CHARLES FERGUSSON, Governor-General.  
ORDER IN COUNCIL.

At the Government House at Wellington, this 17th day of October, 1927.

Present :

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS pursuant to the provisions of the Local Bodies' Loans Act, 1926 (hereinafter referred to as the "said Act"), the Raglan Town Board lately proceeded to raise a loan of two thousand two hundred pounds for the purpose of erecting a municipal building, including a town hall :

And whereas the proceedings in connection with the said loan were irregular or defective in that—

- (a) In the notice setting forth the day on which the poll would be taken (hereinafter referred to as the "said notice") reference was made to section nine of the Local Bodies' Loans Act, 1913, instead of to section ten of the Local Bodies' Loans Act, 1926 :
- (b) The said notice did not contain, nor did the voting-paper used for the purposes of the poll taken on the proposal to raise the said loan set forth a statement whether or not it was proposed to pay out of the loan the cost of raising the loan or the interest and sinking fund for the first year, as required by section ten of the said Act :
- (c) The said voting-paper was not in the form numbered (1) in the First Schedule to the said Act, in that it did not refer to the Act under which it was proposed to raise the said loan, that is to say the said Act :

- (b) The said notice had contained, and the said voting-paper had set forth, a statement that it was not proposed to pay out of the loan the cost of raising the loan or the interest and sinking fund for the first year :
- (c) The said voting-paper had referred to the said Act as the Act under which it was proposed to raise the said loan :
- (d) The poll of ratepayers had been taken at a proper time :

And that the validity of the proceedings in connection with the said loan, or of the security for the said loan, shall not be called in question by reason only of the irregularities aforesaid.

Teachers' Certificate Examinations, 1927.

Education Department,  
Wellington, 13th October, 1927.

THE following lists contain the principal results of the examinations held in August for the purposes of the teachers' certificates. In the preparation of the lists consideration has been given to candidates' successes at previous examinations held by the Department and at University examinations of which notice has been received.

The first list (I) contains the names of successful candidates for Classes B, C, and D. Teachers' certificates will be issued to such of these as have produced satisfactory evidence of age and good character, have passed the special medical examination required, and have fulfilled the necessary conditions as to length of service and efficiency in teaching.

The second list (II) gives the names of those who have passed in two or more subjects of Parts II and III of Class C, but have yet to complete the examination.

The third list (III) contains the names of those who have obtained "partial passes" in the Class D Examination, and the fourth list (IV) those who have gained passes or partial passes in one or more "groups" of Class D. Those in List IV who obtained a pass in Group I are indicated by an asterisk.

In the fifth list (V) are given the names of the candidates whose work has been deemed worthy of "special mention."

The next examination will take place in August, 1928. Notice must be sent to the Director of Education so as to reach him not later than the 31st May, 1928. Candidates who have yet to complete the examination must observe this rule equally with other candidates, and must not expect to receive any further information of the date at which the notices become due.

Certificated teachers who have gained promotion at this examination may send their certificates to the Department for endorsement.

Uncertificated teachers who have now obtained full passes and who have completed two years' teaching service, as required by the Regulations, will be considered shortly for the issue of certificates. Those who have not completed two years' teaching service should apply for the issue of certificates when this requirement is fulfilled.

**PRESS OPINIONS.**

The Hon. G. M. Thomson in writing this manual has evidently taken up a labour of love. He writes not so much for the scientific as for the general reader. It is a valuable and likely to be one of the most popular works issued by the Board of Science and Art. It is a notable addition to Mr. Thomson's other works.—*Evening Post*, Wellington, N.Z.

A bright little book. Mr. Thomson has provided a book sufficiently scientific to be authoritative, and yet informal and simple enough to be interesting to the young and uneducated. We shall look forward eagerly to Part II.—*Herald*, Timaru, N.Z.

It is a book of unusual interest. There is nothing like it in print, and the wonder is that it has not been done before. Mr. Thomson is to be thanked for producing a work so useful and so timely. Technical terms and scientific language have been avoided as far as possible, with the result that we have a narrative as interesting as any romance. It will prove a valuable and useful book.—*Evening Star*, Dunedin, N.Z.
