Provided that the said fee of £1 14s., being computed as a fee of £2 2s. reduced by ten per centum thereof, and further reduced by ten per centum of the remainder in like manner as payments subject to Part I of the Finance Act, 1931, and Part I of the National Expenditure Adjustment Act, 1932, shall, upon any statutory increase of any payments so subject, be increased in like manner.

6. It shall not be lawful for any person to install, use, sell, or manufacture any interfering equipment (whether wireless telegraphic apparatus or not):

Provided that it shall be a defence to any person charged with a breach of the provisions of this clause, if he proves that the interfering equipment in question has been the subject of a notice given under clause 7 hereof, and that an application for exemption from any of the requirements thereof has been made under clause 10 hereof, and that notice of the decision thereon has not yet been given:

Provided, also, that an exemption granted by the Minister under clause 15 or clause 16 hereof, and for the time being in force, shall, so far as it extends, be a sufficient defence to any person charged with a breach of the provisions of this clause, but shall not be a defence in respect of any act not authorized by the terms of such exemption.

SERVICE OF NOTICE BY RADIO INSPECTOR.

Notice to owner or user.

7. A Radio Inspector may at any time, by notice in writing, require the owner or user of interfering equipment, within such period as the Radio Inspector may in such notice prescribe, being not less than fourteen days nor more than thirty days after service of the notice, to take such of the following steps as in the circumstances the Radio Inspector may require, namely:—

- (a) To discontinue entirely the use of such interfering equipment; or
- (b) To discontinue the use of such interfering equipment otherwise than during hours to be specified in such notice; or
- (c) To eliminate, and keep eliminated, the interfering effect of such interfering equipment; or
- (d) To reduce, and keep reduced, so as to be negligible, the interfering effect of such interfering equipment.

Notice to be complied with.

8. Every person on whom is served a notice given under the last preceding clause hereof shall at all times thereafter comply with the requirements of such notice according to the tenor thereof:

Provided that it shall be a defence to any person charged with a breach of the provisions of this clause if he proves that an application for exemption from any of the said requirements has been made under clause 10 hereof, and that notice of the decision thereon has not yet been given.

Abrogation of other regulations not to be implied.

9. Nothing contained in any such notice or in these regulations shall be deemed to authorize any unqualified person to carry out work on electrical lines or equipment, or do anything contrary to the provisions of the Electrical Wiremen's Registration Act, 1925, the Electrical Wiremen's Registration Regulations, 1929, the Electrical Wiring Regulations, 1927, the Radio Wiring Regulations, 1932, or any other enactment for the time being in force.

APPEAL AGAINST TERMS OF NOTICE.

Appeal to Minister.

10. Any person on whom is served a notice given under clause 7 hereof may, within fourteen days of his receipt thereof, by application in writing, apply to the Minister for exemption from all or any of the requirements thereof on such grounds as are set out in the application.

Appeal disallowed by Minister.

11. If in the opinion of the Minister no reasonable grounds are shown for exemption from compliance with a notice served under clause 7 hereof, the Minister may direct notice to that effect to be given to the applicant, and thereupon the applicant shall be bound to comply with the requirements of the notice served upon him under clause 7 hereof according to the tenor thereof, save only that any period fixed therein for compliance with the requirements thereof shall be computed from the time of service of the notice given under this clause.

Reference to committee.

12. If in the opinion of the Minister reasonable grounds for exemption are shown, the Minister may refer the application to the Advisory Committee.

Consideration by committee.

13. The Advisory Committee shall consider the application for exemption together with any reports from officers of the Post and Telegraph Department that the Minister may cause to be submitted to the Committee, and may in its discretion (but without any obligation so to do) entertain evidence or submissions from or on behalf of the applicant, whether written or oral, and shall certify to the Minister its opinion on the merits of the application.

Appeal disallowed after report by Committee.

14. If, after considering the opinion of the Advisory Committee, the Minister is of opinion that exemption should not be granted, the Minister shall direct notice to that effect to be given to the applicant, and thereupon the applicant shall be bound to comply with the requirements of the notice served upon him under clause 7 hereof according to the tenor thereof, save only that any period fixed therein for compliance with the requirements thereof shall be computed from the time of service of the notice given under this clause.

EXEMPTION FROM TERMS OF NOTICE.

Granting of exemption after appeal.

15. If, after considering the opinion of the Advisory Committee, the Minister is of opinion that exemption should be granted wholly or in part, the Minister shall direct that an exemption from compliance with the requirements of clause 6 hereof be granted to the applicant, and/or a further modified notice under clause 7 hereof be served upon him:

Provided that notwithstanding clause 10 hereof, no application for exemption shall be made upon the service of such further notice.

Minister may grant exemption at any time.

16. The Minister may at any time, either on his own motion or on the application of any owner or user or intending user of interfering equipment, and either at his discretion or after referring the question to the Advisory Committee for consideration and report, and if it appears that, having regard to all the circumstances, it would in any case be unreasonable or inimical to the public interest to require compliance (or full compliance) with the requirements of clause 6 hereof, direct that an exemption from compliance with the requirements of clause 6 hereof be granted to any person.

Terms.

17. Any exemption granted under clause 15 or clause 16 hereof may be granted in such terms as the Minister thinks fit, and subject to such conditions as the Minister thinks proper to impose, and may be for a limited period, and whether expressed to be for a limited period or not may be revoked at any time by the Minister by notice in writing served on the person to whom the exemption was granted.

INVESTIGATION BY RADIO INSPECTOR.

Facilities to be rendered.

18. The owners or users of interfering equipment shall, in the case of any complaint, render the Radio Inspector all reasonable facilities and assistance in order that the cause of the interference may be localized and measures suggested to overcome it.

Interference not general.

19. If in the opinion of a Radio Inspector any interference complained of is not an interference with the conduct of wireless communications in general, but only with those of a particular station, and either—

(a) Can be eliminated or reduced so as to be negligible by an alteration in or modification of the apparatus of such particular station, or by the addition of any appliance or device thereto; or

(b) Is accentuated by any defect in or characteristic of such particular station;

then it shall not be incumbent on the Radio Inspector to take any steps under clause 7 hereof.

INTERFERENCE FROM RADIO TRANSMITTING-STATION.

Exemption from regulations.

20. The use of apparatus in a licensed transmitting-station at a transmitting-frequency for the time being allotted thereto under the Radio Regulations, 1932, shall not be deemed a breach of these regulations, notwithstanding any interference caused thereby.

ADDRESSING OF NOTICES, ETC.

Notices to users of interfering equipment.

21. Any notice to be given under these regulations may be served personally upon the person to be served, or sent by registered post addressed to such person at his usual or last-known place of abode or business, or at any place where any interfering equipment may be or have been situate, and if

sent by post shall be presumed to have been delivered in due course of registered post, and shall be sufficient notwithstanding that the person to be served may be deceased or under disability and may not have any legal personal representative appointed.

Applications to Minister.

22. Any application to the Minister may be addressed to him at the General Post Office at Wellington.

PENALTY.

23. Any person who commits a breach of these regulations shall be liable to a fine not exceeding £50.

BLEDISLOE, Governor-General.

At the Government House at Wellington, this 1st day of October, 1934.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

PURSUANT to the Post and Telegraph Act, 1928, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council, doth hereby revoke Part V, and amendments thereto, of the Telephone Regulations published as a supplement to the *New Zealand Gazette* on the thirteenth day of September, nineteen hundred and twenty-three (hereinafter referred to as the "said regulations"), and in lieu thereof doth make the regulations set forth in the Schedule hereto to provide for the institution of and charges for person-to-person telephone toll service, for the alteration to the charges for certain toll calls to which there is no reply, and also to provide for charges for rendering daily accounts for toll calls; and doth further order that said revocation shall take effect, and the regulations hereby made shall come into force, on the first day of September, one thousand nine hundred and thirty-four, and shall form part of and be read together with the said regulations.

SCHEDULE.

PART V.—TOLL SERVICE.

105. TOLL calls shall be either on a station-to-station or on a person-to-person basis, the conditions of which shall be—

(a) That in the case of a station-to-station call the telephone subscriber's station called shall be specified either by telephone number or by the name of the person, firm, or body under which the called telephone is listed. In the case of a person-to-person call, the name or designation of the actual person required, and, if desired, an acceptable substitute, shall be specified in addition.

(b) That a station-to-station call shall be regarded as effective when telephonic communication is established between the calling and the called subscribers' stations, and between the actual calling and called persons in the case of a person-to-person call.

(c) That for charging purposes the measurement of duration of a station-to-station call shall commence at the moment when telephonic communication is established between the calling and the called subscribers' stations, or, in cases where a private branch exchange is involved, between the calling subscriber's station and the private branch exchange switchboard operator. In the case of a person-to-person call the chargeable duration shall commence at the moment the calling and called persons are brought into actual telephonic communication.

* Between midnight and 6 a.m. the charges shown in column 3 cover six minutes' conversation.

For every additional minute exceeding three between 6 a.m. and midnight, and for every additional minute exceeding six between midnight and 6 a.m., the charge is one-third of the initial rate. In calculating the charge for a toll call all fractions of a penny are counted; but in the total charge for a call fractions smaller than a halfpenny are excluded, and fractions in excess of a halfpenny counted as one penny.

107. The rates for urgent toll calls are double those shown in Regulation 106. Urgent calls are given precedence over ordinary calls. Toll calls from members of recognized aero clubs or officers of the New Zealand Air Force seeking information regarding weather conditions are treated as urgent, but charged for at ordinary rates.

108. (1) The rates for person-to-person calls shall be the same as those prescribed in Regulations 106 and 107 for ordinary and urgent station-to-station calls respectively, with the addition of the "personal fees" shown in column 4 of Regulation 106.

(2) When it is desired that delivery of a message be made to a person within the usual radius of the free delivery of telegrams, that such person is required to attend at a toll station to receive a "person-to-person" call, a delivery fee of 3d. shall be added to the personal fee. If the person required lives outside the free-delivery area of telegrams a special delivery charge shall be made, according to the expense incurred. The delivery of any message, either written or spoken, other than a request for attendance at a toll station, is prohibited. Such message shall be accepted only as a telegram.

109. Toll calls over the telephone system connecting the North and South Islands of New Zealand are subject to a special fee of 3d. in respect of each call in addition to the rates ordinarily applicable. This does not apply to station-to-station calls to which there is no reply, or to ineffective person-to-person calls.

110. No extra charge is made for toll calls during the normal hours of attendance on Sundays and holidays.

111. Provided the attention of the toll stations concerned can be gained, toll calls may be arranged after the ordinary hours of attendance on week-days or Sundays on payment of a reopening fee of 1s. if the Postmaster is resident on the premises, or 2s. 6d. if he is not resident on the premises. In addition, if the attendance of any officer is required beyond a period of twenty minutes, such attendance must be paid for at the rate of 1s. for every subsequent twenty minutes or fraction thereof. Toll calls to or from offices which have been specially reopened under this regulation are given precedence over those of similar code between offices then open for ordinary toll purposes.

112. (1) A charge of one-third of the ordinary initial rate for the toll call concerned, with a minimum of 4d., shall be made for every ordinary and urgent *station-to-station* call which is not completed owing to—

- (a) The failure to establish communication with the called station through no fault on the part of the Department's officers or the equipment;
- (b) The person with whom it is desired to communicate not being a subscriber;
- (c) The calling station failing to make use of the line or to cancel the request before the line becomes available; or
- (d) Failure to gain the attention of a toll station or telephone exchange after the calling station has been advised that the office required is closed.

(2) The appropriate "personal" fee to be known in the following circumstances as a "report" charge as prescribed in Regulation 106 shall be made when a *person-to-person* call is not completed owing to—

- (a) The failure to establish communication with the called station through no fault on the part of the Department's officers or the equipment;
- (b) The called person or an acceptable substitute not being available and the call being abandoned, or not completed at midnight on the day on which the call is lodged;
- (c) The calling person cancelling the call after an endeavour has been made to establish it; or
- (d) Inability, through no fault of the Department, to complete a call before midnight on the day on which the call is lodged, provided that such call is not booked for completion on a day other than the day of lodgment.

113. Any person making a request at a toll station for a toll call may be required to deposit an amount equivalent to the charge for a three-minute conversation in respect of the length of line on which it is desired to communicate.

114. When a private telephone-line connected with a toll station is used for the purpose of having communication on a toll line, the charges for the toll call shall be the same as if the communication had originated or terminated at the toll station—*i.e.*, the private telephone-line is not calculated in the toll-line mileage.

115. If any person uses the public telephone at a toll station or post-office for the purpose of communicating over a private telephone-line connected therewith, such communication shall be charged for as a toll call.

116. All toll calls on official business from officers of Government Departments other than the Post and Telegraph Department, or from postal officers on behalf of other Departments, shall be charged for at the prescribed rates.

117. Any person may not use a toll line for more than six minutes at a time when another applicant is waiting to use it. Should the wire not be asked for, then the person using it may continue to do so at tariff rates.

118. The Department will not undertake to refuse toll calls from any subscriber's telephone, or to restrict in any way the hours, while the exchange is open, during which application for toll calls may be made.

119. Particulars of a toll call to or from his telephone number, and in respect of which the relative call-card has been forwarded to the General Post Office, may be obtained by an exchange subscriber upon payment, in advance, of a fee of 1s. if the necessary particulars to enable the call-card or cards to be found without delay are supplied, or 2s. 6d. if such particulars are not furnished. Should search extend beyond one hour an additional charge of 2s. 6d. for each and every subsequent hour shall be made. Satisfactory proof of identity of the applicant as the lessee of the telephone-exchange connection from which the call originated or at which it was received, or the agent of either, must in all cases be given.

120. *Toll Accounts*: Accounts for toll calls are payable to the Department on demand.

121. *Non-payment of Toll Charges*: If payment of the charge for any toll call is not made within seven days after demand, an exchange subscriber may be refused further toll calls until the outstanding amount has been paid, and if the amount is not paid within one month after demand the exchange service may be discontinued, without prejudice to any proceedings for the recovery of any moneys due under these regulations.

122. *Daily Toll Accounts*: Except as hereinafter provided, a daily account for toll calls will be rendered to an exchange subscriber upon payment of a fee of £1 per annum. Where a subscriber requires daily accounts of calls made from more than one exchange connection, the fee is £1 per annum in respect of one connection, and 5s. per annum in respect of each additional connection. In cases where subscribers pay telephone rental on a monthly basis, the monthly fee for rendering a daily toll account is one-twelfth of the annual fee plus 5 per cent. Hotels, hostels, and clubs which provide residential or general social facilities are exempt from the foregoing charges. Daily accounts are issued subject to the condition that payment shall be made not later than the day following the receipt of the account, Sundays and holidays excepted.

And whereas the Springs-Ellesmere Electric-power Board (being a local authority within the meaning of the said Act) has issued securities in respect of the loans specified in the First Schedule hereto, and such securities are existing securities to which the said Act applies :

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioner of the consolidated sinking fund on each first day of December following the date of conversion up to and including the first day of December, one thousand nine hundred and sixty-two, a contribution of two thousand two hundred and seven pounds, increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the first day of December preceding the date on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities. The proviso to subsection three of section twenty of the Electric-power Boards Amendment Act, 1927, shall not apply to any such part of the contribution as exceeds two thousand two hundred and seven pounds.

SINKING FUND FOR UNCONVERTED SECURITIES.

22. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

APPLICATION OF EXISTING SINKING FUNDS.

23. The existing sinking fund of the No. 1 Redemption Loan, 1932, of £15,000 referred to in the First Schedule hereto shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto); and
- (c) Thirdly, in transferring, on or before the thirtieth day of November, one thousand nine hundred and thirty-five, the balance (including any interest accrued thereon) to the Public Trustee as Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

24. For the purposes of the next two succeeding clauses the sinking fund of every loan in the First Schedule hereto some only of the existing securities issued in respect of which are held by the Public Trustee shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

- (a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-five hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.
- (b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-six hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan within the meaning of that clause and such second part of the sinking fund were the sinking fund of such separate loan.

25. (1) Subject to the provisions of clause twenty-four hereof, the existing sinking fund of every loan in the First Schedule hereto the securities issued in respect of which are held by the Public Trustee, shall be applied by the Commissioner thereof in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, as far as it will extend to the nearest multiple of five pounds, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee; and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.

26. Subject to the provisions of clause twenty-four hereof, the existing sinking fund of every loan referred to in the First Schedule hereto (other than the loans referred to in the preceding clauses twenty-three and twenty-five hereof) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held; and
- (b) Secondly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

27. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of interest, sinking fund, and other charges in respect of such securities.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926, as if the local authority were a local authority and its district a district under that Act.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

SECURITIES HELD BY TRUSTEES.

28. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

BROKERAGE.

29. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

PREMIUMS.

17. (1) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, does not exceed the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities.

(2) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, exceeds the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities, and, in addition thereto, shall be entitled to receive a premium on such principal computed in accordance with the Fourth Schedule hereto.

18. (1) Subject to the provisions of this clause as to payment in cash, every premium to which any person is entitled under the last preceding clause shall be satisfied by issuing to him additional new securities for the amount of such premium, or so much thereof as is not paid in cash, as the case may be.

(2) The local authority shall pay in cash such portion (if any) of the aggregate amount of premiums to which any person is entitled as may be required to reduce to the nearest multiple of five pounds the aggregate amount of principal represented by the new securities (including new securities issued by way of premium) to which such person is entitled, and may, if it thinks fit, pay in cash the whole or any part of the balance of any such aggregate amount of premiums.

(3) All payments of cash in accordance with the last preceding subclause that are not made out of any sinking fund pursuant to the provisions of this Order (if any) in that behalf shall be made by the local authority out of moneys raised pursuant to the authority conferred by the next succeeding clause or out of the local fund.

(2) Pending the raising of the moneys by the sale of any such new securities the local authority may borrow the said sum of one thousand six hundred and eighty pounds or any part thereof by the hypothecation of such new securities at a rate of interest not exceeding five per centum per annum.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioner of the consolidated sinking fund on each first day of December following the date of conversion up to and including the first day of December, one thousand nine hundred and fifty-five, a contribution of one thousand one hundred pounds, increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the first day of December preceding the date on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

SINKING FUND FOR UNCONVERTED SECURITIES.

22. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

APPLICATION OF EXISTING SINKING FUNDS.

23. For the purposes of the next two succeeding clauses the sinking fund of every loan in the First Schedule hereto some only of the existing securities issued in respect of which are held by the Public Trustee shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

(a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.

(b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-five hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan within the meaning of that clause and such second part of the sinking fund were the sinking fund of such separate loan.

24. (1) Subject to the provisions of clause twenty-three hereof, the existing sinking fund of every loan in the First Schedule hereto the securities issued in respect of which are held by the Public Trustee shall be applied by the Commissioner thereof in or towards making the following payments, in the following order of priority, namely:—

(a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;

(b) Secondly, as far as it will extend to the nearest multiple of five pounds, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee; and

(c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.

25. Subject to the provisions of clause twenty-three hereof, the existing sinking fund of every loan referred to in the First Schedule hereto (other than the loans referred to in the last preceding clause) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto); and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

26. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of interest, sinking fund, and other charges in respect of such securities.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

SECURITIES HELD BY TRUSTEES.

27. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

BROKERAGE.

28. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.
