If the stores are for other than approved maintenance purposes and exceed in value £250, the requisitioning officer shall advise the purchasing officer accordingly, and no such tender shall be accepted until the same has been approved by the Minister.

At Wellington, after receipt and consideration of tenders or quotations, the Supplies and Tenders Committee of the appropriate purchasing Department or District Supplies and Tenders Committee, shall advise the Permanent Head of the requisitioning Department concerned which tender or quotation, if any, has been accepted. The Permanent Head shall then complete the necessary contract or other documents, or shall arrange with the Purchasing Department so to do, and ensure that all requirements of the Public Revenues Act and Treasury Regulations are complied with.

The Department which completed the contract shall notify the Board's Secretary of the letting of every such contract and furnish full particulars thereof.

Supplies and Tenders Committees are hereby empowered to call upon the services of any departmental officer in connection with requisitions for stores, specifications, estimates, or investigation of tenders and quotations.

Nothing in these regulations shall prevent any Purchasing Department or Supplies and Tenders Committee from procuring stores direct from a manufacturer or through his agent when there is no better alternative source of supply.

15. *Function of District Supplies and Tenders Committees.*

District Supplies and Tenders Committees (except at Wellington) shall represent the Board at the places where they have been constituted but they shall operate only in regard to local purchases to an extent and value permitted by the Department requiring the stores or as directed by the Board, and in every case the District Supplies and Tenders Committee must be satisfied that the expenditure proposed is approved by the Department concerned.

After receipt and consideration of tenders or quotations the District Supplies and Tenders Committee shall (unless otherwise directed) advise the district representative of the Permanent Head of the Department for whom purchases are to be made which tender has been accepted, and such district representative shall then complete the purchase accordingly and in conformity with the regulations or instructions of his Department.

The District Supplies and Tenders Committee shall represent to the Advisory Committee any case coming within the knowledge of the Committee where stores are not being procured to the best advantage or the Board's policy or directions are not being given effect to, or in respect to any other matters relative to the supply of stores.

(c.) Any Department becoming aware that stores are available for purchase at prices below market rates or at specially favourable rates or terms must immediately notify the Board.

(d.) It shall be the duty of all Departments to report any unsatisfactory contractor to the Board.

(e.) The Board may disqualify from tendering or quoting, for any period it may consider desirable or necessary, any person, firm, or company found to have been guilty of any default in carrying out a contract or who may be for any other reason considered ineligible.

(f.) The Board may, in its discretion, grant exemption either wholly or in part from compliance with the procedure herein required or hereafter directed by the Board.

17. *Purchase of Stores in Case of Extreme Emergency.*

Notwithstanding the provisions of these regulations, in cases of extreme urgency the Permanent Head of any Department may authorize the purchase of stores to a value sufficient to cope with the particular emergency, but every such case shall be reported by the Department making the purchase to the relative Supplies and Tenders Committee:

Provided that if any condition shall arise whereby the officer in charge of any works is unable to communicate with the Permanent Head of his Department or the relative District Supplies and Tenders Committee, he may purchase sufficient stores to cover the emergency, reporting immediately all particulars to the Permanent Head; but it must be distinctly understood that this course is only to be adopted in cases where approval cannot be obtained within sufficient time to meet the emergency, and that such purchase is limited to the immediate necessary requirements.

Any officer purchasing stores under this regulation must satisfy himself that the price paid for such stores is the fair market price at the time and place when and where the purchase was made. Any loss resulting from neglect of this precaution may render the person responsible liable to surcharge under the provisions of section 65 of the Public Revenues Act, 1910, and its amendments.

Appreciation of Value of German Securities.

Wellington, 19th October, 1925.

IT is notified for general information that legislation was recently passed in Germany providing for the appreciation of the value of certain classes of capital investments in Germany in cases where the investments had lost value owing to the depreciation of the German currency. The expression “capital investment” includes mortgages with or without time limits, liens secured over land, registered ships and railways, savings-bank balances, debentures (in certain cases), and claims under life-insurance policies.

The Consul for Germany at Wellington has now received advice from his Government that in extension of this legislation

all German industrial corporations have now been requested by a special ordinance published in the *Reichsanzeiger* (German Government Gazette) of the 29th August, 1925, to invite holders of debentures of German industrial concerns to apply at once for the revaluation of such debentures as were in their possession prior to 1st July, 1920, and are still held by them. Preferential shares do not come within this category. Claims should be sent direct to the industrial concerns in question or to the local Amtsgericht (Court of Law).

The Consul further announces that his Consulate is prepared to assist with advice New Zealand holders of such investments who wish to secure to themselves the benefit of this legislation. Inquiries should be addressed direct to the Consul for Germany, P.O. Box 1300, Wellington.

F. H. D. BELL, Attorney-General.

Notice to Surveyors.

The Surveyors' Board,
Government Buildings,
Wellington, 8th October, 1925.

THE attention of surveyors is drawn to No. 8 (1) of the Examination Regulations of the Surveyors' Board, as modified by notice in *Gazette* No. 40, of 3rd May, 1923.

This rule as so modified requires that articles of indenture shall be lodged for registration within three months of beginning of term of apprenticeship. The rule is so frequently overlooked, leading to loss of time and the necessity for statutory declarations, that the Board has amended its practice and will not in future register articles received over three months as aforementioned, nor receive statutory declarations concerning the date; but will invariably require the date of commencement of term to be amended to bring it within the period allowed for lodgment.

By direction of the Board.

M. CROMPTON SMITH, Secretary.
