(4.) Every person operating a motor-lorry the greatest width of the load of which exceeds 8 ft. or the greatest height of the load of which exceeds 14 ft. under a permission given as aforesaid shall comply with all the conditions expressed in such written permission.

(5.) No person shall operate any motor-lorry engaged in or licensed for the carriage of passengers or goods and passengers if such motor-lorry carries any article in such a manner as to project in width horizontally beyond the foot-boards of the motor-lorry.

7. CLASSIFICATION OF ROADS.

(1.) The Minister in respect of any Government road, and the Main Highways Board in respect of any main highway, and the local authority having control of that road or street, in respect of any other road or street, may declare that such road or street belongs to some one of the following classes:—

(2.) The controlling authority proposing to make any such classification shall give public notice of the names of the road or roads, street or streets proposed to be so classified, and of the class to which it is proposed that each such road or street

shall be declared to belong, and shall in such notice call upon any person objecting to lodge notice in writing of his objection and of the ground thereof at an address of the controlling authority to be stated in the public notice so given and within seven days from the first publication of such notice.

(3.) Upon the expiration of such seven days a controlling authority other than the Minister shall apply to the Minister for his approval of such classification, and shall forward with its application any objections thereto received as aforesaid.

(4.) The Minister may approve such classification as proposed, or may alter the same either in accordance with any objection received or otherwise, and then approve the same as altered.

(6.) Upon the giving of such approval the controlling authority shall give public notice of the classification effected, and of the Minister's approval thereof.

(7.) Any such classification may, with the Minister's approval, be varied from time to time, and the foregoing procedure shall, *mutatis mutandis*, apply on any such variation.

8. USE OF CLASSIFIED ROADS.

(1.) No person shall on any classified road or street operate any motor-lorry which, with the load it is carrying, exceeds the weight for which such road is declared to be available.

(2.) Notwithstanding anything hereinbefore contained, a controlling authority may give written permission for any licensed motor-lorry to be used on any road or street classified so as not to be available for the use thereon of such motor-lorry, subject to such conditions as to weather, speed, weight of load, number of trips, payment for damage done by such use, or any other condition whatsoever, as such controlling authority may think fit to impose.

(3.) Every person operating a motor-lorry under a permission given as aforesaid shall comply with all the conditions expressed in such permission.

9. GENERAL TRAFFIC RULES.

(1.) No person shall operate any motor-lorry unless such motor-lorry is equipped with a reflector situated on one side thereof or periscopic in its nature and so arranged as to enable the driver of such motor-lorry, whether loaded or unloaded, to become aware of the existence or approach of anything behind the motor-lorry.

(2.) No such equipment shall extend laterally more than 4 ft. from the centre-line of the motor-lorry, except in accordance with the provisions of any written permission issued under Regulation No. 6.

(3.) The driver of any motor-lorry when about to change the direction in which he is travelling or about to stop shall indicate his intention of so doing by means of arm signalling, but if the motor-lorry is equipped with mechanical warning signals in proper order he may operate such signals in lieu of giving arm signals.

(4.) Any controlling authority may prohibit absolutely or conditionally the use on any road or street of motor-lorries, or of any class of motor-lorry during any specified period or periods, but this power shall be exercised in a reasonable manner.

(5.) No person shall operate any traction-engine or metal-tired motor-lorry unless the consent thereto in writing is first obtained from the controlling authority.

(6.) Such consent may be expressed to relate to all roads or streets under the control of the controlling authority or any particular road or street or portion thereof, and to be subject to such conditions as the controlling authority may think fit to impose.

(7.) Every person operating any traction-engine or metal-tired motor-lorry under a consent given as aforesaid shall comply with all the conditions expressed in such consent.

10. HEAVY-TRAFFIC LICENSES.

(1.) Every license shall be applied for and issued in respect of one motor-lorry only.

(2.) Every local authority having control of any road or street, with the exception of the Main Highways Board and Road Boards other than the Road Board of any road district in a county wherein the Counties Act, 1920, is suspended or is not in force, shall be a licensing authority entitled to issue licenses under these regulations.

(3.) Except as provided by the next succeeding clause hereof, application for a license shall be made to the licensing authority having the control of the roads or streets (or which but for the provisions of the Main Highways Act, 1922, and the Road Boards Act, 1908, would have the control of the roads or streets) in the area of which is situate the garage (as defined by the Motor-vehicles Act, 1924) of the motor-lorry which is the subject of the application,

(4.) Any licensing authority may, with the consent of any other licensing authority in the same heavy-traffic district (as defined in Regulation No. 13 hereof) issue licenses and collect fees and do all matters incidental thereto in accordance with these regulations, in respect of motor-lorries the garage of which is situated in the district of the second licensing authority, and may in respect of all licenses so issued make the deductions provided for by clause (2) of Regulation No. 13 hereof, but no such arrangement shall otherwise affect any apportionment of license fees to be made under Regulation No. 13 hereof.

(5.) Applications for a license shall be made in writing by the owner in accordance with Form A in the Schedule hereto.

(6.) Upon receipt of such application and upon payment of the license fee the licensing authority shall issue to the applicant a heavy-traffic license in accordance with Form B in the Schedule hereto: Provided that the licensing authority may, at its discretion, allow credit for a term not exceeding nine months for payment of any portion or portions of any license fee.

(7.) Any heavy-traffic license issued under these regulations by any local authority shall operate within and throughout New Zealand with the exception of Government roads in respect of which heavy-traffic by-laws may have been made or may hereafter be made under section 139 of the Public Works Act, 1908.

(8.) Every license shall be an annual license and shall expire on the 31st day of March in each year, but in the case of any motor-lorry in respect of which the owner thereof does not become liable to pay a license fee until a date subsequent to the 30th day of April in any license year the local authority shall issue a license for the remaining part of the license year, but in such case the annual license fee shall be reduced by one-twelfth part for every complete month by which that period is less than one year.

(9.) The owner of any motor-lorry or any person shall not use or permit to be used any motor-lorry upon any road or street unless and until a heavy-traffic license has been obtained in accordance with these regulations.

(10.) On application by or on behalf of any owner and on proof to the satisfaction of the licensing authority by statement in writing, statutory declaration, or other evidence, that any license or copy of a license has been lost or mutilated, or become illegible, and on payment of a fee of 2s. 6d. the licensing authority shall at any time during the currency of the license issue to the owner a copy thereof, certified as being a true copy.

(11.) Every licensing authority shall keep a true and faithful record of all applications for licenses, of all licenses, copies of licenses, and indication-discs issued, of all fees paid, and of all particulars supplied under Regulation No. 16, together with such particulars as will enable a copy of any license to be issued if required.

(12.) No heavy-traffic license fee other than that fixed by these regulations shall be made, levied, charged, or collected by any local authority having control of roads or streets in respect of any motor-lorry, but in any case in which any such local authority has already issued a heavy-traffic license in respect of any motor-lorry, or in any case in which the owner of a motor-lorry or any other person is, prior to the coming into force of these regulations, liable to obtain a heavy-traffic license from any such local authority in respect of any motor-lorry, a license under these regulations shall not be issued until the expiration of the license issued by such local authority or the expiration of the license which any motor-lorry owner was liable to obtain on the date on which these regulations came into force. Nothing herein shall affect the liability of the owner of any motor-lorry to obtain and pay for a heavy-traffic license under these regulations after the 31st day of December, 1925.

(13.) No change in the ownership of a motor-lorry shall affect the continuing validity of any license issued in respect thereof.

(14.) Upon any change in the ownership of a motor-lorry notice in writing of the particulars of such change, verified by the signatures of every person ceasing to have any interest as owner and every person acquiring any interest as owner, shall be given to the licensing authority; and until such notice is so given any person so ceasing to have an interest shall be deemed to remain an owner of such motor-lorry, and shall be liable under the provisions of these regulations accordingly.

(15.) No person shall operate a motor-lorry for the carriage of goods unless such motor-lorry shall be licensed for the carriage of goods or for the carriage of goods and passengers.

(16.) No person shall operate a motor-lorry for the carriage of passengers, unless such motor-lorry shall be licensed for the carriage of passengers or for the carriage of goods and passengers.

(17.) No person shall operate a motor-lorry licensed for the carriage of passengers and carrying a greater number of passengers than such motor-lorry is licensed to carry.

(18.) In all proceedings against any person for an offence under these regulations the motor-lorry, the subject of the proceedings, shall be deemed to be unlicensed or to have an insufficient license, as the case may be, unless at the hearing of the case such person produces a license or sufficient license, as the case may be.

(19.) In all proceedings under these regulations an application for a license shall be *prima facie* evidence of the statements, matters, and things therein contained as against the owner (including any person notified as having acquired an interest as owner under clause (14) of this regulation).

Where by virtue of any special Act of Parliament now or hereafter in force any sum (other than license or registration fees) is payable in respect of a motor-lorry, either as such or as one of a more extended class of vehicles, by way of an annual fee, tax, or assessment, then the license fee imposed by these regulations in respect of such motor-lorry shall be reduced by the sum so paid during the then current license year in respect of the said motor-lorry: Provided that evidence shall be produced to the licensing authority at the time of payment of the license fee of the fact that such sum has been so paid.

(9.) Where by virtue of any agreement for composition made in pursuance of section 150 of the Public Works Act, 1908, any sum is payable in respect of any particular motor-lorry, then the license fee imposed by these regulations in respect of such motor-lorry shall be reduced by the sum so paid during the then current license year in respect of the said motor-lorry: Provided that evidence shall be produced to the licensing authority at the time of payment of the license fee of the fact that such sum has been so paid.

(9.) On the expiration of such period the owner shall supply proof to the satisfaction of the licensing authority that he has not used such motor-lorry during such period.

(5.) In the making of any such order the Magistrate shall be guided in the first place by the amount of use made by motor-lorries, whether licensed in the heavy-traffic district concerned or in any other heavy-traffic district, of the roads or streets under the control of such respective local authorities.

The Magistrate shall also be guided by—
