Clerk of the Executive Council.

License authorizing Mary McBeth and Jack Watson Faulds McBeth, both of Puriri, Farmers, to use Water for the Purpose of generating Electricity, and to erect and use Electric Lines in Portion of the Thames County.

BLEDISLOE, Governor-General.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 9th day of April, 1934.

Present :

THE RIGHT HON. G. W. FORBES PRESIDING IN COUNCIL.

IN pursuance and exercise of the powers conferred by the Public Works Act, 1928, and of all other powers in anywise enabling him in this behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby grant to Mary McBeth and Jack Watson Faulds McBeth of Puriri, farmers (hereinafter with their successors and assigns referred to as "the licensees"), a license, subject to the conditions hereinafter set forth, to take and use from the Koturepupui River situated in Section 2907B, Ruapekapeka Block, Thames Survey District (hereinafter referred to as "the said stream"), in the Auckland Land District, for the purposes hereinafter set forth, a stream of water (hereinafter referred to as "the said water") not exceeding three cubic feet per second at any one time; and also to lay, construct, put up, place, and use the electric lines hereinafter described on the conditions hereinafter set forth: Provided that nothing herein shall be held to guarantee that the said stream contains sufficient water to supply the volume of water hereinbefore referred to; and all rights hereby granted shall be subject to all existing rights heretofore granted under the Mining Acts or otherwise.

CONDITIONS.

I. REGULATIONS.

THIS license is subject to compliance by the licensees with the Electrical Supply Regulations, 1927, the Electrical Wiring Regulations, 1927, and with any regulations made or to be made in amendment thereof or in substitution therefor, which regulations shall be deemed to be incorporated herein.

2. PLANS.

The licensees shall forward for the approval of the Minister of Public Works (hereinafter referred to as "the Minister")—

- (a) Full detailed drawings and specifications of the diverting weirs;
- (b) Drawings showing how and in what manner the water is diverted;
- (c) Contour-plans showing difference in level of water due to the construction of the headworks.
- (d) Drawings giving full particulars of any tunnels, aqueducts, and pipe-lines used in conveying the water from the headworks to the power-station;
- (e) Drawings showing the arrangement of the generating, switching, and transforming plant in the power-station.

3. UTILIZATION OF THE WATER.

The said water shall be used under this license solely for the purpose of generating electricity.

4. LOCATION OF HEADWORKS.

The said water shall be taken from the said stream situated in section 2907B, Ruapekapeka Block, Thames Survey District, as indicated on the plan marked P.W.D. 86044 (hereinafter referred to as "the said plan"), deposited in the office of the Minister of Public Works at Wellington.

5. GENERAL DESCRIPTION OF WORKS.

The licensees are hereby authorized, subject to the conditions herein contained, to construct, maintain, and use the following works for the purposes of this license, the position of the said works being indicated on the said plan:—

- (a) Headworks consisting of dam and necessary intakes;
- (b) Pipe-line leading from the head-race to the power-house hereinafter referred to; also tail-race from the power-house to the said stream;
- (c) Power-house with all necessary equipment, including water-turbines, generators, transformers, lightning-arrestors, switchboards, switches, exciters, and other appliances for generating electricity;
- (d) Transmission and other lines, with a line leading from the power-house to and across the Puriri-Neasville Road to the licensees cowshed and homestead, all being more particularly delineated on the said plan by means of green lines;
- (e) Such further transmission and other lines within the premises of the licensees as may from time to time be required. Any extensions or alterations of lines pursuant to this paragraph shall be made only after compliance with the provisions of clauses 21, 22, and 23 of the Electrical Supply Regulations, 1927.

6. MAINTENANCE OF WORKS.

The licensees shall maintain the works used under the license in proper working order during the continuance of such license.

7. DURATION OF LICENSE.

This license shall, unless sooner determined in accordance with the provisions hereinafter expressed, continue in force for a period of twenty-one years from the date hereof. Upon the expiry of the said term, or upon the sooner determination of this license by revocation or otherwise, all rights hereby granted to the licensees shall thereupon cease and determine, but such expiration or determination shall not relieve the licensees of any liability, theretofore incurred under this license. Notwithstanding anything to the contrary in this clause this license shall terminate on the day when an Electric-power Board is prepared to give supply to all buildings on the property on the same terms as it offers consumers generally and without requiring the licensees to contract to pay for more electricity than they may from time to time require.

8. RENTAL.

The licensees shall in respect of this license pay to the District Engineer, Public Works Department, a yearly rental of 4s. per kilowatt of maximum output generated during each and every year from 31st March with a minimum of 16s. per annum. The output either shall be recorded by means of a watt-hour meter installed by the licensees, or failing such installation, it shall be determined on the maximum capacity of the generating plant installed. The present plant is rated at 4 kilowatts, 220 volts direct current.

9. GRANTING OF OTHER WATER-RIGHTS.

Nothing herein shall prevent the Governor-General in Council or the Minister from granting to any person or body corporate other than the licensees a license or permit to take water from any portion of the said stream, except at the place where the licensees are by this license empowered to take it: Provided that no such license or permit shall so operate as to enable such person or body corporate to reduce the natural fall between the headworks and tail-water, or the volume of the water which the licensees are by this license authorized to take from the said stream.

10. VARIATION IN CONDITIONS OF LICENSE.

The terms and conditions of this license may from time to time at the request or with the consent in writing of the licensees be altered by the Governor-General by Order in Council.

11. SURRENDER OF LICENSE.

The licensees may at any time, with the consent of the Minister, surrender this license, and shall thereupon remove from the ground (if so required by the Minister) all removable equipment, machinery, buildings, poles, transmission-lines, and other plant herein authorized to be installed or provided. If the licensees fail or neglect so to remove the said plant within twelve months after being required so to do, such equipment, machinery, buildings, poles, lines, and other plant shall become the property of the Crown.

12. SYSTEM OF SUPPLY.

The system of supply shall be as described in paragraph (c) of clause 5 of the Electrical Supply Regulations, 1927.

The generating and transmission voltage shall be approximately 220 volts between terminals.

13. CROWN NOT LIABLE TO PAY COMPENSATION.

Nothing in this license shall be held to impose any liability upon His Majesty the King or upon the Government of New Zealand to pay compensation to any person, corporate body, or local authority by reason of the exercise by the licensees of the authority hereby granted; but the licensees shall be liable for any loss or damage which any person, corporate body, or local authority may sustain as the result of the exercise by the licensees of any of the powers granted by this license.

14. BED OF STREAM NOT LEASED.

Nothing herein shall be held to constitute a lease from the Crown of the bed of the stream shown on the said plan, nor shall the provisions of Part IX of the Property Law Act, 1908, apply to this license.

15. DEFAULT.

If the licensees fail or neglect so to observe any of the conditions or obligations imposed by this license, then and in any such case the provisions of clauses 229 and 230 of the Electrical Supply Regulations, 1927, shall apply to the breach of any such condition or obligation.

16. ALTERATIONS TO WORKS.

In the event of the licensees at any time desiring to make alterations to the works involving a departure from the location or type of construction shown on the approved plans, they shall first submit for the Minister's approval plans showing such new location or type of construction as it is proposed to adopt, and with such approval the alterations may be carried out.

17. INSPECTION OF WORKS.

The Inspecting Engineer of the Public Works Department or any other person empowered in that behalf by the Minister shall at all times, both during and after the construction of the works, have free access to and liberty to inspect such works in order to ensure that the provisions of this license are given due effect.

18. CONTRACT BETWEEN LICENSEES AND CROWN.

This license shall be deemed to constitute a contract as between the licensees and His Majesty the King, and may be enforced by and against either party accordingly.

19. REQUIREMENTS OF THAMES COUNTY COUNCIL.

Notwithstanding anything hereinbefore contained, the licensees shall not by virtue of these presents be entitled to lay, construct, put up, place, or use the electric lines hereby

authorized, except subject to such conditions (not inconsistent with the provisions of this license or of the regulations) as may from time to time be imposed by the Thames County Council.

20. RAILWAYS AND TELEGRAPH DEPARTMENTS' LINES.

The licensees shall rectify to the satisfaction of the Government Railways Board or the Minister of Telegraphs, as the case may be, any interference or disturbance caused by the erection or operation of the licensees' system that affects the satisfactory working of telegraph-lines which are the property of the Railways Department or the Telegraph Department, and which were erected prior to the licensees' lines.

21. TIME FOR SUBSTANTIAL COMPLETION OF WORKS.

The licensees shall substantially complete the works hereby authorized within a period of one year from the date of this license, or within such further time as the Minister may allow in the event of the work being delayed by strikes, lock-outs, breakdowns, or other unavoidable causes not due to any neglect of the licensees.

CHURCH PROPERTY TRUST (CANTERBURY)
ACT, 1879.

In the matter of a Bill intituled "An Act to amend the Church Property Trust (Canterbury) Act, 1879, and to extend the powers of the Church Property Trustees so as to enable such Trustees to amalgamate investments of trust funds now or hereafter held by or vested in them."

NOTICE is hereby given pursuant to the provisions of the Standing Orders of the Parliament of New Zealand relating to Private Bills that application will be made to the General Assembly of New Zealand in Parliament assembled at its next ensuing session on behalf of the Church Property Trustees, a body politic and corporate incorporated under and by virtue of certain Ordinances of the Superintendent and Provincial Council of the late Province of Canterbury, whose office is at Church House, 173 Cashel Street, Christchurch, for leave to introduce a Bill to be intituled "An Act to amend the Church Property Trust (Canterbury) Act, 1879, and to extend the powers of the Church Property Trustees so as to enable such Trustees to amalgamate investments of trust funds now or hereafter held by or vested in them."

The objects of the Bill are—

Firstly, to amend Part VIII of the Church Property Trust (Canterbury) Act, 1879, by the addition of a new section to empower the Church Property Trustees (hereinafter called the trustees) to amalgamate in one fund for investment purposes investments—consisting of mortgages of land, Government inscribed stock, and bonds, and local-body debentures, and future investments of the like kind, but excluding land and revenue from land—in which trust moneys held by or vested in the Trustees in trust for diocesan, local, or other church purposes are now or may hereafter be invested, and prescribing the terms and conditions upon and subject to which such investments may be amalgamated.

F

The purpose of the proposed amalgamation is the spreading of risks incidental to such investments over as large a body of investments as possible, and so preventing any losses occurring from crippling or very seriously injuring any one specific trust which losses the whole fund might bear without serious inconvenience or injury.

The terms and conditions intended to be provided in the Bill deal with the following matters:—

- (a) Definition of what investments may be amalgamated.
- (b) Exclusion of land and revenue from land other than land falling in after amalgamation through default then made in any mortgage of land included in the amalgamated fund.
- (c) The manner in which the amalgamated fund shall be set up, the name by which it is to be called.
- (d) How the capital share of each trust whose investments are included in such fund shall be ascertained and recorded.
- (e) The establishment of an Amalgamated Investment Fund Income Account into which all income derived from the amalgamated investment fund must be paid.
- (f) The crediting or payment to each trust having a capital share in the amalgamated fund out of such Income Account of a uniform rate of interest which may be lower up to but not exceeding one-half per centum below the average rate of interest earned by the whole of the investments comprised in the amalgamated fund.
- (g) The setting up of a reserve fund into which after payment in each year to each trust of such uniform rate of interest the balance left in such Income Account is to be paid.
- (h) How the reserve fund should be invested, and how and to what objects income derived from its investment or the capital of the reserve fund may be applied and under what conditions such income and capital may be applied.
- (i) How far the authority to amalgamate shall extend; provision of opportunity for exclusion of investments of a specific trust on request, also for possible subsequent inclusion of investments so excluded; provision enabling donor or testator expressly to exclude from amalgamation the investments of moneys given or bequeathed by him; provision enabling the trustees to refuse to include in the amalgamation investments of moneys so given or bequeathed; and unless expressly forbidden afterwards to include moneys from realization or payment of such investments.

Secondly, to provide for payment of costs and expenses of promotion of Bill.

Thirdly, to declare the Bill to be a Private Bill.

Printed copies of the Bill will be deposited in the Private Bill Office in Wellington on or before the 12th day of June, 1934.

Dated this 7th day of April, 1934.

For and on behalf of the Church Property Trustees—

H. D. ANDREWS,
Solicitor and Agent for the Bill. 35
