GALWAY, Governor-General.
ORDER IN COUNCIL.

At the Government House at Wellington, this 5th day of August, 1935.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

PURSUANT to the Harbours Act, 1923, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council, doth hereby license and permit John Edgar, of Queenstown (hereinafter called "the licensee," which term shall include his executors, administrators, and assigns unless the context requires a different construction), to use and occupy all that part of the foreshore and land below low-water mark at Queenstown, Lake Wakatipu, shown on plan marked M.D. 7353 (two sheets), and deposited in the office of the Marine Department at Wellington, for the purpose of the use of the jetty as shown on the said plan for a term of fourteen years computed from the first day of August, one thousand nine hundred and thirty-five, such license to be held and enjoyed by the licensee upon and subject to the terms and conditions set forth in the Schedule hereto.

SCHEDULE.

3. In consideration of the concessions and privileges granted by this Order in Council the licensee shall pay to the Minister the sum of £2 10s., and thereafter an annual sum of £2 in advance, payable on the first day of April in each year, the proportionate part of such rental in respect of the period from the 1st day of August, 1935, until the 31st day of March following to be paid on the licensee being supplied with a copy of this Order in Council.
4. All persons shall, at all reasonable times, upon payment of the proper dues, have free and full liberty to use the said jetty and all rights of ingress and egress thereon and therefrom.
5. His Majesty or the Governor-General, and all officers in the Government service acting in the execution of their duty, shall at all times have free ingress, passage, and egress into, through, and out of the said jetty without payment.
6. The licensee shall maintain the above-mentioned jetty in good order and repair, and shall at all times exhibit from the jetty and maintain at the licensee's own cost suitable and necessary lights for the guidance of vessels: Provided that no light shall be exhibited until after it has been approved of by the Minister.
7. Any person authorized by the Minister may, at all reasonable times, enter upon the said jetty and view the state of repair thereof, and upon such Minister leaving at or posting to the last known address of the licensee in New Zealand a notice in writing of any defect or want of repair in such jetty requiring the licensee within a reasonable time to be therein prescribed to repair the same, the licensee shall with all convenient speed cause such defect to be removed or such repairs to be made.

11. The said rights, powers, and privileges conferred under or by virtue of this Order in Council may be at any time resumed by the Governor-General without payment of any compensation whatever on giving to the licensee three calendar months' previous notice in writing. Any such notice shall be sufficient if given by the Minister and delivered at or posted to the last known address of the licensee in New Zealand.

then and in any of the said cases this Order in Council and every right, power, or privilege may be revoked and determined by the Governor-General in Council without any notice to the licensee or other proceedings whatsoever; and publication in the *Gazette* of an Order in Council containing such revocation shall be sufficient notice to the licensee and to all persons concerned or interested that this Order in Council, and the license, rights, and privileges thereby granted and conferred, have been revoked and determined.

14. In the event of this Order in Council being revoked for any reason whatsoever, or upon the expiry of the period for which the license is granted, the licensee shall, if required by the Minister so to do, remove the said jetty entirely from the site and restore the site to its original condition within three months from the date of the revocation or expiry, as the case may be; and if the licensee fails so to do, the Minister may cause the said jetty to be removed and the site so restored and may recover from the licensee the costs incurred by the said removal and restoration.

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS it is provided by section nine of the Local Authorities Interest Reduction and Loans Conversion Act, 1932-33, that, with the precedent consent of the Governor-General, given by Order in Council under section thirteen of the said Act, after compliance with the provisions of Part II of the Act, and subject to and in accordance with the provisions of such Order in Council, any local authority may issue new securities in conversion of any existing securities to which the said Act applies :

And whereas by the said section thirteen it is further provided that the Governor-General, by the Order in Council giving his consent to the conversion of existing securities by a local authority, may make such provisions as he thinks fit with respect to all or any of the matters specified in the said section, and that, subject to the provisions of the said Act, every Order in Council under the said section shall have the force of law as if enacted in the said Act, anything to the contrary in any other Act or in any regulations made under the said Act or any other Act notwithstanding :

And whereas the Morrinsville Borough Council (being a local authority within the meaning of the said Act) is liable under the securities issued in respect of the loans specified in the First Schedule hereto (of which securities some were issued by the former Morrinsville Town Board and others by the said Morrinsville Borough Council), and all such securities are existing securities to which the said Act applies :

And whereas the said Morrinsville Borough Council, being desirous of issuing new securities in conversion of such existing securities, has complied with the provisions of Part II of the said Act, and it is expedient that the precedent consent of the Governor-General to such conversion should be given as required by the said Act, and that by this Order the provisions hereinafter set forth should be made with respect to the matters specified in the said section thirteen :

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, and in pursuance and exercise of the powers and authorities conferred on him by the said Act, and of all other powers and authorities enabling him in this behalf, doth hereby consent to the issue by the said local authority of new securities in conversion of any existing securities to which this Order applies, and with respect to such conversion doth hereby make the following provisions.

SINKING FUND FOR UNCONVERTED SECURITIES.

22. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

APPLICATION OF EXISTING SINKING FUNDS.

23. For the purposes of the next two succeeding clauses the sinking fund of every loan in the First Schedule hereto some only of the existing securities issued in respect of which are held by the Public Trustee shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

(a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.

- (b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-five hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan to which that clause applies and such second part of the sinking fund were the sinking fund of such separate loan.
24. (1) Subject to the provisions of clause twenty-three hereof, the existing sinking fund of every loan in the First Schedule hereto the securities issued in respect of which are held by the Public Trustee, shall be applied by the Commissioner thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—
- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
 - (b) Secondly, as far as it will extend to the nearest multiple of five pounds, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee; and
 - (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.
- (2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.
25. Subject to the provisions of clause twenty-three hereof, the existing sinking fund of every loan referred to in the First Schedule hereto (other than the loans referred to in the last preceding clause) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—
- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
 - (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto): Provided always that the payments made under the authority of this paragraph shall not, in the aggregate, exceed the sum by which the aggregate amount of premiums payable in respect of all the loans to which this Order applies exceeds the sum of two thousand four hundred pounds;
 - (c) Thirdly, in payment, in accordance with the directions of the local authority, of the costs and charges (not exceeding in the aggregate one hundred and thirteen pounds) of and incidental to the conversion of existing securities to which this Order applies (whether issued in respect of the said loan or of any other loan referred to in the First Schedule hereto); and
 - (d) Fourthly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

26. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of interest, sinking fund, and other charges in respect of such securities.
- (2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.
- (3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

SECURITIES HELD BY TRUSTEES.

27. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto); and

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

SECURITIES HELD BY TRUSTEES.

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

PREMIUMS.

17. (1) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, does not exceed the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities.

(2) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, exceeds the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities, and, in addition thereto, shall be entitled to receive a premium on such principal computed in accordance with the Fourth Schedule hereto.

18. (1) Every premium to which any person is entitled under the last preceding clause shall be satisfied by payment of the amount thereof in cash.

(2) All payments of cash in accordance with the last preceding subclause that are not made out of moneys raised pursuant to the authority in that behalf conferred by the next succeeding clause hereof or out of any sinking fund pursuant to the provisions of this Order in that behalf shall be made by the local authority out of the local fund, and charged to the appropriate account.

19. (1) For the purpose of providing for cash premium payments the local authority may create, issue, and sell at a price which shall not be below par new securities for an aggregate amount not exceeding two thousand seven hundred and forty-five pounds, redeemable at par on such one or more of the maturity dates set out in the Third Schedule hereto as may be determined by the local authority. The rate of interest payable on any new security issued pursuant to the authority conferred by this clause shall, notwithstanding anything to the contrary contained in clause fourteen of this Order, be such rate not exceeding four and one-quarter per centum per annum as may be determined by the local authority.

(2) Pending the raising of the moneys by the sale of any such new securities the local authority may borrow the said sum of two thousand seven hundred and forty-five pounds or any part thereof by the hypothecation of such new securities at a rate of interest not exceeding five per centum per annum.

PLACE FOR PAYMENT OF PRINCIPAL AND INTEREST.

20. The principal and interest in respect of new securities shall be payable in New Zealand.

CONSOLIDATED SINKING FUND FOR NEW SECURITIES.

21. (1) In order to provide funds for the repayment of the new securities the local authority shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a consolidated sinking fund, of which the Public Trustee shall be the Commissioner.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioner of the consolidated sinking fund on each of the maturity dates specified in the Third Schedule hereto, a contribution of five hundred and fifty pounds, increased in respect of each contribution by a sum equal to four and a quarter per centum of the aggregate amount of new securities redeemable up to and including the maturity date immediately preceding that on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

SINKING FUND FOR UNCONVERTED SECURITIES.

22. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity dates of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

APPLICATION OF EXISTING SINKING FUNDS.

23. For the purposes of the next two succeeding clauses the sinking fund of every loan in the First Schedule hereto some only of the existing securities issued in respect of which are held by the Public Trustee shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

(a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provision of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.

- (b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-five hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan to which that clause applies and such second part of the sinking fund were the sinking fund of such separate loan.

24. (1) Subject to the provisions of clause twenty-three hereof, the existing sinking fund of every loan in the First Schedule hereto the securities issued in respect of which are held by the Public Trustee, shall be applied by the Commissioner thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
- (b) Secondly, as far as it will extend to the nearest multiple of five pounds, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee; and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.

25. Subject to the provisions of clause twenty-three hereof, the existing sinking fund of every loan referred to in the First Schedule hereto (other than the loans referred to in the last preceding clause) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto); provided that the aggregate amount of the payments made pursuant to this paragraph shall not exceed the sum by which the total aggregate amount of premiums to which all such holders are entitled exceeds two thousand seven hundred and forty-five pounds; and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

26. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of interest, sinking fund, and other charges in respect of such securities.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

SECURITIES HELD BY TRUSTEES.

27. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

BROKERAGE.

28. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

SINKING FUND FOR UNCONVERTED SECURITIES.

22. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

APPLICATION OF EXISTING SINKING FUNDS.

23. For the purposes of the next two succeeding clauses the sinking fund of every loan in the First Schedule hereto some only of the existing securities issued in respect of which are held by the Public Trustee shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

- (a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.
- (b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-five hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan to which that clause applies and such second part of the sinking fund were the sinking fund of such separate loan.

24. (1) Subject to the provisions of clause twenty-three hereof, the existing sinking fund of every loan in the First Schedule hereto the securities issued in respect of which are held by the Public Trustee, shall be applied by the Commissioner thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
- (b) Secondly, as far as it will extend to the nearest multiple of five pounds, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee; and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.

25. Subject to the provisions of clause twenty-three hereof, the existing sinking fund of every loan referred to in the First Schedule hereto (other than the loans referred to in the last preceding clause) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto) provided that the aggregate amount of the payments made pursuant to this paragraph shall not exceed the sum by which the total aggregate amount of premiums to which all such holders are entitled exceeds three thousand three hundred and eighty-five pounds; and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

26. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate to provide for the payment of interest, sinking fund, and other charges in respect of such securities. Such special rate shall be made and levied over the whole of that area of the district of the local authority over any part of which any existing special rate in respect of any of the loans specified in the First Schedule hereto was made and levied.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

SECURITIES HELD BY TRUSTEES.

27. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

PREMIUMS.

17. The holder of any existing securities to which this Order applies shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities, and, in addition thereto, shall be entitled to receive a premium on such principal computed in accordance with the Fourth Schedule hereto.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioners of the consolidated sinking fund on each of the maturity dates specified in the Third Schedule hereto, a contribution of five hundred and thirty pounds, increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the maturity date immediately preceding that on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund.

APPLICATION OF EXISTING SINKING FUNDS.

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held; and
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash payments required by this Order to be made in respect of premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto): provided that the aggregate amount of the payments made under the authority of of this paragraph shall not exceed the sum by which the total aggregate amount of premiums to which all such holders are entitled exceeds the sum of two thousand nine hundred and eighty pounds; and
- (c) Thirdly, in transferring the balance to the Commissioners of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

24. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate to provide for the payment of interest, sinking fund, and other charges in respect of such securities. Such special rate shall be made and levied over the whole of that area of the district of the local authority over any part of which any existing special rate in respect of any of the loans specified in the First Schedule hereto was made and levied.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

(i) Between 8 a.m. and 6 p.m. on week-days	d. 3

(e) (i) Notwithstanding the preceding provisions of this regulation, the *maximum* charge for an *ordinary* call between 11 p.m. and 6 a.m. shall be:—

(ii) In respect of *urgent* calls the *maximum* charge between 11 p.m. and 6 a.m. shall be double that specified for an ordinary call.

(f) In calculating the charge for a toll call all fractions of a penny shall be counted, but in the total charge for a call fractions smaller than a half-penny shall be excluded and fractions of a half-penny or more counted as one penny.

Station-to-station Calls.

107. The conditions of a station-to-station call shall be as under:—

- (i) That the telephone subscriber's station called shall be specified either by the telephone number or by the name of the person, firm, or body under which the telephone is listed;
- (ii) That the message shall be regarded as effective when telephonic communication is established between the calling and the called subscribers' stations; and
- (iii) That for charging purposes the measurement of duration of the communication shall commence at the moment telephonic communication is established between the calling and the called subscribers' stations, or, in cases in which a private branch exchange is involved, between the calling subscriber's station and the private branch exchange switchboard operator.

108. (a) *Charges*.—Subject to the next succeeding clause of this regulation, the charge for a station-to-station call shall be in accordance with the basic rates (Regulation 106), ordinary or urgent, as the case may be.

(b) *No-reply fee*.—In lieu of the charges prescribed by the last preceding clause, a charge, to be known as a "no-reply fee," being one-quarter of the ordinary basic rate for a three-minute call with a minimum of 3d. and a maximum of 1s. 6d. irrespective of whether the call sought was ordinary or urgent, shall be made for a station-to-station call in the following circumstances:—

- (i) When, through no fault on the part of the Department's officers or equipment, communication with the called station is not established and the call is abandoned by the caller:

- (ii) When, through no fault on the part of the Department's officers or in the equipment used, the call is not completed by midnight on the day on which the call is lodged. This subsection shall not, however, apply on the day of lodgment to calls booked for completion on a day other than the day of lodgment, or to calls booked so late at night that there has not been reasonable time to establish the call by midnight :
- (iii) When the caller cancels the call after an endeavour has been made to establish it.

In any of the above circumstances the cable fee shall not be charged.

Person-to-person Calls.

109. (a) The person speaking from the calling station may specify by name or designation the actual person with whom he wishes to speak, and also, if desired, an acceptable substitute (being in either case a person lawfully entitled to use the called subscriber's telephone pursuant to Regulation 8 hereof). The call shall be regarded as effective when telephonic communication is established between the actual calling and called persons, and the chargeable duration of the call shall commence from the time those persons are brought into actual telephonic communication with each other.

(b) The charge for a completed person-to-person call shall be in accordance with the basic rates (Regulation 106) with the addition of a fee, to be known as a "personal fee," on the following scale :—

In respect of a call—		s.	d.
Up to and including 75 miles	0	6
Exceeding 75 miles but not exceeding 150 miles	1	0
" 150 " 300	1	6
" 300 " 450	2	0
" 450 miles 	2	6

The personal fee is constant: it is not affected by the time at which the call is effected or by the duration of the call, nor is it doubled for an urgent call.

(c) Toll calls to persons whose premises are not connected by telephone shall be classified as person-to-person calls. When it is desired that delivery of a message be made to such a person within the usual radius of the free delivery of telegrams that he is required to attend at a telephone exchange or toll station to receive a person-to-person call, a delivery fee of 3d. shall be added to the personal fee. If the person required resides outside the free-delivery area of telegrams a special delivery charge shall be made according to the expense incurred. The delivery of any message, either written or spoken, other than a request for attendance at a telephone exchange or toll station, is prohibited. Such a message shall be accepted only as a telegram.

(d) Report charge.—In the following cases the appropriate personal fee as prescribed in clause (b) of this regulation (to be known in the following circumstances as a "report charge") shall be charged when a person-to-person call is not completed owing to—

- (i) Failure to establish communication with the called station through no fault on the part of the Department's officers or in the equipment used ;
- (ii) The called person or an acceptable substitute not being available and the call being abandoned or not completed at midnight on the day on which the call is lodged ;
- (iii) The caller cancelling the call after an endeavour has been made to establish it ; or
- (iv) Inability, through no fault on the part of the Department's officers or in the equipment used, to complete a call by midnight on the day on which the call is lodged. This subclause shall not, however, apply on the day of lodgment to calls booked for completion on a day other than the day of lodgment, or to calls booked so late at night that there has not been reasonable time to establish the call by midnight.

In any of the above circumstances the cable fee shall not be charged.

Appointment Calls.

110. (a) A subscriber may, by arrangement made with the Department in advance, be placed in communication at a specified time and at the premises of a subscriber to another exchange with the actual person with whom he wishes to speak, or, if desired, an acceptable substitute (being in either case a person lawfully entitled to use the called subscriber's telephone pursuant to Regulation 8 hereof). Such a call is termed an "appointment call." Applications for appointment calls should be made at least one hour before the time at which they are required.

(b) Unless otherwise indicated, the charges and conditions relating to person-to-person calls as prescribed in Regulation 109 shall, where applicable, apply to appointment calls.

(c) The establishment of an appointment call at the time desired cannot be guaranteed, but every effort will be made to complete it at that time or as soon thereafter as conditions permit. If an appointment call does not mature owing to the parties concerned being unable to agree upon a specified time, or to the wanted party not being available, a report charge as prescribed in clause (d) of Regulation 109 shall be payable but no other charge.

Fixed-time Calls.

111. (a) Upon an order being furnished by a subscriber in writing, a toll call may be arranged to take effect at the same time on not less than five consecutive days (including or excluding Saturdays and/or Sundays and/or departmental or other holidays at the option of the subscriber). The numbers of the calling and called stations, and the times at which the call is to be effected, shall remain the same throughout the series of calls, except that the call may be arranged at a different time on a Saturday if so desired by the caller. The calls described in this regulation are termed "fixed-time calls," and are completed on a station-to-station basis.

(b) The charge for each of a series of fixed-time calls shall be in accordance with the basic rates for an ordinary call (Regulation 106), together with a "fixed-time fee" of 10 per cent. of the basic charge for a call of three minutes' duration, with a minimum of 3d.

(c) An application for a single fixed-time call or for a series of fixed-time calls on other than consecutive days or for less than five consecutive days (such days being actually or constructively consecutive as hereinbefore provided), shall be regarded and dealt with as an application for an appointment call or calls.

(d) An application for a series of fixed-time calls shall be made so as to be received by the officer in charge of the caller's exchange at least three hours in advance of the time at which the first call of the series is desired. No guarantee can be given that calls will be established at the time specified or agreed upon, but every endeavour will be made to do so at that time or as soon thereafter as circumstances permit.

(e) (i) Should any one of a series of fixed-time calls not be established within fifteen minutes of the time desired, the calling subscriber shall be given the option of making the call as soon thereafter as possible or of cancelling it. If at this stage he elects to cancel the call no charge shall be made. If he elects to make the call the station-to-station rate shall be charged but the fixed-time fee shall not be charged.

(ii) In the event of a call being cancelled after the required number has been obtained by the exchange, within fifteen minutes of the appointed time, the full charge for the initial three-minute period, together with the fixed-time fee, shall be payable.

(iii) If a call is cancelled within a period of fifteen minutes before or after the time of appointment, but before service is actually offered, the appropriate fixed-time fee, together with half the cost of a three-minute call, shall be payable, but the maximum combined charge shall not exceed 2s. 6d.

(iv) If a call is cancelled more than fifteen minutes before the time of appointment, one-third of the charge for a three-minute call (with a maximum of 1s. 6d.) shall be charged.

Contract Toll Service.

112. (a) By special arrangement made with the Department in advance a subscriber may enter into a contract for daily toll communication, to be known as a "contract" call, with a subscriber to another exchange.

(b) The contract shall provide for a daily call of not less than ten minutes and for a minimum aggregate period of communication of not less than five hours.

(c) Saturdays and/or Sundays and/or departmental or other holidays may be excluded from the arrangement at the option of the contracting subscriber.

(d) Each daily call shall be between one station only at the originating exchange and one station only at the other exchange.

(e) The daily communication shall be afforded at a time suitable to the Department, except that the contracting subscriber may stipulate that the communication be regularly afforded during one of the following periods:—

- (i) Between 8 a.m. and 6 p.m.
- (ii) Between 6 a.m. and 8 a.m. or between 6 p.m. and 11 p.m.
- (iii) Between 11 p.m. and 6 a.m.

(f) The charges shall be as under:—

- (i) Between 8 a.m. and 6 p.m. on week-days: The basic rates relative to this period of the day less 33½ per cent.
- (ii) Between 6 a.m. and 8 a.m. and between 6 p.m. and 11 p.m. on week-days, and between 6 a.m. and 11 p.m. on Sundays and departmental holidays: The basic rates relative to these periods of the day less 33½ per cent. in respect of distances up to and including 20 miles, or less 20 per cent. in respect of distances exceeding 20 miles.
- (iii) Between 11 p.m. and 6 a.m. every day: The basic rates relative to this period of the day without reduction.

(g) The charge for the aggregate period of communication contracted for shall be paid before the commencement of the contract service. The provisions of Regulations 117 and 118 relating to collect calls and transferred-charge calls, respectively, shall not apply to contract toll service.

(h) If the duration of a call exceeds the daily period contracted for, the extra time shall be charged for proportionately at the contract rate.

(i) A contracting subscriber failing on any day to utilize the whole or any part of the daily period contracted for shall not on that account be entitled to any credit or adjustment of charges.

(j) If it is impossible for the Department to give effect to a contract call on any day, the contracting subscriber shall be entitled to a refund of the value of the call computed at the contract rate.

(k) The Department reserves the right at any time to cancel a contract for toll service, but in such case the contracting subscriber shall be entitled to a proportionate refund in respect of the unexpired portion of the contract.

Local Calls.

113. If any person uses the public telephone at a toll station for the purpose of—

- (i) Conversing over a private telephone line connected with the toll station;
- (ii) Communicating with a local exchange subscriber's station; or
- (iii) Communicating with a subscriber's station of an exchange whose base-rate area includes the site on which the toll station is situated,—

such communication shall be treated as a toll call. If, however, public call-office facilities are not provided at the toll station, the charge for a call as described above shall be 1d. for each three minutes or fraction thereof in lieu of the charges prescribed by Regulation 106. In the latter case the charge for a "no-reply" call shall be 1d. in lieu of the charge prescribed by clause (b) of Regulation 108.

Calls after Hours.

114. (a) Provided the attention of the toll stations concerned can be gained, toll calls may be arranged after the ordinary hours of attendance on week-days or Sundays on payment of a reopening fee of 1s. if the telephonist is resident on the premises, or 2s. 6d. if he is not resident on the premises. In addition, if the attendance of any officer is required beyond a period of twenty minutes, such attendance shall be paid for at the rate of 1s. for each subsequent twenty minutes or fraction thereof.

(b) Toll calls to or from offices which have been specially reopened under this regulation shall be given precedence over those of similar code between offices then open for ordinary toll purposes.

Methods of Payment of Charges.

115. In the case of calls from subscribers' stations, the charge shall be either debited to the lessee of the calling station or dealt with as a "collect" or "transferred charge" call in accordance with Regulation 117 or 118 hereof respectively; but unless otherwise specified by the caller, the charges shall be debited to the lessee of the calling station.

116 (a) Except in the case of collect calls and transferred charge calls, calls from toll stations shall be paid for by the caller in cash immediately the call is completed.

(b) Any person making request at a toll station for a toll communication may be required to deposit an amount equal to the charge for an initial period of three minutes according to the class of the communication desired and the time of the day at which it is to be effected.

117. *Collect Calls.*—(a) The charge for a station-to-station, person-to-person, or appointment toll call may, at the request of the caller and with the prior consent of the called subscriber, be debited to the called station.

(b) Applications for collect calls shall be accepted only on the condition that if the called subscriber refuses to bear the charge the caller will complete the call at his own expense at the rates prescribed, or that he will pay the fee applicable to refused calls.

(c) The charges for collect service shall be as under:—

(i) STATION-TO-STATION CALLS.

In respect of Distances	Completed Calls : The Charges pre- scribed by Regu- lation 106 plus the following.	Calls not accepted by Called Station and not completed by Caller (Refused Calls).
	d.	s. d.
Not over 75 miles	2	0 6
Over 75 but not over 150 miles	4	1 0
" 150 " 300 "	6	1 6
" 300 " 450 "	8	1 6
Over 450 miles	10	1 6

(ii) In the case of collect person-to-person or appointment calls, whether completed or not, there is no addition to the charges prescribed by Regulation 109; in the case of a refused call the report charge prescribed by that regulation shall be payable.

118. *Transferred-charge Calls.*—The charge for a toll call made by a telephone exchange subscriber from other than his own station may be debited to his own station, provided that the calling station and the station proposed to be debited with the charge are connected with the same exchange. The additional charge for this service shall be 1d. per call irrespective of its classification. In the event of the subscriber whose account is debited with the cost of the call refusing to pay the charge, the call shall be debited to and paid for by the subscriber at whose station the call originated.

119. *Toll Accounts.*—(a) Subject to the provisions of Regulation 112 for payment in advance of contract toll charges, all accounts for toll calls are payable to the Department on demand. If payment of the charge for any toll call is not made within seven days after demand, an exchange subscriber may be refused further toll calls until the outstanding amount has been paid; and, if the amount is not paid within one month after demand, the exchange service may be discontinued without prejudice to any proceedings for the recovery of any moneys due under these regulations.

(b) Except as hereinafter provided, a daily account for toll calls will be rendered to any exchange subscriber upon payment of a fee of £1 per annum. If a subscriber requires daily accounts of toll calls made from more than one subscriber's station, the fee shall be £1 per annum in respect of one station and 5s. per annum in respect of each additional station. In cases in which subscribers pay telephone rental on a monthly basis, the monthly fee for rendering a daily toll account shall be one-twelfth of the annual fee, plus 5 per cent. Hotels, hostels, and clubs which provide residential or general social facilities are exempt from the foregoing charges. Daily accounts are issued subject to the condition that payment shall be made not later than the day following the receipt of the account, Sundays and holidays excepted.

General.

120. A toll call from an officer of the New Zealand Air Force or a member of an aero club affiliated to the New Zealand Aero Club seeking information regarding weather conditions shall be treated as an urgent call but charged for as an ordinary call.

121. All toll calls on official business from officers of Government Departments, other than the Post and Telegraph Department, or from Postal officers on behalf of other Departments, shall be charged for at the prescribed rates.

122. When a private telephone line connected with a toll station is used for the purpose of communication on a toll line, the charges for the toll call shall be the same as if the call had originated or terminated at the toll station—i.e., the private telephone line is not calculated in the toll-line mileage.

122A. Except in a case in which a longer period has been arranged under contract in accordance with the provisions of Regulation 112, a person may be required to give up the use of a toll circuit after the elapse of six minutes if another person is waiting to use it.

122B. The Department will not undertake to refuse toll calls from any subscriber's telephone, or to restrict in any way the hours, while the exchange is open, during which application for toll calls may be made.

122C. Particulars of a toll call to or from his telephone number, and in respect of which the relative call-card has been forwarded to the General Post Office, may be obtained by an exchange subscriber upon payment, in advance, of a fee of 1s. if the necessary particulars to enable the call card or cards to be found without delay are supplied, or 2s. 6d. if such particulars are not furnished. Should search extend beyond one hour, an additional charge of 2s. 6d. for each and every subsequent hour shall be made. Satisfactory proof of identity of the applicant as the lessee of the telephone-exchange connection from which the call originated or at which it was received, or as the agent of either, must be given in each case.
