Present:

THE RIGHT HON. J. G. COATES, PRESIDING IN COUNCIL.

IN pursuance and exercise of the powers conferred by the Public Works Act, 1928, and of all other powers in anywise enabling him in this behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby grant to Alexander Clark, of Maheno, Miller (hereinafter with his successors and assigns referred to as the "licensee"), a license subject to the conditions hereinafter set forth to take and use from the Kakanui River (hereinafter referred to as "the said stream") for the purposes hereinafter set forth, a stream of water (hereinafter referred to as the "said water") not exceeding two cubic feet per second at any one time: Provided that nothing herein shall be held to guarantee that the said stream contains sufficient water to supply the volume of water hereinbefore referred to, and further to raise the level of the said stream and to obstruct, impound, or divert the waters thereof, as hereinafter provided: Provided that all rights hereby granted shall be subject to all existing rights heretofore granted under the Mining Acts or otherwise.

CONDITIONS.

1. REGULATIONS.

THIS license is subject to the Electrical Supply Regulations, 1927 (hereinafter called "the regulations"), the Electrical Wiring Regulations, 1927, and any regulations made or to be made in amendment of or in substitution for the Electrical Supply Regulations or the Electrical Wiring Regulations.

2. PLANS.

The licensee shall forward for the approval of the Minister of Public Works (hereinafter referred to as "the Minister"),—

- Full detailed drawings and specifications of the diverting weirs.
- Drawings showing how and in what manner the water is diverted.

3. UTILIZATION OF THE WATER AND LOCATION OF HEADWORKS.

The said water is hereby declared to be portion of and not in addition to the quantity of water which the licensee was authorized to take from the said stream for the purpose of driving machinery and generating electricity by a grant in pursuance of section 308 of the Public Works Act, 1928, dated the 5th day of September, 1932, which grant is hereinafter referred to as "the said grant."

The said water shall be used under this license solely for the purpose of generating electricity, and shall be taken from the said stream situated opposite Lot 2, of Section 19, Block VII, Oamaru Survey District, as indicated on the plan marked P.W.D. 83361 (hereinafter referred to as "the said plan"), deposited in the office of the Minister of Public Works at Wellington.

Upon the expiry of the said term, or upon the sooner determination of this license be revocation or otherwise, all rights hereby granted to the licensee shall thereupon cease and determine, but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license. It is hereby declared that either this license or the said grant may continue in force or be revoked or cancelled independently of the other.

7. RENTAL.

Subject to the proviso hereinafter contained, the licensee shall in respect of this license pay to the District Engineer, Public Works Department, Dunedin, a yearly rental at 4s. per kilowatt of maximum output generated during each and every year from the 1st April, 1933, with a minimum of 10s. per annum, provided that such rental shall not be payable if the licensee has paid the rental of £6 per annum provided for in clause 5 of the said grant in respect of the same period. Nothing herein shall prevent the Governor-General in Council from granting to any person or body corporate other than the licensee a license to take water from any portion of the said stream, except at the place where the licensee is by this license empowered to take it: Provided that no such license shall so operate as to enable such person or body corporate to reduce the natural fall between the headworks and tail water, or the volume of the water which the licensee is by this license authorized to take from the said stream.

The system of supply shall be as described in paragraph (c) of clause 5 of the Electrical Supply Regulations, 1927. The generating and transmission voltage shall be approximately 115 volts direct current.

12. CROWN NOT LIABLE TO PAY COMPENSATION.

Nothing in this license shall be held to impose any liability upon His Majesty the King or upon the Government of New Zealand to pay compensation to any person, corporate body, or local authority, by reason of the exercise by the licensee of the authority hereby granted; but the licensee shall be liable for any loss or damage which any person, corporate body, or local authority may sustain as the result of the exercise by the licensee of any of the powers granted by this license.

Notwithstanding anything hereinbefore contained, the licensee shall not by virtue of these presents be entitled to lay, construct, put up, place, or use the electric lines hereby authorized except subject to such conditions (not inconsistent with the provisions of this license or of the regulations) as may from time to time be imposed by the Waitaki County Council and the Waitaki Electric-power Board.

19. TIME FOR SUBSTANTIAL COMPLETION OF WORKS.

The licensee shall substantially complete the works hereby authorized within a period of one year from the date of this license, or within such further time as the Minister may allow in the event of the work being delayed by strikes, lockouts, breakdowns, or other unavoidable causes not due to any neglect by the licensee.

"Goods-service vehicle" means any motor-vehicle engaged in the conduct of a goods-service.

SCHEDULE.

PART I.

1. EVERY goods-service between any two points (whether defined or undefined) if between such points there is an available route (whether used by the goods-service or not) which includes not less than five miles of a main highway, if the use of such route does not involve a journey more than two miles longer than a journey by any other route between such points.

2. Notwithstanding anything in the foregoing provisions of this Part of this Schedule, a goods-service license shall not be required in respect of the carriage of goods as follows:—

- (a) On a vehicle while it is being used under the terms of a passenger-service license granted under the said Act; or
- (b) If the only goods carried are those or any of those described in Part IV of this Schedule.

PART II.

PROVISIONS OF PART II OF TRANSPORT LICENSING ACT, 1931 (RELATING TO PASSENGER-SERVICES), APPLIED WITH MODIFICATIONS, IN ACCORDANCE WITH SECTION 47 OF THE SAID ACT, TO GOODS-SERVICES CARRIED ON WITHIN CONTROLLED AREAS.

(a) Numbers of sections so applied—Sections 20, 24, 25, 26, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 42, 43.

(b) Provisions of sections enumerated above as modified in their application to goods-services.

Section 20.

(1) It shall not be lawful for any person, on or after the 1st day of June, 1933, to carry on in any part of New Zealand any goods-service, as described in Part I of this Schedule, otherwise than pursuant to the authority and in conformity with the terms of a goods-service license granted under this Part of this Schedule:

Provided that where any application for such a license was duly made by any person in respect of a goods-service being lawfully carried on by him at the date of such application and such application was not disposed of on or before the 1st day of June, 1933, such service may continue to be carried on after that date until the application is disposed of by the appropriate Licensing Authority.

(2) Every person who, contrary to the provisions of this section, carries on any goods-service commits an offence, and is liable to a fine of one hundred pounds, and to a further fine of ten pounds for every day on which such offence is committed.

(3) If any company carries on any goods-service contrary to the provisions of this section every director or other person acting in the management of the business shall, in addition to any penalty to which the company may be liable, be liable to a fine of ten pounds for every day on which such service is so carried on.

Section 24.

(1) Every application for a goods-service license shall be in the prescribed form, and save as provided in subsection four hereof, shall, unless the Minister otherwise directs, be addressed and forwarded to the Commissioner accompanied by the prescribed fee.

(2) The Commissioner shall, on being satisfied that the application is duly made, transmit the same to the proper Licensing Authority, but may in any case before so doing require the applicant to furnish such further information or particulars as may, in the opinion of the Commissioner, be necessary to enable the Licensing Authority to come to a proper decision.

(3) The Commissioner shall in every case place before the Licensing Authority all such information at his disposal (whether obtained from the applicant or not) as will assist the Licensing Authority in dealing with the application.

(4) Notwithstanding anything contained in the foregoing provisions of this section, an application for a temporary license may be made direct to the appropriate Licensing Authority.

Section 25.

(1) On receiving an application for a goods-service license, other than an application for a temporary license, the Licensing Authority shall, in the prescribed form, give not less than three clear days' public notice of the receipt of such application, fixing in such notice a time and place at which it will hold a public sitting for the purpose of receiving evidence and representations in favour of or against the granting of the application by persons who in the opinion of the Licensing Authority are directly interested, and shall also give not less than three clear days' notice of such time and place to the applicant.

(2) The Licensing Authority shall hold such public sitting in such place as it deems most convenient, having regard to the nature of the business.

(3) At such public sitting the Licensing Authority shall hear all evidence tendered and representations made which it deems relevant to the subject-matter of the application, save that at any time during such sitting it may decide not to receive further evidence or representations.

(4) Any such sitting may, in the discretion of the Licensing Authority, be adjourned from time to time and from place to place.

Section 26.

(1) In considering any application for a goods-service license the Licensing Authority shall generally have regard to—

- (a) The extent to which the proposed service is necessary or desirable in the public interest; and
- (b) The needs of the district or districts as a whole in relation to goods-transport.

If, having regard to the foregoing considerations the Licensing Authority is of opinion that the proposed service is unnecessary or undesirable, it shall refuse to grant a license.

(2) If, after having had regard to the matters mentioned in the last preceding subsection the Licensing Authority proposes to give further consideration to the application, it shall take into account—

- (c) The financial ability of the applicant to carry on the proposed service, the likelihood of his carrying it on satisfactorily, and, in the case of an existing service, the period during which the service has been carried on satisfactorily;
- (d) Time-tables or frequency of the proposed service, if the service is intended to be of a regular nature;
- (e) The charges proposed to be made for the carriage of goods;
- (f) The goods transport of any kind, whether by land or water, already provided in respect of the localities to be served;
- (g) The requirements of such localities in respect of goods transport;
- (h) The vehicles proposed to be used in connection with the service;
- (i) The conditions of roads and streets to be traversed on the route or routes, and any restrictions of load or speed, or other lawful restrictions affecting vehicles of the type or class proposed to be used, including restrictions arising out of the classification of roads and streets under section one hundred and sixty-six of the Public Works Act, 1928;
- (j) Any evidence and representations received by it at the public sitting, and any representations otherwise made by the Government Railways Board, local authorities, or other public bodies, or any persons carrying on goods transport of any kind (whether by land or water) likely to be affected, and any representations contained in any petition presented to it signed by not fewer than twenty-five adult residents of any locality proposed to be served;

Provided that before taking into consideration any adverse representations made otherwise than at the public sitting the Licensing Authority shall give the applicant and all other persons likely to be affected a reasonable opportunity to reply to such representations.

(3) The Central Authority in considering any application shall also take into account any representations made to it by the Licensing Authority of any district through any part of which the goods-service is proposed to be carried on.

Section 28.

(1) Save as otherwise provided in this section and subject to appeal as hereinafter provided, the Licensing Authority may, after duly considering an application therefor, grant or refuse a goods-service license.

(2) A goods-service license shall not be refused in any case where the applicant (having made his application before the 1st day of May, 1933) proves to the satisfaction of the licensing authority—

- (a) That on the passing of the Transport Licensing Act, 1931, and continuously thereafter until the date of the application, the service in respect of which the application is made has been lawfully carried on by the applicant or by preceding owners of the vehicles or other plant used by the applicant in respect of the service;
- (b) In the case of an application for a goods-service license in respect of a seasonal service, that substantially the same service has been lawfully and continuously carried on by the applicant or by preceding owners of the vehicles or other plant used by the applicant in respect of the service during the two seasons immediately preceding the 1st day of April, 1933, or, where that day falls in such a season, that such service is then being uninterruptedly carried on as aforesaid and was being substantially so carried on during the whole of the immediately preceding season:

Provided that no such service shall be deemed to have ceased to be continuously carried on by reason of any interruption by flood, closing of roads or streets, or any other cause whatever beyond the control of the applicant.

(3) Notwithstanding anything contained in the last preceding subsection, the Licensing Authority, in granting a license to any person in respect of a service mentioned therein, shall have the same power of imposing terms and conditions as it has under this Order in Council with respect to any other goods-service license, and in particular but without limiting such general power the Licensing Authority may, if it thinks it necessary so to do after taking into account the matters mentioned in paragraphs (f) and (g) of subsection two of section twenty-six hereof, grant such license for an area smaller than that within which the service had theretofore been carried on.

Section 29.

Every goods-service license shall be—

Section 31.

(1) Every license shall be in the prescribed form, and be signed on behalf of the Licensing Authority by the Chairman or two other members thereof, or by an officer of the Licensing Authority acting by direction thereof, and shall take effect according to its tenor to authorize the licensee, but no other person, to carry on a goods-service in accordance with the terms and conditions of the license during the duration thereof.

(2) No license granted by a District Authority shall have any force or effect to authorize the carrying-on of a goods-service outside the controlled area of that authority, and no license issued by the Central Authority or any District Authority shall operate to authorize the use on any road or street of any goods-service vehicle prohibited by virtue of any classification of roads or streets made pursuant to regulations under section one hundred and sixty-six of the Public Works Act, 1928, from using such road or street.

(3) It shall be a condition of every goods-service license that the vehicles to be used in connection with the license shall be maintained in a fit and proper condition to the satisfaction of the Commissioner of Transport.

(4) It shall be a condition of any license that the licensee will not abandon or curtail the authorized service without the consent of the proper Licensing Authority, in which case he shall give not less than twenty-eight days' notice of his intention to abandon or curtail the service, or such lesser period of notice as may be provided for in the license.

(5) If any licensee abandons or curtails any service in breach of a condition authorized by the last preceding subclause the Licensing Authority may revoke his license, and may either in lieu of or in addition to any such penalty impose a monetary penalty not exceeding twenty-five pounds, which may be recovered in any Court of competent jurisdiction as a debt due to the Crown.

Section 32.

(1) The Commissioner shall keep a register of goods-service licenses, and such other register or registers as he deems necessary.

(2) The contents of any such register may be evidenced in any proceedings by a certificate under the hand of the Commissioner, and every such certificate shall be *prima facie* evidence of the matters stated therein.

(3) A certificate under the hand of the Commissioner that on a date specified in such certificate the name of any person did not appear in any register as the holder of a license under this Part shall, until the contrary is proved, be sufficient evidence that such person was not the holder of such a license on that date.

Section 33.

Except in the case of a temporary license every goods-service license when issued on a quarter-day shall take effect on that day, and in every other case shall be deemed to have taken effect on the quarter-day immediately preceding the date on which the license is issued, and in each such case shall, unless sooner revoked, or unless expressed to expire at any earlier date, expire on the completion of twelve months after the quarter-day on which it took effect, save that a license granted in accordance with subsection two of section twenty-eight hereof shall, unless sooner revoked, expire on the 31st day of May, 1934.

Provided that where application for a renewal of a license is duly made in accordance with section thirty-five of the said Act, as herein modified, such license shall, where the application for renewal is not disposed of before the date of expiry of the license, continue in force until the application is disposed of, unless the Licensing Authority otherwise directs.

Section 34.

(1) The Licensing Authority during the currency of a goods-service license may, of its own motion or on the application of the licensee, amend or revoke any of the terms or conditions of such license or add any new terms and conditions which in its opinion are necessary in the public interest.

(2) The Licensing Authority shall give to the licensee, and to every other person who in its opinion is likely to be affected, seven days' notice of its intention to exercise any power conferred on it by this section.

(3) Every such amendment or revocation or addition of new terms and conditions made pursuant to this section shall be noted in the appropriate register.

Section 35.

(1) Every application for the renewal of a goods-service license shall be made in the prescribed form to the proper Licensing Authority not less than twenty-eight days nor more than fifty-six days before the day on which such license expires. Every such application shall be forwarded through the Commissioner unless the Minister otherwise directs.

(2) Application for the renewal of a goods-service license shall be made to the Central Authority where the service is or is intended to be carried on within two or more controlled areas, and in every other case shall be made to the appropriate District Authority.

(3) Section twenty-five of the said Act, in its application to goods-services, shall apply to every application for the renewal of a goods-service license as if it were an application for a new license.

(4) No person shall be entitled as of right to a renewal of a goods-service license, and, in considering any application for renewal, a Licensing Authority shall take into account all that it is directed by section twenty-six of the said Act, as modified by this Order in its application to goods-services, to take into account in considering an original application for a license.

(5) In granting any renewal of a goods-service license the Licensing Authority may either endorse the existing license or may issue a new license in lieu thereof, but any such new license shall show on the face thereof that it is in renewal of a license.

(6) The renewal of any license shall take effect for a period of not more than twelve months from the expiry of the license in renewal of which it is granted, but any such renewal may be granted in advance to take effect as aforesaid.

Section 36.

(1) Any Licensing Authority may at any time, and, if so directed by the Minister shall, hold a public inquiry as to whether or not any goods-service carried on under the authority of a license under this Part, granted by such Licensing Authority, is being carried on in conformity with the terms and conditions of the license.

(2) Not less than fourteen clear days' public notice of the day, time, and place fixed for such inquiry shall be given in one or more newspapers having a regular circulation in the localities served by such goods-service, and particulars of the

matters proposed to be inquired into shall be given in writing to the licensee not later than ten days before the day on which the inquiry is to be held.

(3) For the purposes of such inquiry the provisions of the Commissions of Inquiry Act, 1908, shall, so far as they are applicable, apply as if the Licensing Authority were a Commission of Inquiry appointed under that Act.

(4) If as a result of such inquiry the Licensing Authority is satisfied that the licensee is not carrying on the service in all respects in conformity with the license, or that he has disposed of such service to any other person, then the Licensing Authority may—

(a) Revoke such license; or

(b) Suspend such license for such period as it thinks fit; or

(c) Either in lieu of or in addition to suspending or revoking the license as aforesaid impose a penalty not exceeding £25 which may be recovered in any Court of competent jurisdiction as a debt due to the Crown.

(5) The Licensing Authority may, in any case, without holding such inquiry as aforesaid, so suspend any license if it is satisfied that the licensee has wilfully committed a breach of any of the conditions of the license.

(6) Every revocation or suspension of a goods-service license shall be noted in the appropriate register.

Section 37.

(1) The Governor-General may make regulations prescribing the accounts and records in relation to a goods-service that the Minister may require to be kept by persons carrying on a goods-service pursuant to a license under this Act, and prescribing the financial and statistical returns that the Minister may require to be made to him by such persons.

(2) Every person carrying on any goods-service pursuant to a license under this Act shall keep such of the prescribed accounts and records in relation thereto as the Minister may from time to time, by notice published in the *Gazette*, require, and shall make to the Minister in such manner and at such times as the Minister may from time to time notify by writing under his hand, addressed to such person, such of the prescribed financial and statistical returns as the Minister may in such notice require him to make.

(3) Every person who fails to comply with any of the requirements of the Minister pursuant to this section commits an offence, and is liable to a fine of twenty pounds, and, in the case of a continuing offence, to a further fine of five pounds for every day during which the offence continues.

(e) Require the production of any current license or any document or instrument in evidence thereof issued in respect of such vehicle.

(2) Every person who obstructs or hinders or incites any person to obstruct or hinder any Inspector in the exercise of powers conferred by this section, or refuses or fails to furnish any such assistance as aforesaid, or who, having the custody or possession of any license as aforesaid, refuses or fails to produce the same to an Inspector on demand, commits an offence, and is liable for each such offence to a fine of ten pounds.

Section 43.

1. (1) THESE regulations may be cited as the Cook Islands Fruit Regulations Amendment, 1933, No. 4.

(2) These regulations shall be read together with and form part of the Cook Islands Fruit Regulations, 1928, and the amendments thereof.

(3) These regulations shall come into force on the 1st day of April, 1933.

(4) These regulations shall not apply to the Island of Niue.

2. In these regulations "principal buyer" shall be deemed to mean a person who is engaged in buying fruit for export, and to whom an allotment of space to ship fruit is granted by a shipping company.

3. (1) No person shall buy fruit intended for export, whether on his own account or in partnership with any other person, or as manager, agent, servant, or employee of any person, firm, or corporation, unless he is the holder of a license issued pursuant to clause 10 hereof.

(3) The holding of any trading license issued under any regulations for the time being in force in respect of trading licenses shall not dispense with the necessity of obtaining or being named in a license under these regulations.

4. A license may be issued under clause 10 hereof in favour of an individual or a partnership firm or a native company registered under the Cook Islands Native Companies Regulations, 1923, or a corporate body, but in a license issued under clause 11 hereof only an individual shall be named as a buyer. Every license issued under these regulations shall expire on the 31st day of March following the date of issue of such license.

5. The person issuing any license shall, before issuing the same, satisfy himself that the person to or in respect of whom the license is to be issued is a fit and proper person to hold or be named in such license, and dishonesty shall in all cases be a disqualification from holding or being named in a license.

6. (1) The Director, or the Resident Agent of any island, if he is of opinion that any person holding or named in a license is no longer a fit and proper person to hold or be named in such license may at any time, by notice in writing to the person to whom such license is issued, declare that at the expiration of seven days from the date of such notice the said license shall be revoked as regards the person holding the same or named therein, as the case may be.

(2) The notice in writing required by the last preceding subclause shall state shortly the grounds for such revocation.

(3) A person shall be deemed to be unfit to hold or to be named in a license if he is dishonest, or if he shall be guilty of any offence against these regulations.

7. (1) Any person aggrieved by the refusal of any person authorized so to do to issue a license under these regulations or by the revocation of a license under the last preceding clause may appeal to the Resident Commissioner.

(4) The decision of the Resident Commissioner upon any such appeal shall be final and conclusive.

8. If the holder of any license or any person named in any license shall be convicted of any offence involving dishonesty, the Court may order the revocation of such license so far as such person is concerned.

9. Upon any revocation pursuant to these regulations, the person holding the license affected shall forthwith, whenever required by notice in writing so to do, produce such license to the Court or to the Director or the Resident Agent, as the case may be, for the purpose of being surrendered or of having a memorandum of revocation as regards any person written thereon, as the case may require.

NOTE.—A pleasant summer month with mean temperature above the normal, and precipitation 26 per cent. below the average of previous years. Total bright sunshine, 252.8 hours, 55 per cent. of the possible, and one sunless day. Lightning was seen on the 18th, 20th, and 21st; thunder was heard on the 20th and 21st; and a slight fog was in evidence on the early morning of the 1st. Mean dew-point at 9 a.m., 55.0°; and mean vapour pressure, 0.432 in.

NOTES ON THE WEATHER FOR JANUARY, 1933.

General.—The weather during the month was, on the whole, warm and sunny, with little wind. Though rainfall was below normal in most places, there was much muggy, humid weather. The continual shortage of rain in the North Island has led to a reduction of milk yields, but stock generally are reported to be in very good condition, and in most districts there is abundant feed. Much hay and ensilage have been laid by for the winter. Fruit yields promise to be about average, but root crops are patchy. A good wheat crop is likely if rust and other troubles are avoided.

Rainfall.—As a rule the rainfall was considerably less than the average, but the deficits were very variable owing to the irregular nature of the rains that did occur. In the South Island there was much more than the normal in most of Nelson and Westland and much of the high country of the interior. The same is true of the north-eastern portion of the North Island. In Taranaki, inland districts fared better than the coast. In the Manawatu the distribution was very patchy, some places being very dry while in others good rains were received. The lack of rain is being felt most acutely, perhaps, in parts of the Waikato country. At the end of the month there seemed a likelihood of the dry conditions in Marlborough and Hawke's Bay being relieved. Thunderstorms were rather numerous and several cases of severe hailstorms were reported. A tornado in the Te Awamutu district on the 19th was responsible for some damage.

Temperatures.—Temperatures were everywhere above the normal for the month, many places having the warmest January since 1924. The average was usually exceeded by about 1° F. There were some very warm days in the middle and at the end of the month, numbers of places in eastern districts of the South Island recording over 90° F.

Sunshine.—In spite of the much humid weather, more sunshine than usual was experienced. Of the returns to hand, Nelson with 284.6 and Blenheim with 284.0 hours, furnished the highest totals.

Pressure Systems.—The outstanding feature of the weather charts for the month, as in the previous one, has been the general low pressure and the disturbed conditions prevailing in the tropics. This had a great influence on the weather in the Dominion and produced unhappy conditions for the forecaster since it resulted in the normal eastward movement of disturbances being interfered with.

For example, a moderate westerly depression passed eastward on the 2nd, and on the 3rd an anticyclone commenced to follow it on to the Dominion. This would normally have meant that the southerly winds which had set in would have gradually died down and veered to warm northerlies as the centre of the anticyclone passed, but at this time the tropical cyclone which was encountered during the night of the 4th to 5th January by the s.s. "Maunganui," near Rarotonga, was passing through the Pacific Island Groups from north of Fiji to south of the Cook Islands. The effect of this storm was to cause the pressure to remain low to the east of New Zealand and southerly winds to continue.

Next, another tropical cyclone, which was first heard of on the 8th, moved very slowly almost in a due southerly direction and it was not until the 17th that it finally filled up and disappeared when centred north of East Cape. For some days it

produced dull, unsettled weather in the northern part of the Dominion with irregular rains, among which were many heavy falls. Elsewhere, although the atmosphere was very sultry and humid, little rain fell. The westerly depressions were, in the meantime, held up.

On the 17th, however, a deep westerly depression did move on to the South Island. This was successively rejuvenated, so that it was not until the 22nd that it finally moved away. Muggy weather, with rains of irregular character, continued throughout this period.

An equally slow-moving anticyclone then took the place of the depression, and fine, cool weather prevailed at most places until the 28th, when a fresh and complex depression commenced to affect our weather in a series of waves. Warm and humid conditions again set in. As a result of heavy rains on the 30th and 31st, there was severe flooding in northern Nelson and Marlborough, and in Westland. In the Rai Valley twenty inches fell in less than two days.

Upset price: £1,300.

The timber is situated near Lake Rotoma, the Rotorua-Matata Road forming the north-western boundary of the section. Construction of any roading necessary to extract the timber will not be a difficult matter.

Terms of Payment.

The sum of one-quarter of the amount of the tender to be paid in cash within seven days after acceptance of tender, together with £1 ls. (license fee); balance payable in six (6) equal instalments, the first of such instalments to be paid within three (3) months of the date of acceptance of tender.

All instalment payments shall bear interest at the rate of 5 per cent. per annum as from the date of acceptance of tender, and, with the interest added, shall be secured by "on demand" promissory notes endorsed by two approved sureties. Such bills are to be completed and lodged with the Commissioner of Crown Lands within fourteen days after the purchaser has been notified to complete.

Tenders must be accompanied by a deposit of 5 per cent. of the amount of tender in cash, marked cheques, or post-office order, the balance to be paid, if tender accepted, in terms as stated above.

Conditions of Sale.

1. The right to cut and remove the timber will be sold in accordance with the provisions of the Land Act, 1924, the regulations in force thereunder, and these conditions, and such additional conditions as the Commissioner of Crown Lands considers necessary in the interests of the Crown or of the public.

2. Intending purchasers are expected to visit the locality and to satisfy themselves in every particular on all matters relating to the sale.

3. The right is reserved to the Commissioner of Crown Lands to withdraw this timber from sale either before or after the date for receipt of tenders.

4. For the purposes of this sale the foregoing description of the timber shall be taken as sufficiently accurate as to quantities, qualities, and species, and no contract for the purchase of the timber shall be voidable, nor shall the pur-

chaser be entitled to any abatement in price by reason of any error or misdescription herein or in any advertisement having reference to this sale; nor shall any extra sum be claimed by the Crown if the quantity of timber is found to be in excess of that stated herein.

5. All timber, whether standing, felled, or in logs, shall remain the property of the Crown until the purchase of same has been completed.

6. The attention of all intending purchasers is drawn to the fact that the local controlling body may require the purchaser to pay any claims or charges which may be made by that body for the maintenance of the road over which the timber is transported, and, before a sawmill license is issued to the purchaser, a letter indicating that satisfactory arrangements have been made in this connection must be produced to the undersigned.

7. Only those trees numbered numerically are included in this sale. All unnumbered trees are excluded from this sale, and must not be felled or removed.

8. Should any dispute arise as to the boundaries the decision of the Commissioner of Crown Lands shall be final.

9. In the event of the timber remaining unsold at this offering, applications may be received and dealt with at any time within six months thereafter (unless previously formally withdrawn), providing, however, that the amount offered is not less than the upset price stated herein.

10. Any breach of the foregoing conditions of sale will render the "on demand" promissory notes liable for presentation for immediate payment.

11. The highest or any tender will not necessarily be accepted, and this timber is submitted for sale subject to the final acceptance of any tender by the Minister of Lands.

12. The purchaser shall have the right to cut the timber for the period specified, but shall have no right to the use of the land.

13. The timber shall be cut in a face, and the Crown reserves the right to follow up the mill-workings by felling and grassing such areas as from time to time become available, and of disposing of the same.

14. The licensee shall not allow any sawdust to find its way into any watercourse of any description.

15. Purchasers are notified that extension of the time herein stated for the removal of the timber must not be anticipated.

Tenders to be addressed "Commissioner of Crown Lands, Auckland Land District, Private Bag, Auckland," and envelopes to be marked "Tender for Timber."

Full particulars may be obtained from this office.

Commissioner of Crown Lands.
