And whereas in respect of the said sum of £5,000 there has been raised and borrowed for the purposes aforesaid the sum of £1,200:

And whereas the undertaking in respect of which the said loan was authorized has been completed, and it has not been found necessary to borrow the whole of the amount so authorized:

And whereas the Minister of Finance has duly notified the Sumner Borough Council in writing of his intention to cancel the loan authority in so far as it has not been exercised:

Now, therefore, in exercise of the powers in that behalf conferred upon me by section 118 of the Local Bodies' Loans Act, 1926, and of all other powers me in this behalf enabling, I, George William Forbes, acting for the Minister of Finance, do hereby cancel the authority of the Sumner Borough Council to borrow under the loan authority hereinbefore referred to the sum of £3,800, being the amount in respect of which the said loan authority has not been exercised: Provided always that this cancellation is without prejudice to the validity in all respects of the loan of £1,200 already borrowed pursuant to the said loan authority.

Dated at Wellington, this 19th day of December, 1929.

GEO. W. FORBES, for Minister of Finance.

Plant declared to be a Noxious Weed in the Coromandel County.—(Notice No. Ag. 2877.)

Department of Agriculture,
Wellington, 3rd January, 1930.

THE following special order, made by the Coromandel County Council on the 16th day of December, 1929, is published in accordance with the provisions of the Noxious Weeds Act, 1928.

GEO. W. FORBES, Minister of Agriculture.

SPECIAL ORDER.

In exercise of the powers conferred upon it by the Noxious Weeds Act, 1928, the Coromandel County Council hereby resolves and declares, by way of special order, that the plant known as cut-leaved psoralea (*psoralea pinnata*) is a noxious weed within the County of Coromandel.

Making and levying Special Rates under the Swamp Drainage Act, 1915, and its Amendments.

WHEREAS by section 2 of the Swamp Drainage Amendment Act, 1928, it is enacted that the Minister of Lands may from time to time make and levy a special rate on lands in any drainage area of an amount sufficient for payment of the annual charges in respect of interest and a sinking fund of not more than one per centum per annum on so much of the moneys raised pursuant to section 4 of the Swamp Drainage Act, 1915, as has been expended on that drainage area:

And whereas by section 4 of the Swamp Drainage Amendment Act, 1926, it is enacted that the Governor-General may by Order in Council exclude any lands from the Waihi Drainage Area and redefine the boundaries of the said area, and may divide the area so redefined into two or more subdivisions; and it is thereby further enacted that any special rate to be made and levied for the said drainage area shall be made and levied separately for each subdivision as if it were a separate drainage area; and it is thereby further enacted that national-endowment lands included in the said drainage area shall be exempt from any such special rate:

And whereas by virtue of the said section 4 of the Swamp Drainage Amendment Act, 1926, as modified by the provisions of section 26 of the Finance Act, 1929, the amount of

moneys raised pursuant to section 4 of the Swamp Drainage Act, 1915, that has been expended on the Waihi Drainage area is as from the 31st day of March, 1929, deemed to be the sum of £62,500:

And whereas by Order in Council made on the 21st day of February, 1927, the boundaries of the Waihi Drainage area were redefined, and the land comprised therein was divided into three subdivisions therein named and described—namely the Pukehina Subdivision, the Central Subdivision (national endowment), and the Kaikokopu Subdivision:

And whereas by Order in Council made on the 17th day of December, 1929, the aforesaid sum of £62,500 was allocated between the said several subdivisions in the proportions therein set out, so that the sum allocated to the Pukehina Subdivision is the sum of £5,000, and the sum allocated to the Kaikokopu Subdivision is the sum of £7,500:

And whereas it is expedient that provision be made for such special rates as aforesaid be made for the payment of amounts representing 5½ per centum per annum of the respective proportions (being £5,000 allocated to the Pukehina Subdivision and £7,500 allocated to the Kaikokopu Subdivision) of the said sum of £62,500 raised and expended as aforesaid:

And whereas the said 5½ per centum per annum is made up of an annual charge of 5 per centum per annum for interest and a sinking fund of ½ per centum per annum:

Now, therefore, in pursuance of the powers vested in me in that behalf by the Swamp Drainage Amendment Act, 1928, and all other powers enabling me in this behalf, I, George William Forbes, Minister of Lands, do hereby make and levy on the unimproved value of all land within the Pukehina Subdivision a special rate on a graduated scale according to the classification of such land made in accordance with section 3 of the Swamp Drainage Amendment Act, 1928, being the graduated scale set out in the First Schedule hereto:

And in further pursuance of the powers aforesaid I do hereby likewise make and levy on the unimproved value of all land within the Kaikokopu Subdivision a special rate on a graduated scale according to the classification of such land made in accordance with section 3 of the Swamp Drainage Amendment Act, 1928, being the graduated scale set out in the Second Schedule hereto:

And I declare that the foregoing respective special rates shall be annually recurring rates, and may be levied year by year without further proceeding by the Minister until the moneys in respect of which they were made (being the respective sums hereinbefore referred to) are paid off, and shall in respect of the financial year ending on the 31st day of March, 1930, be payable on the 30th day of December, 1929, and shall in respect of every future financial year be payable on the 30th day of August in such year:

And I further declare that the said respective special rates shall be payable at the office of the Collector of Rates, Chief Drainage Engineer's Office, 5 Law Court Buildings, High Street, Auckland.

Dated this 28th day of December, 1929.

Notice to Mariners No. 68 of 1929.

Marine Department, Wellington, N.Z., 17th December, 1929.

THE following revision of Admiralty Notice to Mariners No. 660 of 1929, which has been received from the Admiralty, London, is published for general information.

G. C. GODFREY, Secretary.

ADMIRALTY NOTICE NO. 1844 OF 1929.

BRITISH OFFICIAL WIRELESS MESSAGES TO MERCHANT SHIPS.

Former Notice.—Admiralty Notice No. 660 of 1929; hereby cancelled.

Mariners are informed that arrangements have been made for broadcasting by W/T, messages considered to be of sufficient importance to communicate to all British Merchant Ships in any part of the world.

The scheme for broadcasting messages of interest to Merchant Ships under the arrangements promulgated herein will not be in operation continuously. It will, however, be introduced for trial purposes for one week on 1st January and 1st July each year.

During these test periods brief messages will be issued by the Admiralty to all British Merchant Ships, and by the Naval Authorities responsible for the respective areas shown in the Schedule to British Merchant Ships in those areas. These "test" messages will *not*, however, be broadcast by the 500 kc/s (600 metres) Stations shown in the Schedule.

Should it be desired to send a message of special importance to British Merchant Ships, at any time outside the periods fixed for trial purposes, the scheme will be brought into operation for this purpose.

If and when such occasion arises to bring the organization into force, either generally or in any particular area, messages notifying the operation of the scheme will be issued by the Admiralty and/or by the Naval Authority responsible for the area or areas concerned. When such messages are necessary every available means of reaching Merchant Ships will be employed—*i.e.* the messages will be broadcast not only by Rugby and the other Stations at the times shown in the Schedule, but also where Stations included in the scheme transmit navigational warnings, weather reports, &c., at routine periods, messages notifying the commencement of the scheme will be broadcast during those periods. Such messages will bear the address "All British Merchant Ships" or "British Merchant Ships in.....area," in full; the use of the call signs mentioned in the scheme will commence when the scheme is brought into force.

The procedure outlined in this scheme is not intended to interfere with or replace existing arrangements for broadcasting to Merchant Ships messages concerning navigational dangers, weather reports, or gale warnings. Where routine arrangements exist for broadcasting such messages, those arrangements will continue in force.

The following are the arrangements which have been made for the operation of the scheme:—

1. The world has been divided into certain areas (*vide* chart appended) and collective call signs have been introduced for (i) all British Merchant Ships, and (ii) British Merchant Ships in a particular area. These call signs are as shown in the following table:—

Messages for	Area on Chart.	Call Sign.
All British Merchant Ships	GBMS
British Merchant Ships in Home Area 1	GBMS 1
" Mediterranean Area 2	GBMS 2
" East Indies Area 3	GBMS 3
" China Area 4	GBMS 4
" Australia Area 5	GBMS 5
" Africa Area 6	GBMS 6
" America and West Indies, East Coast, Northern Area 7	GBMS 7
" America and West Indies, West Coast, Northern Area 8	GBMS 8
" America and West Indies, East Coast, Southern Area 9	GBMS 9
" America and West Indies, West Coast, Southern Area 10	GBMS 10
" New Zealand Area 11	GBMS 11

2. Messages under this scheme will be broadcast from:—

- Rugby W/T Station on 16 kc/s (18,740 metres) at 0000 and 1200 G.M.T., immediately preceding the British Official Wireless News.
- Certain medium and high power W/T Stations abroad operating on waves between 150 kc/s (2,000 metres) and 100 kc/s (3,000 metres) at 0400 and 1600 G.M.T.
- Certain W/T Stations operating commercial traffic on 500 kc/s (600 metres) at any time.

3. A list of the Stations included in the scheme showing the areas for which they will transmit and the wave lengths on which messages will be broadcast is shown in the Schedule. The times 0400 and 1600 G.M.T. have been fixed for transmissions from

Stations under paragraph 2 (b) above, since, in all areas of the world, one or other of these times will fall within a period when ships with one operator are keeping watch. Times at which messages will be broadcast from 500 kc/s (600 metres) Stations are not included in the Schedule, since merchant ships keep normal watch on this wave length and messages may, therefore, be broadcast from these Stations at any time when the ships with one operator are keeping watch and are not listening for any routine transmissions on another wave length.

4. The organization provides for messages containing information affecting British Merchant Ships to be broadcast :—

- (a) By Admiralty to all British Merchant Ships in all areas ;
- (b) By Admiralty to British Merchant Ships in any particular area or areas ;
- (c) By Naval Authorities abroad to British Merchant Ships in the areas for which they are responsible.

Messages under (a) will be broadcast from Rugby with the call sign G.B.M.S. ; and will also be broadcast with the same call sign by the W/T Stations shown in column 3 of the Schedule. (During "test" periods from Rugby only.)

Messages under (b) will be broadcast from Rugby with the call sign or call signs for Merchant Ships in the particular area or areas concerned (*vide* paragraph 1 above) ; and unless the messages affect only area 1, they will also be broadcast with the same call sign or call signs by the W/T Stations for the area or areas concerned shown in column 3 of the Schedule.

Messages under (c) will be broadcast by the W/T Stations shown in column 3 of the Schedule, using the call sign for Merchant Ships in that area (*vide* paragraph 1 above). Such messages may also be broadcast from Rugby with the same call sign.

5. The W/T Stations broadcasting messages under this scheme will use their own call signs and will indicate the Naval Authority originating the message at the beginning of the text. For example, a message broadcast by Aden W/T Station from Commander-in-Chief, East Indies, for Merchant Ships in area 3 :—CT GBMS 3 GBMS 3 GBMS 3 DE GZQ GZQ GZQ BT From Commander-in-Chief, East Indies, BT During the period 1st March to 30th April, 1926, H.M. ships engaged in the prevention of smuggling arms will be operating without lights in the Persian Gulf BT 1030 (*) BT Repetition BT From Commander-in-Chief, &c., &c., BT 1030 (*) AR VA.

NOTE.—(*) This is G.M.T. at which the message was ordered to be sent. It may be followed by the date thus :—" 1030 NR 15 NR 2."

‡ For the test commencing on 1st January, 1930, Georgetown will transmit on 125 kc/s (2,400 metres). As soon as information is available as to the normal transmitting wave of the station in accordance with the International Radio-telegraph Convention this wave will be substituted.

In order that information may be available as to the results of the test transmissions, a specimen is attached of a form on which wireless operators should enter particulars of the messages received during the test periods commencing on 1st January

and 1st July. Reports containing particulars of each message received, arranged in the manner shown in the specimen form, should be rendered by operators to the Masters of their ships, and transmitted by the latter to the Shipowners, who will forward the reports to the Board of Trade. Ships listening for, but failing to receive, the test messages should render blank returns, giving, if possible, any reasons for non-reception.
