BLEDISLOE, Governor-General.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 3rd day of May, 1934.

Present :

THE RIGHT HON. G. W. FORBES PRESIDING IN COUNCIL.

WHEREAS it is provided by section nine of the Local Authorities Interest Reduction and Loans Conversion Act, 1932-33, that, with the precedent consent of the Governor-General, given by Order in Council under section thirteen of the said Act, after compliance with the provisions of Part II of the Act, and subject to and in accordance with the provisions of such Order in Council, any local authority may issue new securities in conversion of any existing securities to which the said Act applies :

And whereas by the said section thirteen it is further provided that the Governor-General, by the Order in Council giving his consent to the conversion of existing securities by a local authority, may make such provisions as he thinks fit with respect to all or any of the matters specified in the said section, and that, subject to the provisions of the said Act, every Order in Council under the said section shall have the force of law as if enacted in the said Act, anything to the contrary in any other Act or in any regulations made under the said Act or any other Act notwithstanding :

And whereas the Poverty Bay Electric-power Board (being a local authority within the meaning of the said Act) has issued securities in respect of the loans numbered 6, 7, 8, 9, and 10 in the First Schedule hereto, and has indemnified the Gisborne Borough Council (a local authority under the meaning of the said Act) against its liability under the securities issued by the said Council in respect of the loans or parts of loans described in the said First Schedule and numbered therein 1, 2, 3, 4, and 5, and whereas the securities issued in respect of all the loans or parts of the loans described in the said First Schedule are existing securities to which the said Act applies :

And whereas the Poverty Bay Electric-power Board, being desirous of issuing new securities in conversion of such existing securities, has complied with the provisions of Part II of the said Act, and it is expedient that the precedent consent of the Governor-General to such conversion should be given as required by the said Act, and that by this Order the provisions hereinafter set forth should be made with respect to the matters specified in the said section thirteen :

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, and in pursuance and exercise of the powers and authorities conferred on him by the said Act, and of all other powers and authorities enabling him in this behalf, doth hereby consent to the issue by the said local authority of new securities in conversion of any existing securities to which this Order applies, and with respect to such conversion doth hereby make the following provisions.

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

PREMIUMS.

17. (3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

SINKING FUND FOR UNCONVERTED SECURITIES.

21. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan referred to in the First Schedule hereto, and to which this Order applies, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities issued in respect of such loan, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

APPLICATION OF EXISTING SINKING FUNDS.

22. (1) The existing sinking fund of that portion of the Te Hapara Special District Loan of eighteen thousand pounds in respect of which the local authority has indemnified the Gisborne Borough Council shall be applied by the Public Trustee as Commissioner thereof in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the amount of two thousand five hundred pounds.
- (b) Secondly, in transferring therefrom on the thirtieth day of September, one thousand nine hundred and thirty-four, the sum of five hundred pounds to the credit of the sinking fund held by the Public Trustee as security for the repayment of that portion of the said loan of eighteen thousand pounds in respect of which the local authority has not indemnified the Gisborne Borough Council.
- (c) Thirdly, as far as it will extend to the nearest multiple of one hundred pounds in repayment as at the date of conversion of the principal secured by those existing securities issued in respect of that loan to which this Order applies; and
- (d) Fourthly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (c) of the last preceding subclause shall be paid by the local authority out of the local fund.

23. The existing sinking fund of every loan referred to in the First Schedule (other than the loan referred to in the last preceding clause) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities issued in respect of such loan; and
- (b) Secondly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

24. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of interest, sinking fund, and other charges in respect of such securities.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926, and as if the local authority were a local authority and its district a district under that Act.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

SECURITIES HELD BY TRUSTEES.

25. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

BROKERAGE.

26. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

One year's interest on £100 at existing rate ($4\frac{1}{2}$ per cent.) is	£	4.8
One year's interest on £100 at new rate ($4\frac{1}{2}$ per cent.) is	£	4.25

Difference is £0.55

Period from date of conversion (15th December, 1933) to existing maturity date (14th January, 1947) is 13 years 30 days, counted as 13 years.

Factor for 13 years is 9.761556.

Example of Working.

Conversion as from 15th December, 1933, of 6 per cent. securities for £100, maturing 14th January, 1947, into $4\frac{1}{2}$ per cent. securities.

Interest rate on existing securities (as reduced by Part I of the Act) is $4\frac{1}{2}$ per cent. per annum.

One year's interest on £100 at existing rate ($4\frac{1}{2}$ per cent.) is	£	4.8
One year's interest on £100 at new rate ($4\frac{1}{2}$ per cent.) is	£	4.25

Difference is £0.55

Period from date of conversion (15th December, 1933) to existing maturity date (14th January, 1947) is 13 years 30 days, counted as 13 years.

Factor for 13 years is 9.761556.

£0.55 multiplied by 9.761556 is £5.3688558, or £5 7s. 4d., which is the premium for £100 of the existing securities.

The premiums on other amounts of existing securities of the same class can be computed in the same way, or alternatively, by ascertaining 5.3688558 per cent. of the amount of the principal in each case.

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, and in pursuance and exercise of the powers and authorities conferred on him by the said Act, and of all other powers and authorities enabling him in this behalf, doth hereby consent to the issue by the said local authority of new securities in conversion of any existing securities to which this Order applies, and with respect to such conversion doth hereby make the following provisions.

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioner of the consolidated sinking fund on each first day of October following the date of conversion up to and including the first day of October, one thousand nine hundred and sixty-one, a contribution of £937, increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the first day of October preceding the date on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking funds for unconverted securities.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities issued in respect of such loan, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

APPLICATION OF EXISTING SINKING FUNDS.

22. The existing sinking fund of every loan in the First Schedule hereto in respect of which a sinking fund was provided shall be applied by the Commissioners thereof in or towards making the following payments, in the following order or priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities issued in respect of such loan;
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums; and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

23. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of interest, sinking fund, and other charges in respect of such securities.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

SECURITIES HELD BY TRUSTEES.

24. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

BROKERAGE.

25. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing rates.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioners of the consolidated sinking fund on each first day of April and first day of October following the date of conversion up to and including the first day of April, one thousand nine hundred and fifty-seven, a contribution of £2,370, increased in respect of each contribution by a sum equal to two and one-eighth per centum of the aggregate amount of new securities redeemable on any date prior to that on which such contribution is payable, and reduced by the aggregate of the sums which during the six months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking funds for unconverted securities.

(3) The provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

SINKING FUND FOR UNCONVERTED SECURITIES.

21. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan referred to in the First Schedule hereto, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities issued in respect of such loan, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

APPLICATION OF EXISTING SINKING FUND.

22. (1) For the purposes of the next two succeeding clauses the sinking fund of every loan set out in the First Schedule hereto, of which the Public Trustee is holder of some only of the existing securities issued in respect thereof, shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

(a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-three hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan held by the Public Trustee and such first part of the sinking fund were the sinking fund of such separate loan.

- (b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan within the meaning of that clause and such second part of the sinking fund were the sinking fund of such separate loan.
23. (1) The existing sinking fund of every loan in the First Schedule hereto the securities issued in respect of which are held by the Public Trustee, shall be applied by the Public Trustee as Commissioner thereof as follows :—
- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, as far as it will extend to the nearest multiple of five pounds in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan; and
- (c) Thirdly, in transferring the balance to the Commissioners of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.
- (2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.
24. The existing sinking fund of every loan in the First Schedule (other than any loan referred to in the last preceding clause) of which the Public Trustee is Sinking Fund Commissioner, shall be applied by the Public Trustee as Commissioner thereof, as follows :—
- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held; and
- (b) Secondly, in payment of the balance to the Commissioners of the aforesaid Consolidated Sinking Fund (to be held as part of that sinking fund) by annual payments on each first day of October following the date of conversion of the sum of five hundred pounds together with all interest accrued during the preceding twelve months on the outstanding balance of each existing sinking fund in the hands of the Public Trustee.
25. The existing sinking fund of every loan in the First Schedule hereto (other than the loans referred to in the two last preceding clauses) shall be applied by the Commissioners thereof as follows :—
- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority, (i) of the costs and charges of and incidental to the conversion of any existing securities to which this Order applies (whether issued in respect of the said loan or of any other loan referred to in the First Schedule hereto), and (ii) any cash payments required by this Order to be made in respect of premiums payable on the conversion of any existing securities to which this Order applies (whether issued in respect of the said loan or of any other loan referred to in the First Schedule hereto): Provided that the aggregate of all the payments made pursuant to this paragraph shall in no case exceed £2,200; and
- (c) Thirdly, in transferring the balance to the Commissioners of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

26. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of interest, sinking fund, and other charges in respect of such securities.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

SECURITIES HELD BY TRUSTEES.

27. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

E

This license shall, unless sooner determined in accordance with the provisions hereinafter expressed, continue in force for a period of twenty-one years. Upon the expiry of the said term, or upon the sooner determination of this license by revocation or otherwise, all rights hereby granted to the licensee or his assigns shall thereupon cease and determine; but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license. Such surrender shall be without prejudice to any rights held by the licensee under the Mining Act, 1926, or any similar statute.

The licensee shall, in respect of this license, pay to the Public Works Engineer for the Greymouth District, or otherwise as the Minister may from time to time require, a rental at the rate of 4s. per annum per kilowatt of maximum output, as recorded by the watt-hour-meter to be installed by the licensee at the power-house mentioned in clause 4 (c) hereof, payment to be made yearly for the period ending on the 31st day of March in each year. "Maximum output" means twice the number of units generated in the half-hour during which the number of units generated is a maximum for the year. For this purpose the units generated shall be recorded at the end of each half-hour commencing from noon of each day.

Nothing herein shall prevent the Governor-General in Council from granting to any person or body corporate other than the licensee a license to take water from the said river except at the place where the licensee is by this license empowered to take it:

Provided that no such license shall so operate as to enable such person or body to reduce the natural fall between the headworks and tail-water, or the volume of the water which the licensee is by this license authorized to take from the said river.

10. SURRENDER OF LICENSE.

The licensee may at any time, with the consent of the Minister, surrender this license, and shall thereupon remove from the ground (if so required by the Minister) all removable equipment, machinery, buildings, poles, transmission-lines, and other plant herein authorized to be installed or provided. If the licensee fails or neglects so to remove the said plant within twelve months after being required so to do, such equipment, machinery, buildings, poles, lines, and other plant shall, without payment of compensation, vest in and become the property of the Crown.

11. SYSTEM OF SUPPLY.

"Lighting purposes" shall include the operation of motor generators for lighting purposes. In the case of wholesale supply the charge shall not exceed £16 per kilowatt of maximum demand per annum. "Wholesale supply," for this purpose, shall be held to be a supply in respect to which the consumer shall guarantee to pay not less than £120 per annum.

13. REQUIREMENTS OF THE INANGAHUA COUNTY COUNCIL.

Notwithstanding anything hereinbefore contained, the licensee shall not be entitled to erect, maintain, or use any electric lines, except subject to such by-laws, not inconsistent with the provisions of this license (or any variation of this license) and the regulations, as may from time to time be in force within the Inangahua County.

14. RIGHT TO PURCHASE WORKS.

Notwithstanding anything herein contained, the licensee undertakes to sell to His Majesty the King, or to an Electric-power Board or local authority whose district may include the area described in the Second Schedule hereto, at such price and on such conditions as may be mutually agreed upon (or, failing such mutual agreement, then determined by arbitration in the manner prescribed by the Arbitration Act, 1908), this license in so far as it is legally necessary under the Public Works Act, but not including the licensee's rights under the Mining Act or any Act passed in substitution therefor, together with the whole or any part of the business and undertaking of the licensee, so far as the same relates to or is connected with the distribution of electrical energy to consumers, and together with all real and personal property and all rights acquired by the licensee under this license and used or enjoyed in connection with such whole or part as it is proposed should be purchased. The said option may be exercised at any time during the currency of this license, but the said price shall not exceed the original cost to the licensee of the works (including reasonable preliminary and engineering expenses), less a deduction for depreciation at the rate of 2 per cent. per annum on the original cost on all assets other than land calculated for the period that such assets have been in service, and also a deduction in consequence of any burdensome provisions respecting the use of the electric works or any easements, rights, or privileges in connection therewith, and shall not include any sum in respect of the value of the goodwill of the licensee's business or undertaking, or in respect of the value of the license for the unexpired period thereof, or in respect of the value of any Crown land held or occupied by the licensee in connection with the undertaking.

15. COMPENSATION PAYABLE FOR LAND INJURIOUSLY AFFECTED, ETC.

In respect of all land injuriously affected, and in respect of all damages done by the exercise of any of the powers conferred upon the licensee by this license, the licensee shall from time to time, as and when any such injury or damage accrues or happens, pay compensation in accordance with the provisions of the Public Works Act, 1928, in the same manner (subject to all necessary modifications) as if such licensee were a local authority and the claim were one for injury or damage arising out of the construction of a public work.

16. CROWN NOT LIABLE TO PAY COMPENSATION.

Nothing in this license shall be held to cast upon or imply any liability upon His Majesty the King or upon the Government of New Zealand to pay compensation to any person, corporate body, or local authority by reason of the exercise by the licensee of the authority hereby granted; but the licensee shall be liable for any loss or damage which any person, corporate body, or local authority may sustain as the result of the exercise by the licensee of any of the powers granted by this license.

17. BED OF RIVER NOT LEASED.

Nothing herein shall be held to constitute a lease from the Crown of the bed of the said river, nor shall the provisions of Part IX of the Property Law Act, 1908, apply to this license.

18. CONTRACT BETWEEN LICENSEE AND CROWN.

This license shall be deemed to constitute a contract as between the licensee and His Majesty the King, and may be enforced as a contract by and against His said Majesty or the licensee accordingly.

19. DEFAULT.

If the licensee fails or neglects to observe any of the conditions or obligations imposed by this license, then and in any such case the provisions of clauses 229 and 230 of the Electrical Supply Regulations, 1927, shall apply to the breach of any such condition or obligation.

20. ALTERATIONS TO WORKS.

In the event of the licensee at any time desiring to make alterations to the works it shall first submit for the Minister's approval plans showing such alterations as it is proposed to make, and with such approval the alterations may be carried out.

21. INSPECTION OF WORKS.

The Inspecting Engineer of the Public Works Department or any other person empowered in that behalf by the Minister shall at all times have free access to and liberty to inspect such works so as to ensure that the provisions of this license are given due effect.

Regulation for ascertaining Tonnage of Ships under Section 188 (c) (v) of the Shipping and Seamen Act, 1908.

Marine Department,
Wellington, 1st May, 1934.

WHEREAS it is enacted by paragraph (v) of clause (c) of section 188 of the Shipping and Seamen Act, 1908, that the Minister may from time to time make such regulations as he thinks fit for, amongst other things, defining the manner in which the tonnage of ships shall be ascertained for the purposes of the said section: And whereas it is desirable to make the following regulation: And whereas by Warrant dated the tenth day of January, one thousand nine hundred, and published in the *Gazette* of the eighteenth day of the same month, at page 114, a regulation for ascertaining the tonnage of ships under section three of the Shipping and Seamen Amendment Act, 1899, was made: And whereas it is desirable to revoke the said regulation:

Now, therefore, I, John George Cobbe, the Minister of Marine, do hereby revoke the said regulation of the tenth day of January, one thousand nine hundred, and doth hereby make the following regulation in lieu thereof.

REGULATION.

THE tonnage of ships for the purposes of section 188 (c) (v) of the Shipping and Seamen Act, 1908, shall be ascertained by a Surveyor of Ships or a Superintendent of Mercantile Marine, at the owners' election in accordance with any instructions issued by the Imperial Board of Trade as to the tonnage measurement of ships, or in the following manner, viz., measure the length and breadth outside from the inside of the stem to the outside of the sternpost, and the depth inside. Multiply them together and by 0.6, and divide the product by 100. The quotient obtained, added to the product of the measurement of the break, poop, or other closed-in space on the deck, if any, shall be deemed to be the gross tonnage of the ship. From the gross tonnage deduct 25 per cent. thereof for engine-space, and the result shall be deemed to be the register tonnage of the ship.

If there be a break, a poop, or other closed-in space, multiply the mean length, breadth, and depth, and divide the product by 100, and add the quotient obtained to the gross register tonnage.

For ships with raking stem and stern the length shall be taken from the after-side of the sternpost on a line with the rabbet of the keel to a plumb line from the fore part of the stem on a line with the gunwale or deck.

JOHN G. COBBE, Minister of Marine.
