CONSOLIDATED SINKING FUND FOR NEW SECURITIES.

20. (1) In order to provide funds for the repayment of the new securities the local authority shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a consolidated sinking fund, of which such persons as the local authority appoints shall be the Commissioners.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioners of the consolidated sinking fund on each maturity date specified in the Third Schedule hereto, a contribution of nine hundred and ninety-eight pounds, increased in respect of each contribution by a sum equal to two and one-eighth per centum of the aggregate amount of new securities redeemable up to and including the maturity date prior to that on which such contribution is payable, and reduced by the aggregate of the sums which during the six months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of sections one hundred and fifteen to one hundred and nineteen of the Harbours Act, 1923, shall apply with respect to such sinking fund.

SINKING FUND FOR UNCONVERTED SECURITIES.

21. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections one hundred and fifteen to one hundred and nineteen of the Harbours Act, 1923, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund.

APPLICATION OF EXISTING SINKING FUNDS.

22. Where the whole of the securities issued in respect of any loan specified in the first column of the First Schedule hereto and outstanding at the date of conversion are not existing securities to which the Act applies, the existing sinking fund of such loan shall be divided into two parts, the first of which shall bear to the second the same proportion which the amount of the outstanding existing securities to which the Act applies bears to the amount of the outstanding securities to which the Act does not apply. The first part of such sinking fund shall be applied by the Commissioners thereof in accordance with the provisions of clause twenty-three hereof as if those existing securities issued in respect of the loan to which the Act applies were a separate loan to which that clause applies, and such first part of the sinking fund were the sinking fund of such separate loan, and the second part of such sinking fund shall be retained by the Commissioners as a sinking fund for those securities issued in respect of the loan to which the Act does not apply.

23. Subject to the provisions of clause twenty-two hereof the existing sinking fund of every loan referred to in the First Schedule hereto shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto);

- (c) Thirdly, in payment, in accordance with the directions of the local authority, of the costs and charges (not exceeding in the aggregate four hundred and five pounds) of and incidental to the conversion of existing securities to which this Order applies (whether issued in respect of the said loan or of any other loan referred to in the First Schedule hereto); and
- (d) Fourthly, in transferring the balance to the Commissioners of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

SECURITIES HELD BY TRUSTEES.

24. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

BROKERAGE.

25. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

One year's interest on £100 at existing rate (4 $\frac{1}{2}$ per cent.) is	£	4.8
One year's interest on £100 at new rate (4 $\frac{1}{2}$ per cent.) is		4.25

Difference is £0.55

Period from date of conversion (15th December, 1933) to existing maturity date (14th January, 1947) is 13 years 30 days, counted as 13 years.

SINKING FUND FOR UNCONVERTED SECURITIES.

18. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

APPLICATION OF EXISTING SINKING FUNDS.

19. (1) The existing sinking fund of every loan in the First Schedule hereto shall be applied by the Public Trustee as Commissioner thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

(a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held; and

(b) Secondly, as far as it will extend, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.

CONSOLIDATED SPECIAL RATE.

20. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (3) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of the half-yearly instalments of principal and interest in respect of the new securities and of interest, sinking fund, and other charges in respect of the unconverted securities.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate and with respect to the principal, interest, and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities, but so far only as it relates to any rateable property within the Kaitieke County.

SECURITIES HELD BY TRUSTEES.

21. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

BROKERAGE.

22. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

Example of Working.

Conversion as from 15th December, 1933, of 6 per cent. securities for £100, maturing 14th January, 1947, into $4\frac{1}{2}$ per cent. securities.

Interest rate on existing securities (as reduced by Part I of the Act) is $4\frac{1}{2}$ per cent. per annum.

One year's interest on £100 at existing rate ($4\frac{1}{2}$ per cent.) is £ 4.8
 One year's interest on £100 at new rate ($4\frac{1}{2}$ per cent.) is £ 4.25

Difference is £0.55

Period from date of conversion (15th December, 1933) to existing maturity date (14th January, 1947) is 13 years 30 days, counted as 13 years.

Factor for 13 years is 9.761556.

£0.55 multiplied by 9.761556 is £5.3688558, or £5 7s. 4d., which is the premium for £100 of the existing securities.

The premiums on other amounts of existing securities of the same class can be computed in the same way, or, alternatively, by ascertaining 5.3688558 per cent. of the amount of the principal in each case.

Kaitieke County Loans Conversion Order, 1935 (No. 2).

BLEDISLOE, Governor-General.

ORDER IN COUNCIL.

At the Government House at Wellington, this 11th day of February, 1935.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS it is provided by section nine of the Local Authorities Interest Reduction and Loans Conversion Act, 1932-33, that, with the precedent consent of the Governor-General, given by Order in Council under section thirteen of the said Act, after compliance with the provisions of Part II of the Act, and subject to and in accordance with the provisions of such Order in Council, any local authority may issue new securities in conversion of any existing securities to which the said Act applies:

And whereas by the said section thirteen it is further provided that the Governor-General, by the Order in Council giving his consent to the conversion of existing securities by a local authority, may make such provisions as he thinks fit with respect to all or any of the matters specified in the said section, and that, subject to the provisions of the said Act, every Order in Council under the said section shall have the force of law as if enacted in the said Act, anything to the contrary in any other Act or in any regulations made under the said Act or any other Act notwithstanding:

And whereas the Kaitieke County Council (being a local authority within the meaning of the said Act) has issued securities in respect of the loans specified in the First Schedule hereto, and such securities are existing securities to which the said Act applies:

And whereas the said local authority, being desirous of issuing new securities in conversion of such existing securities, has complied with the provisions of Part II of the said Act, and it is expedient that the precedent consent of the Governor-General to such conversion should be given as required by the said Act, and that by this Order the provisions hereinafter set forth should be made with respect to the matters specified in the said section thirteen:

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, and in pursuance and exercise of the powers and authorities conferred on him by the said Act, and of all other powers and authorities enabling him in this behalf, doth hereby consent to the issue by the said local authority of new securities in conversion of any existing securities to which this Order applies, and with respect to such conversion doth hereby make the following provisions.

RESOLUTION AMENDING SPECIAL RATE.

Golden Bay Electric-power Board Loan Conversion Order, 1934.

WHEREAS a resolution was passed by this Board on the 22nd August, 1934, making a special rate of $\frac{3}{4}$ d. in the pound upon the rateable value (on the basis of the capital value) of all rateable property in the district for the purpose of providing interest, sinking fund, and other charges on the new securities authorized to be issued under the Golden Bay Electric-power Board Loan Conversion Order, 1934:
