SUMMARY FOR THE MONTH OF JANUARY, 1925.

Several extropical disturbances accounted for unsettled conditions from the 20th to the close of the month, and between the 25th and 27th some heavy rains occurred.

Rain also fell generally about the 12th, but the weather during the remainder of the month was, on the whole, warm and fair, and in the first half some high temperatures were recorded, particularly in the East Coast districts.

The rain about the 26th proved most beneficial to farmers and graziers in most parts of the Dominion.

Except in the East Coast districts of the North Island and parts of the Nelson and North Canterbury districts in the South, the total month's rainfall was below the average, and remarkably so in Otago.

Mean temperatures were mostly higher than usual, but there were cold snaps about the 11th, 17th, and 26th.

REGULATIONS.

LICENSES OF RIGHT

97. A REQUEST to the Registrar to endorse a patent with the words "Licenses of right" shall be made upon Patents Form No. 27. Such request shall be accompanied by a statutory declaration and such other evidence as the Registrar may deem necessary to show that the patentee is not precluded by contract from making such request.

98. Upon receipt of such request it shall be advertised in the *Journal*, and any person alleging that such request has been made contrary to some contract in which he is interested may apply to the Registrar upon Patents Form No. 28, within one month from the date of the advertisement, for the refusal of the request. Such application shall be accompanied by a copy and a statement in duplicate setting out fully the nature of the applicant's interest, the facts upon which he bases his case, and the relief which he seeks. A copy of the application and of the statement will be transmitted by the Registrar to the patentee.

99. Upon such application being made and a copy thereof transmitted to the patentee, the provisions of Regulations 30 to 36 of the said regulations shall apply, *mutatis mutandis*, to the further proceedings thereon.

100. An application to the Registrar for settlement of the terms of a license under a patent which has been endorsed "Licenses of right" shall be made upon Patent Form No. 29. Such application shall be accompanied by a copy and a statement in duplicate setting out fully the nature of the applicant's interest, the facts upon which he bases his case, and the terms of the license which he is prepared to grant or accept. A copy of the application and of the statement will be transmitted by the Registrar to the patentee or the applicant for the license, as the case may be. Upon such application being made and copy thereof transmitted to the patentee or applicant for the license, as the case may be, the provisions of Regulations 30 to 36 of the said regulations shall apply, *mutatis mutandis*, to the further proceedings thereon.

101. An application by a patentee for the cancellation of an endorsement under subsection (3) of section 26 of the Act shall be made upon Patents Form No. 30, and shall be advertised by the Registrar in the *Journal* and in such other manner (if any) as he deems desirable. Such application should be accompanied by Patents Form No. 8 in respect of the unpaid moiety of all renewal fees which have become due since the endorsement.

102. At any time within one month from the first of such advertisements in the *Journal* any person may give notice of opposition at the Office on Patents Form No. 31. Such notice shall be accompanied by a copy and a statement in duplicate setting out fully the nature of the opponent's interest, the facts upon which he bases his case, and the relief which he seeks. A copy of the notice and of the statement will be transmitted by the Registrar to the patentee.

103. Upon such notice of opposition being given and a copy thereof transmitted to the patentee, the provisions of Regulations 30 to 36 of the said regulations shall apply, *mutatis mutandis*, to the further proceedings thereto.

PROCEDURE UNDER SECTION 29 OF THE SAID ACT AS SET OUT IN SECTION 3 OF THE PATENTS, DESIGNS, AND TRADE-MARKS AMENDMENT ACT, 1924.

104. An application to the Registrar for an order under section 29 of the Act shall be made on Patents Form No. 32, and shall show clearly the nature of the applicant's interest, the facts upon which he bases his case, and the relief which he seeks. The application shall be accompanied by statutory declarations verifying the applicant's interest and the facts set out in the application.

105. If the Registrar upon consideration of the application decides that it may proceed, it shall be advertised in the *Journal*, and the applicant shall upon receipt of directions from the Registrar serve a copy of the application and of the declarations upon the patentee and upon any other persons appearing from the Register to be interested in the patent.

106. The patentee or any person desirous of opposing the application shall within fourteen days from the advertisement of the application in the *Journal*, or such further time as the Registrar may allow, deliver to the Registrar a counter-statement verified by a statutory declaration fully setting out the grounds on which the application is opposed. A copy of the counter-statement and of the declaration shall at the same time be delivered to the applicant by the opponent.

107. A demand for hearing by any of the parties shall be made upon Patents Form No. 33, which must be left at the Office within fourteen days from the date of delivery of the counter-statement and declaration.

108. Upon receipt of such demand, the Registrar shall appoint a time for hearing the case, and shall give all the parties ten days' notice at the least of such appointment. Any party who does not desire to be heard shall forthwith notify the Registrar to that effect. Every person who desires to be heard, except the person applying for the hearing, may leave Patents Form No. 6 at the Office, and the Registrar may refuse to hear any person who has not left Patents Form No. 6 prior to the date of the hearing. If no application for a hearing has been received from any party and the Registrar is of opinion that a hearing is necessary, he shall appoint a time for hearing the case, and the procedure shall be the same as that set out above. After hearing the party or parties, or without a hearing if no hearing is necessary, the Registrar shall decide the case and notify his decision to the parties.

109. An application by an existing licensee, under a patent which has been endorsed "Licenses of right" under the provisions of section 29, subsection (3) (a), of the Act for an order of the Registrar entitling the licensee to surrender his license in exchange for a license to be settled by the Registrar shall be made upon Patents Form No. 29 as provided in Regulation 100, and the further proceedings thereon shall be regulated in accordance with the provisions contained in Regulation 100 as if it were herein repeated.
