GENERAL DESCRIPTION.

Tapanui Settlement, which was formerly known as "Brookdale," the property of Mr. George Stuart, is situated in a very good agricultural district, where dairying, cropping, sheep-farming, and fattening are successfully carried on. Tapanui Township (with post and telegraph office, school, and railway-station) is about two miles and a quarter distant, while the Tapanui and Kelso dairy factories are two miles and two miles and a half away. Splendid access; nearly all metalled roads. Practically all level land or on a gentle slope lying well to the sun. Mostly good sharp soil, and the whole area is capable of much improvement. Responds well to top-dressing and manuring, is clear of rabbits, has good running water in most of the paddocks, thus making for very good sheep and cattle country, while splendid root and cereal crops can be grown.

SPECIAL CONDITIONS.

The attention of all applicants is specially drawn to the following:—
 1. Capital values, areas, and rentals are subject to slight alteration on completion of survey.
 2. Possession will be given on 29th March, 1930, up to which date all rates, taxes, and insurances will be apportioned.
 3. Successful applicants, with the permission of the Commissioner of Crown Lands, Dunedin, may enter at any reasonable time upon their sections, and carry and place thereon any building or fencing materials.
 4. The former owner of the property (Mr. Stuart) has reserved the right: (1) To cut and remove not more than 500 netting stakes from the timber growing on the land; (2) to remove all power machinery and shearing plant from the wool-shed. In addition, he may remove any crops belonging to him before the 30th April, 1930.

5. The plantation on Section 5s is not to be cut or interfered with in any way except with the permission of the Commissioner of Crown Lands and on such conditions as he may impose.

GENERAL DESCRIPTION.

Wilden Settlement is situated in the Wart Hill, Greenvale, and Crookston Survey Districts, the nearest part of the property being about four miles from Edievale Railway-station, post-office, and telegraph-office, school, and store,

from which the average distance would be about twelve miles, with good access. Altitude ranges from 1,000 ft. to 2,400 ft.

The settlement comprises mixed agricultural and pastoral land, most of the former being undulating land with ploughable areas on good open ridges, capable of growing excellent crops of turnips, oats, and rape, while grass holds well. Taken all over the property is well watered by creeks and springs.

Three schools will be within easy distance—viz., Moa Flat, Dunrobin, and Parkhill. Mail from Heriot thrice weekly.

The pastoral land included in Sections 1 to 4 is composed of very good to fair grazing country, a fair portion being winter country.

All areas, capital values, and rentals are subject to alteration on completion of the survey.

NOTE.—The agents of the vendors propose to hold a clearing sale on the property on the 9th and 10th April, and arrangements will be made for successful applicants for sections to get grazing on their blocks for stock purchased at the sale, with full grazing-rights after the 18th April.

Any work incidental to building and fencing may be commenced immediately after the ballot.

GENERAL DESCRIPTION.

The Rosebery Settlement, formerly known as Gilchrist's property, is situated in Papakaio and Oamaru Survey Districts, in the North Otago District, about seven miles north of Oamaru, and adjoining the Airedale Settlement on the south-west and the Ardgowan Estate on the north. Access is by the Oamaru-Kuroo Main Highway and by good metalled roads, and there is a good stock route to the Pukeuri Railway-station and freezing-works. Practically the whole of the area is suitable for grazing and cropping, with a limited amount of dairying, while fruit-growing could also be undertaken on some of the sections. In most cases the soil is a heavy, dark loam, resting on limestone formation, and most of the sections have a good water-supply from creeks and springs, while those settlers who take up areas through which the Oamaru Borough Council's water-race flows will most probably be able to arrange for a supply of water from the Council on payment of an annual charge.

The settlement is within easy reach of schools, post-office, and stores, while exceptional educational facilities are available in Oamaru.

Making and Levying Special Rates under the Swamp Drainage Act, 1915, and its Amendments.

WHEREAS by section 2 of the Swamp Drainage Amendment Act, 1928, it is enacted that the Minister of Lands may from time to time make and levy a special rate on lands in any drainage area of an amount sufficient for payment of the annual charges in respect of interest and a sinking fund of not more than one per centum per annum on so much of the moneys raised pursuant to section 4 of the Swamp Drainage Act, 1915, as has been expended on that drainage area:

And whereas by section 5 (1) of the Swamp Drainage Amendment Act, 1926, it is enacted that the capital expenditure chargeable against the Kaitaia Drainage Area constituted under the principal Act shall, as from the 1st day of April, 1927, be the sum of one hundred and twenty-five thousand pounds (£125,000), and that sum shall for the purposes of any special rate to be made and levied in that area be deemed to be the amount of loan-moneys expended on that area:

And whereas by section 5 (2) of the Swamp Drainage Amendment Act, 1926, it is enacted that the said drainage area shall be deemed to be divided into two subdivisions of which the Kaitaia Town District forms one (hereinafter referred to as the Town Subdivision) and the balance of the said area the other (hereinafter referred to as the Rural Subdivision), and that the said capital sum of one hundred and twenty-five thousand pounds shall be allocated between the two subdivisions in the proportion of fifteen thousand pounds (£15,000) to the Town Subdivision and one hundred and ten thousand pounds (£110,000) to the Rural Subdivision, and that any special rate to be made and levied shall be made and levied separately for each subdivision as if it were a separate drainage area:

And whereas it is expedient that provision by means of such special rates as aforesaid be made for the payment of amounts representing 5½ per centum per annum of the respective proportions (being £15,000 allocated to the Town Subdivision and £110,000 allocated to the Rural Subdivision) of the said sum of £125,000 raised and expended as aforesaid:

And whereas the said 5½ per centum per annum is made up of an annual charge of 5 per centum per annum for interest and a sinking fund of ½ per centum per annum:

Now, therefore, in pursuance of the powers vested in me in that behalf by the Swamp Drainage Amendment Act, 1928, and all other powers enabling me in that behalf, I, George William Forbes, Minister of Lands, do hereby make and levy a special rate on the unimproved value of all land within the Town Subdivision as set out in the First Schedule hereto:

And in further pursuance of the powers aforesaid, I do hereby likewise make and levy a special rate on the unimproved value of all land within the Rural Subdivision on a graduated scale according to the classification of such land made in accordance with section 3 of the Swamp Drainage Amendment Act, 1928, being the graduated scale as set out in the Second Schedule hereto:

£

And I declare that the foregoing special rates shall be annually recurring rates, and may be levied year by year without further proceeding by the Minister until the moneys in respect of which they were made (being the respective sums hereinbefore referred to) are paid off, and in respect of the financial year ending on the 31st day of March, 1930, be payable on the 1st day of March, 1930, and shall in respect to every future financial year be payable on the 30th day of August in such year:

And I further declare that the said respective special rates shall be payable at the office of the Collector of Rates, Chief Drainage Engineer's Office, 5 Law Court Buildings, High Street, Auckland.
