ORDER IN COUNCIL.

At the Government House at Wellington, this 6th day of December, 1927.

Present :

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

IN pursuance and exercise of the powers conferred by the Public Works Amendment Act, 1908, the Public Works Amendment Act, 1911, and of all other powers in anywise enabling him in this behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby—subject to the conditions set forth in the Schedule hereto, and to the regulations made under section two of the Public Works Amendment Act, 1911, and dated the eleventh day of July, one thousand nine hundred and twenty-seven, published in the *New Zealand Gazette* of the twelfth day of the same month, or any regulations hereafter made in amendment thereof or in substitution thereof (and hereinafter collectively referred to as "the regulations"), and which regulations shall be deemed to be incorporated herein—grant to the Eltham Co-operative Dairy Factory Co., Ltd. (hereinafter with its successors and assigns referred to as "the licensee"), a license to take and use from the Waingongoro River (hereinafter referred to as "the said river"), in the Taranaki Land District, for the purposes hereinafter set forth, a stream of water (hereinafter referred to as "the said water") not exceeding twenty cubic feet per second at any one time; and the works already erected (being indicated on the plan marked P.W.D. 34423, deposited in the office of the Minister of Public Works at Wellington) shall be deemed to be erected under this license, and the provisions hereof shall apply as if this were the license already issued; but nothing herein shall be held to guarantee that the said river contains sufficient water to supply twenty cubic feet per second hereinafter mentioned.

SCHEDULE.

CONDITIONS.

1. Utilization of Water.

The said water shall be used solely for the purpose of generating electrical energy for lighting, heating, and power purposes.

2. Location of Headworks, &c.

The said water shall be taken by the licensee from the point in the said river marked "intake," and shown on the said plan, and such water shall be conducted by a race or pipe over or along the route shown on the said plan for a distance of 40 chains to the power-house erected on the bank of the said river at the site marked "Power-house Site" on the said plan, and all water diverted from the said river shall be returned by the licensee to the said river at or near the power-house.

3. Duration of License.

This license shall, unless sooner determined in accordance with the provisions hereinafter expressed, continue in force for a period of fourteen years, commencing on the 1st October, 1927. Upon the expiry of the said term, or upon the sooner determination of this license by revocation or otherwise, all rights hereby granted to the licensee shall thereupon cease and determine, but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license.

4. Granting of other Water-rights.

Nothing herein shall prevent the Governor-General in Council from granting to any person or body corporate other than the licensee a license to take water from any portion of the said river, except at the place where the licensee is by this license empowered to take it: Provided that no such license shall so operate as to reduce the natural fall between the head-works and tail-water, or the volume of the water which the licensee is by this license authorized to take from the said river.

5. Surrender of License.

The licensee may at any time, with the consent of the Minister, surrender this license, and shall thereupon, if so required by the Minister, remove from the ground all removable equipment, machinery, buildings, poles, transmission-lines and other plant herein authorized to be installed or provided. If the licensee fails or neglects so to remove the said plant within twelve months after being required so to do, such equipment, machinery, buildings, poles, lines, and other plant shall, without payment or compensation, vest in and become the property of the Crown.

6. Compensation for Land injuriously affected, &c.

Nothing in this license shall be held to cast upon or imply any liability upon His Majesty the King or upon the Government of New Zealand to pay compensation to any person, corporate body, or local authority by reason of the exercise by the licensee of the authority hereby granted; but the licensee shall be liable for any loss or damage which any person, corporate body, or local authority may sustain as the result of the exercise by the licensee of any of the powers granted by this license.

7. Bed of River not leased.

Nothing herein shall be held to constitute a lease from the Crown of the bed of the said river, nor shall the provisions of Part IX of the Property Law Act, 1908, apply to this license.

8. Alteration of License.

The terms and conditions of this license may at any time or from time to time, at the request or with the consent in writing of the licensee, be altered by the Governor-General by Order in Council.

9. Alteration to Works.

In the event of the licensee at any time desiring to make alterations to the work involving a departure from the type of construction shown on the said plan it shall submit for the Minister's approval plans showing such type of construction as it may be proposed to adopt, and with such approval the alterations may be carried out.

10. Inspection of Works.

The Inspecting Engineer, both during and after the construction of the works, shall have free access to and liberty at any time to inspect the same so as to ensure that the provisions of this license are given effect to.

11. Rental.

The licensee shall in respect of its license pay to the District Engineer, Public Works Department, Stratford, a yearly rental of 4s. per kilowatt of maximum output generated during each and every year from 1st October, 1927, with a minimum of £10 per annum. The output either shall be recorded by means of a watt-hour meter installed by the licensee, or, failing such installation, it shall be determined on the maximum capacity of the generating-plant installed.

12. Contract between Licensee and Crown.

This license shall be deemed to constitute a contract as between the licensee and His Majesty the King, and may be enforced as a contract by and against His said Majesty or the licensee accordingly.
