| Total maximum | 325 |

7. *Professional Skill.*—(i.) Marks for skill in teaching, for personality, discipline, and environment, and for organization and management, shall in the first case be assigned with special relation to the teacher's efficiency in the class of positions occupied by him up to the time of grading, and shall be assessed in all essential respects on a basis of comparison with teachers in the same group.

(ii.) Marks for personality, discipline, and attention to environment shall be assessed in accordance with a teacher's value in these respects in relation to his school activities only.

(iii.) Marks for organization and management shall be assigned with due regard to the relative degrees of skill in organization and management demanded by different classes of positions in the same group.

8. After the marks provided for in clause 6 and referred to in clause 7 hereof have been provisionally determined, the Inspectors, having regard to the grading of the teachers of the district as a whole, may make such adjustment as they consider necessary to bring into due relation the marking in the various groups.

9. When any teacher is to be graded in a higher group than that in which he was last graded, the marks to be awarded under clauses 6 and 7 on the judgment of the Inspectors shall be reassessed according to the higher standard of marking in such higher group, so that the total of these marks, added to the quota mark, shall in all cases be increased only by such number of marks as represents the increased efficiency of the teacher since the previous grading.

10. Notwithstanding anything contained in these regulations, every teacher eligible to be graded who was on military service for at least one year during the years 1914-20, inclusive, shall, in general, receive the same increase of marks for the period of his military service as was received on the average by teachers whose status was similar to his own at the time of his enrolment for military service.

11. In assigning marks under the several headings stated in clause 7 hereof Inspectors shall be guided by the following table of comparative values :—

| — | Maximum, 80. | Maximum, 40. | Maximum,* 30. |
|-------------------|-----------------|-----------------|------------------|
| Excellent | 72-80 | 36-40 | 27-30 |
| Very good | 64-71 | 32-35 | 24-26 |
| Good | 52-63 | 26-31 | 20-23 |
| Very fair | 40-51 | 20-25 | 15-19 |
| Fair | 32-39 | 16-19 | 12-14 |
| Weak | 24-31 | 12-15 | 9-11 |

* Note that the qualitative significance of the marks in this column is governed by the provisions of clause 7 (iii). It has been agreed by the grading officers that an assistant who has never had charge of a school or a department of a school cannot rightly be regarded as eligible for more than a maximum of from 10 to 15 marks for organization, while an assistant who has had the responsibility of managing a school or department may be regarded as eligible for a maximum from 20 to 25 marks.

12. *Academic Attainments.*—Marks for academic attainments shall be based on the class of teacher's certificate held, and shall be given as follows: For certificate of Class E, 6 marks; Class D, 12; Class C, 21; Class B, 27; Class A, 30:

Provided that a teacher who is awarded a higher class of certificate after the graded list has been completed shall be entitled to receive the additional grading marks for the higher certificate as prescribed in this clause, and the consequent alteration in his grading shall be notified to each Education Board and in any supplement to the graded list that may be issued.

13. *Service*.—Marks for teaching service shall include service up to the 31st day of December preceding, one mark being given for each complete year of the total period of service up to twenty-five years: Provided that—

- (a.) Service as a probationer appointed on or after the 1st February, 1921, or service as a pupil-teacher shall be counted as service of half its length:
- (b.) Each year of an approved course in a teachers' training college shall count as a full year of service:
- (c.) Any period of military service with the New Zealand Expeditionary Force within the period 4th August, 1914, to 12th November, 1918, shall count as double service:
- (d.) Any period of leave of absence in excess of three months shall not be counted as service, provided that leave of absence granted under the Exchange of Teachers Regulations shall be counted as full service:
- (e.) Teaching service in other countries or in schools other than public schools shall be counted to an extent that shall be determined in each case by the Director.:

Provided further that in the case of teachers whose service was interrupted by absence with the New Zealand Expeditionary Force during the years 1914-1918, any period of sick-leave due to the effect of military service shall be counted as full teaching service, provided such leave has been granted subsequent to the resumption of teaching service.

14. *Quota*.—(i.) The quota of marks provided for in clause 6 hereof shall, for each teacher graded in the respective groups, be as follows:—

| Group. | Quota. | Group. | Quota. |
|---------|--------|---------|--------|
| 1 | 20 | 4 | 80 |
| 2 | 40 | 5 | 100 |
| 3 | 60 | 6 | 120 |

(ii.) Such quota marks shall be regarded as efficiency marks awarded in recognition of the relatively higher degree of efficiency required to secure in each successively higher group the same number of marks awarded under clauses 6 and 7 hereof.

15. Any teacher who by reason of a correction in the marks allotted him for service or certificate becomes entitled to additional marks shall not in consequence thereof suffer a reduction in the marks awarded him under any other heading.

16. Any teacher who has held the maximum marks for teaching, personality, discipline, environment, organization, and management for a period of at least two years and has been unable to obtain promotion to a position in a higher group may, with the approval of the Director, be graded in the next higher group.

17. (i.) It shall be the duty of the Director to secure and maintain a reasonable degree of uniformity in the standard of marking in the various districts, and to this end he may, as he thinks fit, confer with all the Senior Inspectors conjointly.

(ii.) If by the decision of such conference it is held that the standard of grading in any district departs to an unreasonable extent from that of the remainder of the Dominion the Director shall instruct the Inspectors of the district or districts concerned to adjust their standard of marking accordingly.

18. (1.) From the grading marks forwarded to the Director by the grading officers shall be compiled annually a general graded list of teachers, which shall be duly published in accordance with the Act before the 30th day of June. Every such general list shall contain—

- (a.) The names of all teachers graded as herein provided, arranged in order, and consecutively numbered in accordance with the total of the grading marks assigned:
- (b.) The name in each case of the district in which the teacher was graded, the nature of the position occupied, and such other information as the Director may determine.

(2.) Supplementary graded lists shall be published from time to time, and shall contain the names of all teachers whose grading has been determined or altered, in accordance with the regulations, subsequent to the publication of the general graded list, and such supplementary lists shall be deemed to be part of the general graded list.

19. Each teacher who is graded under these regulations shall be supplied by the Director of Education with the separate marks on which his grading was determined, the information thus supplied to be treated as confidential.

REGULATIONS.

PART I. GENERAL.

The regulations made by Order in Council on the 9th day of June, 1916, and published in the *Gazette* on the 29th day of June, 1916, at page, 2201, providing for the inspection and fumigation of fruit intended for export from the Cook Islands, for the eradication of diseases affecting plants, and for cognate matters, may be cited as "The Cook Islands Fruit Regulations, 1916."

(2.) The regulations made by Order in Council on the 19th day of April, 1922, and published in the *Gazette* on the 27th day of April, 1922, at page 1202, in amendment of the Cook Islands Fruit Regulations, 1916, may be cited as "The Cook Islands Fruit Regulations Amendment, 1922."

(3.) These regulations may be cited as "The Cook Islands Fruit Regulations Amendment, 1926."

(4.) These regulations shall be read together with and form part of the Cook Islands Fruit Regulations, 1916, and the Cook Islands Fruit Regulations Amendment, 1922.

(5.) Nothing in these regulations shall apply to or within the Island of Niue.

2. In particular all the provisions of the Cook Islands Fruit Regulations, 1916, relating to offences and penalties shall apply to these regulations.

PART II.—LICENSING OF FRUIT BUYERS.

3. The regulations comprised in Part II hereof shall come into force on the 1st day of April, 1926.

4. Clause 26 of the Cook Islands Fruit Regulations, 1916, is hereby revoked, and the provisions contained in Part II hereof enacted in lieu thereof.

5. (1.) No person shall buy fruit intended for export, whether on his own account or in partnership with any other person or as manager, agent, servant, or employee of any person, firm, or corporation unless he is the holder of a license issued pursuant to clause 17 hereof.

(2.) Notwithstanding the foregoing provision, any person who is in the actual employment of a person holding a license issued pursuant to the provisions of clause 17 hereof may on behalf of such person buy fruit intended for export if he is named in a license issued pursuant to the provisions of clause 18 hereof.

(3.) The holding of any trading license issued under any regulations for the time being in force in respect of trading licenses shall not dispense with the necessity of obtaining or being named in a license under these regulations.

6. All licenses issued under these regulations shall be in such form as the Resident Commissioner may from time to time prescribe, and shall be signed by the Resident Commissioner or by the Resident Agent of any island.

7. Every license issued under these regulations shall expire on the 31st day of March following the date of issue of such license.

8. The person issuing any license shall before issuing the same satisfy himself that the person to or in respect of whom the license

is to be issued is a fit and proper person to hold or be named in such license, and dishonesty shall in all cases be a disqualification from holding or being named in a license.

9. On the refusal of any person authorized so to do to issue a license under these regulations it shall be lawful for any person affected by such refusal to appeal against such refusal to the High Court of the Cook Islands whose decision in the matter shall be final.

10. If the holder of any license or any person named in any license shall be convicted of any offence involving dishonesty, the Court may order the cancellation of such license so far as such person is concerned.

11. The Resident Commissioner or the Resident Agent of any island if he is of opinion that any person holding or named in a license is no longer a fit and proper person to hold or be named in such license, may at any time, by notice in writing to the person to whom such license is issued, declare that at the expiration of seven days from the date of such notice the said license shall be cancelled as regards the person holding the same or named therein, as the case may be.

12. Unless within the said seven days an appeal shall have been instituted as provided by clause 14 of these regulations, such license shall, upon the expiration of the said period of seven days, be deemed as regards the person holding the same or named therein, as the case may be, to be cancelled accordingly.

13. It shall not be necessary for the Resident Commissioner or Resident Agent so acting to give notice to any person concerned of his intention to act under clause 11 of these regulations.

14. Any person affected by cancellation under clause 11 of these regulations may within the time aforesaid appeal to the said Court against such cancellation, and the decision of the said Court shall be final.

15. Upon any cancellation pursuant to these regulations the person holding the license affected shall forthwith, whenever required by notice in writing so to do, produce such license to the said Court or to the Resident Commissioner or the Resident Agent, as the case may be, for the purpose of being surrendered or of having a memorandum of cancellation as regards any person written thereon, as the case may require.

16. In Rarotonga the Inspector, and in each island other than Rarotonga the Resident Agent, shall keep a register containing particulars of all licenses issued under these regulations in such form as the Resident Commissioner may from time to time prescribe.

17. Every buyer of fruit intended for export otherwise than as provided for in subclause (2) of clause 5 of these regulations shall hold a license, to be called a principal buyer's license, which shall be obtainable under the following conditions:—

(a.) Application for such license shall be made in writing to the Resident Commissioner or to the Resident Agent of any island.

(b.) Every such license shall apply to all islands of the Cook Group (subject, however, to the provisions of subclause (5) of clause 1 hereof).

(c.) There shall be payable in respect of every such license a fee of £1.

(d.) No such license shall be transferable.

18. Every holder of a principal buyer's license shall be entitled to employ a person or persons to buy fruit on his behalf in accordance with the following provisions:—

(a.) Such holder of a principal buyer's license shall apply to a Fruit Inspector or to the Resident Agent of any island for a license to employ any person, including his branch manager or other servant, to buy fruit on his behalf.

(b.) Save as hereinafter provided, separate licenses shall be necessary in each island.

(c.) There shall be payable in respect of each buyer named in such license a fee of ten shillings, but a license may be issued available for all islands of the Group upon payment of a fee of one pound in respect of each buyer named in such license.

(d.) With the approval of a Fruit Inspector or a Resident Agent the name of another buyer may, by endorsement on the license, be substituted for that of any buyer already named in the license.

(e.) A license issued under the provisions of this clause shall be the property of the principal buyer.

(f.) If a principal buyer's license be cancelled under any of the foregoing provisions of these regulations, all licenses issued to such principal buyer under this clause shall be deemed to be likewise cancelled, and shall forthwith be void and of no effect, and shall be produced for surrender under clause 15 hereof.

(g.) No license shall be issued under the provisions of this clause, except on production of the principal buyer's license concerned, and the person issuing any such license shall endorse on the said principal buyer's license a memorandum of the issue of such license under the provisions of this clause.

19. On application by the person to whom any license has been issued and on proof to the satisfaction of the Resident Commissioner or Resident Agent by statement in writing, statutory declaration, or other evidence, that any license or copy of a license has been lost or mutilated, or become illegible, and on payment of a fee of two shillings and sixpence, the Resident Commissioner or Resident Agent may at any time during the currency of the license issue to such person a copy thereof, certified as being a true copy, and such copy shall be available for all purposes in like manner as the original license.

PART III.—GROWING OF TOMATOES.

20. The regulations comprised in Part III hereof shall come into force on the 1st day of October, 1926.

21. For the purposes of the regulations comprised in Part III hereof "Inspector" includes a local Fruit Inspector.

22. All tomato-plants must be raised from the seed in boxes, and all plants found to have been raised in beds may be destroyed, or ordered to be destroyed, by an Inspector.

23. As soon as the tomato-crop has been harvested the plants and stakes shall be removed from the land upon which such crop was grown, and the land shall be ploughed in order to prevent disease. Unless this is done, the Inspector may forbid the use of the same land for the growing of tomatoes during the next succeeding season.

24. Unless plants removed from any land under the last preceding clause have been thoroughly destroyed to the satisfaction of the Inspector, the Inspector may forbid the use, for the growing of tomatoes during the next succeeding season, of the land to which such plants have been removed.

25. All tomato-plants must be trained to stakes, or other suitable support.

26. No person shall raise, grow, or harvest tomatoes, or cause or suffer tomatoes to be raised, grown, or harvested, otherwise than in conformity with the provisions contained in Part III hereof.
