Supplementing and amending Regulations under the Motor-omnibus Traffic Act, 1926, relating to Motor-omnibuses.

CHARLES FERGUSSON, Governor-General.

ORDER IN COUNCIL.

At the Government House at Wellington, this 23rd day of May, 1927.

Present :

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

IN pursuance and exercise of the powers conferred on him by section eighteen of the Motor-omnibus Traffic Act, 1926 (hereinafter referred to as "the said Act"), His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive

B

Council of the said Dominion, doth hereby make the following regulations by way of supplement and amendment to existing regulations made in terms of the said Act, and doth hereby declare that the following regulations shall be read together with and form part of the Motor-omnibus (Constructional) Regulations, 1926, and the Motor-omnibus (Licensing) Regulations, 1926.

REGULATIONS.

1. THESE regulations may be cited as the Motor-omnibus (Supplementary) Regulations, 1927.

2. For the purpose of the Motor-omnibus Traffic Act, 1926, an Inspecting Engineer may, at his discretion, make a report that a motor-omnibus is in a fit condition to be licensed as a motor-omnibus, save that certain requirements of Part I of the Motor-omnibus (Constructional) Regulations, 1926, require to be fulfilled, and in such case shall, by his certificate, state such requirements and fix a time limit or limits within which all or each of such requirements shall be complied with.

3. The licensing authority may thereupon, in pursuance of the said report, issue a license in respect of the motor-omnibus, subject to the condition that the said requirements be fulfilled within the said time limit or limits.

4. The fact that in the opinion of the Inspecting Engineer the chassis of any motor-omnibus is carrying, or in service is likely to carry, a greater load than it was designed by the makers to carry, may be a ground for refusal by the Inspecting Engineer to make a report that the motor-omnibus may be licensed for the carriage of passengers.

5. A fresh report shall be obtained from the Inspecting Engineer in terms of section 6 (3) of the said Act before a license for another period is granted in respect of any motor-omnibus that has previously been licensed, whether by the same or any other licensing authority.

6. Save with the written permission of the Minister of Public Works upon the recommendation of the licensing authority by which the omnibus is licensed, the maximum number of passengers permitted to be carried by any motor-omnibus, in terms of the condition in that behalf to be contained in any license issued in respect of such motor-omnibus, shall be not greater than four-thirds of the number of passengers for which seating-accommodation is provided.

7. It shall be a condition of every license issued in respect of a motor-omnibus (whether such condition be inserted in the license or not) that no standing passenger shall be allowed to travel on the driver's platform or forward of an imaginary line drawn at right angles to the length of the omnibus across the back of the driver's seat and for the full width of the vehicle.

8. The Motor-omnibus (Constructional) Regulations, 1926, are amended as follows:—

(a) Regulation 28 thereof is amended by adding after "needs" the following words: "provided that any omnibus may, at the discretion of the Inspecting Engineer, by writing under his hand, be exempted for the duration of the current license or such shorter period as may therein be stated, either in whole or in part, from the requirements of this regulation."

(b) Clause (5) of Regulation 35 thereof is amended by substituting for the words "shall be greater than" the words "shall be not less than."

(c) Regulation 40 thereof is amended by adding thereto the following additional clause:—

"(5) The chassis shall have a maker's designed weight-carrying capacity such that the total weight of the body and of any load that the omnibus is, in the opinion of the Inspecting Engineer, likely in service to carry shall be not more than four-thirds of the said designed capacity."

TWO scholarships of the yearly value of £35, tenable for two years, are offered for competition in the year 1927. One of these scholarships, to be called the Senior Makarini Scholarship, is open to all Maori boys under sixteen years of age at the end of the month next preceding the month of the examination. The other scholarship, to be called the Junior Makarini Scholarship, is open to Maori boys who have been in regular attendance at Native village schools and are under fourteen years of age at the end of the month preceding the month of the examination. The scholarships are open to Maori boys on the conditions set forth in the regulations of the Trustees of the Te Makarini Scholarships Fund, as printed in the Appendix to the Regulations relating to Native Schools, except that for the Junior Scholarship the age limit is now fourteen years, and that for the senior examination the work required is that of Standard VI instead of Standard V. The examination will be held at convenient centres on the 5th and 6th of December, 1927.

Candidates must, either directly or through their teachers, send notice to the Senior Inspector of Native Schools, Education Department, Wellington, of their intention to present themselves for examination. Such notice must be posted so as to reach the Department not later than the 30th of September, 1927.

Copies of the regulations and forms of notice may be obtained from teachers of Native schools and boarding institutions, the Secretaries to Education Boards, or the Director of Education, Wellington.
