ORDER IN COUNCIL.

At the Government House at Wellington, this 26th day of March, 1930.

Present :

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

IN pursuance and exercise of the powers and authorities conferred upon him by the Slaughtering and Inspection Act, 1908 (hereinafter referred to as "the said Act"), His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby make the following regulations under the said Act relating to the inspection of meat, and doth hereby revoke the Order in Council mentioned in the Schedule hereto, and doth hereby declare that the regulations hereby made shall be read together with and form part of the regulations made under the said Act by Order in Council on the fifth day of June, one thousand nine hundred and two, and published in the Gazette on the same day at page 1221, and doth further declare that such revocation shall take effect and the regulations hereby made shall come into force on the date of the publication of this Order in Council in the Gazette.

 - " Department " means the Department of Agriculture :

2. No stock slaughtered in any abattoir or meat-export slaughterhouse shall be passed by the Inspector as food for human consumption unless the Inspector appointed to such abattoir or meat-export slaughterhouse is satisfied after conducting ante-mortem and post-mortem examinations of such stock in accordance with the provisions of these regulations that such stock are sound, healthy, and in every way suitable for human consumption.

ANTE-MORTEM INSPECTION.

3. Ante-mortem inspection of all stock shall include :—

- (b) Has a greyish colour.
- (c) Shows that good muscular development as a whole is lacking, which is especially noticeable on the upper shank of the leg, where small amounts of serous infiltrates or small edematous patches are sometimes present between the muscles.
- (d) Shows that the tissue which later develops as the fat capsule of the kidneys is edematous, dirty yellow or greyish red, tough, and intermixed with islands of fat.
