The Treasury, Wellington, 14th July, 1931.

A. D. PARK, Secretary to the Treasury.

Notice to Mariners No. 26 of 1931.

Marine Department, Wellington, N.Z., 8th July, 1931.

THE following revision of Admiralty Notice to Mariners No. 12 of 1931, which has been received from the Admiralty, London, is published for general information.

G. C. GODFREY, Secretary.

ADMIRALTY NOTICE TO MARINERS No. 880 OF 1931.

BRITISH OFFICIAL WIRELESS MESSAGES TO MERCHANT SHIPS.

Former Notices.—No. 12 of 1931, and N.Z. No. 19 of 1931, hereby cancelled.

This organization provides for the transmission of important messages to British merchantmen in any part of the world on occasions when such messages may be of vital importance to their safety and welfare.

From the details given below it will be seen that arrangements have been made for such messages to be transmitted at certain scheduled times by Rugby and other selected British W/T stations in various parts of the world.

Tests of the organization, lasting for one week, commence on 1st January and 1st July each year. British Merchant Ships are earnestly requested to listen for the messages broadcast during these periods and forward particulars of those received as shown in the specimen form attached to this notice.

These reports should be rendered by operators to the Masters of their ships and transmitted by the latter to the shipowners, who should forward them to the Board of Trade, London.

Reports from ships registered in Canada should be forwarded to the Canadian Department of Marine. It is particularly desired that ships listening for, but failing to receive, the test messages, should render blank returns, giving, if possible, any reasons for non-reception.

The attainment of an organization of maximum efficiency is largely dependent upon the information obtained from these reports, and the co-operation of individual ships of the British Mercantile Marine will, therefore, be of the utmost assistance.

The arrangements made for broadcasting messages by W/T on these occasions are as follows :—

2. The world has been divided into certain areas (*vide* chart appended) and collective call signs have been introduced for (i) all British Merchant Ships, and (ii) British Merchant Ships in a particular area. These call signs are as shown in the following table :—

Messages for	Area on Chart.	Call Sign.

3. Messages will be broadcast from—

- (a) Rugby W/T Station on 16 kc/s (18,740 metres) and 8,640 kc/s (34.72 metres) at 0000 G.M.T., and on 16 kc/s (18,740 metres) and 19,640 kc/s (15.275 metres) at 1200 G.M.T., immediately preceding the British Official Wireless News; also from Falklands on 8,450 kc/s (35.5 metres) at 0410 and 1610 G.M.T.
- (b) Certain medium and high-power W/T Stations abroad operating on waves between 150 kc/s (2,000 metres) and 100 kc/s (3,000 metres) at 0400 and 1600 G.M.T.
- (c) Certain W/T Stations operating commercial traffic on 500 kc/s (600 metres) at any time.

4. A list of the Stations included in the organization showing the areas for which they will transmit and the waves on which messages will be broadcast is shown in the Schedule. The times 0400 and 1600 G.M.T. have been fixed for transmissions from Stations under paragraph 3 (b) above, since, in all areas of the world, one or other of

these times will fall within a period when ships with one operator are keeping watch. Times at which messages will be broadcast from 500 kc/s (600 metres) Stations are not included in the Schedule, since merchant ships keep normal watch on this wave and messages may, therefore, be broadcast from these Stations at any time when the ships with one operator are keeping watch and are not listening for any routine transmissions on another wave.

5. Messages containing information affecting British Merchant Ships will be broadcast—

- (a) By Admiralty to all British Merchant Ships in all areas ;
- (b) By Admiralty to British Merchant Ships in any particular area or areas ;
- (c) By Naval Authorities abroad to British Merchant Ships in the areas for which they are responsible.

6. Messages under (a) will be broadcast from Rugby and Falklands with the call sign GBMS, and will also be communicated by the Admiralty to the Naval Authorities responsible for the other areas shown in the Schedule, who will arrange for them to be broadcast with the same call sign by the W/T Stations for those areas which are shown in column 3 of the Schedule. (Messages under (a), during "test" periods, will be broadcast from Rugby and Falklands only.)

Messages under (b) will be broadcast from Rugby and, if necessary, from Falklands with the call sign or call signs for Merchant Ships in the particular area or areas concerned. Unless the messages affect only Area 1, they will also be communicated by the Admiralty to the Naval Authorities responsible for the area or areas affected, who will arrange for them to be broadcast by the W/T Stations concerned, using the appropriate call sign.

Messages under (c) will be broadcast by the W/T Stations shown in column 3 of the Schedule, using the call sign for Merchant Ships in that area (*vide* paragraph 2 above). Such messages may also be broadcast from Rugby and/or Falklands with the same call sign.

7. The W/T Stations broadcasting messages will use their own call signs, and will indicate the Naval Authority originating the message at the beginning of the text. For example, a message broadcast by Aden W/T Station from Commander-in-Chief, East Indies, for Merchant Ships in Area 3 :—CT GBMS 3 GBMS 3 GBMS 3 DE GZQ GZQ GZQ BT From Commander-in-Chief, East Indies, BT During the period 1st March to 30th April, 1926, H.M. ships engaged in the prevention of smuggling arms will be operating without lights in the Persian Gulf BT 1030 (\*) BT Repetition BT From Commander-in-Chief, &c., &c., BT 1030 (\*) AR VA.

NOTE.—(\*) This is G.M.T. at which the message was ordered to be sent. It may be followed by the date thus :—" 1030 NR 15 NR 2."

8. The procedure outlined in this organization is not intended to interfere with or replace existing arrangements for broadcasting to Merchant Ships messages concerning navigational dangers, weather reports, or gale warnings. Where routine arrangements exist for broadcasting such messages, those arrangements will continue in force.

9. The organization for broadcasting messages of interest to Merchant Ships under the arrangements promulgated herein is not in operation continuously in peace time, but, as stated in the opening remarks, it is introduced for trial purposes for one week on 1st January and 1st July each year, to test its efficiency.

During these test periods brief messages will be issued by the Admiralty to all British Merchant Ships, and by the Naval Authorities responsible for the respective areas shown in the Schedule to British Merchant Ships in those areas. These "test" messages will *not*, however, be broadcast by the 500 kc/s (600 metres) Stations shown in the Schedule as it is considered unnecessary to include these stations in the tests ; nor will Rugby broadcast on Sundays during the test periods.

10. Should it be desired to send a message or messages of special importance to British Merchant Ships, at any time outside the periods fixed for trial purposes in peace time, the organization will be brought into operation, temporarily, for this purpose.

11. If and when such occasion arises to bring the organization into force, either generally or in any particular area, messages notifying its introduction will be issued by the Admiralty and/or by the Naval Authority responsible for the area or areas concerned. When such messages are necessary every available means of reaching Merchant Ships will be employed—*i.e.*, the messages will be broadcast not only by Rugby and the other Stations at the times shown in the Schedule, but also where Stations included in the organization transmit navigational warnings, weather reports, &c., at routine periods, messages notifying its introduction will be broadcast during those periods. Such messages will bear the address "All British Merchant Ships" or "British Merchant Ships in.....area," in full ; the use of the call signs mentioned in paragraph 2 above will commence when the organization is brought into force.

The sum of £12,800, being part of the said bequest and accumulations, shall be held by the plaintiff in trust to expend the same in rendering fit for worship that portion of the new Cathedral in the City of Nelson now erected in accordance with plans and specifications prepared for such purpose.

2. The balance of the said bequest shall be retained by the plaintiff to accumulate upon the original trust under the will of the above-named Frances Mary Marsden until such time as the erection of the said Cathedral is sufficiently advanced to permit the building of the spire.
