*Adjustment of Property and Liabilities between Te Kuiti Borough Council and Waitomo County Council.*

CHARLES FERGUSSON, Governor-General.

WHEREAS by Order in Council dated the eighth day of March, one thousand nine hundred and twenty-six, and published in the *Gazette* on the eleventh day of the same month at page 589, the boundaries of the Borough of Te Kuiti (hereinafter called "the borough," which expression shall include the Corporation of the Mayor, Councillors, and Burgesses of the Borough of Te Kuiti where the context so requires) were altered (such alteration being hereinafter referred to as "the first alteration of boundaries") by the exclusion therefrom and the inclusion in the County of Waitomo (hereinafter called "the county," which expression shall include the Corporation of the Chairman, Councillors, and Inhabitants of the County of Waitomo where the context so requires) on and from the first day of April, one thousand nine hundred and twenty-six, of the area described in the Schedule to that Order in Council:

And whereas by Order in Council dated the twenty-third day of May, one thousand nine hundred and twenty-seven, and published in the *Gazette* on the twenty-sixth day of the same month at page 1605, the boundaries of the borough were altered (such alteration being hereinafter referred to as "the second alteration of boundaries") by the exclusion therefrom and the inclusion in the county on and from the first day of April, one thousand nine hundred and twenty-eight, of the area described in the Schedule to that Order in Council:

And whereas by Order in Council dated the twenty-third day of February, one thousand nine hundred and twenty-eight, and published in the *Gazette* on the first day of March of the same year at page 509, the boundaries of the borough were altered (such alteration being hereinafter referred to as "the third alteration of boundaries") by the exclusion therefrom and the inclusion in the county on and from the first day of April, one thousand nine hundred and twenty-eight, of the area described in the Schedule to that Order in Council:

And whereas no agreement was made in the prescribed time and manner between the Te Kuiti Borough Council (hereinafter referred to as "the Borough Council") and the Waitomo County Council (hereinafter referred to as "the County Council") with respect to the adjustment of property, liabilities, contracts, and engagements upon the three alterations of boundaries aforesaid, as provided in section one hundred and forty-five of the Municipal Corporations Act, 1920, and a Commission was appointed by me to inquire and report upon the matters necessary to enable me to make an adjustment between the borough and the county:

Now, therefore, after considering the report of the said Commission, and in pursuance of the powers vested in me by the said section one hundred and forty-five of the Municipal Corporations Act, 1920, and the regulations made thereunder, and of all other powers and authorities enabling me in this behalf, I, General Sir Charles Fergusson, Baronet, Governor-General of the Dominion of New Zealand, do hereby, in default of such agreement as aforesaid, make the following adjustment in respect of property, liabilities, contracts, and engagements between the borough and the county consequent upon the alterations of boundaries of the borough and the county, that is to say,—

1. In respect of the cash balances, real and personal property, and assets and liabilities of the borough as existing on the 1st day of April, 1926, the Borough Council shall forthwith pay to the County Council on account of the first alteration of boundaries the sum of one hundred and twenty-five pounds seven shillings and eleven pence (£125 7s. 11d.), less the sum of sixty-three pounds (£63) previously paid, as per Schedule A hereto.

2. In respect to the cash balances, real and personal property, and assets and liabilities of the borough as existing on the 1st day of April, 1928, the Borough Council shall forthwith pay to the County Council the sum of one hundred and four pounds and four pence (£104 0s. 4d.) on account of the second alteration of boundaries and the sum of seventy pounds twelve shillings and four pence (£70 12s. 4d.) on account of the third alteration of boundaries—in all the sum of one hundred and seventy-four pounds twelve shillings and eight pence (£174 12s. 8d.)—as per Schedule B hereto.

3. (1) The County Council shall, as from and including the 1st day of April, 1926, in every year during the currency of the loans enumerated in Schedule C hereto, and until the said loans and all interest charges are fully discharged, pay to the Borough Council on account of the first alteration of boundaries the sum of thirty-one pounds six shillings and four pence (£31 6s. 4d.) as its share of the interest, principal, repayment, and sinking fund charges on the said loans, being loans raised over areas now partly within the county.

(2) Such annual amount of thirty-one pounds six shillings and four pence (£31 6s. 4d.) shall be payable by equal half-yearly instalments on the 1st day of March and 1st day of September, commencing on the 1st day of September, 1926, the instalment due on the 1st day of September, 1926, being a proportionate one.

(3) The instalment due on the 1st day of September, 1926, and the half-yearly instalments due on the 1st days of March and September, 1927, 1st days of March and September, 1928, and the 1st day of March, 1929, amounting to ninety-one pounds six shillings and ten pence (£91 6s. 10d.) less the amount of thirty-five pounds four shillings and three pence (£35 4s. 3d.) already paid and acknowledged by the Borough Council shall be paid forthwith by the County Council to the Borough Council.

(4) If and so soon as the Borough Council establishes sinking funds for the partial or whole redemption of the following loans, being certain of the loans enumerated in the said Schedule C hereto:—

(a) Te Kuiti Borough Municipal Buildings, Fire-station, and Contingencies Loan of £1,850;

(b) Te Kuiti Borough River-protection, Land, and Streets Loan of £3,150, being part of the loan of £6,680;

then the annual amount of thirty-one pounds six shillings and four pence (£31 6s. 4d.) mentioned in subclause (1) of this clause shall be increased by a one-hundred-and-forty-second ( $\frac{1}{42}$ nd) part of the amounts paid yearly by the Borough Council towards the establishment of sinking funds for the above-mentioned loans, such increase, in respect of amounts paid by the Borough Council to such sinking fund during any financial year, to be payable together with the half-yearly instalment payable pursuant to subclause (2) of this clause on the 1st day of September next following the close of such financial year.

(5) Upon repayment by the Borough Council of any of the loans enumerated in the said Schedule C the said annual payment shall be reduced by the amount set out in the said Schedule as being payable in respect of the loan so repaid.

(6) Upon partial repayment by the Borough Council of any of the loans enumerated in the said Schedule C the said annual payment shall be reduced by a sum bearing the same

proportion to the amount so repaid as the amount set out in the said Schedule as being payable in respect of such loans bears to the whole loan.

(7) Upon maturity or upon repayment by the Borough Council of the whole or any part of any of the loans enumerated in the said Schedule C, if and so far as no sinking funds or accrued profits of an undertaking, or proceeds of realization of assets created out of any respective loan, or other special fund in the hands or at the disposal of the Borough Council be available for repayment of such loan or part of a loan, so that such repayment cannot (except for the provisions of this subclause) be effected otherwise than by means of a special loan raised for the purpose, then the County Council shall pay to the Borough Council a one-hundred-and-forty-second ( $\frac{1}{142}$ nd) part of the amount for which (except for the provisions of this subclause) such special loan for repayment would require to be raised.

4. (1) The County Council shall, as from and including the 1st day of April, 1926, in every year during the currency of the loans enumerated in Schedule D hereto, and until the said loans and all interest charges thereon are fully discharged, pay to the Borough Council on account of the first alteration of boundaries the sum of three pounds fourteen shillings and four pence (£3 14s. 4d.) as its share of the interest, principal repayment, and sinking-fund charges on the said loans, being loans raised over areas now partly within the county.

(2) Such annual amount of three pounds fourteen shillings and four pence (£3 14s. 4d.) shall be payable by equal half-yearly instalments on the 1st day of March and 1st day of September commencing on the 1st day of September, 1926, the instalment due on the 1st day of September, 1926, being a proportionate one.

(3) Upon repayment by the Borough Council of any of the loans enumerated in the said Schedule D the said annual payment shall be reduced by the amount set out in the said Schedule as being payable in respect of the loan so repaid.

(4) In any year in which the County Council is called upon by the Borough Council to pay the sum of three pounds fourteen shillings and four pence (£3 14s. 4d.), or any part thereof as provided by this clause, the Borough Council shall return to the County Council an equivalent amount in consideration of the retention by the borough of the assets created out of the loans enumerated in the said Schedule D.

5. (1) The County Council shall, as from and including the 1st day of April, 1928, in every year during the currency of the loans enumerated in Schedule E hereto, and until the said loans and all interest charges thereon are fully discharged pay to the Borough Council, on account of the second alteration of boundaries, the sum of twenty-six pounds eight shillings (£26 8s.) as its share of the interest, principal repayment, and sinking-fund charges on the said loans, being loans raised over areas now partly within the county.

(2) Such annual amount of twenty-six pounds eight shillings (£26 8s.) shall be payable by equal half-yearly instalments on the 1st day of March and the 1st day of September commencing on the 1st day of September, 1928, the instalment due on the 1st day of September, 1928, being a proportionate one.

(3) The instalment due on the 1st day of September, 1928, and the half-yearly instalment due on the 1st day of March, 1929, amounting to twenty-four pounds four shillings (£24 4s.) shall be paid forthwith by the County Council to the Borough Council.

(4) If and so soon as the Borough Council establishes sinking funds for the partial or whole redemption of the following loans, being portion of the loans enumerated in the Schedule E hereto:—

(a) Te Kuiti Borough Municipal Buildings, Fire-station, and Contingencies Loan of £1,850;

(b) Te Kuiti Borough River Deviation, Land and Streets Loan of £3,150, being part of the Loan of £6,680;

then the annual amount of twenty-six pounds eight shillings (£26 8s.) mentioned in subclause (1) of this clause shall be increased by a three five-hundredth ( $\frac{3}{500}$ th) part of the amounts paid yearly by the Borough Council towards the establishment of sinking funds for the above-mentioned loans, such increase in respect of amounts paid by the Borough Council to such sinking fund during any financial year to be payable, together with the half-yearly instalment payable pursuant to subclause (2) of this clause on the 1st day of September next following the close of such financial year.

(5) Upon repayment by the Borough Council of any of the loans enumerated in the said Schedule E the said annual payment shall be reduced by the amount set out in the said Schedule as being payable in respect of the loan so repaid.

(6) Upon partial repayment by the Borough Council out of sinking fund of any of the loans enumerated in the said Schedule E the said annual payment shall be reduced by a sum bearing the same proportion to the amount so repaid

as the amount set out in the said Schedule as being payable in respect of such loans bears to the whole loan.

(7) Upon maturity or upon repayment by the Borough Council of the whole or any part of any of the loans enumerated in the said Schedule E, if and so far as no sinking funds, or accrued profits of an undertaking, or proceeds of realization of assets created out of any respective loan, or other special fund in the hands or at the disposal of the Borough Council be available for repayment of such loan or part of a loan, so that such repayment cannot (except for the provisions of this subclause) be effected otherwise than by means of a special loan raised for the purpose, then the County Council shall pay to the Borough Council a three five-hundredth ( $\frac{3}{500}$ th) part of the amount for which (except for the provisions of this subclause) such special loan for repayment would require to be raised.

(8) That whereas the adjustment effected by this clause is based on the fact that the proportion which the rateable value of the area severed from the borough upon the second alteration of boundaries (taken for the purposes of this adjustment at £1,608) bears to the total rateable value of the borough is in the proportion approximately of three to five hundred: Now, therefore, if upon the revision of the district valuation-roll for the borough next hereafter to be made pursuant to section 8 of the Valuation of Land Act, 1925, should the proportion of the rateable value of the area severed from the borough upon the second alteration of boundaries (as the same shall stand assessed upon the date at which such revision shall take effect) bear to the total rateable value of the borough as fixed upon such revision a proportion exceeding the proportion of three to five hundred, then every instalment of twenty-six pounds eight shillings (£26 8s.) referred to in this clause falling due after the date when such revision takes effect shall be increased proportionately and the three five-hundredth ( $\frac{3}{500}$ th) part referred to in subclause (4) and subclause (7) of this clause shall, as regards any payment required after the date aforesaid to be made under the said respective subclauses, be increased proportionately.

6. (1) The County Council shall, as from and including the 1st day of April, 1928, in every year during the currency of the loans enumerated in Schedule F hereto, and until the said loans and all interest charges thereon are fully discharged, pay to the Borough Council on account of the second alteration of boundaries the sum of three pounds ten shillings and sixpence (£3 10s. 6d.) as its share of the interest, principal repayment, and sinking-fund charges on the said loans, being loans raised over areas now partly within the county.

(2) Such annual amount of three pounds ten shillings and sixpence (£3 10s. 6d.) shall be payable by equal half-yearly instalments in the 1st day of March and the 1st day of September commencing on the 1st day of September, 1928, the instalment due on the 1st day of September, 1928, being a proportionate one.

(3) Upon repayment by the Borough Council of any of the loans enumerated in the said Schedule F the said annual payment shall be reduced by the amount set out in the said Schedule as being payable in respect of the loan so repaid.

(4) In any year in which the County Council is called upon by the Borough Council to pay the sum of three pounds ten shillings and sixpence (£3 10s. 6d.) or any part thereof, as provided by this clause, the Borough Council shall return to the County Council an equivalent amount in consideration of the retention by the borough of the assets created out of the loans enumerated in the said Schedule F.

7. (1) The County Council shall as from and including the 1st day of April, 1928, in every year during the currency of the loans enumerated in Schedule G hereto, and until the said loans and all interest charges thereon are fully discharged, pay to the Borough Council on account of the third alteration of boundaries the sum of eighteen pounds three shillings (£18 3s.) as its share of the interest, principal repayment, and sinking-fund charges on the said loans, being loans raised over areas now partly within the county.

(2) Such annual amount of eighteen pounds three shillings (£18 3s.) shall be payable by equal half-yearly instalments on the 1st day of March and the 1st day of September commencing on the 1st day of September, 1928, the instalment due on the 1st day of September, 1928, being a proportionate one.

(3) The instalment due on the 1st day of September, 1928, and the half-yearly instalment due on the 1st day of March, 1929, amounting to sixteen pounds twelve shillings and ninepence (£16 12s. 9d.) shall be paid forthwith by the County Council to the Borough Council.

(4) If and so soon as the Borough Council establishes sinking funds for the partial or whole redemption of the following loans, being portion of the loans enumerated in the Schedule G hereto:—

(a) Te Kuiti Borough Municipal Buildings, Fire-station, and Contingencies Loan of £1,850;

(b) Te Kuiti Borough River Deviation, Land, and Streets Loan of £3,150, being part of the Loan of £3,680; then the annual amount of eighteen pounds three shillings (£18 3s.) mentioned in subclause (1) of this clause shall be increased by a two-hundred-and-fiftieth ( $\frac{2}{50}$ th) part of the amounts paid yearly by the Borough Council towards the establishment of sinking funds for the above-mentioned loans, such increase in respect of amounts paid by the Borough Council to such sinking fund during any financial year, to be payable, together with the half-yearly instalment payable pursuant to subclause (2) of this clause on the 1st day of September next following the close of such financial year.

(5) Upon repayment by the Borough Council of any of the loans enumerated in the said Schedule G the said annual payment shall be reduced by the amount set out in the said Schedule as being payable in respect of the loan so repaid.

(6) Upon partial repayment by the Borough Council out of sinking fund of any of the loans enumerated in the said Schedule G the said annual payment shall be reduced by a sum bearing the same proportion to the amount so repaid as the amount set out in the said Schedule as being payable in respect of such loans bears to the whole loan.

(7) Upon maturity or upon repayment by the Borough Council of the whole or any part of the loans enumerated in the said Schedule G, if and so far as no sinking funds, or accrued profits of an undertaking, or proceeds of realization of assets created out of any respective loan, or other special fund in the hands or at the disposal of the Borough Council be available for repayment of such loan or part of a loan, so that such repayment cannot (except for the provisions of this subclause) be effected otherwise than by means of a special loan raised for the purpose, then the County Council shall pay to the Borough Council a two-hundred-and-fiftieth ( $\frac{2}{50}$ th) part of the amount for which (except for the provisions of this subclause) such special loan for repayment would require to be raised.

(8) That whereas the adjustment effected by this clause is based on the fact that the proportion which the rateable value of the area severed from the borough upon the third alteration of boundaries (taken for the purposes of this adjustment at £1,100) bears to the total rateable value of the borough is in the proportion approximately of one to two hundred and fifty: Now, therefore, if upon the revision of the district valuation-roll for the borough next hereafter to be made pursuant to section 8 of the Valuation of Land Act, 1925, should the proportion of the rateable value of the area severed from the borough upon the third alteration of boundaries (as the same shall stand assessed upon the date at which such revision shall take effect) bear to the total rateable value of the borough as fixed upon such revision a proportion exceeding the proportion of one to two hundred and fifty then every instalment of eighteen pounds three shillings (£18 3s.) referred to in this clause falling due after the date when such revision takes effect shall be increased proportionately, and the two-hundred-and-fiftieth part referred to in subclause (4) and subclause (7) of this clause shall, as regards any payment required after the date aforesaid to be made under the said respective subclauses, be increased proportionately.

8. (1) The County Council shall, as from and including the 1st day of April, 1928, in every year during the currency of the loans enumerated in Schedule H hereto, and until the said loans and all interest charges thereon are fully discharged, pay to the Borough Council on account of the third alteration of boundaries the sum of two pounds eight shillings and sixpence (£2 8s. 6d.) as its share of the interest, principal repayment, and sinking fund charges on the said loans, being loans raised over areas now partly within the county.

(2) Such annual amount of two pounds eight shillings and sixpence (£2 8s. 6d.) shall be payable by equal half-yearly instalments on the 1st day of March and the 1st day of September commencing on the 1st day of September, 1928, the instalment due on the 1st day of September, 1928, being a proportionate one.

(3) Upon repayment by the Borough Council of any of the loans enumerated in the said Schedule H the said annual payment shall be reduced by the amount set out in the said Schedule as being payable in respect of the loan so repaid.

(4) In any year in which the County Council is called upon by the Borough Council to pay the sum of two pounds eight shillings and sixpence (£2 8s. 6d.) or any part thereof as provided by this clause the Borough Council shall return to the County Council an equivalent amount in consideration of the retention by the borough of the assets created out of the loans enumerated in the said Schedule H.

9. The Borough Council shall have and hold all implements, machinery, and plant, reserves, and other real and personal property possessed by it on the 31st day of March, 1926, and on the 31st day of March, 1928, respectively, as the absolute property of the borough, freed and discharged from all estate, interest, claim, and demand by the County Council.

10. The Borough Council shall assume entire liability for the aforementioned loans during the currency thereof, and until such loans and all interest charges thereon are fully discharged, and shall at all times indemnify and keep harmless the County Council from all liabilities, claims, and demands for or in respect of the aforementioned loans, interest, debts, and liabilities.

11. The costs of the inquiry made by means of the said Commission is fixed at thirty-four pounds eight shillings (£34 8s.), to be paid by the Borough Council and the County Council in equal shares.

NOTE.—The weather during the month of June was cloudy and wet, with strong north-west winds prevailing. The rainfall at Karori Reservoir, near Kelburn, was 30 per cent. above the mean of previous years. Total bright sunshine, 106 hours, 38 per cent. of the possible, and six sunless days. Frost was recorded on the grass on two mornings; lightning was seen on the 14th and 24th, and sleet fell on the 29th. Fog was in evidence on five mornings. Mean dew-point, 44-6°; and mean vapour pressure, 0-294 in.

SUMMARY FOR THE MONTH OF JUNE, 1929.

June began with good weather, in continuance of the fine and dry conditions which had been the rule during May. General rains were recorded between the 7th and the 12th, with many heavy falls in districts with a westerly aspect, but the weather was otherwise mainly fine and unusually mild until the 19th.

From the 19th to the end of the month squally, boisterous weather, with heavy rains, was general. Unusually heavy snowfalls were experienced in Otago and Southland on the 28th and 29th.

Rainfall was much above the normal in the greater part of both Islands, although a few stations in Taranaki, Hawke's Bay, and North Auckland had less than the average. The May deficiency was thus made up, and any fears of a winter shortage were dispelled.

Temperatures were generally above the average for June, and there were few severe frosts, especially in districts north of Canterbury. The comparatively mild conditions, combined with the heavy rains, maintained a good growth of vegetation, and fodder is still abundant.

Many plants usually dormant at this time of year are sending forth shoots or producing flowers. At Wellington, for instance, blossoms have appeared on numbers of pohutukawas.

The bad weather of the latter end of the month affected the condition of hoggets to some extent, but otherwise stock are doing well.

Many places recorded rather less than the average amount of sunshine.

Although the pressure systems again included a number of cyclones, the month was notable for a return to the westerly type of weather. This was particularly pronounced from the 22nd to the end of the month.

A cyclone in the North Tasman in the early days of the month passed without effecting the Dominion to any extent, and anticyclonic conditions and fine weather ruled until the 4th.

A second cyclone of only slight intensity crossed Otago on the 7th, and was followed by a more vigorous one, the centre of which moved rapidly across Westland and Canterbury on the 11th. Thereafter until the 18th fine weather, associated with a well developed high-pressure system, was experienced over most of the country.

During the 19th and 20th a cyclone which had developed suddenly in the south-west Tasman passed through Cook Strait, where the pressure fell almost to 29.0 in. This storm was accompanied by very heavy rains and severe gales, especially over the North Island.

The westerly weather already referred to then began to control the situation. From the 24th onwards the pressure difference between northern and southern places became large. In other words, pressure gradients became steep. Thenceforward until the end of the month strong winds blew almost continuously from between west and south. In western districts, especially in the North Island, gale force was experienced for much of the time. The period was remarkable for the number of tornadoes occurring. The most severe was one which struck the outskirts of Palmerston North at 3.25 p.m. on the 24th. A number of houses were damaged, trees were uprooted, and telegraph poles levelled. Onaero, north of Waitara, experienced a less violent tornado on the 26th, and the Rotorua district another on the 27th. These whirls were accompanied by severe thunder and hail. Many other places also recorded thunder and hail storms. A number of stock were killed, and several human beings received shocks, two persons being rendered unconscious.

The block of the Hutt Valley Settlement now under offer is situated south of the Woburn Railway-station, and lies between the new railway workshops and the Waiwetu River. Bell Road, which traverses the block, will shortly become the main thoroughfare between the Hutt Valley and the Eastern Bays. The bridge over the Waiwetu is now practically finished, and will provide for direct access to the Industrial Area.

The block has been subdivided into residential sites, varying in area from 20 to 30 perches, with adequate frontage, and the prices fixed should be within the reach of every one's pocket.

Street formation, storm-water drainage, high-pressure water-supply, and sewerage are now completed, and with the provision of gas and electric lighting, this subdivision will provide all the amenities that can be desired.

A recreation-ground of approximately 4 acres and a school-site of 5 acres have been provided in this subdivision.
