NOTE.—A cold, cloudy, and stormy month, with temperatures considerably below the mean of previous years. Total bright sunshine, 125-7 hours, 35 per cent. of the possible, and two sunless days. At Karori Reservoir, near Kelburn, rainfall was 57 per cent. above the average of previous years. There was a very slight fall of snow on the 6th and 7th. Frost was recorded on the grass on the 7th, 8th, and 23rd, and hail fell on the 6th, 9th, 29th, and 30th. Fog was in evidence on the 1st, and lightning was seen on the 15th. Mean dew-point, 40-7°; and mean vapour pressure, 0-253 in.

SUMMARY FOR THE MONTH OF SEPTEMBER, 1930.

After a very severe winter, August appeared to give promise of a return to milder conditions. September, however, brought a set-back, and another cold and stormy month was experienced. The tendency for subnormal temperatures, which has been in evidence for over a year past, therefore continues. The cold spell between the 6th and the 12th was responsible for considerable losses of lambs, especially in Hawke's Bay, the Wairarapa, and Canterbury. In the ranges of the South Island the snowfalls generally were not very heavy, so that the losses were not so serious as on the lower country, where the effect of the cold was increased by the high precipitation. The growth of vegetation was retarded, and the season is in a somewhat backward state. Nevertheless, stock, crops, and pastures are mainly in fair condition.

Temperature: The temperature at Wellington and Christchurch last month was the coldest September recorded, while at many other places the only one with a lower mean temperature was that of 1925.

Rainfall: Rainfall was above normal in the district from Whangarei southwards to Auckland and Thames, in the eastern portion of the North Island from East Cape to Wellington, and on the high central plateau, and in Canterbury and Otago. Elsewhere it mainly was below normal. The excesses were considerable in parts of Hawke's Bay, Canterbury, and North Otago. In most districts where a deficit was recorded, it was of a considerable magnitude also, while the areas around Nelson and Blenheim had a very dry month.

Pressure: The mean pressure was considerably below the September average.

Sunshine and Cloudiness: The month was a cloudy one in most districts, and the total amount of sunshine recorded was unusually low.

Winds: The month, on the whole, was a windy one, especially in the northern half of the North Island and in eastern districts generally. There was a persistent tendency for low pressures to the east of New Zealand, while over eastern Australia high pressures prevailed. The result was that once more there was a high proportion of southerly winds. During the period from the 23rd to the 28th weather of the westerly type ruled and conditions were mild.

Weather and Storm Systems: In many parts the month was a showery one, with the rainfall fairly uniformly distributed. No very general rains were experienced, and such heavy falls as were recorded came at different periods in the different districts.

The month began with a series of small and irregular depressions operating over the Dominion. By the 4th these had moved off to the eastward, where they increased in depth. This condition persisted practically continuously until the 12th, there being only slight fluctuations, due to pressure waves moving from the westward. Strong southerly winds prevailed, and gale force was experienced at times in many places. The 7th was a particularly unpleasant day, snow being very widespread on the high country of both Islands, and extending to the low levels in the South Island. Snow and hail were, indeed, of frequent occurrence in some part or other of the Dominion throughout this period. On the 10th, Gisborne had its first fall of snow for many years. Precipitation was heavy in Canterbury and Otago, and there were considerable losses of lambs.

During the 14th and 15th a rather deep depression moved past the Dominion from the westward, its centre crossing Foveaux Strait. On the 16th a cyclone developed in the northward extension of this depression, and crossed the Auckland Peninsula during the night. Between the 14th and the 17th rain was experienced in practically all parts of the country. The eastern districts of the North Island recorded heavy falls on the 16th and 17th.

The above-mentioned storm passed away gradually, and from the 23rd to the 29th a series of depressions of the westerly type followed one another across the Tasman Sea and New Zealand. It was during this interval that the west coast of the South Island received most of its rainfall for the month. The mild temperatures brought by the westerlies were a very welcome change. The last of this series of depressions passed on the 29th, and was followed by severe southerly gales which continued until the 1st October. In the North Island and Nelson the 29th was a very bitter day with frequent hail storms, but on the east coast the 30th and the 1st October were more severe. In addition to the widespread hail storms, there were heavy snowfalls on the ranges.

The Unemployment Levy Regulations, 1930.

BLEDISLOE, Governor-General.
ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 25th day of November, 1930.

Present :

THE HON. SIR APIRANA NGATA, PRESIDING IN COUNCIL.

IN pursuance and exercise of the powers in this behalf conferred upon him by the Unemployment Act, 1930 (hereinafter called "the said Act"), His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby make the following regulations for the purposes of the said Act, and doth hereby declare that these regulations shall come into force on the date of the publication thereof in the *Gazette*.

REGULATIONS.

1. THESE regulations may be cited as "The Unemployment Levy Regulations, 1930."

2. In these regulations—

"Authorized officer" includes any Postmaster, any officer of the Post and Telegraph Department, and any other person authorized for the time being under the said Act to receive the annual levy or any instalment thereof and to give a valid receipt therefor :

"Last day for payment," in relation to any instalment, means the last day prescribed by the said Act for payment without default of an instalment of the said levy which any person is liable to pay, or would, but for temporary exemption under subsection (2) of section 7 of the said Act, be liable to pay :

"Person liable" means any person required to be registered under the said Act who is not wholly exempt from the payment of the unemployment levy, irrespective of any temporary exemption; and includes any Native who, with the consent of the Board, elects to become a contributor to the Unemployment Fund; and also includes a person acting on behalf of any person liable :

"Substituted book" means a book of coupons obtained pursuant to clause 18 of these regulations.

3. Every person liable shall, not later than the last day for payment of the first instalment of the said levy, present his certificate of registration at a money-order office.

4. Every person liable shall, on presentation of his certificate as aforesaid, obtain a book containing coupons, each coupon relating to one quarterly instalment of the unemployment levy.

5. On payment of any instalment of the levy every contributor shall present to an authorized officer his book of coupons or a substituted book.

6. The coupon for each instalment paid shall be detached and retained by the authorized officer, who shall furnish a receipt on the counterfoil for the amount of each such instalment and any penalty paid for delayed payment.

7. Except in cases where the collection of an instalment is arranged by an employer on behalf of a contributor, every contributor shall, upon paying any instalment of the levy, furnish, on the relative coupon, his name and address and the name and address of his employer, if any.

8. Every person liable claiming temporary exemption in respect of any instalment as an inmate of an institution within the meaning of paragraph (a) of subsection (2) of section 7 of the said Act, shall, within seven days after the last day for payment of such instalment, produce to an authorized officer, together with his book of coupons or a substituted book, evidence in writing to the satisfaction of the Board from a responsible official of such institution that such person liable was an inmate thereof on the due date of such instalment and for one month thereafter.

9. Every person liable claiming temporary exemption in respect of any instalment as a student of any educational institution within the meaning of paragraph (b) of subsection (2) of section 7 of the said Act, and not being in receipt of salary or wages, shall, not later than the last day for payment of such instalment, produce to an authorized officer, together

with his book of coupons or a substituted book, evidence in writing to the satisfaction of the Board from a responsible official of such educational institution that such person liable was a student thereof on the due date of such instalment, and shall, on production of such book and evidence, himself certify in writing to the satisfaction of the Board that he was not in receipt of salary or wages.

10. The Board may at any time require any person liable who has claimed temporary exemption in respect of any instalment to produce such further evidence as the Board may reasonably require in support of the claim for exemption.

11. On production to an authorized officer of the book and evidence referred to in clause 8 or clause 9 of these regulations (as the case may be) the authorized officer shall detach the appropriate coupon, endorse the counterfoil "Exempt," and sign his name to such endorsement, and affix thereto an impression of the date-stamp in the spaces provided.

12. Any such endorsement made in error, or upon misrepresentation, or upon evidence considered by the Board or an authorized officer to be insufficient, may at any time be cancelled.

13. Any such endorsement may in the absence of cancellation be accepted by an employer or intending employer as *prima facie* evidence that such contributor was exempt from the payment of the instalment of the levy to which such endorsement refers.

14. The secretary, manager, or other person having administrative control of any institution in which there are persons liable who are entitled to temporary exemption as inmates thereof shall, not later than the fourth day of the months of April, July, October, and January, furnish to the nearest money-order office a list showing the names and addresses, if known, of inmates entitled to temporary exemption from payment of the instalment of the levy payable on the first day of the immediately preceding months of March, June, September, and December respectively.

15. Any person who is wholly exempt shall make such declaration as may be required by the Board of his exemption from the payment of the levy, and in such declaration shall state the reason for such exemption.

16. Every person who is wholly exempt and whose exemption lapses for any reason whatever shall immediately apply to the nearest money-order office for the issue of a book of coupons, and shall, from the date on which such exemption lapses, become a contributor to the Unemployment Fund.

17. Every Native within the meaning of the Native Land Act, 1909, who desires to become a contributor to the Unemployment Fund shall notify his election in writing to the Board, and if the consent of the Board is given thereto shall become liable as a contributor from the date on which such election and consent take effect.

18. Any person requiring a substituted book to replace a book lost, destroyed, or dilapidated, may make application at any money-order office. Pending the issue of a substituted book, the applicant will be furnished with an acknowledgment of such application, and such acknowledgment, if duly signed by the Postmaster and date-stamped in the space provided, may be accepted by an employer or intending employer for the period stated therein as *prima facie* evidence that instalments have been paid to the date stated in such notification, or that temporary exemption exists in respect of instalments payable to the date so stated, as the case may be. The fee for the issue of a substituted book shall be one shilling.

19. Each substituted book shall contain a certificate indicating the date up to which the levy has been paid, and such certificate shall be evidence of the payment of instalments payable up to the date so stated.

20. The production of a book of coupons or substituted book to any employer or intending employer may be accepted as evidence that the contributor named therein is duly registered under the said Act.

21. On payment of the last instalment in relation to which a coupon is inserted in his book of coupons (or in the case of a person claiming temporary exemption on producing evidence of temporary exemption from liability for that instalment), every person required to be registered under this Act who is not wholly exempt from payment of the levy shall obtain a further book containing coupons relating to subsequent quarterly instalments.

NOMINAL CAPACITY OF BUILDINGS.

10. The nominal capacity of a building shall be ascertained according to the nature and use of the occupancy thereof in manner following:—

- (a) Except as provided in the subsequent paragraphs hereof, the nominal capacity shall be a number of units equal to the largest number of persons likely, in the opinion of the Superintendent, to be present in the building at any one time;

- (d) In the case of every building in which such largest number of persons is one hundred or more, the nominal capacity shall be the number of units ascertained under the preceding paragraphs hereof (so far as applicable), increased by fifty per centum;
- (e) In the case of every building, being an institution used for sick or infirm persons or children, and every building which by reason of the construction or situation thereof or the nature of the use or occupancy thereof is, in the opinion of the Superintendent, liable to unusual damage from fire or unusually exposed to risk of fire, or liable to subject its inmates to unusual risk in the event of fire, the nominal capacity shall be one and a half times the number of units ascertained under all the preceding paragraphs of this clause (so far as applicable):

Provided that in no case shall any account be taken of persons present or likely to be present only in the ground-floor of the building or any part thereof below the ground-floor:

Provided also that whenever a structural alteration or addition to a building is made, or whenever, in the opinion of the Superintendent, a change in the nature of the use or occupancy of a building has occurred or is likely to occur, or whenever there has been an erection, alteration, or change of use of any building in the vicinity of a building, or whenever any matter has occurred by reason of which the inmates of a building are, in the opinion of the Superintendent, exposed to increased risk of danger from fire, the Superintendent may make a fresh computation of the nominal capacity of such building.

NOMINAL CAPACITY OF PARTS OF BUILDINGS.

11. The nominal capacity of any story or other part of a building required to be ascertained separately shall be ascertained in the like manner as aforesaid, *mutatis mutandis*.

PART II.—OWNER TO PROVIDE FIRE-ESCAPES.

NEW BUILDINGS.

12. The owner of every building hereafter erected shall, before such building is occupied by any person, provide in connection therewith the fire-escapes hereby declared to be necessary for such building.

EXISTING BUILDINGS.

13. The owner of every building heretofore erected shall, within a reasonable time after being required by the Superintendent by notice in writing so to do, provide in connection therewith the fire-escapes hereby declared to be necessary for such building.

BUILDINGS SUBJECT TO BY-LAW BY CHANGE OF USE.

14. When the nature of the use or occupation of any building, whether heretofore or hereafter erected, to which this by-law does not apply is changed so that this by-law applies thereto the owner of such building shall, within a reasonable time after being required by the Superintendent by notice in writing so to do, provide in connection therewith the fire-escapes hereby declared to be necessary for such building.

BUILDINGS SUBJECT TO BY-LAW BY STRUCTURAL ALTERATION.

15. When structural additions or alterations are made to any building, whether heretofore or hereafter erected, to which this by-law does not apply so that this by-law applies thereto, the owner of such building shall forthwith (and without the necessity of any notice) provide in connection therewith the fire-escapes hereby declared to be necessary for such building.

FRESH COMPUTATION OF NOMINAL CAPACITY.

16. When a fresh computation of the nominal capacity of any building has been made as hereinbefore provided, the owner of such building shall, within a reasonable time after being required by the Superintendent by notice in writing so to do, provide in connection therewith the fire-escapes hereby declared to be necessary for such building according to such fresh computation.

PART III.—FIRE-ESCAPES DECLARED TO BE NECESSARY.

NUMBER OF FIRE-ESCAPES PER BUILDING.

17. It shall be necessary for every building to be provided with a separate and sufficient fire-escape not connecting with any other fire-escape for every one hundred units or part of one hundred units of the nominal capacity of the building; and, where the nominal capacity of any story of a building exceeds one hundred units, it shall be necessary for such story to be provided with a separate and sufficient fire-escape not connecting with any other fire-escape for every complete one hundred units of the nominal capacity of that story.

ALTERNATIVE ESCAPES.

18. In every case where the nominal capacity of any building or part of a building entails the provision of more than one fire-escape, the number of fire-escapes provided shall be such that each fire-escape is sufficient for a nominal capacity of at least one-third more than a nominal capacity, ascertained by dividing the total nominal capacity of such building or part of a building by the number of fire-escapes provided:

Provided that for the purposes of this and the last preceding clause hereof any fire-escape of greater width at every exit than the minimum width prescribed by clause 38 hereof shall be deemed sufficient for an additional twenty-five units of nominal capacity for every complete 2 ft. of width additional to the said minimum.

NUMBER OF EXITS PER STORY.

19. It shall be necessary for every story of a building to be provided with a separate exit to a fire-escape for every fifty units or part of fifty units of the nominal capacity of that story.

DISTANCE TO EXIT.

20. It shall be necessary for every room in a building (exclusive of bath-rooms, lavatories, and other rooms of a like nature) to have access to a sufficient fire-escape access to which is obtained either directly or by means of a level unimpeded passage-way of a length measured along the course thereof of not more than 100 ft. from the door or nearest door of such room to the exit:

Provided that in the case of a building so constructed that the distance in a straight line from the door of any room to the nearest exterior wall of the building having space beside it for a fire-escape is a distance of more than 100 ft., then in respect of such room such distance shall be deemed to be substituted for the length of 100 ft. hereinbefore prescribed.

FIRE-ESCAPES TO COMPLY WITH BY-LAW.

21. No fire-escape shall be deemed sufficient for the purposes of this by-law unless it conforms in all respects with the requirements relating to fire-escapes hereinafter contained, and unless the exits thereto conform in all respects with the requirements relating to exits hereinafter contained, and unless it is at all times maintained in good, sound, and substantial order and condition, and unless all moving parts thereof and of all exits thereto are at all times maintained in free working condition.

CLEARANCE OF FIRE-ESCAPES.

22. No fire-escapes shall be deemed sufficient for the purposes of this by-law if—

- (a) At any time any part thereof is occupied by any goods or other movable article:
- (b) The space to a height of 6 ft. above any part of the footway is at any time occupied by any object so as to reduce the width of the space vertically above the footway of the fire-escape below the minimum width of 30 in. prescribed by clause 38 hereof.

APPROVAL OF PLANS.

23. Any person proposing to provide a fire-escape for any building, whether in pursuance of any requirement under this by-law or otherwise, shall submit to the Superintendent particulars of plans and specifications of such fire-escape and the exits thereto, and of such building, and of the actual or intended nominal capacity thereof, and if the Superintendent considers such particulars sufficient to enable him to do so he shall, by notice in writing, approve the same, and a fire-escape with exits thereto, both constructed in accordance with such plans and specifications shall, if such construction has been commenced within three calendar months of the date of such approval, be deemed (so far only as regards matters appertaining to the design and construction thereof) to be sufficient for the purposes of this by-law.

UNIMPEDED PASSAGE-WAYS.

24. No passage shall be deemed an unimpeded passage-way for the purposes of this by-law unless it complies with all the following requirements:—

- (a) It lies for the whole of its course on one floor of the building:
- (b) It is of a height at its lowest part of at least 8 ft. and a width at its narrowest part of at least 3 ft.:
- (c) It is separated by a substantial partition from any staircase, lift-well, or other opening extending through any floor of the building:
- (d) It is not at any time occupied by any furniture, curtain, or other movable object placed so as to reduce the height and width of the passage-way below the aforesaid minimum measurements:
- (e) It is provided with a notice of the words "TO FIRE-ESCAPE" and a mark of direction, both permanently marked on or affixed to a wall thereof in a conspicuous position and in conspicuous lettering at least 6 in. high at every place where two or more passages meet or the passage-way changes its direction:

Provided that the requirements set out in paragraph (e) hereof shall not apply to a passage in any part of a building which part is occupied solely as a private dwelling or solely as an office, warehouse, or counting-house in which not more than ten persons are regularly engaged.

PART IV.—EXITS.

SIZE OF EXITS.

25. The exit of every fire-escape shall be a window, door, or other opening in the exterior wall of the building of such a size that when opened it shall not in any part be less than 3 ft. wide nor less than 6 ft. high, exclusive of any projections or fittings connected therewith:

Provided that in case of an exit serving only for one room having not more than five hundred square feet of floor-space it shall be sufficient if the exit, when opened, has a rectangular space of at least six square feet and a width unobstructed by projections or fittings of at least 30 in.

LEVEL OF EXITS.

26. The sill or lower part of the exit shall be horizontal, and shall be not more than 6 in. above the footway of the fire-escape and shall, if the nominal capacity of the part of the building served by the exit exceeds one hundred units, be flush with the floor of the story, and shall in other cases be not more than 30 in. above the floor of the story, and if more than 12 in. above such floor, then it shall be provided with an interior step having a riser of half the distance from the floor to the exit and a tread of at least 7 in.:

Provided that in case of an exit serving only for one room having not more than five hundred square feet of floor-space no step shall be required, and the sill of the exit may be not more than 24 in. above the floor of the room.

DOORS OF EXITS.

27. An exit shall not be closed otherwise than by a door or doors or glass window pane or panes or other material complying with all the following requirements:—

- (a) They shall be arranged so as to open either by swinging outwards on vertical hinges or by sliding laterally:
- (b) If opening outwards, they shall be of such a size as not to extend at any stage of opening over more than half the width of the footway of the fire-escape, and be capable of folding back flat against the exterior wall of the building:
- (c) They shall at all times be kept capable of being easily opened without the aid of a key or other detachable contrivance:
- (d) They shall bear on the interior thereof if of opaque material or in a conspicuous position adjacent thereto if of transparent material the words "FIRE ESCAPE" permanently marked in conspicuous lettering at least 6 in. high:
- (e) They shall not have any curtain, blind, screen, or other obstruction on or near to the interior side thereof:

Provided always that the requirements set out in paragraph (e) hereof shall not apply to an exit that serves only one room having a floor-space not exceeding five hundred square feet, and that the requirements set out in paragraphs (a), (d), and (e) hereof shall not apply to an exit serving only a part of a building, which part is occupied solely as a private dwelling or solely as an office, warehouse, or counting-house in which not more than ten persons are regularly engaged.

28. If in the case of an exit from a part of a building which part is occupied solely as a private dwelling or solely as an office, warehouse, or counting-house in which not more than ten persons are regularly engaged, such exit is closed by a hung window, then both sashes of such window shall be of equal size, and the window shall be capable of opening to the full extent of the space occupied by the lower sash when closed.

PART V.—CONSTRUCTION AND DESIGN OF FIRE-ESCAPES.

STRENGTH.

29. Every part of a fire-escape shall be substantially built so as to be capable, in the opinion of the Superintendent, of supporting a number of persons equal to the units of the nominal capacity for which it is required, and so as to be capable of supporting on every part of the footway a live load of 150 lb. per square foot.

UPPER TERMINATION.

30. The top of every fire-escape shall end at a landing giving convenient access to the roof of the building which it serves, or of some adjacent building, except in cases where, in the opinion of the Superintendent, such access would result in danger.

LOWER TERMINATION.

31. The foot of every fire-escape shall end outside the building in either—

- (a) A public or private road or street; or
- (b) An unimpeded space open to the sky of at least five hundred square feet and measuring at least 8 ft. across in any distance, and having access to a public or private road or street; or
- (c) An unimpeded space open to the sky of at least sixty-four square feet and measuring at least 8 ft. across in any direction, and contiguous to and having direct communication through at least one gate or door with a public or private road or street.

HEIGHT OF TERMINAL ABOVE GROUND.

32. The lower landing of every fire-escape shall be not more than 15 ft. above the ground-level.

LADDER TO GROUND.

33. Where the lower end of any fire-escape is more than 6 ft. above the ground it shall be connected with the ground by means of a telescopic sliding ladder, cantilever ladder, counter-balance stairs*, expanding pole-ladder released from the upper end, or other efficient contrivance other than a hinged drop-ladder or a folding ladder, and such ladder or stairs shall, as regards width and general construction, comply with all the requirements of this by-law relating to fire-escapes so far as applicable.

PART VI.—FOOTWAY OF FIRE-ESCAPES.

LANDINGS AT EXITS.

34. The footway of the fire-escape in front of every part of any exit shall be in the form of a horizontal landing or platform, or have a pitch of not more than one in ten.

FOOTWAYS NOT TO CROSS WINDOWS.

35. The footway of any fire-escape shall not pass across the front of any window or other opening in the exterior wall of the building which it serves, nor be less than 2 ft. 6 in. below the lowest point or 1 ft. above the highest point of any such window or other opening:

Provided that this stipulation shall not relate to any window or other opening which is intended to be an exit to such fire-escape, or which is normally kept closed by means of iron shutters, wire-glass set in metal frames, or other approved fire-resisting material:

Provided also that the requirements of this clause shall not apply to a fire-escape the footway of which is connected with lower terminations at each side of the window or other opening or series of windows or other openings across the front of which it passes.

CONSTRUCTION OF FOOTWAY.

36. The footway of every fire-escape shall be constructed as a stairway or a runway or a combination of both.

MATERIAL OF FOOTWAY.

37. The footway of every fire-escape shall be of good iron or other substantial material and shall be continuous, save that if made of wooden strips a space of not more than three-quarters of an inch may be allowed between strips, and if made of bars of iron set transversely a space of not more than three-quarters of an inch may be left between bars.

WIDTH OF FOOTWAY.

38. The footway of any fire-escape shall—

- (a) Not be less than 30 in. wide;
- (b) Not be diminished in width between any exit and the end of the fire-escape nearest the ground;
- (c) Not be wider at any exit than at any other part thereof between such exit and either end of the fire-escape.

DESIGN OF STAIRWAY.

39. (a) No stairway shall have a pitch of more than one in three-quarters or less than one in one-and-three-quarters.

(b) The tread of any step of a stairway shall be not less than 9 in., measured as provided by clause 5 of this by-law.

(c) The riser of any step of a stairway shall be not more than 9 in. and not less than 7 in.

(d) In any fire-escape the tread and the height of the riser shall respectively be the same for every step thereof.

PITCH OF FIRE-ESCAPE.

40. No part of a fire-escape shall have a pitch of between one in two-and-a-half and one in one-and-three-quarters.

SLOPING FOOTWAYS.

41. No footway shall have a pitch of more than one in two-and-a-half.

42. All footways with a pitch of more than one in twelve shall have the footway covered with either—

- (a) Transverse battens of wood or similar material of rectangular section stretching the full width of the footway each of a breadth of not less than 1 in. nor more than 3 in. with spaces between of not less than 4 in. nor more than 7 in., and extending above the footway a height of not less than $\frac{1}{2}$ in. nor more than $1\frac{1}{2}$ in.; or
- (b) An approved non-slipping tread in an approved manner.

LANDINGS TO BE PROVIDED.

43. Every portion of a fire-escape, whether built as a runway or stairway, having a pitch of more than one in

*Expanding pole-ladder released from the upper end.

five-and-a-half shall be provided with horizontal landings or platforms at convenient intervals, and the space between landings or between a landing and the end of the fire-escape shall not, if in stairway form, contain more than fifteen steps, and shall in no case exceed a length equal to 15 ft. measured on a horizontal projection.

DESIGN OF LANDINGS.

44. Every horizontal landing or platform shall be of the full width of the footway and of a length at least equal to that width.

BENDS.

45. Whenever the direction of a stairway changes in plan a horizontal landing or platform shall be provided, and no stairway shall be constructed with winders.

PART VII.—HANDRAILS.

HANDRAILS TO BE PROVIDED.

46. Every fire-escape having a side or sides not placed against a building shall have such side or sides provided with a substantial handrail at a height above the footway (measured in the case of a stairway from the front edge of each step) of not less than 33 in. nor more than 38 in.

HANDRAILS TO BE SMOOTH.

PART VIII.—DISCRETIONS AND APPEALS.

DISPENSING POWER.

50. If in the opinion of the Superintendent safeguards other than fire-escapes are provided for prevention of danger from fire or for facilitating the escape of persons in case of fire in connection with any building then, according to the extent to which such safeguards are in the opinion of the Superintendent adequate for the purposes aforesaid, the Superintendent may, by notice in writing to the owner, waive compliance with any requirement of this by-law in respect of such building, either wholly or in part or for a limited time, and subject to such conditions as in any particular case he may think fit:

Provided that no such waiver shall restrict the right of the Superintendent at any time thereafter, upon giving notice in writing to the owner of his intention so to do, to exact full compliance with any requirement so waived:

Provided also that the powers hereby conferred shall not be exercised so as to permit any of the following matters:—

- (a) The provision at an access of a door or window arranged so as to open vertically contrary to clause 27 hereof or otherwise than by swinging outwards or sliding laterally (except where permitted under the provisions to the said clause 27).
- (b) The substitution of a fire-escape in the form of a ladder with rungs in any case where this by-law requires a fire-escape to be provided in the form of a stairway.*
- (c) The use for the purposes of a fire-escape or any part thereof of rope or any other perishable material.

BOARD MAY ASSUME POWERS OF SUPERINTENDENT.

51. Where by this by-law power is given to the Superintendent to decide any matter, exercise any discretion or power, waive any requirements, or approve anything, the Board may of its own motion, and either before or after the Superintendent has taken action thereon, take such matter into its own consideration, and the opinion or discretion of the Board shall be substituted for that of the Superintendent, and the action of the Board shall be substituted for any action theretofore taken by the Superintendent.

power, waive any requirements, or approve anything, and action has been taken accordingly by the Superintendent, or by the Board in place of the Superintendent, any person affected thereby may, by notice in writing addressed to the Board or the Secretary and delivered at the office of the Board, apply to the Board to reconsider such action, and the Board shall thereupon take the matter into its consideration, and after the person affected has been afforded a reasonable opportunity of submitting to the Board any relevant matters of fact or opinion and any evidence thereon, the Board may either confirm, modify, reverse, or otherwise deal with the action previously taken.

PART IX.—OFFENCES AND PENALTIES.

OFFENCES.

53. Every person who does or omits, or causes, or knowingly permits or suffers to be done or omitted, any act, matter, or thing contrary to the provisions hereof, or fails to comply with any requirement hereby imposed on such person, shall be deemed to have committed a breach of this by-law, and if such act or omission or failure occurs on more than one day such person shall be deemed to have committed a separate breach of this by-law on every day on which such act or omission or failure has occurred.

PENALTIES.

54. Every person who commits a breach of this by-law shall be liable for every such breach to a fine not exceeding £20.

Notice to Persons in whom is vested Ecclesiastical Authority over Religious Bodies.

Registrar-General's Office, Wellington, 24th November, 1930.

THE attention of the persons or person within the Dominion of New Zealand in whom is vested ecclesiastical authority over any of the religious bodies enumerated in the Third Schedule annexed to an Act of the General Assembly of New Zealand intituled the Marriage Act, 1908, and of all other persons concerned, is directed to the 11th section of the above-mentioned Act, requiring the several ecclesiastical authorities as aforesaid to send in to the Registrar-General, in the month of December in every year, a correct list of their Officiating Ministers within the meaning of the Marriage Act, 1908, of each of the said religious bodies.

The following are the religious bodies above referred to:—

- The Church of the Province of New Zealand, commonly called the Church of England.
- The Presbyterian Church of New Zealand.
- The Roman Catholic Church.
- The Methodist Church of New Zealand.
- All Congregational Independents.
- Baptists.
- The Lutheran Church.
- All Hebrew Congregations.
- The Society of Friends.
- The Salvation Army.

In default of any person having ecclesiastical authority over any of the religious bodies named above, the name of the Officiating Minister of any congregation of such religious body may be certified to by two recognized office-bearers thereof.

A minister of religion not connected with any of the aforesaid bodies must send to the Registrar-General in the month of December in each year a certificate signed—

- (a) By the recognized head in New Zealand of the religious body to which he belongs; or
- (b) By two duly recognized ministers of such religious body; or
- (c) By ten adult members thereof, who append to their signatures their description as being such members, declaring that such minister is their Officiating Minister, the said signatures and descriptions being attested by some person who shall verify the signatures to the certificate as the genuine signatures of the persons whose they purport to be, by a statutory declaration signed by such person and appended to the certificate.

In each case enumerated under paragraphs (a), (b), and (c) above, the Minister of Internal Affairs must be satisfied that the body of persons named in the certificate is a religious

body, and that the applicant is a minister of religion and is a person of good character and otherwise qualified to act as an Officiating Minister. In the case of the religious body known as "Brethren" a special form of certificate will be supplied on application.

Neglect in sending the certificate will deprive the minister of his status as an Officiating Minister under the Marriage Act.

N.B.—It is requested that the *Christian names* and the *addresses* of the several ministers may be specified in the lists sent in to the Registrar-General.

In order to obviate the necessity for further inquiry, it is also requested that the reason for omitting the name of any minister be stated (such as on account of death, absence from New Zealand, or as the case may be).

W. W. COOK, Registrar-General.
