## ORDER IN COUNCIL.

At the Government House at Wellington, this 2nd day of July, 1934.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS it is provided by section nine of the Local Authorities Interest Reduction and Loans Conversion Act, 1932-33, that, with the precedent consent of the Governor-General, given by Order in Council under section thirteen of the said Act, after compliance with the provisions of Part II of the Act, and subject to and in accordance with the provisions of such Order in Council, any local authority may issue new securities in conversion of any existing securities to which the said Act applies:

And whereas by the said section thirteen it is further provided that the Governor-General, by the Order in Council giving his consent to the conversion of existing securities by a local authority, may make such provisions as he thinks fit with respect to all or any of the matters specified in the said section, and that, subject to the provisions of the said Act, every Order in Council under the said section shall have the force of law as if enacted in the said Act, anything to the contrary in any other Act or in any regulations made under the said Act or any other Act notwithstanding:

And whereas the Dunedin City Council (being a local authority within the meaning of the said Act) has issued securities in respect of the loans specified in the First Schedule hereto, and certain of such securities are existing securities to which the said Act applies:

And whereas the said local authority, being desirous of issuing new securities in conversion of such existing securities, has complied with the provisions of Part II of the said Act, and it is expedient that the precedent consent of the Governor-General to such conversion should be given as required by the said Act, and that by this Order the provisions hereinafter set forth should be made with respect to the matters specified in the said section thirteen:

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, and in pursuance and exercise of the powers and authorities conferred on him by the said Act, and of all other powers and authorities enabling him in this behalf, doth hereby consent to the issue by the said local authority of new securities in conversion of any existing securities to which this Order applies, and with respect to such conversion doth hereby make the following provisions.

## SPECIAL RESOLUTION OF LOCAL AUTHORITY.

If the local authority reserves the right conferred by clause 16 (1) of this Order to repay any new security at a date prior to that specified therein, particulars of such right shall be inserted in the notice and in the prospectus referred to in this clause.

(2) In addition to the notices required by the last preceding subclause, the local authority may give such further notice in relation to the conversion (whether by way of advertisement or otherwise) as it thinks fit.

## RIGHT TO APPLY FOR OR DISSENT FROM CONVERSION.

7. The holder of any existing securities to which this Order applies may make application to the local authority in writing for the conversion of such securities into new securities in accordance with this Order. Every application under this clause shall be accompanied by the securities to which it relates.

8. If the holder of any existing securities to which this Order applies does not, within the time and in the manner provided by this Order, signify his dissent from the conversion of such securities into new securities, the existing securities shall be converted into new securities in the same manner as if application had been made under the last preceding clause.

9. Dissent from the conversion of any existing securities may be signified—

- (a) At any time up to and including the date of conversion ; or
- (b) If the holder of the securities (or, where the holder is a trustee, any person whose consent would, but for this Order, be required for conversion) is during the whole of the time between the date of the publication of this Order in the *Gazette* and the date of conversion absent from New Zealand, at any time before the expiration of three months from the date of conversion ; or
- (c) In the case of any particular holder, within such further time as the local authority may, on account of special circumstances, in its discretion allow.

10. The dissent of the holder of any existing securities from the conversion of those securities into new securities shall be signified in writing, and shall be deemed to be signified when such writing is received by the local authority or by any person authorized by the local authority to receive it.

## SURRENDER OF CONVERTED SECURITIES, AND PAYMENT OF INTEREST THEREON.

11. The holder of any existing securities converted into new securities (whether the conversion is on application or after failure to dissent) shall not be entitled to demand payment of any interest payable on the existing securities, or to receive the new securities or any interest thereon, until he has surrendered the existing securities to the local authority.

12. Subject to the provisions of the last preceding clause, the interest on any such existing securities for the period ending on the date of conversion shall be payable not later than two months from the date of conversion.

## NEW SECURITIES.

13. (1) New securities shall be issued in the form of debentures in the form numbered (2) in the Second Schedule hereto.

(2) Every new debenture shall be for a sum of five pounds, twenty-five pounds, fifty pounds, one hundred pounds, or any sum in excess of one hundred pounds.

## MATURITY DATES.

16. (1) Every new security shall be redeemable at par on such one of the maturity dates set out in the Third Schedule hereto as is specified in that behalf in the security :

Provided that in respect of any new security the specified maturity date of which is a date later than the first day of April, one thousand nine hundred and forty, the local authority may stipulate in such new security for the redemption thereof at the option of the local authority on such date prior to the date so specified (but not earlier than the first day of April, one thousand nine hundred and forty) as the local authority may fix by notice in that behalf to be published in the *Gazette* at least three months before such date.

(2) The local authority shall so fix the respective maturity dates of the new securities that the aggregate amount of principal secured by the new securities maturing on each of such dates shall, if practicable, be a multiple of one hundred pounds, and, subject thereto, shall, as nearly as may be, bear the same proportion to the aggregate amount of principal secured by all the new securities as the sum set opposite that date in the Third Schedule hereto bears to the total amount specified in that Schedule.

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity date of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

#### PREMIUMS.

17. (1) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, does not exceed the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities.

(2) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, exceeds the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities, and, in addition thereto, shall be entitled to receive a premium on such principal computed in accordance with the Fourth Schedule hereto.

18. (1) Every premium to which any person is entitled under the last preceding clause shall be satisfied by payment of the amount thereof in cash.

(2) All payments of cash in accordance with the last preceding subclause that are not made out of any sinking fund pursuant to the provisions of this Order in that behalf shall be made by the local authority out of the local fund, and charged to the appropriate account.

#### PLACE FOR PAYMENT OF PRINCIPAL AND INTEREST.

19. The principal and interest in respect of new securities shall be payable in New Zealand.

#### CONSOLIDATED SINKING FUND FOR NEW SECURITIES.

20. (1) In order to provide funds for the repayment of the new securities the local authority shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a consolidated sinking fund, of which such persons as the local authority appoints shall be the Commissioners.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioners of the consolidated sinking fund on each first day of April following the date of conversion up to and including the first day of April, one thousand nine hundred and fifty-eight, a contribution of forty-one thousand two hundred and eighty-four pounds, increased in respect of each contribution by a sum equal to four per centum of the aggregate amount of new securities redeemable up to and including the first day of April preceding the date on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking funds for unconverted securities.

(3) The provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

#### SINKING FUND FOR UNCONVERTED SECURITIES.

21. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan referred to in the First Schedule hereto, and to which this Order applies, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund.

#### APPLICATION OF EXISTING SINKING FUNDS.

22. Where in respect of any loan specified in the first column of the First Schedule hereto the whole of the securities issued in respect thereof and outstanding at the date of conversion are not existing securities to which the Act applies, the existing sinking fund of such loan shall be divided into two parts, the first of which shall bear to the second the same proportion which the amount of the outstanding existing securities to which the Act applies bears to the amount of the outstanding existing securities to which the Act does not apply. The first part of such sinking fund shall be applied by the Commissioners thereof in accordance with the provisions of clause twenty-three hereof as if those existing securities issued in respect of the loan to which the Act applies were a separate loan to which that clause applies, and such first part of the sinking fund were the sinking fund of such separate loan, and the second part of such sinking fund shall be retained by the Commissioners as a sinking fund for those existing securities issued in respect of the loan to which the Act does not apply.

23. Subject to the provisions of the last preceding clause the existing sinking fund of every loan referred to in the First Schedule hereto shall be applied by the Commissioners thereof in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the Sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held; and
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any person is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto);
- (c) Thirdly, in transferring the balance to the Commissioners of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

#### CONSOLIDATED SPECIAL RATE.

24. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of interest, sinking fund, and other charges in respect of such securities.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

#### SECURITIES HELD BY TRUSTEES.

25. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

#### BROKERAGE.

26. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

WHEREAS by Order in Council dated the thirtieth day of January, one thousand nine hundred and twenty-two, and published in the *Gazette* of the second day of the following month, at page 235, Amos McKegg, of Temuka, was licensed under the Harbours Act, 1908, to occupy for a period of fourteen years a part of the foreshore and land below low-water mark at Taieri Mouth, fronting the Township of Hull, in order to maintain thereon two wharves as shown on plan marked M.D. 2963 and deposited in the office of the Marine Department at Wellington :

And whereas one of the said wharves has been demolished :  
And whereas the hereinbefore-mentioned Order in Council has expired, and John Campbell and Anton Middendorf, both of Taieri Mouth (hereinafter called "the licensees," in which term is to be construed, unless the context requires a different construction, their executors, administrators, and

assigns) have made application under the Harbours Act, 1923 (hereinafter called "the said Act"), for a license for a term of fourteen years, computed from the first day of June, one thousand nine hundred and thirty-four, and it is expedient to grant the same for the term and subject to the conditions hereinafter expressed:

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and of all other powers and authorities enabling him in that behalf, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the purpose or object for which the said license is required by the licensees as aforesaid; and, in further pursuance and exercise of the said power and authority, and acting by and with the like advice and consent as aforesaid, doth hereby license and permit the licensees to use and occupy that part of the foreshore and land below low-water mark which is particularly shown and delineated on the plan so deposited as aforesaid, for the purpose of maintaining the said wharf thereon, such license to be held and enjoyed by the licensees upon and subject to the terms and conditions set forth in the Schedule hereto.

#### SCHEDULE.

##### 1. In these conditions the terms—

"Low-water mark" means low-water mark at ordinary spring tides:

"Minister" means the Minister of Marine as defined by the Shipping and Seamen Act, 1908, and includes any officer, person, or authority acting by or under the direction of such Minister.

2. The concessions and privileges conferred by this Order in Council shall extend and apply only to the part of the foreshore and land below low-water mark adjacent thereto necessary for the maintenance of the said wharf at the site shown on plan marked M.D. 2963.

3. In consideration of the concessions and privileges granted by this Order in Council the licensees shall pay to the Minister the sum of £1, and thereafter an annual sum of 10s. in advance, payable on the first day of April in each year, the proportionate part of such rental in respect of the period from the 1st day of June, 1934, until the 31st March following to be paid on the licensees being supplied with a copy of this Order in Council.

4. All persons shall, at all reasonable times, upon payment of the proper dues, have free and full liberty to use the said wharf and all rights of ingress and egress thereon and therefrom.

5. His Majesty or the Governor-General, and all officers in the Government service acting in the execution of their duty, shall at all times have free ingress, passage, and egress into, through, and out of the said wharf without payment.

6. The licensees shall maintain the above-mentioned wharf in good order and repair and shall at all times exhibit from the wharf and maintain at the licensee's own cost suitable and necessary lights for the guidance of vessels: Provided that no light shall be exhibited until after it has been approved of by the Minister.

7. Any person authorized by the Minister may, at all reasonable times, enter upon the said wharf and view the state of repair thereof; and upon such Minister leaving at or posting to the last known address of the licensees in New Zealand a notice in writing of any defect or want of repair in such wharf requiring the licensees within a reasonable time, to be therein prescribed, to repair the same, the licensees shall with all convenient speed cause such defect to be removed or such repairs to be made.

8. Nothing herein contained shall authorize the licensees to do or cause to be done anything repugnant to or inconsistent with any law relating to the Customs or any regulation of the Minister of Customs, or with any provisions of the Harbours Act, 1923, or its amendments, or any regulations made thereunder and that are now or may hereafter be in force.

9. The master of each vessel discharging ballast at the said wharf shall have all such ballast taken away and deposited above high-water mark or at such place as may be approved of by the Minister, or by any person appointed by the Minister for that purpose.

10. The rights, powers, and privileges conferred by or under this Order in Council shall continue in force for fourteen years from the 1st day of June, 1934, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority; and the licensees shall not assign, charge, or part with any such right, power, or privilege without the previous written consent of the Minister first obtained.

11. The said rights, powers, and privileges conferred under or by virtue of this Order in Council may be at any time resumed by the Governor-General without payment of any compensation whatever, on giving to the licensees three calendar months' previous notice in writing. Any such notice shall be sufficient if given by the Minister and delivered at or posted to the last known address of the licensees in New Zealand.

12. The licensees shall be liable for any injury which the said wharf may cause any vessel or boat to sustain through any default or neglect on the licensees' part.

13. In case the licensees shall—

- (1) Commit or suffer a breach of the conditions hereinbefore set forth, or any of them;
- (2) Cease to use or occupy the said wharf for a period of thirty consecutive days;
- (3) Become bankrupt, or be in any manner brought under the operation of any law for the time being in force relating to bankruptcy; or
- (4) Fail to pay the sums specified in clause 3 of these conditions;

then and in any of the said cases this Order in Council and every right, power, or privilege may be revoked and determined by the Governor-General in Council without any notice to the licensees or other proceedings whatsoever; and publication in the *Gazette* of an Order in Council containing such revocation shall be sufficient notice to the licensees and to all persons concerned or interested that this Order in Council and the license, rights, and privileges thereby granted and conferred have been revoked and determined.

14. In the event of this Order in Council being revoked for any reason whatsoever, or upon the expiry of the period for which the license is granted, the licensees shall, if required by the Minister so to do, remove the said wharf entirely from the site and restore the site to its original condition within three months from the date of the revocation or expiry, as the case may be; and if the licensees fail so to do, the Minister may cause the said wharf to be removed and the site so restored and may recover from the licensees the costs incurred by the said removal and restoration.

NOTE.—A cool, late autumn month, with temperature about 1.7° below normal. Total bright sunshine, 37 per cent. of the possible; five sunless days. Precipitation was 14 per cent. above normal. Gales occurred on the 8th, 15th, and 17th; hail was recorded on four occasions; there was a heavy thunderstorm on the afternoon of the 4th, accompanied by torrential rain, and lightning was seen on the evening of the 2nd. Frosts were recorded on the 19th, 27th, and 30th. Mean dew-point at 9 a.m., 43.9°; mean vapour pressure, 0.286 in.

NOTES ON THE WEATHER FOR MAY, 1934.

General.—Though there were two rather severe storms during May, the weather for the greater part of the month was relatively quiet. Temperatures were, in the mean, considerably below normal, but there was only one really severe cold snap, that accompanying a southerly gale on the 17th to 18th. In the South Island, especially on the east coast, there was much cloudy and misty weather. A certain amount of growth took place in pastures in most districts, and stock generally are reported as being in good condition. The soil is generally well provided with moisture, the effects of previous dry spells having practically disappeared even in Nelson and Marlborough.

Rainfall.—In much the greater part of the North Island the total rainfall was considerably below average, but small excesses were recorded in some areas around Auckland, in southern Taranaki, and in southern Wellington. In the South Island the Nelson Province and Stewart Island had rather less than the average, but in the remainder it was a very wet month. Parts of Canterbury had almost three times the normal for May.

Temperatures were below average everywhere except in parts of Otago and Southland. The departures were rather large in the North Island, averaging from one and a half to two degrees, but were generally smaller in the South. Owing to the large proportion of calm nights frosts were rather numerous.

Sunshine.—In the North Island the month was a fairly sunny one, but most of the South Island recorded much less than the average. Tauranga had 183.0, Nelson 177.1, New Plymouth 162.5, and Napier 162.2 hours.

Pressure and Weather Systems.—The first event of meteorological importance in the month was the development of a remarkable cyclonic storm which reached its maximum intensity on the night of the 3rd. On the 2nd there was a trough of low pressure located west of New Zealand. It was not very deep, but it extended in almost a due north and south direction from north of Norfolk Island southward to beyond the region covered by our reports. It marked the boundary between warm air coming from the tropics and a colder mass lying to the west of it which had a far southern origin. On the 2nd there was a small centre of low pressure in the above-mentioned trough situated in the neighbourhood of Norfolk Island, the lowest pressure being about 29.8 in. Under the circumstances then existing it was proper to expect that the centre would move towards North Auckland and cause north-easterly gales and heavy rains there, but it would have been difficult to foresee the striking changes that did take place. On the morning of the 3rd the storm centre had developed into a deep and full-fledged cyclone, the lowest pressure being near Cape Maria van Diemen and amounting to about 29.2 in. The southward movement was continued, and on the morning of the 4th the centre, where the pressure was now about 29.1 in., was near Wanganui. At this stage the storm was intensified through interaction with an older centre farther south. West of a line running from Russell through Wanganui, Wellington, and Christchurch on down the east coast was cold air moving from the south or south-west, while to the eastward was warm air moving at the speed of a gale from a north-easterly direction. Thus, at Akaroa a north-easterly gale was blowing while at Christchurch there was a light southerly. This meant that the warm moist air from the north-east was climbing rapidly up over the cold southerly—a condition ideal for the formation of heavy

rain. And since the division-line between the two winds moved extremely slowly, the rain continued for a long time. This was the explanation of the extremely heavy rain which occurred on Banks Peninsula and the floods of record height which did so much damage at Little River and the surrounding district. The north-easterly gales caused widespread damage over the North Island. There was flooding also in the far North and the Thames and Waikato districts, and, with the exception of the west coast of the South Island, almost the whole country received a deluge of rain.

On the 5th the cyclone was filling up and the weather moderating. The general line of disturbance, however, moved only very slowly eastward, and from the 5th to the 10th there was a spell of cold and boisterous southerly weather with dull skies and frequent showers, especially along the east coast.

Another notable spell of stormy weather commenced on the 14th. This was in marked contrast to the one described above, being of the westerly type. From the 15th to the 17th most of the country, but especially the South Island, was afflicted with north-westerly or westerly gales for periods of varying duration. Much damage was done, especially to power lines, but also in some cases to buildings. The spell concluded on the 17th to 18th with a southerly gale and a severe cold snap. Snow fell on the ranges in all parts of the country, and in Southland even the low levels were coated for a few hours. Stratford and Te Pohue also reported falls. Hailstorms were recorded from one end of the country to the other. The high southerly winds caused further damage to trees, fences, &c. On the evening of the 17th a tornado, which was unusually severe for New Zealand, struck New Plymouth, partially wrecking a number of houses.

From the 19th onward the weather was quiet, high pressure ruling most of the time. Though temperatures were rather low, especially in the South, there were no extremes.
