Amending Regulations as to the Use of Motor-lorries.

CHARLES FERGUSSON, Governor-General.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 30th day of March, 1926.

Present:

THE RIGHT HONOURABLE J. G. COATES, P.C., PRESIDING IN COUNCIL.

IN pursuance and exercise of the powers and authorities conferred on him by the Public Works Amendment Act, 1924, and the Motor-vehicles Act, 1924, and of every other power and authority in anywise enabling him in that behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby make the following regulations by way of amendment to the Motor-lorry Regulations, 1925.

REGULATIONS.

1. THESE regulations may be cited as "the Motor-lorry Regulations Amendment, No. 2."

2. In these regulations "the said regulations" means the Motor-lorry Regulations, 1925.

3. These regulations shall come into force on the first day of April, one thousand nine hundred and twenty-six.

4. Clause (1) of Regulation 1 of the said regulations is hereby amended by revoking the definition of "six-wheeler" therein contained, and by adding thereto the following provisions:—

"Six-wheeled motor-lorry" means a motor-lorry as defined by the Motor-lorry Regulations Amendment No. 1 which is specially designed so that the weight of the load is distributed between the middle and rear pair of wheels, or a four-wheeled motor-lorry as defined by the said Amendment No. 1 adapted to secure the better distribution of the load by means of a combination body and trailer with two wheels added.

5. Clause (1) of Regulation 1 of the said regulations is hereby further amended by revoking the definition of "width" therein contained, and substituting the following definitions:—

"Width" of a tire in any case in which such tire is pneumatic or is otherwise made wholly or principally of a soft or elastic material such as rubber and is held in a metal rim (whether the rim be detachable or part of the wheel) means the distance measured across the tire, parallel to the axis of the wheel at the place nearest the top of the metal rim where the tire makes contact with the rim:

"Width" of a tire in any case in which such tire is made wholly or principally of a soft or elastic material such as rubber and is immovably affixed to a metallic base means the greatest distance that can be measured across the tire parallel to the axis of the wheel, exclusive of the distance (if any) along that line where the soft or elastic material, when measured vertically towards the metallic base, is less than one-quarter of an inch in thickness:

"Width" in relation to a metal tire means the distance measured in the shortest straight line across the running-surface of the tire that actually makes contact with the roadway.

6. Clause (3) of Regulation 1 of the said regulations is hereby revoked.

7. Regulation 2 of the said regulations is hereby amended by adding thereto the following class:—

"Class Q. Any six-wheeled motor-lorry which with the maximum load it is licensed to carry exceeds in weight 10 tons, but does not exceed in weight 15 tons."

8. Clause (1) of Regulation 3 of the said regulations is hereby amended by inserting after the words "any motor-lorry" the words "not being a six-wheeled motor-lorry."

9. Regulation 3 of the said regulations is hereby further amended by revoking clause (4) thereof.

10. Regulation 3 of the said regulations is hereby further amended by inserting after clause (3) thereof the following additional clause:—

"(4.) No person shall operate any six-wheeled motor-lorry if the weight of its load exceeds 9 tons or if the combined weight of the vehicle and load exceeds 15 tons.

11. Regulation 4 of the said regulations is hereby amended by adding thereto the following additional clauses:—

"(6.) The tire of each wheel of a motor-lorry, if such tire is not of a soft or elastic material, shall be smooth, and shall, where the tire touches the surface of the road or other base whereon the motor-lorry moves or rests, be flat:

"Provided that the edges of the tire may be bevelled or rounded to the extent in the case of each edge of not more than half an inch, measured as the shortest straight line across the width of the surface of the bevelled or rounded portion:

"Provided also that if the tire is constructed of separate plates the plates may be separated by parallel spaces which shall be disposed throughout the outer surface of the tire so that nowhere shall the aggregate extent of the space or spaces in the course of a straight line drawn horizontally across the circumference of the wheel exceed one-eighth part of the width of the tire.

"(7.) No person shall operate any motor-lorry having any tires which, if not of a soft or elastic material, are not smooth and flat (to the extent aforesaid and subject to the foregoing proviso), or which, if constructed of separate plates, have spaces greater than the spaces hereinbefore prescribed."

12. Clause 2 of Regulation 5 of the said regulations is hereby amended by revoking the words "and Class P," and substituting in lieu thereof the words "Class P and Class Q."

13. Regulation 9 of the said regulations is amended by adding thereto the following additional clauses:—

"(8.) Notice of any prohibition under clause (4) of this regulation shall be given by the controlling authority at least seven days before the commencement of the specified period, or the first of the specified periods, by means of a statement conveying the general effect of the prohibition published in some newspaper circulating in the district to which the matter of the notice relates, and if there is no such newspaper then by a printed or written placard posted in some conspicuous place on the road or street affected by such notice."

"(9.) No person shall operate any motor-lorry, the use of which for the time being has been prohibited by a controlling authority under clause (4) of this regulation."

14. Clause (7) of Regulation 10 of the said regulations is hereby amended by revoking all the words after the words "New Zealand."

15. Clause (10) of Regulation 10 of the said regulations is hereby amended by adding thereto the following words: "and such copy shall be available for all purposes for which the original license could have been available under these regulations."

16. Clause (1) of Regulation 11 of the said regulations is hereby amended by inserting after the words "Class P" the words "or Class Q."

17. Regulation 11 of the said regulations is hereby further amended by adding after clause (5) thereof the following additional clause:—

"(5A.) The license fee for any motor-lorry in Class C or any heavier class fitted with super-resilient tires on all wheels shall be five per centum less than the fees hereinbefore set out. A super-resilient tire is a tire not being a pneumatic tire but composed of a soft or elastic material and of a kind, brand, or description certified by the Minister by notice published in the *New Zealand Gazette* as being a super-resilient tire for the purposes of the Motor-lorry Regulations, 1925.

18. Regulation 11 of the said regulations is hereby further amended by adding thereto the following additional clauses:—

"(10.) In any case in which a tractor with one trailer attached thereto has been licensed as one motor-lorry pursuant to clause (2) of Regulation I hereof, such tractor may be used with any other trailer subject to the following conditions:—

"(a.) If such other trailer is fitted with tires of a kind in respect of which no greater license-fee would have been payable, and if in respect of the gross weight of tractor, trailer, and load no greater license fee would have been payable had the original license been granted in respect of such tractor and the other trailer, then no other license fee shall be payable and no further license shall be required.

"(b.) If such other trailer is fitted with tires of a kind in respect of which a greater license fee would have been payable, or if in respect of the gross weight of such tractor, trailer, and load a greater license fee would have been payable had the original license been granted in respect of such tractor and the other trailer, then a further license shall be obtained in accordance with the provisions of this regulation, and the fee payable for such further license shall be the amount by which the license fee payable under an original license granted in respect of such tractor and the other trailer exceeds the license fee actually paid.

"(11.) If during the continuance of a license any motor-lorry is so fitted with tires that a greater license fee than the fee actually paid would have been payable had the motor-lorry been so fitted at the time of the issue of the license, then such license shall be void and of no effect until payment to a licensing authority of the difference between the fee

already paid and the fee that would in such event have been payable, and until endorsement on the license under the hand of the Clerk of the licensing authority of a statement of the amount so paid and of the alteration in tires by reason of which the same has become payable."

19. Clause (5) of Regulation 13 of the said regulations is hereby amended by inserting after paragraph (d) thereof the following additional paragraph:—

"(dd.) The length of metalled or hard-surfaced roads existing in the districts of the respective local authorities: For the purposes of this clause metalled or hard-surfaced roads includes a pumice road, a gravelled road, a metalled road (sealed, penetrated, or otherwise), a bituminous-concrete road or a cement-concrete road constructed in each case to the satisfaction of the Minister, and roads includes streets."

20. Regulation 13 of the said regulations is hereby further amended by revoking clause (9) thereof, and adding thereto the following clauses:—

"(9.) For the purpose of distributing the license fees there shall be within each heavy-traffic district one distributing authority which shall be such one of the licensing authorities within the heavy-traffic district as may be mutually agreed upon by such local authorities as aforesaid, or, in default of agreement, as may be nominated by a Magistrate on the application of any of those local authorities.

"(10.) Every licensing authority within the heavy-traffic district shall within ten days after the last day of each of the months of March, June, September, and December in each year remit to the distributing authority all license fees received by it up to and including such respective last-mentioned dates and not previously so remitted.

"(11.) Every distributing authority shall within one month after the respective dates mentioned in the last preceding clause hereof account to every local authority within the heavy-traffic district concerned for all moneys payable to such local authority under this regulation up to and including the respective dates aforesaid:

"Provided always that, if no agreement or order for apportionment of such moneys is in force upon any such respective date, it shall be sufficient if the distributing authority accounts as aforesaid within one month after the making of such agreement or order."

21. Heavy-traffic Districts 18 and 19, as defined in the Schedule to the said regulations, are hereby amalgamated and shall, on and after the 1st day of April, 1926, be known as Heavy-traffic District 19.

Regulations respecting the Coal-miners' Relief Fund under the Coal-mines Act, 1925.

CHARLES FERGUSSON, Governor-General.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 30th day of March, 1926.

Present :

THE RIGHT HONOURABLE J. G. COATES, P.C., PRESIDING IN COUNCIL.

IN pursuance and exercise of the powers conferred on him by the Coal-mines Act, 1925 (hereinafter referred to as "the said Act"), His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby make the following regulations; and doth hereby declare that the regulations hereby made shall come into force on the date of the publication thereof in the *New Zealand Gazette*.

REGULATIONS.

COAL-MINERS' RELIEF FUND.

1. The commission payable to the Public Trustee for managing and administering the Coal-miners' Relief Fund shall be at the rate of 1 per cent. of the total contributions to the fund in each year.

Coal-miners Relief Fund Local Committees.

2. Each Coal-miners' Relief Fund Local Committee (hereinafter referred to as the Local Committee) shall consist of not less than three members elected from workmen employed in or about a coal-mine or coal-mines. For the purpose of electing members, votes shall be taken by a show of hands at a meeting of the workmen entitled to vote, of which not less than three days' notice shall be given by a notice posted at the pit-head of each mine concerned, specifying the time and place of meeting. A certificate stating the result of the voting and signed by the person presiding at such meeting shall be forthwith forwarded through the Inspector of Mines to the Public Trustee. In the event of a member of the Local Committee resigning or becoming unable or unfit to hold office from any cause whatever, the remaining members, if less than three in number, shall, within seven days, call a special meeting for the election of a new member. Any changes in the personnel of a Local Committee shall be immediately communicated through the Inspector of Mines to the Public Trustee.

3. Each Local Committee shall nominate two persons, who shall be approved of by the Minister, to act as trustees for the purpose of opening and operating upon a branch account of the Coal-miners' Relief Fund kept at the nearest post-office money-order and savings-bank. The trustees shall notify the Minister in writing of their acceptance of the office of trustee,

4. In the event of any trustee resigning or becoming unable or unfit to hold office from any cause whatever, the Local Committee shall forthwith notify the Postmaster, and apply to the Minister for authority to appoint another person to act in the place of the trustee vacating office.

5. Coal-miners' Relief Fund moneys only shall be kept in the branch account at the post-office money-order and savings-bank.

6. No sum exceeding £20 in amount shall be withdrawn from the said account without the prior written authority of the Public Trustee, to whom application shall be made by the Local Committee. The application shall be supported by a medical certificate and forwarded through the Inspector of Mines, who will certify whether or not the claim is in order.

7. All moneys withdrawn from the said account shall be paid and applied as follows: When any workman has been off work through an injury whilst employed in or about a mine, he shall receive payment at the rate of 2s. 1d. for every day except Sundays from the date of the accident, such payment to be made on the certificate of a medical officer, and to continue so long as such medical officer and the trustees certify that the workman is unable to work by reason of the said injury; but in no case for a longer period than two years.

8. In addition to the foregoing benefit, a workman who is permanently totally disabled as the result of an injury whilst employed in or about a mine shall be granted a sum of £50, and a workman who is permanently partially disabled may be granted a proportionate part of £50, based on the degree of disability prescribed by the Second Schedule to the Workers' Compensation Act, 1922.

9. Any workman who meets with an injury in or about a mine which disables him from work shall send, or cause to be sent, within seven days of such injury occurring, a notice in writing, together with a copy of the medical officer's certificate, to the Inspector of Mines; and all applications for relief must be made within fourteen days of the accident, or the claim cannot be entertained, unless specially authorized by the Public Trustee.

10. Notwithstanding anything hereinbefore contained, the trustees may, on the recommendation of the Inspector, pay to any coal-miner who, through any injury sustained in the course of his employment as a coal-miner, is permanently totally incapacitated from work of any kind, such weekly allowance as may from time to time, subject to such conditions as he may impose, be authorized by the Minister.

11. No workman shall be entitled to relief from the Coal-miners' Relief Fund for any accident caused by drinking intoxicating liquors, fighting, or any kind of athletic sports or game of amusement, or for any accident caused by the misconduct of such workman.

12. For each quarterly period ending 31st March, 30th June, 30th September, and 31st December in each year returns shall be forwarded by the trustees to the Inspector of Mines for the information of the Public Trustee, showing the several amounts paid into the said account and the particulars of all withdrawals and disbursements therefrom during such quarter.

13. Every such return shall be so forwarded within ten days after the expiration of the quarterly period to which it relates, and shall be certified as correct by the Chairman or other chief officer or officers of the local committee. The quarterly return shall be supported by receipted vouchers for all amounts in excess of 5s. paid by way of relief and administration expenses.

14. The trustees shall keep proper books of accounts, showing the various items of receipt and expenditure in relation to the said account; and such books shall at all reasonable times be open to the inspection of any Inspector of Mines, or any officer duly authorized by the Public Trustee in that behalf, who may take such extracts therefrom as he may require.

15. Receipts shall be obtained by the trustees for all relief payments and for all other disbursements in excess of 5s. The Local Committee may claim an allowance not exceeding 5 per cent. of all disbursements as a contribution towards the expense of management of the fund.

16. If in any case the trustees or any of them wilfully commit a breach of any of these regulations, or misspend or misappropriate any of the moneys standing to the credit of, or withdrawn from, the said account, then the Minister of Mines, on proof of the fact, by notice to the Chief Postmaster of the district, may prohibit any further dealing with such account by the said trustees or any of them, and may remove the offending trustee or trustees from office; and any moneys so misappropriated may be recovered in the name of the Minister of Mines as a debt due to His Majesty the King.

17. In case of removal of the trustees or any of them from office as last aforesaid the Minister shall, by writing, forthwith request the Local Committee to appoint with his approval some other person or persons to fill the vacancy, and if such

Local Committee neglects so to do for the space of fourteen days after service of such written request, then the Minister may appoint a trustee or trustees to fill such vacancy; and such trustee or trustees, when so appointed, shall have and may exercise all the powers of the original trustee or trustees with respect to the said account.

Coal-miners' Relief Fund where there is no Local Committee.

18. In any district where there is no Local Committee the Public Trustee shall, on receipt of a certificate from a duly qualified medical officer, and also on a certificate from an Inspector of Mines, apply the moneys deposited to the credit of the Coal-miners' Relief Fund as follows: When any workman has been off work through an accident he shall receive payment at the rate of 2s. 1d. for every day except Sundays from the date of the accident, which payment shall continue so long as such medical officer and Inspector of Mines certify that the workman is unable to work, but in no case for a longer period than two years; but when an accident occurs in any mine situate in a locality remote from settlement, where the services of a medical officer are not procurable, payment at the prescribed rate may be made for any period not exceeding thirty days from the date of accident on the certificate of the Inspector of Mines alone.

19. In addition to the foregoing benefit, a workman who is permanently totally disabled as the result of an injury whilst employed in or about a mine shall be granted a sum of £50, and a workman who is permanently partially disabled may be granted a proportionate part of £50, based on the degree of disability prescribed by the Second Schedule to the Workers' Compensation Act, 1922.

20. Any workman who meets with an injury in or about a mine which disables him from work shall send, or cause to be sent, within seven days of such injury occurring, a notice in writing, and, except in the case mentioned in the preceding clause, a copy of the medical officer's certificate to the Inspector of Mines; and all applications for relief must be made within fourteen days from the date of the accident, or the claim cannot be entertained. The Public Trustee is, however, authorized to pay any claims notwithstanding the failure to give such notice, provided he is satisfied that the failure was through no fault of the injured person.

21. Notwithstanding anything hereinbefore contained, the Public Trustee may, on the recommendation of the Inspector, pay to any coal-miner who, through any injury sustained in the course of his employment as a coal-miner, is permanently totally incapacitated from work of any kind such weekly allowance as may from time to time, subject to such conditions as he may impose, be authorized by the Minister.

22. No workman shall be entitled to relief from the Coal-miners' Relief Fund for any accident caused by drinking intoxicating liquors, fighting, or any kind of athletic sports or game of amusement, or for any accident caused by the misconduct of such workman.

REGULATIONS REVOKED.

23. Regulations 19 to 31 (both inclusive), made under the Coal-mines Act, 1908, on the 18th day of May, one thousand nine hundred and twenty-five, and gazetted on the 21st of that month, are hereby revoked.

Notice to Mariners No. 13 of 1926.

DOMINION OF NEW ZEALAND.—CHATHAM ISLANDS.—PETRE BAY.—WAITANGI.

Marine Department,
Wellington, N.Z., 29th March, 1926.

Light installed on Wireless Tower.

INFORMATION is hereby given that a fixed white light, unwatched, height 300 ft. (approx.), visible 6 miles, is exhibited at the steel-lattice wireless-tower situated near Waitangi. The light, which is electric, 160 c.p., is elevated 88 ft. above ground; and is visible to vessels approaching Waitangi from seaward.

Attention is drawn to the position of the steel-lattice wireless-tower, which, on Admiralty Chart No. 1417 (corrected to 1923) should be latitude 43° 57' 5" south; longitude 176° 32' 2" west; whereas a recent (1924) determination of its position places it at latitude 43° 57' 27.7" south, longitude 176° 34' 25.3" west; the latter position, which was determined by this Dominion's Department of Lands and Survey, may be accepted as precise.

B. W. MILLIER, Assistant Secretary.

THE following navigation warning, which was broadcast by wireless by Radio Apia, on the 24th March, 1926, is repeated hereunder for the information of mariners:—

"Apia lower leading light has been altered from fixed red to flashing white two seconds."

This navigation warning evidently has reference to Apia front leading beacon light, which is exhibited from a white and red tower situated near Muliwai River entrance, in latitude 13° 49' S., longitude 171° 45' 5" W. (approx.).

Further information will be published when such becomes available.
