By his Deputy,  
MICHAEL MYERS.

#### ORDER IN COUNCIL.

At the Government House at Wellington, this 15th day of October, 1934.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

PURSUANT to the Fisheries Act, 1908, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council, doth hereby make the following regulations.

#### REGULATIONS.

1. THESE regulations may be cited as the Tonnage Measurement of Fishing-boats Regulations, 1934.

2. These regulations shall come into force on the day following the publication hereof in the *Gazette*.

3. Regulations numbered 32 to 43 inclusive of the regulations made on the twenty-ninth day of June, one thousand nine hundred and thirty-two, and published at page 1598 of *Gazette* No. 46 of the seventh day of July, one thousand nine hundred and thirty-two, are hereby repealed.

4. In these regulations, unless inconsistent with the context,—

"Boat" or "fishing-boat" means a vessel of whatever size and however propelled which is used in fishing for purposes of sale.

"Surveyor" or "Surveyor of Ships" means a Surveyor of Ships appointed under the Shipping and Seamen Act, 1908, or any person authorized to act for a Surveyor.

5. The register tonnage of boats not registered under Part XII of the Shipping and Seamen Act, 1908, shall, for the purposes of the Fisheries Act, 1908, be determined as follows:—

$$\frac{L \times B \times D \times 0.6}{100} = \text{under-deck tonnage.}$$

L = Length measured from the after side of the head of the stem to the after side of the head of the stern-post or after part of transom or tuck in case of a transom or tuck stern, without post on same at upper part.

B = Extreme breadth of boat outside.

D = Inside depth measured amidships.

(a) In the case of decked boats the measurement for depth shall be taken from the under side of the deck amidships to the upper side of the floor timbers at side of keelson, deducting thickness of ceiling: Provided that where this depth cannot be taken owing to fixed ballast, measurement shall be taken down the pump well and 1 in. per foot deducted from the results of such measurement on account of depth of floor and thickness of ceiling.

(b) In case of break, poop, or other closed in space above the tonnage deck, the length, breadth, and height of each space shall be multiplied together and each product divided by 100 and the quotients obtained added to the under-deck tonnage. The result shall be deemed to be the gross tonnage.

(c) In the case of a boat propelled by steam or mechanical power other than steam, a deduction of 25 per cent. of the gross tonnage shall be made for engine space. The remaining tonnage obtained shall be deemed to be the register tonnage of the boat.

6. The owner of a fishing-boat which is employed in the Home Trade or in river or extended-river limits, and which is not required to be registered under Part XII of the Shipping and Seamen Act, 1908, may, on payment of a fee of £1, elect that the tonnage shall be ascertained by a Surveyor of Ships in accordance with any instructions as to tonnage measurement of ships issued by the Imperial Board of Trade, provided that—

- (a) When any deduction for crew space is claimed in boats measured in accordance with these instructions, such crew space shall be reasonable in extent and shall be constructed, lighted, and ventilated to the satisfaction of the Surveyor of Ships, taking into consideration the class of boat and the limits within which she is employed :
- (b) Any space for which deduction from tonnage is made shall be used solely for the specific purpose intended, and crew space shall at all times be kept free from goods, fish, or stores (except the personal property of the master or crew), and shall be marked over the doorway or entrance thereto in a permanent manner and to the satisfaction of the Surveyor of Ships denoting the purpose for which the space is used and the number of men each space is certified to accommodate :
- (c) No alteration in any space or the purpose for which such space has been exempted as aforesaid shall be made without the consent first obtained of a Superintendent, and if made without such consent the certificate of registry shall thereupon be deemed to be cancelled and void for any purpose whereby the tonnage of such fishing-boat is considered or used :
- (d) The register tonnage as determined under these regulations shall be cut in on the main beam or such other portion of the boat as the Surveyor of Ships may determine.

7. All measurements are to be taken in feet and tenths of a foot.

(2) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, exceeds the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities, and, in addition thereto, shall be entitled to receive a premium on such principal computed in accordance with the Fourth Schedule hereto.

(1) Subject to the provisions of this clause as to payment in cash, every premium to which any person is entitled under the last preceding clause shall be satisfied by issuing to him additional new securities for the amount of such premium, or so much thereof as is not paid in cash, as the case may be.

(2) The local authority shall pay in cash the amount (if any) required to reduce to the nearest multiple of five pounds the aggregate amount of all such premiums to which any person is entitled, and may, if it thinks fit, pay in cash the whole or any part of the balance of any such aggregate amount.

(3) All payments of cash in accordance with the last preceding subclause that are not made out of any sinking fund pursuant to the provisions of this Order (if any) in that behalf shall be made by the local authority out of the local fund or out of moneys raised pursuant to the authority conferred by the next succeeding clause.

(4) The power of the local authority to issue new securities in accordance with this Order shall be deemed to include the power to issue any additional new securities required for the purposes of this clause.

The rate of interest payable on any new security issued pursuant to the authority conferred by this clause shall, notwithstanding anything to the contrary contained in clause fourteen of this Order, be such rate not exceeding four and one-quarter per centum per annum as may be determined by the local authority.

(2) Pending the raising of the moneys by the sale of any such new securities the local authority may borrow the said sum of two thousand seven hundred and eighty pounds or any part thereof by the hypothecation of such new securities at a rate of interest not exceeding five per centum per annum and for a period not exceeding three years.

## PLACE FOR PAYMENT OF PRINCIPAL AND INTEREST.

20. The principal and interest in respect of new securities shall be payable in New Zealand.

## CONSOLIDATED SINKING FUND FOR NEW SECURITIES.

21. (1) In order to provide funds for the repayment of the new securities the local authority shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a consolidated sinking fund, of which the Public Trustee shall be the Commissioner.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioner of the consolidated sinking fund on each first day of December following the date of conversion up to and including the first day of December, one thousand nine hundred and sixty-four, a contribution of nine hundred and nineteen pounds, increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the first day of December preceding the date on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

## SINKING FUND FOR UNCONVERTED SECURITIES.

22. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund.

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

## APPLICATION OF EXISTING SINKING FUNDS.

23. For the purposes of the next two succeeding clauses the sinking fund of every loan in the First Schedule hereto some only of the existing securities issued in respect of which are held by the Public Trustee shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

- (a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.
- (b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-five hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan within the meaning of that clause and such second part of the sinking fund were the sinking fund of such separate loan.

24. (1) Subject to the provisions of clause twenty-three hereof, the existing sinking fund of every loan in the First Schedule hereto the securities issued in respect of which are held by the Public Trustee shall be applied by the Commissioner thereof in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, as far as it will extend to the nearest multiple of five pounds, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee; and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.

25. Subject to the provisions of clause twenty-three hereof, the existing sinking fund of every loan referred to in the First Schedule hereto (other than the loans referred to in the last preceding clause) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto); and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

## CONSOLIDATED SPECIAL RATE.

26. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of interest, sinking fund, and other charges in respect of such securities.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

## SECURITIES HELD BY TRUSTEES.

27. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in

accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

## BROKERAGE.

28. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

Example of Working.

Conversion as from 15th December, 1933, of 6 per cent. securities for £100, maturing 14th January, 1947, into  $4\frac{1}{2}$  per cent. securities.

Interest rate on existing securities (as reduced by Part I of the Act) is  $4\frac{1}{2}$  per cent. per annum.

|   |       |
|---|-------|
|   | £     |
| One year's interest on £100 at existing rate ( $4\frac{1}{2}$ per cent.) is .. .. | 4.8   |
| One year's interest on £100 at new rate ( $4\frac{1}{2}$ per cent.) is .. ..      | 4.25  |
| Difference is .. .. .   | £0.55 |

Period from date of conversion (15th December, 1933) to existing maturity date (14th January, 1947) is 13 years 30 days, counted as 13 years.

Factor for 13 years is 9.761556.

£0.55 multiplied by 9.761556 is £5.3688558, or £5 7s. 4d., which is the premium for £100 of the existing securities.

The premiums on other amounts of existing securities of the same class can be computed in the same way, or, alternatively, by ascertaining 5.3688558 per cent. of the amount of the principal in each case.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS it is provided by section nine of the Local Authorities Interest Reduction and Loans Conversion Act, 1932-33, that, with the precedent consent of the Governor-General, given by Order in Council under section thirteen of the said Act, after compliance with the provisions of Part II of the Act, and subject to and in accordance with the provisions of such Order in Council, any local authority may issue new securities in conversion of any existing securities to which the said Act applies:

And whereas the Hutt County Council (being a local authority within the meaning of the said Act) has issued securities in respect of the loans specified in the First Schedule hereto, and such securities are existing securities to which the said Act applies:

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioners of the consolidated sinking fund on each first day of December following the date of conversion up to and including the first day of December, one thousand nine hundred and fifty-nine, a contribution of one hundred and fifty-eight pounds, increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the first day of December preceding the date on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

#### APPLICATION OF EXISTING SINKING FUNDS.

22. For the purposes of the next two succeeding clauses the sinking fund of every loan in the First Schedule hereto some only of the existing securities issued in respect of which are held by the Public Trustee shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

(a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-three hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan:

(b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan within the meaning of that clause and such second part of the sinking fund were the sinking fund of such separate loan.

23. (1) Subject to the provisions of clause twenty-two hereof, the existing sinking fund of every loan in the First Schedule hereto the securities issued in respect of which are held by the Public Trustee, shall be applied by the Commissioner thereof in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, as far as it will extend to the nearest multiple of five pounds, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee; and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.

24. Subject to the provisions of clause twenty-two hereof, the existing sinking fund of every loan referred to in the First Schedule hereto (other than the loans referred to in the last preceding clause) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto); and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

SECURITIES HELD BY TRUSTEES.

25. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

BROKERAGE.

26. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

WHEREAS it is provided by section nine of the Local Authorities Interest Reduction and Loans Conversion Act, 1932-33, that, with the precedent consent of the Governor-General, given by Order in Council under section thirteen of the said Act, after compliance with the provisions of Part II of the Act, and subject to and in accordance with the provisions of such Order in Council, any local authority may issue new securities in conversion of any existing securities to which the said Act applies:

And whereas by the said section thirteen it is further provided that the Governor-General, by the Order in Council giving his consent to the conversion of existing securities by a local authority, may make such provisions as he thinks fit with respect to all or any of the matters specified in the said section, and that, subject to the provisions of the said Act, every Order in Council under the said section shall have the force of law as if enacted in the said Act, anything to the contrary in any other Act or in any regulations made under the said Act or any other Act notwithstanding:

And whereas the Hutt County Council (being a local authority within the meaning of the said Act) has issued securities in respect of the loans specified in the First Schedule hereto, and such securities are existing securities to which the said Act applies:

Every application under this clause shall be accompanied by the securities to which it relates.

8. If the holder of any existing securities to which this Order applies does not, within the time and in the manner provided by this Order, signify his dissent from the conversion of such securities into new securities, the existing securities shall be converted into new securities in the same manner as if application had been made under the last preceding clause.

9. Dissent from the conversion of any existing securities may be signified—

(a) At any time before the expiration of fourteen days from the date of conversion ;

or

(b) If the holder of the securities (or, where the holder is a trustee, any person whose consent would, but for this Order, be required for conversion) is during the whole of the time between the date of the publication of this Order in the *Gazette* and the expiration of the period referred to in the last preceding paragraph absent from New Zealand, at any time before the expiration of three months from the date of conversion ; or,

(c) In the case of any particular holder, within such further time as the local authority may, on account of special circumstances, in its discretion allow.

SURRENDER OF CONVERTED SECURITIES, AND PAYMENT OF INTEREST THEREON.

11. The holder of any existing securities converted into new securities (whether the conversion is on application or after failure to dissent) shall not be entitled to demand payment of any interest payable on the existing securities, or to receive the new securities or any interest thereon, until he has surrendered the existing securities to the local authority.

12. Subject to the provisions of the last preceding clause, the interest on the outstanding principal represented by any such existing securities for the period ending on the date of conversion shall be payable not later than one month from the date of conversion.

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

PREMIUMS.

17. The holder of any existing securities to which this Order applies shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities, and, in addition thereto, shall be entitled to receive a premium on such principal computed in accordance with the Fourth Schedule hereto.

18. (1) Subject to the provisions of this clause as to payment in cash, every premium to which any person is entitled under the last preceding clause shall be satisfied by issuing to him additional new securities for the amount of such premium, or so much thereof as is not paid in cash, as the case may be.

(2) The local authority may, if it thinks fit, pay in cash the whole or any part of the aggregate amount of all such premiums to which any person is entitled.

(3) All payments of cash in accordance with the last preceding subclause that are not made out of any sinking fund pursuant to the provisions of this Order (if any) in that behalf shall be made by the local authority out of the local fund and charged to the appropriate account.

(4) The power of the local authority to issue new securities in accordance with this Order shall be deemed to include the power to issue any additional new securities required for the purposes of this clause.

#### PLACE FOR PAYMENT OF PRINCIPAL AND INTEREST.

19. The principal and interest in respect of new securities shall be payable in New Zealand.

#### CONSOLIDATED SINKING FUND FOR NEW SECURITIES.

20. (1) In order to provide funds for the repayment of the new securities the local authority shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a consolidated sinking fund, of which the Public Trustee shall be the Commissioner.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioner of the consolidated sinking fund on each first day of December following the date of conversion up to and including the first day of December, one thousand nine hundred and forty-nine, a contribution of two hundred and three pounds, increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the first day of December preceding the date on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

#### SINKING FUND FOR UNCONVERTED SECURITIES.

21. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

#### APPLICATION OF EXISTING SINKING FUNDS.

22. For the purposes of the next two succeeding clauses the sinking fund of every loan in the First Schedule hereto some only of the existing securities issued in respect of which are held by the Public Trustee shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

(a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-three hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.

(b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan within the meaning of that clause and such second part of the sinking fund were the sinking fund of such separate loan.

23. (1) Subject to the provisions of clause twenty-two hereof, the existing sinking fund of every loan in the First Schedule hereto the securities issued in respect of which are held by the Public Trustee shall be applied by the Commissioner thereof in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, as far as it will extend to the nearest multiple of five pounds, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee; and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.

24. Subject to the provisions of clause twenty-two hereof, the existing sinking fund of every loan referred to in the First Schedule hereto (other than the loans referred to in the last preceding clause) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto); and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

SECURITIES HELD BY TRUSTEES.

25. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

BROKERAGE.

26. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

*Article 9.*

Subject to the provisions of Articles 18 and 19, the requisition for extradition shall be made through the diplomatic agents of the High Contracting Parties respectively.

The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority in the territories of the High Contracting Party requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime or offence had been committed there.

If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent Court in the territories of the High Contracting Party who makes the requisition for extradition.

A sentence passed *in contumaciam* is not to be deemed a conviction, but a person so sentenced may be dealt with as an accused person.

*Article 10.*

If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities in the territories of the High Contracting Party applied to shall proceed to the arrest of the fugitive.

*Article 11.*

A criminal fugitive may be apprehended under a warrant issued by any Police Magistrate, Justice of the Peace, or other competent authority in the territories of the High Contracting Party applied to on such information or complaint and such evidence, or after such proceedings, as would, in the opinion of the authority issuing the warrant, justify the issue of a warrant if the crime or offence had been committed or the person convicted in that part of the territories of such High Contracting Party in which the Magistrate, Justice of the Peace, or other competent authority exercises jurisdiction. He shall, in accordance with this article, be discharged if within the term of two months a requisition for extradition shall not have been made by the diplomatic agent of the High Contracting Party claiming his extradition in accordance with the stipulations of this Treaty. The same rule shall apply to the cases of persons accused or convicted of any of the crimes or offences specified in this Treaty, and committed on the high seas on board any vessel of either High Contracting Party which may come into a port of the other.

*Article 12.*

The extradition shall take place only if the evidence be found sufficient, according to the laws of the High Contracting Party applied to, either to justify the committal of the prisoner for trial, in case the crime or offence of which he is accused had been committed in the territory of such High Contracting Party, or to prove that the prisoner is the identical person convicted by the Courts of the High Contracting Party who makes the requisition, and that the crime or

offence of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the High Contracting Party applied to under this Treaty.

*Article 13.*

In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the High Contracting Party applied to shall admit as valid evidence the sworn depositions or the affirmations of witnesses taken in the territories of the other High Contracting Party, or copies thereof, and likewise the warrants and sentences issued therein, or copies thereof, and certificates of, or judicial documents stating the fact of a conviction, providing the same are authenticated as follows:—

(1) A warrant, or copy thereof, must purport to be signed by a Judge, Magistrate, or officer of the other High Contracting Party, or purport to be certified under the hand of a Judge, Magistrate, or officer of the other High Contracting Party to be a true copy thereof, as the case may require.

(2) Depositions or affirmations, or the copies thereof, must purport to be certified, under the hand of a Judge, Magistrate, or officer of the other High Contracting Party, to be the original depositions or affirmations, or to be true copies thereof, as the case may require.

(3) A certificate of, or judicial document stating the fact of a conviction, must purport to be certified by a Judge, Magistrate, or officer of the other High Contracting Party.

In every case such warrant, deposition, affirmation, copy, certificate, or judicial document must be authenticated, either by the oath of some witness, or by being sealed with the official seal of the Minister of Justice, or some other Minister of the other High Contracting Party, or by any other mode of authentication for the time being permitted by the law of the High Contracting Party to whom application for extradition is made.

*Article 14.*

If the individual claimed by one of the High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers on account of other crimes or offences committed within their respective jurisdictions, his extradition shall be granted to the Power whose claim is earliest in date, unless such claim is waived.

*Article 15.*

If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, or within such further time as the High Contracting Party applied to, or the proper tribunal of such High Contracting Party, shall direct, the fugitive shall be set at liberty.

*Article 16.*

All articles seized which were in the possession of the person to be surrendered at the time of his apprehension, and any articles that may serve as a proof of the crime or offence, shall be given up when the extradition takes place, in so far as this may be permitted by the law of the High Contracting Party granting the extradition.

*Article 17.*

Each of the High Contracting Parties shall defray the expenses occasioned by the arrest within its territories, the detention, and the conveyance to its frontier, of the persons whom it may have consented to surrender in pursuance of the present Treaty.

*Article 18.*

His Britannic Majesty may accede to the present Treaty on behalf of any of his dominions hereafter named—that is to say, the Dominion of Canada, the Commonwealth of Australia (including for this purpose Papua and Norfolk Island), the Dominion of New Zealand, the Union of South Africa, the Irish Free State, and Newfoundland—and India. Such accession shall be affected by a notice to that effect given by His Britannic Majesty's representative at Baghdad, which shall specify the authority to which the requisition for the surrender of a fugitive criminal who has taken refuge in the dominion concerned, or India, as the case may be, shall be addressed. From the date when such notice comes into effect the territory of the Dominion concerned or of India shall be deemed to be territory of His Britannic Majesty for the purposes of the present Treaty.

The requisition for the surrender of a fugitive criminal who has taken refuge in any of the above-mentioned dominions or India, on behalf of which His Britannic Majesty has acceded, shall be made by the appropriate diplomatic or consular officer of Iraq.

Either High Contracting Party may terminate this Treaty separately in respect of any of the above-mentioned dominions or India. Such termination shall be effected by a notice given in accordance with the provisions of Article 22.

Any notice given under the first paragraph of this article in respect of one of His Britannic Majesty's dominions may include any territory in respect of which a mandate on behalf of the League of Nations has been accepted by His Britannic Majesty, and which is being administered by the Government of the Dominion concerned; such territory shall, if so included, be deemed to be territory of His Britannic Majesty for the purpose of the present Treaty. Any notice given under the third paragraph of this article shall be applicable to such mandated territory.

*Article 19.*

The requisition for the surrender of a fugitive criminal who has taken refuge in any territory of His Britannic Majesty other than Great Britain and Northern Ireland, the Channel Islands, or the Isle of Man, or the dominions, or India, mentioned in Article 18, shall be made to the Governor, or chief authority, of such territory by the appropriate diplomatic or consular officer of Iraq.

Such requisition shall be dealt with by the competent authorities of such territory: Provided, nevertheless, that if an order for the committal of the fugitive criminal to prison to await surrender shall be made, the said Governor or chief authority may, instead of issuing a warrant for the surrender of such fugitive, refer the matter to His Majesty's Government in the United Kingdom.

*Article 20.*

This Treaty shall apply in the same manner as if they were Possessions of His Britannic Majesty to the following British Protectorates, that is to say, the Bechuanaland Protectorate, Gambia Protectorate, Kenya Protectorate, Nigeria Protectorate, Northern Rhodesia, Northern Territories of the Gold Coast, Nyasaland, Sierra Leone Protectorate, Solomon Islands Protectorate, Somaliland Protectorate, Swaziland, Uganda Protectorate, and Zanzibar, and to the following territories in respect of which a mandate on behalf of the League of Nations has been accepted by His Britannic Majesty, that is to say, Camerouns under British Mandate, Togoland under British Mandate, the Tanganyika Territory, Palestine, and Transjordan.

*Article 21.*

If after the signature of the present Treaty it is considered advisable to extend its provisions to any British Protectorates other than those mentioned in the preceding article or to any British-protected State, or to any territory in respect of

which a mandate on behalf of the League of Nations has been accepted by His Britannic Majesty, other than those mandated territories mentioned in Articles 18 and 20, the stipulations of Articles 18 and 19 shall be deemed to apply to such Protectorates or States or mandated territories from the date and in the manner prescribed in the notes to be exchanged for the purpose of effecting such extension.

*Article 22.*

The present Treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties by a notice not exceeding one year and not less than six months.

In the absence of an express provision to that effect, a notice given under the first paragraph of this article shall not affect the operation of the Treaty as between Iraq and any territory in respect of which notice of accession has been given under Article 18.

The present Treaty shall be ratified, and the ratification shall be exchanged at Baghdad as soon as possible.

In faith whereof the above-named plenipotentiaries have signed the present Treaty and have affixed thereto their seals.

Done in duplicate in English and Arabic, of which, in the case of divergence, the English text shall prevail, at Baghdad, this 2nd day of May, 1932, corresponding with the 26th day of Dhulhijjah, 1350, Hijrah.

F. H. HUMPHREYS.  
JA'FAR-AL-ASKARI.

His Majesty has acceded to the said Treaty in respect of the following dominions, to wit: The Commonwealth of Australia (including Papua and Norfolk Island) and New Zealand.

And whereas His Majesty has been advised by His Ministers in the aforesaid dominions to take the necessary steps to cause the said recited Acts to be applied in the case of Iraq in respect of the aforementioned dominions, in accordance with the said Treaty:

Now, therefore, His Majesty, by and with the advice of His Privy Council, and in virtue of the authority committed to Him by the said recited Acts, doth order, and it is hereby ordered, that from and after the 31st day of August, 1934, the said Acts shall apply in respect of the aforementioned dominions in the case of Iraq under and in accordance with the said Treaty of the 2nd May, 1932.

This Order may be cited as the Iraq (Extradition: Commonwealth of Australia and New Zealand) Order in Council, 1934.
