ORDER IN COUNCIL.

At the Government Buildings, at Wellington, this 16th day of October, 1928.

Present :

THE RIGHT HONOURABLE J. G. COATES, P.C., PRESIDING IN COUNCIL.

IN pursuance and exercise of the powers vested in him by the Cemeteries Act, 1908, and of all other powers and authorities in anywise enabling him in this behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice of the Executive Council of the said Dominion, doth hereby make the following regulations prescribing conditions for the cremation of the dead, without the observance whereof no cremation shall be effected.

REGULATIONS.

REGULATION 1.—PRELIMINARY.

- (1) THESE regulations may be cited as "The Cremation Regulations, 1928."
- (2) These regulations shall come into force on the 1st day of August, 1928.
- (3) In these regulations, where not inconsistent with the context,—
 - "Approved crematorium" means a crematorium approved for the cremation of human remains, as hereinafter provided :
 - "The said Act" means the Cemeteries Act, 1908, and its amendments :
 - "Medical Officer of Health" and "Inspector of Health" have the respective meanings attributed to these terms by the Health Act, 1920 :
 - "Medical Referee" means a Medical Referee or a Deputy Medical Referee appointed pursuant to Regulation 5 hereof, and, in case of cremations taking place elsewhere than in an approved crematorium, means a Medical Officer of Health :
 - "Trustees" includes the persons appointed to be the trustees of a cemetery under the said Act and the managers of a burial-ground under the said Act and a local authority having the control of a cemetery under the said Act, and the person, company, or corporation owning or exercising control over any crematorium :
 - "The Minister" means the Minister of Health :
 - "Sexton" means any person having, under the trustees, the management of any crematorium.

REGULATION 2.—USE OF CREMATORIA.

- (1) No crematorium shall be used for the cremation of human remains until it shall have been approved in writing for that purpose by the Minister.
- (2) Should any breach of these regulations be committed in connection with any crematorium, or should it appear to the Minister desirable for reasons of health, change in character of the locality, or any other reasons, that its use should be discontinued, then the Minister may, by notice in the *Gazette*, withdraw any such approval.
- (3) Every crematorium shall be maintained in good working order and provided with a competent attendant or attendants when required, and kept at all times in a clean and orderly condition.
- (4) On the closing by the trustees of any crematorium the trustees shall forthwith give notice in writing thereof to the Minister.
- (5) Every crematorium shall be open to inspection at all reasonable times by any Medical Officer of Health or Inspector of Health, or any other person appointed for that purpose by the Minister.
- (6) The Minister may make any inquiry he thinks fit as to the carrying-out of these regulations in connection with any crematorium.

REGULATION 3.—RESTRICTIONS ON CREMATION.

(1) Except with the authority of the Medical Officer of Health, no cremation of human remains shall take place elsewhere than in an approved crematorium.

(2) It shall not be lawful to cremate the remains of any person who is known to have left a written direction to the contrary.

(3) It shall not be lawful to cremate human remains which have not been identified except following the disinterment of remains which have been buried for not less than one year.

(4) No cremation shall take place until the death of the deceased has been duly registered, except—

(a) Where an inquest has been held and a certificate given by a Coroner in the Form D in the Schedule hereto; or

(b) Following the disinterment of remains which have been buried for not less than one year; or

(c) In the case of the remains of a still-born child.

(5) No cremation shall take place, and no person shall cremate or assist to cremate any human remains without the consent of the proper authority given in Form E or Form F in the Schedule hereto, as the case may require.

(6) The said consent shall be signed—

(a) In the cases referred to in clause (3), clause (4) (b), and clause (4) (c) of this regulation by the trustees or some person appointed by the trustees in that behalf, or by the Medical Referee;

(b) In the cases referred to in Regulation 9 hereof by the Medical Officer of Health;

(c) In all other cases by the Medical Referee.

(7) In cases where under the last preceding clause hereof the said consent may be signed by an authority other than the Medical Referee, such authority shall, in respect of the cremation, have all the powers, duties, and discretions conferred on the Medical Referee by Regulation 5 hereof as far as applicable.

(8) No person shall consent to the cremation of the remains of a still-born child unless the requirements of section 40 of the Births and Deaths Registration Act, 1924, have, *mutatis mutandis*, been complied with.

(9) Nothing herein contained shall exempt any person from compliance with the provisions of the said Act referring to disinterment of human remains.

REGULATION 4.—APPLICATION FOR CREMATION.

(1) No cremation shall take place unless application be made in Form A in the Schedule hereto, and the particulars indicated in that form be furnished and the application be supported by a certificate in accordance with the said form.

(2) The application and certificate must be signed by an executor or by the nearest surviving relative of the deceased, or, if made by any other person, must state a reason why the application is not made by one of the persons aforesaid, and such reason must be accepted as satisfactory by the authority giving consent to the cremation.

(3) In the case of the body of an unclaimed person, the application and certificate comprised in Form A may be signed by any person charged with the duty of disposing of such body or by an officer of any local authority charged by law with that duty.

(4) If it is intended that the cremation shall take place at a crematorium, the said application shall be made to the trustees, and if it is intended that the cremation shall take place elsewhere than in a crematorium under the power conferred by Regulation 9 hereof, the application shall be addressed to the Medical Officer of Health or to an Inspector of Health or to the trustees of a cemetery not comprising a crematorium, and such Inspector or trustees shall forthwith notify the Medical Officer of Health of such application.

REGULATION 5.—APPOINTMENT OF MEDICAL REFEREE.

(1) The trustees shall appoint a Medical Referee, who must be a registered medical practitioner of not less than five years' standing, and must possess such experience and qualifications as will fit him for the discharge of the duties required of him by these regulations. If otherwise qualified, he may be a person holding the office of Coroner

or of Medical Officer of Health, or of Medical Superintendent of a public hospital, or any other office.

(2) The trustees shall also appoint a Deputy Medical Referee possessing the like qualifications to act in the absence of the Medical Referee, and in any case in which the Medical Referee has been the medical attendant of the deceased.

(3) The trustees, on making any such appointment, shall notify the name, address, and qualifications of the Medical Referee or Deputy Medical Referee to the Minister.

(4) Notwithstanding the terms of any appointment of a Medical Referee by the trustees, no person shall act as a Medical Referee if he ceases to be registered as a medical practitioner, or is suspended from practice of the medical profession, and the Minister may at any time suspend a Medical Referee from discharging any duties under these regulations.

REGULATION 6.—DUTIES OF MEDICAL REFEREES.

(1) The Medical Referee shall not give his consent to any cremation unless—

- (a) A certificate in Form B in the Schedule hereto be given by a registered medical practitioner who has attended the deceased during his last illness, and who can certify definitely as to the cause of death; or
- (b) A *post-mortem* examination has been made by a medical practitioner expert in pathology appointed by the trustees, or (in case of emergency or in case of cremations taking place elsewhere than in an approved crematorium or a cemetery) a medical practitioner expert in pathology appointed by the Medical Referee, and a certificate given by such medical practitioner in Form C in the Schedule hereto; or
- (c) An inquest has been held and a certificate has been given by the Coroner in Form D in the Schedule hereto; and
- (d) He has satisfied himself in all cases that the requirements of Regulations 3 and 4 hereof have been complied with so far as applicable.

(2) The Medical Referee shall, in every case where it may appear necessary, require evidence in writing to be furnished to him by statutory declaration or otherwise of the identity of the deceased.

(3) No Medical Referee shall give his consent to any cremation in any case in which he attended the deceased as a medical practitioner during his last illness; but this provision shall not apply to the case of a person dying in a public hospital of which the Medical Referee is the Medical Superintendent, if such deceased person shall have also been so attended by another medical practitioner, whether a member of the hospital staff or not.

(4) The Medical Referee, unless he attended the deceased as a medical practitioner during his last illness, may himself, if he has made the *post-mortem* examination, give a certificate in Form C, or, if he is a Coroner, give the Coroner's certificate in Form D.

(5) The Medical Referee shall discharge the following further duties:—

- (a) He shall, before allowing the cremation, examine the application and certificates and ascertain that they are such as are required by these regulations, and that the inquiry made by the persons giving the certificates has been adequate. He may make any inquiry with regard to the application and certificates that he may think necessary.
- (b) He shall not allow the cremation unless he is satisfied that the fact and cause of death have been definitely ascertained, and, in particular, if the cause of death assigned in the medical certificate be such as (regard being had to all the circumstances) might be due to poison, to violence, to any illegal operation, or to privation or neglect, he shall require a *post-mortem* examination to be held; and if that fails to reveal the cause of death shall decline to allow the cremation unless an inquest be held and a certificate be given by the Coroner in Form D.
- (c) If it appears that death was due to poison, to violence, to any illegal operation, or to privation or neglect, or if there is any suspicious circumstance whatsoever, whether revealed in the certificates or otherwise coming to his knowledge, he shall decline to allow the cremation unless an inquest be held and a certificate given by the Coroner in Form D.

- (d) If a Coroner has given notice that he intends to hold an inquest on the body, or if any officer of police intimates that it is proposed to hold an inquest, he shall not allow the cremation to take place until the inquest has been held or until he is satisfied that no inquest is to be held, or until the Coroner notifies him in writing that he assents to the cremation, although the inquest may not have been opened or completed.
- (e) He may in any case decline to allow the cremation to take place without stating the reason.
- (6) In the case of the remains of a person who has died in any place out of New Zealand the Medical Referee may accept a declaration containing the particulars contained in Form A if it be made before any person having authority in that place to administer an oath or take a declaration, and he may accept certificates in Forms B and C, signed by any medical practitioner shown to his satisfaction to possess qualifications substantially equivalent to those prescribed in the case of each certificate by these regulations, and may accept forms containing immaterial variations from the terms of the forms hereby prescribed.
- (7) In the case of any person dying of plague, cholera, or yellow fever on board ship or in any hospital established by a Hospital Board under the Hospital and Charitable Institutions Act, 1926, or in any private hospital licensed under Part III of that Act, or in any place to which such person has been removed by order made under section 84 of the Health Act, 1920, the Medical Referee, if satisfied as to the cause of death, may, with the consent in writing of the Medical Officer of Health, dispense with any of the requirements of clauses (3) and (4) of Regulation 3 hereof and of the foregoing clauses of this regulation.

REGULATION 7.—DISPOSAL OF ASHES.

- (1) After the cremation of the remains of a deceased person the trustees may deliver the ashes into the charge of the person who applied for the cremation, if he so desires.
- (2) If not so delivered, they shall be retained by the trustees, and, in the absence of any special arrangement for their burial or preservation, they shall, at the discretion of the trustees, be retained in a columbarium at the crematorium or be decently interred in some cemetery or burial-ground or in land adjoining the crematorium reserved for the burial of ashes.
- (3) In the case of ashes left temporarily in the charge of the trustees and not removed within a reasonable time, a fortnight's notice shall be sent by registered letter addressed to the person who applied for the cremation before the remains are interred.
- (4) In the case of an application for the delivery of ashes made by any person other than the person who applied for the cremation, or if objection be made by any person to the delivery of the ashes to the person who applied for the cremation, the trustees shall satisfy themselves of the propriety of any delivery of the ashes required of them, and shall act accordingly.
- (5) A receipt for the delivery of ashes shall be signed by the person receiving the same, and retained with the records relating to the cremation.
- (6) This regulation shall not apply to cremations taking place elsewhere than in an approved crematorium or a cemetery.

REGULATION 8.—RECORDS AND REGISTER.

- (1) The trustees shall appoint a Registrar, who shall keep in Form G in the Schedule hereto a register of all cremations taking place at the crematorium. He shall make the entries relating to each cremation immediately the cremation has taken place, except the final entries, which he shall make as soon as the ashes have been delivered to any person or otherwise finally disposed of.
- (2) The Medical Referee shall, after finally dealing with any application for cremation, deliver to the Registrar all documents held by him in connection with the application (whether or not such application is consented to), except the copy of the Form E issued to the sexton as provided by the said form.
- (3) All applications, certificates, statutory declarations, and other documents relating to any cremation shall be marked with a number corresponding to the number in the register, and shall be filed in order, and shall be carefully preserved by the trustees. All such

registers and documents shall be open to inspection at any reasonable hour by any Officer of Police, Medical Officer of Health, Inspector of Health, or any other person appointed for that purpose by the Minister.

(4) When any crematorium is closed as provided in Regulation 2 hereof the trustees shall send all registers and documents relating to the cremations which have taken place therein to the Minister, or otherwise dispose of them as he may direct.

(5) In the application of this regulation to cremations taking place elsewhere than in an approved crematorium or a cemetery the term "Registrar" shall mean the Medical Officer of Health.

REGULATION 9.—CREMATION ELSEWHERE THAN IN A CREMATORIUM.

(1) If the application made pursuant to Regulation 4 hereof represents that the deceased belonged to a religious denomination whose tenets require the burning of the body to be carried out as a religious rite otherwise than in a crematorium, the Medical Officer of Health may give his authority for cremation at such place as he may appoint.

(2) Such authority shall be given in writing, and may be expressed to be subject to such conditions as the Inspector of Health may consider necessary in the interests of health and decency with regard to the time of the cremation, the circumstances attending cremation, and the subsequent disposal of the ashes and other material connected with the cremation, and such authority shall be in Form F in the Schedule hereto.

(3) Where such authority is granted for cremation in a cemetery such cremation shall be carried out in the particular place and under the conditions appointed either generally or for any particular case by the trustees of such cemetery.

(4) Every person signing any application for such cremation shall be responsible for complying with the conditions set out in the authority granted by the Medical Officer of Health and imposed by the trustees, and failure on the part of any such person to comply with any such condition shall be an offence against these regulations.

REGULATION 10.—GENERAL.

(1) The sexton shall take all reasonable steps to satisfy himself that the remains of any person presented to him for cremation are those referred to in the authority in Form E delivered to him in relation thereto, and for that purpose may require the unsealing of any coffin or casket, and the delivery to him of a statutory declaration of identity, or other evidence.

(2) The trustees may make with the Medical Referee such arrangements for his remuneration as they may from time to time think fit.

(3) Any of the requirements of these regulations may be temporarily suspended or modified in any place during an epidemic or for other sufficient reason by written permission of the Minister given on the application of the trustees, and subject to such conditions as may be set out in the said permission.

be overlooked that when ships are crossing the bar outwards
two red lights vertically disposed are shown from the rear
