagement without giving to the Secretary of the Board at least one month's notice in writing of his intention to do so.

(3.) Pupil-teachers during their period of service or subsequently shall not be eligible for appointment as probationers, and *vice versa*, except with the approval of the Minister.

11. (1.) The head teacher shall be responsible for the training in teaching and class management and for the direction of the studies of the probationers and pupil-teachers attached to his school. In every case the course of study shall be so directed, in continuation of previous studies, as to form as far as circumstances admit, a preparation for entrance to the training college on the completion of the probationer's or pupil-teacher's service. Among special subjects of instruction for which provision is to be made, physical instruction, school method, vocal music, nature-study, drawing, needlework or other branch of handwork shall be included.

(2.) All probationers and pupil-teachers must attend approved special classes in drawing, singing, science, and physical instruction or other classes as required by the Board:

Provided that, where a pupil-teacher or a probationer cannot attend such classes, the head teacher and his staff shall, as far as practicable, provide the instruction.

(3.) As part of the training given the head teacher shall make provision for frequent observation by the probationers and pupil-teachers of lessons given by the certificated teachers on the school staff, and for lessons to be given by the probationers and pupil-teachers in his own presence or in that of an approved assistant.

12. (1.) Probationers and pupil-teachers shall receive instruction in their subjects of study for not less than five hours a week on not less than four days in the week before or after school hours.

(2.) Such instruction shall be given by the head teacher, provided that with the sanction of the Board previously obtained this instruction may in part be delegated to other certificated members of the school staff; provided further, that the Board may reckon attendance with satisfactory progress at approved classes outside the school as part of the time prescribed for instruction.

(3.) A time-table showing the hours and subjects of instruction must be drawn up by the head teacher and submitted by him for approval of the Inspector on his first visit in the year.

13. (1.) A probationer or pupil-teacher who has passed the Matriculation Examination, or in Group I of the Teachers' Class D Examination, will be required to present himself for the next Teachers' Class D Examination.

(2.) When a probationer or pupil-teacher has passed the examination for a teachers' D certificate the head teacher shall draw up a scheme of work with a view to the preparation of the probationer or pupil-teacher for higher examination, and shall draw up also a time-table showing the distribution of the work. The scheme of work and the time-table shall be submitted to the Inspector for his approval.

14. It shall be the duty of the head teachers to cause every probationer and pupil-teacher attached in their schools—

(1.) To keep in convenient form a journal or log-book in which the amount and character of each day's instruction and observation as distinct from teaching shall be briefly shown, and which at the end of each week shall be signed by the probationer or pupil-teacher and countersigned by the head teacher.

(2.) To keep a record for each year of "special lessons" which he has taught under the immediate direction and supervision of the head teacher or of an approved assistant. This record shall be the property of the probationer or pupil-teacher, and shall show for each lesson—

(a.) The class to which the lesson was given :

(b.) The title and aim of the lesson :

(c.) The time occupied in teaching the lesson :

(d.) The teacher's criticism of the notes of the lesson and of the probationer's or pupil-teacher's handling of it :

(e.) The teacher's signature or initials at the end of the above entries :

(f.) The date on which the lesson was taught and the record made.

(3.) The number of "special lessons" taught during each year of service as above prescribed should be considerable (one at least should be given every fortnight); and during the course of preparation for these lessons the probationers or pupil-teachers should be made familiar with special portions of some modern work of recognized merit on school method bearing directly on the subjects treated.

15. (1.) No probationer shall have sole charge of any class, nor shall be engaged in teaching for more than four hours per day inclusive of any time given to correcting or marking registers. The remainder of the time during school hours shall be devoted to study, or to observation of teaching, or to attendance at classes approved by the Board, as the headmaster may direct.

(2.) No pupil-teacher shall be required permanently to teach or do school duty, other than occasional supervision of the playground, for more than four hours daily.

(3.) Probationers and pupil-teachers shall, as far as possible, be given a variety of experience by being from time to time attached to different classes.

17. When an Inspector makes a visit of inspection to a school he shall inquire into the character of the instruction given to the probationers and pupil-teachers there employed, and shall examine the time-table and the statement of progress, and, if he deem it necessary, report to the Board thereon; and he shall further report on the general work of each probationer and pupil-teacher on the staff of the school, and also on the "special lesson" which each probationer and pupil-teacher shall give in his presence.

18. Probationers and pupil-teachers shall be required to conform to the ordinary rules and by-laws of the Board in all matters not otherwise provided for in these regulations.
