2. Cadets shall, when located and living away from their homes, be paid lodging-allowance at the rate of £35 per annum while in Subgrade 1, £25 per annum while in Subgrade 2, and £10 per annum while in Subgrade 3 of Grade 8 of the First Division.

3. Notwithstanding anything contained in the First Schedule or in any other regulation, the Minister may, in order to give effect to any agreement or contract of service or for any other special reason, fix the rate of salary which shall be paid to any member or probationer or be attached to any office, and may determine the classification of such member or probationer or of the occupant for the time being of such office.

4. For this purpose every 313 days actually worked as aforesaid shall be counted as one year. Time worked by a fireman as a night foreman of cleaners shall, for the purposes of this paragraph, be deemed to be time worked as an engine-driver.

5. Boilermakers who, on 12th August, 1926, were engaged at operating acetone or quasia-arc-electric-welding plant shall while so engaged be paid 1½d. per hour in addition to the rates prescribed for boilermakers in Subclass 2 of Class 2, Locomotive (Second Division).

Provided that—

(a) With respect to every member and probationer the right to advance from one subgrade to another, or, where there are no subgrades, the right to receive any increase of pay in any year, shall in each case depend upon the efficiency and good conduct of the member or probationer to whom such advancement is due or to whose pay such increase is attached in accordance with the aforesaid Schedule ; and no such advancement shall be made, and no such increase shall be payable, unless the Permanent Head of the Department certifies in writing that the member or probationer is entitled thereto :

NOTE.—A cool and cloudy month, with much threatening weather, but comparatively little rain until the 25th. Cloud, wind, and rainfall were above the normal, while temperatures and sunshine were below. Total bright sunshine, 171.4 hours, 40 per cent. of the possible, and two sunless days. Fog was in evidence on the 24th, thunder was heard on the 27th, and lightning was seen on the 28th. No frosts were recorded. Mean dew-point, 50.3°; and mean vapour pressure, 0.363 in.

SUMMARY FOR THE MONTH OF NOVEMBER, 1929.

After a long dry spell, rainy conditions had set in over a large part of the country at the end of October. These continued throughout November, which proved a dull and humid month. Heavy rains were recorded in many districts, some places having the wettest November for many years. The totals for the month were below the normal in the low-lying country facing the Taranaki Bight, from Patea to Foxton, in the Wairarapa, and on the Plain country of Canterbury and North Otago. Elsewhere there was an excess, that was in most cases considerable. At Auckland, Tairua, Nelson, and Clyde, the rain was more than double the average for November, while at Tauranga and Marahako Station, near Opotiki, it was approximately double.

Temperatures, though there was much warm and humid weather, were, on the average, below normal, especially over the South Island. Sunshine records were also low, while the amount of cloud was correspondingly high.

There was more wind than usual, north-westerlies predominating. In this respect the previous absence of westerlies was to some extent counterbalanced, and a more normal type of spring weather experienced. Most of the rain fell in the north-westerlies, comparatively little being brought by the southerlies, which were rather poorly developed. This fact accounted for the continued dry conditions in some areas.

Feed is abundant in most districts and stock are in fair to good condition. In Otago and Southland conditions are especially good, but in the remaining areas which had excess rainfall the growth has been too rank, and the weather has favoured the appearance of fungus and other pests. A spell of dry, sunny weather would do good in these districts. In Canterbury and the Wairarapa further rain is needed to ensure good crops and adequate supplies of feed.

There were two principal storm periods, the first being from the 4th to the 9th, during which two cyclonic depressions crossed the Dominion, the first over Otago and the second over Auckland. Rain was general, and many heavy falls were recorded in the North Island and western districts. In the central part of the North Island, particularly, this was a very warm, humid, and rainy spell. On the 6th, a sudden thunderstorm and a heavy downpour occurred at Crusington, near Reefton, where some of the creeks were flooded. On the 8th there was a flood in the Wairau River due to heavy rain in the back country. On the 9th particularly severe thunderstorms, accompanied by exceptionally heavy rains, occurred over a large part of the north central portion of the North Island. Flooding was reported from Auckland as far north as Whangarei, in the Lower Thames valley, and in the Napier district. There were several instances of stock being killed by lightning,

and a house near Hastings was struck. In parts of the Coromandel Ranges the rain amounted to a deluge. At the Ohinemuri Mines, near Paeroa, a wall of water, 14 ft. high, came down one of the creeks and extensive damage was done, one life being lost.

Following this, from the 10th to the 12th, occurred one of the finest spells in the month.

In the rear of a westerly depression which passed on the 14th, gales were experienced generally on the 15th and 16th. In Cook Strait they were from the north-west, but elsewhere from the south-west. Snow fell on the ranges on the morning of the 16th, reaching the lower levels at Greymouth, the Bluff, and Nugget Point. A severe frost was experienced in the morning in parts of the South Island, especially North Canterbury, where much damage was done to gardens, fruit, and small crops. Nelson also suffered considerably.

The second of the stormiest periods referred to above was that from the 26th to the end of the month, when a double-centred cyclone crossed the South Island. West or north-west gales occurred from Cook Strait northward, accompanied by heavy rains. In the South Island, also, the rain was general, but only light to moderate in the eastern districts. Again there were many severe thunderstorms. An interesting feature was another copious deposit of red dust from Australia over a wide area in Taranaki, western Wellington, Nelson, and Marlborough.

A marked cheque for one-tenth of the purchase-money, together with half-year's ground rent and £1 ls. (license fee) must accompany tender, and the balance be paid by nine equal quarterly instalments, the first payment to be made three months after the date of sale.

In addition, the successful tenderer shall continue the payments of such ground rent half-yearly in advance during the currency of the license.

Terms and Conditions.

1. All instalment-payments shall be secured by "on demand" promissory notes made or endorsed to the satisfaction of the Commissioner of State Forests, and interest at the rate of 1 per cent. per annum in excess of current bank overdraft rates will be charged on all notes overdue from the date of maturity to the date of payment.

2. A return, verified by affidavit, giving the number of logs cut of each species and their contents must be made quarterly by the licensee on the last days of March, June, September, and December respectively in each year. A return, similarly verified, must be made on the same dates showing the output of sawn timber of each species. 3. The right to cut and remove the timber will be sold in accordance with the provisions of the Forests Act, 1921-22, the regulations in force thereunder, and these conditions.

4. The aforementioned qualities, quantities, and kinds as to the said timber shall be taken as sufficiently accurate for the purposes of this sale, and no contract for the purchase shall be voidable, nor shall the successful purchaser be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, or kind as stated herein or in any advertisement having reference to the said timber.

5. The attention of all tenderers is drawn to the fact that the local controlling body may require the successful tenderer to pay any claims or charges which may be made by that body for the maintenance of the road over which the timber may be transported, and before a sawmill license is issued a letter indicating that satisfactory arrangements have been made in this connection must be produced to the undersigned.

6. Intending tenderers are expected to visit the locality and to satisfy themselves in every particular on all matters relative to the sale.

7. Each tenderer must state the total price that he is prepared to pay for each species. The highest or any tender will not necessarily be accepted, and the timber described is submitted for sale subject to the final acceptance of the tender by the Commissioner of State Forests.

8. The right is reserved to the Commissioner of State Forests to withdraw from sale any or all of the said timber either before or after the closing date for receipt of tenders.

9. If no tender is accepted for the timber herein mentioned it will remain open for application at the upset price until further notice.

10. Tenders should be on the special form obtainable from any office of the State Forest Service, and should be enclosed in envelopes addressed "Conservator of Forests, Hokitika," and endorsed "Tender for Timber."

The conditions which will be inserted in the license to be issued to the purchaser, and further particulars, may be obtained on application to the undersigned or to the Director of Forestry, Wellington.

RYAL BUSH ANGLICAN CHURCH.

In the Supreme Court of New Zealand,
Otago and Southland District.

In the matter of the Religious, Charitable, and Educational Trusts Act, 1908, and its amendments, and in the matter of the estate of CORNELIUS HARRY BUTLER, late of Ryal Bush, Farmer (deceased), and in the matter of a Declaration of Trust dated 8th July, 1907, made by the said Cornelius Harry Butler and others, between EDMUND RICHARDSON WILSON, of Invercargill, Architect, and others, the trustees of the will of the said Cornelius Harry Butler (deceased), plaintiffs, and His Majesty's Attorney-General for New Zealand, CECIL BROCK TAPLEY, of Invercargill, Shipping Agent, and others, the trustees of the above-mentioned Declaration of Trust, EDWARD WALLACE BUTLER, of Seaward Downs, Farmer, one of the next-of-kin of the said Cornelius Harry Butler (deceased) and THE DUNEDIN DIOCESAN TRUST BOARD, defendants.

WHEREAS the above-named Cornelius Harry Butler (who died on the 24th June, 1917) by his will dated 17th October, 1914 (*inter alia*), gave the residue of his real and personal property to his trustees for the purpose of the erection of a church upon a site mentioned in the above Declaration of Trust and in accordance with a plan provided by him, and directed that on completion of the said church the same would be vested in the Dunedin Diocesan Trust Board: And whereas the said C. H. Butler during his lifetime collected certain funds for the same object, which are now in the hands of the plaintiff trustees: And whereas the Dunedin Diocesan Trust Board holds a more commodious site on which is situated the present church, which is very old and dilapidated, and practically beyond repair: And whereas a church built in accordance with the plan mentioned in the will of the said C. H. Butler would be far beyond the present or future requirements of the district: And whereas it is inexpedient to carry out the trusts for the building of a church in accordance with the said plan on the site mentioned in the said will, and it is desirable that the property and funds above referred to should be disposed of for the charitable purpose of a similar nature hereinafter set forth:

Now this is to notify all whomsoever it may concern that on the 21st day of January, 1930, the trustees of the will of the said C. H. Butler (deceased) caused to be filed in the office of the Supreme Court at Invercargill a scheme as submitted to His Majesty's Attorney-General for New Zealand providing for the disposal of the said property and funds in manner following:—

1. That the funds now or hereafter held by the plaintiff trustees for the erection of a church as hereinbefore mentioned be applied by them in or towards the cost of erecting, equipping, furnishing, maintaining, and repairing a church on the site at Ryal Bush now held by the Dunedin Diocesan Trust Board, instead of on the site referred to in the Declaration of Trust of the 8th day of July, 1907, and in the will of the said C. H. Butler, such church to be built in accordance with some other plan that may be approved of by the said trustees and by the Bishop of the Diocese, but which in general design shall be on similar lines as near as may be to the plan referred to by the said C. H. Butler in his said will.

2. That part of the said church comprising the nave and porch to be built out of the funds now available and in the hands of the plaintiff trustees, and that the remainder of the said church be built when the remaining funds become available.

3. That the trustees acting under the said Declaration of Trust sell the site held by them under the said Declaration of Trust and apply the proceeds of such sale in or towards the erection of such church as aforesaid.

4. That all reasonable costs and expenses of and incidental to the preparation and disposal of the foregoing scheme be paid out of the said trust funds.

The application to the Supreme Court to approve the foregoing scheme will be heard at the Supreme Court, Invercargill, on Monday, the 17th day of February, 1930, at 10.30 o'clock in the forenoon, or as soon thereafter as parties may be heard.
