The local authority is hereby authorized out of the moneys standing at the date of conversion to the credit of the Fire Station Interest Account or out of the unexpended loan-moneys raised in respect of the Footpaths Loan of £925, 1929, or the Gasworks Improvements Loan of £2,000, 1929, specified in the First Schedule hereto to pay the whole or any part of the premiums to which any person is entitled under the provisions of the last succeeding clause.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

The said parts shall be applied as follows:—

(a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.

- (b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-five hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan to which that clause applies and such second part of the sinking fund were the sinking fund of such separate loan.
24. - (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
 - (b) Secondly, as far as it will extend to the nearest multiple of five pounds, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee; and
 - (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.
- (2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.
25. Subject to the provisions of clause twenty-three hereof, the existing sinking fund of every loan referred to in the First Schedule hereto (other than the loans referred to in the last preceding clause) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—
- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
 - (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto), provided, however, that the aggregate amount of the payments made under the authority of this paragraph shall in no case exceed one thousand two hundred pounds;
 - (c) Thirdly, in payment, in accordance with the directions of the local authority, of the costs and charges (not exceeding in the aggregate one hundred pounds) of and incidental to the conversion of existing securities to which this Order applies (whether issued in respect of the said loan or of any other loan referred to in the First Schedule hereto); and
 - (d) Fourthly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

26. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of interest, sinking fund, and other charges in respect of such securities.
- (2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.
- (3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

Conversion as from 15th December, 1933, of 6-per-cent. securities for £100, maturing 14th January, 1947, into $4\frac{1}{2}$ -per-cent. securities.

Interest rate on existing securities (as reduced by Part I of the Act) is $4\frac{1}{2}$ per cent. per annum.

One year's interest on £100 at existing rate ($4\frac{1}{2}$ per cent.) is	£	4.8
One year's interest on £100 at new rate ($4\frac{1}{2}$ per cent.) is		4.25

Difference is £0.55

Period from date of conversion (15th December, 1933) to existing maturity date (14th January, 1947) is 13 years 30 days, counted as 13 years.

Factor for 13 years is 9.761556.

£0.55 multiplied by 9.761556 is £5.3688558, or £5 7s. 4d., which is the premium for £100 of the existing securities.

The premiums on other amounts of existing securities of the same class can be computed in the same way, or alternatively, by ascertaining 5.3688558 per cent. of the amount of the principal in each case.

At the Government House at Wellington, this 7th day of October, 1935.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS it is provided by section nine of the Local Authorities Interest Reduction and Loans Conversion Act, 1932-33, that, with the precedent consent of the Governor-General, given by Order in Council under section thirteen of the said Act, after compliance with the provisions of Part II of the Act, and subject to and in accordance with the provisions of such Order in Council, any local authority may issue new securities in conversion of any existing securities to which the said Act applies:

And whereas by the said section thirteen it is further provided that the Governor-General, by the Order in Council giving his consent to the conversion of existing securities by a local authority, may make such provisions as he thinks fit with respect to all or any of the matters specified in the said section, and that, subject to the provisions of the said Act, every Order in Council under the said section shall have the force of law as if enacted in the said Act, anything to the contrary in any other Act or in any regulations made under the said Act or any other Act notwithstanding:

And whereas the Taranaki County Council (being a local authority within the meaning of the said Act) has issued securities in respect of the loans specified in the First Schedule hereto, and such securities are existing securities to which the said Act applies:

And whereas the said local authority, being desirous of issuing new securities in conversion of such existing securities, has complied with the provisions of Part II of the said Act, and it is expedient that the precedent consent of the Governor-General to such conversion should be given as required by the said Act, and that by this Order the provisions hereinafter set forth should be made with respect to the matters specified in the said section thirteen:

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, and in pursuance and exercise of the powers and authorities conferred on him by the said Act, and of all other powers and authorities enabling him in this behalf, doth hereby consent to the issue by the said local authority of new securities in conversion of any existing securities to which this Order applies, and with respect to such conversion doth hereby make the following provisions.

11. The holder of any existing securities converted into new securities (whether the conversion is on application or after failure to dissent) shall not be entitled to demand payment of any principal or interest payable in respect of the existing securities, or to receive the new securities or any interest payable in respect thereof, until he has surrendered the existing securities to the local authority.

12. Subject to the provisions of the last preceding clause, the interest on the outstanding principal represented by any such existing securities for the period ending on the date of conversion shall be payable not later than one month from the date of conversion.

(3) Subject to the foregoing provisions of this clause and to the express wish of an holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

PREMIUMS.

17. (1) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, does not exceed the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities.

(2) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, exceeds the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities, and, in addition thereto, shall be entitled to receive a premium on such principal computed in accordance with the Fourth Schedule hereto.

18. (1) Subject to the provisions of this clause as to payment in cash, every premium to which any person is entitled under the last preceding clause shall be satisfied by issuing to him additional new securities for the amount of such premium, or so much thereof as is not paid in cash, as the case may be.

(2) The local authority shall pay in cash such portion (if any) of the aggregate amount of premiums to which any person is entitled as may be required to reduce to the nearest multiple of ten pounds the aggregate amount of principal represented by the new securities (including new securities issued by way of premium) to which such person is entitled, and may, if it thinks fit, pay in cash the whole or any part of the balance of any such aggregate amount of premium.

(3) All payments of cash in accordance with the last preceding subclause that are not made out of any sinking fund pursuant to the provisions of this Order in that behalf shall be made by the local authority out of the local fund, and charged to the appropriate account.

(4) The power of the local authority to issue new securities in accordance with this Order shall be deemed to include the power to issue any additional new securities required for the purposes of this clause.

PLACE FOR PAYMENT OF PRINCIPAL AND INTEREST.

19. The principal and interest in respect of new securities shall be payable in New Zealand.

CONSOLIDATED SINKING FUND FOR NEW SECURITIES.

20. (1) In order to provide funds for the repayment of the new securities the local authority shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a consolidated sinking fund, of which the Public Trustee shall be the Commissioner.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioner of the consolidated sinking fund on each of the maturity dates specified in the Third Schedule hereto, a contribution of one thousand two hundred and fifty-five pounds, increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the maturity date immediately preceding that on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect of such sinking fund.

SINKING FUND FOR UNCONVERTED SECURITIES.

21. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

APPLICATION OF EXISTING SINKING FUNDS.

22. For the purposes of the next two succeeding clauses the sinking fund of every loan in the First Schedule hereto some only of the existing securities issued in respect of which are held by the Public Trustee shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

(a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-three hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.

(b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan to which that clause applies and such second part of the sinking fund were the sinking fund of such separate loan.

23. (1) Subject to the provisions of clause twenty-two hereof, the existing sinking fund of every loan in the First Schedule hereto the securities issued in respect of which are held by the Public Trustee, shall be applied by the Commissioner thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

(a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held; and

(b) Secondly, as far as it will extend in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.

24. Subject to the provisions of clause twenty-two hereof, the existing sinking fund of every loan referred to in the First Schedule hereto (other than the loans referred to in the last preceding clause) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

(a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;

(b) Secondly, in payment, in accordance with the directions of the local authority, of any cash premium payments required by this Order to be made to reduce to the nearest multiple of ten pounds the aggregate amount of principal represented by the new securities (including new securities issued by way of premiums) to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto); and

(c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

25. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a consolidated special rate to provide for the payment of interest, sinking fund, and other charges in respect of such securities. Such consolidated special rate shall, pursuant to the provisions of section six of the Local Authorities Interest Reduction and Loans Conversion Amendment Act, 1934, be made and levied on such differential basis for the several ridings of the county as may be prescribed by the resolution.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

SECURITIES HELD BY TRUSTEES.

26. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

BROKERAGE.

27. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

SCHEDULE.

MARLBOROUGH LAND DISTRICT.

Awatere County.—Hodder Survey District.

(National-endowment Land.)

SMALL Grazing-run 161: Area, 3,230½ acres. Rent, £40 per annum.

Term of lease: Twenty-one years from 1st March, 1936, but possession will be given as from date of allotment.

Weighted with £775 for improvements, consisting of cob dwelling, store-shed, cow-shed, swing bridge, grassing, scrub clearing, and 620 chains fencing. This amount may be paid in cash, or, after the payment of a cash deposit of £35, the balance may be secured to the Mortgage Corporation of New Zealand on 35-year table mortgage, interest at 4½ per cent., reducible to 4¼ per cent. for prompt payment; half-yearly instalment £21 8s. 9d. gross, £19 11s. 9d. net (for first payment).

Costs, amounting to £3 19s., in connection with the preparation of this mortgage will be payable by the successful applicant.

The run, which consists of two blocks, is situated on the Main Awatere Valley Road, twenty-five miles from Seddon Railway-station, and forty-two miles from Blenheim Saleyards, and one mile distant from a school.

The property, which is in a very neglected and deteriorated condition, comprises hilly to steep and broken land, rising from 1,200 ft. to 4,767 ft. In its present condition the area consists of 2,030 acres tussock, native grasses, rough feed of poor quality, 700 acres overgrown with tea-tree scrub, with patches of native grass, 100 acres scrub and poor birch bush, 400 acres shingle hill-tops, rocky faces, &c.

The property generally is considered rather a difficult one in view of the fact that the bulk of the area lies to the south-east on the shady side and is exposed to the cold southerly winds and storms. There is, however, an area of about 200 acres of fair to good land between the "Little and Big Bolton," lying in a sheltered valley, of which about half is covered with tea-tree scrub, &c. If this were cleared and surface-sown it would be very suitable for wintering hoggets and weak sheep. The area is well watered by running streams, is subdivided into four paddocks, and is partly ring-fenced.

Full particulars may be obtained at this office.

Commissioner of Crown Lands.
