Regulations respecting Foreign Orders and Medals.

Department of Internal Affairs,
Wellington, 12th August, 1926.

THE following revised regulations respecting foreign orders and medals are published for general information.

RICHD. F. BOLLAND,
Minister of Internal Affairs.

A. REGULATIONS RESPECTING FOREIGN ORDERS AND MEDALS APPLICABLE TO PERSONS IN THE SERVICE OF THE CROWN.

Orders.

1. It is the King's wish that no subject of His Majesty in the service of the Crown shall accept and wear the insignia of any foreign order without having previously obtained His Majesty's permission to do so, signified either—

- (a.) By Warrant under the royal sign-manual; or
(b.) By restricted permission conveyed through the Keeper of His Majesty's Privy Purse.

2. When permission is given by Warrant under the royal sign-manual, the insignia of the foreign order may be worn at all times and without any restriction.

When restricted permission is given the insignia may only be worn on the occasions specified in the terms of the letter from the Keeper of His Majesty's Privy Purse conveying the Royal sanction.

3. Full and unrestricted permission by Warrant under the royal sign-manual is contemplated in the following cases:—
For a decoration conferred—

On an officer in His Majesty's Naval, Military, or Air Forces lent to a foreign government; or on an officer in His Majesty's Naval, Military, or Air Forces attached by His Majesty's Government to a foreign navy, army, or air force during hostilities; or on any British official lent to a foreign government and not in receipt of any emoluments from British public funds during the period of such loan.

Red Cross and kindred services will only be regarded as "valuable" for the purposes of these regulations when they have been rendered in a war in which the Empire has itself been engaged, and when the decoration for the wearing of which permission is sought has been conferred by an allied State.

4. Restricted permission is particularly contemplated for decorations which have been conferred in recognition of personal attention to the head of a foreign State, and which are therefore of a more or less complimentary character, but will also be granted for decorations conferred on other exceptional occasions when in the public interest it is deemed expedient that they should be accepted.

5. Restricted permission will generally be given for decorations conferred in the following cases, but, as indicated in the preceding paragraph, will not necessarily be limited to these cases:—

(1.) On British Ambassadors or Ministers abroad when the King pays a State visit to the country to which they are accredited.

(NOTE.—A State visit is defined as one on which the King is accompanied by a Minister or high official in attendance.)

(2.) On members of deputations of British regiments to foreign heads of States;

(3.) On members of special missions when the King is represented at a foreign coronation, wedding, funeral, or similar occasion; or on any diplomatic representative when specially accredited to represent His Majesty on such occasions.

Restricted permission will *not* be given to—

- (a.) British Ambassadors or Ministers abroad when leaving;
(b.) British Officers attending foreign manoeuvres;
(c.) Naval Officers of British Squadrons visiting foreign waters.

6. The desire of the head of a foreign State to confer upon a British subject in the service of the Crown the insignia of an order must be notified to His Majesty's Principal Secretary of State for Foreign Affairs either through the British Diplomatic Representative accredited to the head of the foreign State, or through his Diplomatic Representative at the Court of St. James.

7. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the insignia of a foreign order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in rule 2, to be prepared for the royal sign-manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the *Gazette*, stating the service for which the foreign order has been conferred.

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10s.

8. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's license and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's realms.

9. A British subject in the service of the Crown who has received the Royal permission, full or restricted, to accept and wear the decoration of a foreign order, will, on application, receive permission to accept and wear the decoration of a higher class of the same order.

Medals.

10. Medals conferred by the head or Government of a foreign State for saving or attempting to save life at sea or on land may be accepted and worn without His Majesty's special permission.

11. Other medals, with the exceptions specified below, are subject to the regulations in the same manner as orders, but permission is given by letter and not by Royal Warrant.

12. In the case of medals for Red Cross services, permission will only be granted in the conditions laid down in rule 3 above.

13. Applications for His Majesty's permission to wear medals, other than medals for saving life, conferred by private societies or institutions and commemorative medals cannot be entertained.

14. The King's unrestricted permission to accept and wear a foreign war medal will only be given to (1) members of His Majesty's Naval, Military, or Air Forces if serving with a foreign army, navy, or air force with His Majesty's license, and (2) military, naval or air attaches or officers and other ranks and ratings officially attached to foreign armies, navies, or air forces during hostilities.

15. In exceptional cases, when for special reasons it is deemed expedient that the acceptance of the medal should not be declined, His Majesty will grant restricted permission. Such cases will be judged on their merits, and the circumstances in which the medal may be worn will be specified in the letter conveying His Majesty's permission.

General.

16. The term "person in the service of the Crown" includes persons in receipt of a salary from public funds, or holding a Royal Commission in any part of His Majesty's dominions, protectorates, or possessions.

17. Ladies are subject to the regulations in all respects in the same manner as men.

B. REGULATIONS RESPECTING FOREIGN ORDERS AND MEDALS APPLICABLE TO PERSONS NOT IN THE SERVICE OF THE CROWN.

Orders.

1. It is the King's wish that no subject of His Majesty shall wear the insignia of any foreign order without having previously obtained His Majesty's permission to do so, signified either—

- (a.) By Warrant under the royal sign-manual; or
(b.) By restricted permission obtained through the Keeper of His Majesty's Privy Purse.

2. When permission is given by Warrant under the royal sign-manual, the insignia of the foreign order may be worn at all times and without any restriction.

When restricted permission is given the insignia may only be worn on the occasions specified in the terms of the letter from the Keeper of His Majesty's Privy Purse conveying the royal sanction.

3. The full and unrestricted permission by Warrant under the royal sign-manual is designed to meet cases in which the decoration has been earned by valuable service rendered to the head of the State conferring it, or to the State itself. Such service must have been both of manifest and substantial value to the head of the State or State concerned and not inconsistent with British interests; and must have been rendered within the period of five years immediately preceding the notification of the Decoration to His Majesty's Government as prescribed under rule 5.

4. Restricted permission is particularly contemplated for decorations which have been conferred in recognition of personal attention to the head of a foreign State and which are therefore of a more or less complimentary character, but will also be granted for decorations conferred on other exceptional occasions, when in the public interest it is deemed expedient that they should be accepted.

5. Both in the case of full and of restricted permission the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs, who shall be under no obligation to consider applications for permission unless the desire of the head of a foreign State to confer upon a British subject the insignia of an order is notified to him before the order is conferred, either through the British Diplomatic Representative accredited by the head of the foreign State, or through the Diplomatic Representative of the latter at the Court of St. James.

6. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the foreign order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in rule 2, to be prepared for the royal sign-manual.

When such Warrant shall have been signed by the King, a notification shall be inserted in the *Gazette*, stating the service for which the foreign order has been conferred.

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10s.

7. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause, providing that His Majesty's license and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realm.

8. A British subject who has received the royal permission, full or restricted, to accept and wear the decoration of a foreign order will, on application, receive permission to accept the decoration of a higher class of the same order.

9. These regulations apply only to orders of chivalry. Decorations conferred by private societies and decorations of a purely academic nature, and all decorations not being orders of chivalry, may be accepted without His Majesty's permission, but must not be worn.

Exception is made in the case of a few foreign orders, which, though not in strictness orders of chivalry, yet are of such a high distinction that, for the purpose of these regulations, they are to be considered and treated as orders of chivalry.

Medals.

10. Medals, with the exceptions specified below, are subject to the regulations in the same manner as orders, but permission to wear is given by letter and not by royal Warrant. No permission is needed to accept a foreign medal if it is not to be worn.

11. Medals for saving or attempting to save life at sea or on land conferred on behalf of the head or government of a foreign State may be accepted and worn without His Majesty's special permission.

12. Applications for His Majesty's permission to wear medals, other than medals for saving life, conferred by private societies or institutions and commemorative medals cannot be entertained.

13. His Majesty will not grant permission to wear any foreign war medal if the person on whom it is to be or has been conferred was during the war acting in contravention of the Foreign Enlistment Act.

General.

14. Ladies are subject to the regulations in all respects in the same manner as men.

SUMMARY FOR THE MONTH OF JUNE, 1926.

With the exception of the North Auckland District and a few high-level stations in the South Island, precipitation in June was below normal over the Dominion, the greatest deficiencies occurring in Hawke's Bay and Canterbury. Anticyclonic conditions prevailed between the 5th and 9th and the 16th and 26th, when fine dry weather was mainly experienced, bright days and cold nights, with frequent ground frosts. The unsettled periods were associated with the passages of two ex-tropical disturbances and an intense westerly depression. Of the former, the centre of the first passing to the northward of New Zealand on the 3rd, brought heavy rain to the northern districts, while the second, moving over the Dominion between the 27th and 30th, had a more general effect, and much dull misty and wet weather prevailed. The westerly disturbance which ruled between the 11th and 16th was responsible for strong north-west to south-west winds and squally conditions, particularly in and southward of Cook Strait, with heavy rain on the West Coast. Some snow fell at this time in the high country of the South Island and the southern part of the North Island. Otago and Southland, however, escaped storm effects, and the weather in these districts was, as frequently occurs there, in winter, remarkable for its mildness. The range of temperature over the Dominion was rather larger than usual, and vegetable growth was nearly everywhere sufficient for stock requirements.

PRESS OPINIONS.

The Hon. G. M. Thomson in writing this manual has evidently taken up a labour of love. He writes not so much for the scientific as for the general reader. It is a valuable and likely to be one of the most popular works issued by the Board of Science and Art. It is a notable addition to Mr. Thomson's other works.—*Evening Post*, Wellington, N.Z.

A bright little book. Mr. Thomson has provided a book sufficiently scientific to be authoritative, and yet informal and simple enough to be interesting to the young and uneducated. We shall look forward eagerly to Part II.—*Herald*, Timaru, N.Z.

It is a book of unusual interest. There is nothing like it in print, and the wonder is that it has not been done before. Mr. Thomson is to be thanked for producing a work so useful and so timely. Technical terms and scientific language have been avoided as far as possible, with the result that we have a narrative as interesting as any romance. It will prove a valuable and useful book.—*Evening Star*, Dunedin, N.Z.
