(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

(3) All payments of cash in accordance with the last preceding subclause that are not made out of any sinking fund pursuant to the provisions of this Order (if any) in that behalf shall be made by the local authority out of the local fund, and charged to the appropriate account.

(4) The power of the local authority to issue new securities in accordance with this Order shall be deemed to include the power to issue any additional new securities required for the purposes of this clause.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioners of the consolidated sinking fund on each of the maturity dates specified in the Third Schedule hereto, a contribution of two thousand four hundred pounds, increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the maturity date immediately preceding that on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

#### SINKING FUND FOR UNCONVERTED SECURITIES.

21. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

22. For the purposes of the next two succeeding clauses the sinking fund of every loan in the First Schedule hereto some only of the existing securities issued in respect of which are held by the Public Trustee shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

- (a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-three hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.
- (b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan to which that clause applies and such second part of the sinking fund were the sinking fund of such separate loan.

23. ## SPECIAL RESOLUTION OF LOCAL AUTHORITY.

4. (1) If the local authority so resolves by a resolution passed and confirmed as provided by subsection two of section nine of the Act, it may, subject to and in accordance with the provisions of this Order, issue new securities in conversion of existing securities to which this Order applies.

(2) The following provisions of this Order shall come into force if such a resolution is passed and confirmed as aforesaid, but not otherwise :

(2) In addition to the notices required by the last preceding subclause, the local authority may give such further notice in relation to the conversion (whether by way of advertisement or otherwise) as it thinks fit.

#### RIGHT TO APPLY FOR OR DISSENT FROM CONVERSION.

7. The holder of any existing securities to which this Order applies may make application to the local authority in writing for the conversion of such securities into new securities in accordance with this Order. Every application under this clause shall be accompanied by the securities to which it relates.

8. If the holder of any existing securities to which this Order applies does not, within the time and in the manner provided by this Order, signify his dissent from the conversion of such securities into new securities, the existing securities shall be converted into new securities in the same manner as if application had been made under the last preceding clause.

9. Dissent from the conversion of any existing securities may be signified—

(a) At any time before the expiration of fourteen days from the date of conversion ;  
or

(b) If the holder of the securities (or, where the holder is a trustee, any person whose consent would, but for this Order, be required for conversion) is during the whole of the time between the date of the publication of this Order in the *Gazette* and the expiration of the period referred to in the last preceding paragraph absent from New Zealand, at any time before the expiration of three months from the date of conversion ; or

(c) In the case of any particular holder, within such further time as the local authority may, on account of special circumstances, in its discretion allow.

10. The dissent of the holder of any existing securities from the conversion of those securities into new securities shall be signified in writing, and shall be deemed to be signified when such writing is received by the local authority or by any person authorized by the local authority to receive it.

#### SURRENDER OF CONVERTED SECURITIES, AND PAYMENT OF INTEREST THEREON.

11. The holder of any existing securities converted into new securities (whether the conversion is on application or after failure to dissent) shall not be entitled to demand payment of any principal or interest payable in respect of the existing securities, or to receive the new securities or any interest payable in respect thereof, until he has surrendered the existing securities to the local authority.

12. Subject to the provisions of the last preceding clause, the interest on the outstanding principal represented by any such existing securities for the period ending on the date of conversion shall be payable not later than one month from the date of conversion.

#### NEW SECURITIES.

(2) Every new debenture shall be for a sum of five pounds, twenty-five pounds, fifty pounds, one hundred pounds, or any sum in excess of one hundred pounds.

(3) All new debentures shall be numbered consecutively, and as between the holders thereof shall rank equally.

(4) Every new debenture shall state on its face the fact that the holder has no claim in respect thereof upon the Government or public revenues of New Zealand.

(5) Every new debenture shall be signed by the Chairman, countersigned by the Treasurer or some other officer appointed by the local authority for the purpose, and sealed with the common seal of the local authority.

#### INTEREST AND COUPONS.

14. (1) The rate of interest payable on new securities shall be four and one-quarter per centum per annum.

(2) The interest on new securities shall be payable half-yearly on days corresponding to the maturity dates of the securities.

15. (1) Separate coupons for each amount of interest payable on any debenture, in the form numbered (3) in the Second Schedule hereto, and numbered consecutively for each debenture, shall be attached thereto.

(2) The signatures to coupons may be made by facsimiles thereof in lithograph or otherwise.

#### MATURITY DATES.

16. (1) Every new security shall be redeemable at par on such one of the maturity dates set out in the Third Schedule hereto as is specified in that behalf in the security.

(2) The local authority shall so fix the respective maturity dates of the new securities that the aggregate amount of principal secured by the new securities maturing on each of such dates shall, if practicable, be a multiple of one hundred pounds, and, subject thereto, shall, as nearly as may be, bear the same proportion to the aggregate amount of principal secured by all the new securities as the sum set opposite that date in the Third Schedule hereto bears to the total amount specified in that Schedule.

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

#### PREMIUMS.

17. (1) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, does not exceed the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities.

(2) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, exceeds the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities

for the same aggregate amount of principal as is secured by the existing securities, and, in addition thereto, shall be entitled to receive a premium on such principal computed in accordance with the Fourth Schedule hereto.

18. (1) Every premium to which any person is entitled under the last preceding clause shall be satisfied by payment of the amount thereof in cash.

(2) All payments of cash in accordance with the last preceding subclause that are not made out of any sinking fund pursuant to the provisions of this Order in that behalf shall be made by the local authority out of the local fund, and charged to the appropriate account.

#### PLACE FOR PAYMENT OF PRINCIPAL AND INTEREST.

19. The principal and interest in respect of new securities shall be payable in New Zealand.

#### CONSOLIDATED SINKING FUND FOR NEW SECURITIES.

20. (1) In order to provide funds for the repayment of the new securities the local authority shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a consolidated sinking fund, of which the Public Trustee shall be the Commissioner.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioner of the consolidated sinking fund on each of the maturity dates specified in the Third Schedule hereto, a contribution of two thousand seven hundred and seventy-five pounds increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the maturity date immediately preceding that on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

#### SINKING FUND FOR UNCONVERTED SECURITIES.

21. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

#### APPLICATION OF EXISTING SINKING FUNDS.

22. The existing sinking fund of every loan referred to in the First Schedule hereto (other than any such existing sinking fund held by the Public Trustee as Commissioner) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

(a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held; and

(b) Secondly, in transferring the balance on or before the thirty-first day of March, one thousand nine hundred and thirty-seven, to the Public Trustee as Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

23. For the purposes of the next two succeeding clauses, where the Public Trustee is the Commissioner of the existing sinking fund of any loan in the First Schedule hereto and some only of the existing securities issued in respect of such loan are held by the Public Trustee such existing sinking fund shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

(a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.

- (b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-five hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan to which that clause applies and such second part of the sinking fund were the sinking fund of such separate loan.

24. (1) Subject to the provisions of clause twenty-three hereof, where the Public Trustee is the Commissioner of the existing sinking fund of any loan in the First Schedule hereto and the securities issued in respect of such loan are held by the Public Trustee, such existing sinking fund shall be applied by the Public Trustee as Commissioner thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
- (b) Secondly, as far as it will extend to the nearest multiple of five pounds, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee; and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.

25. Subject to the provisions of clause twenty-three hereof, where the Public Trustee is the Commissioner of the existing sinking fund of any loan referred to in the First Schedule hereto and the securities issued in respect of such loan are held by persons other than the Public Trustee, such existing sinking fund shall be applied by the Public Trustee as Commissioner thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto);
- (c) Thirdly, in payment, in accordance with the directions of the local authority, of the costs and charges (not exceeding in the aggregate one hundred pounds) of and incidental to the conversion of existing securities to which this Order applies (whether issued in respect of the said loan or of any other loan referred to in the First Schedule hereto); and
- (d) Fourthly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

#### CONSOLIDATED SPECIAL RATE.

26. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a consolidated special rate to provide for the payment of interest, sinking fund, and other charges in respect of such securities. Such consolidated special rate shall, pursuant to the provisions of section six of the Local Authorities Interest Reduction and Loans Conversion Amendment Act, 1934, be made and levied on such differential basis for the several ridings of the county as may be prescribed by the resolution.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

#### SECURITIES HELD BY TRUSTEES.

27. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

#### BROKERAGE.

28. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

## Example of Working.

Conversion as from 15th December, 1933, of 6 per cent. securities for £100, maturing 14th January, 1947, into 4 $\frac{1}{2}$  per cent. securities.

Interest rate on existing securities (as reduced by Part I of the Act) is 4 $\frac{1}{2}$  per cent. per annum.

		£
One year's interest on £100 at existing rate (4 $\frac{1}{2}$ per cent.) is	..	4.8
One year's interest on £100 at new rate (4 $\frac{1}{2}$ per cent.) is	..	4.25

Difference is .. .. . £0.55

Period from date of conversion (15th December, 1933) to existing maturity date (14th January, 1947) is 13 years 30 days, counted as 13 years.

Factor for 13 years is 9.761556.

£0.55 multiplied by 9.761556 is £5.3688558, or £5 7s. 4d., which is the premium for £100 of the existing securities.

The premiums on other amounts of existing securities of the same class can be computed in the same way, or, alternatively, by ascertaining 5.3688558 per cent. of the amount of the principal in each case.

At the Government Buildings at Wellington, this 18th day of December, 1935.

Present:

THE HON. W. NASH PRESIDING IN COUNCIL.

WHEREAS it is provided by section nine of the Local Authorities Interest Reduction and Loans Conversion Act, 1932-33, that, with the precedent consent of the Governor-General, given by Order in Council under section thirteen of the said Act, after compliance with the provisions of Part II of the Act, and subject to and in accordance with the provisions of such Order in Council, any local authority may issue new securities in conversion of any existing securities to which the said Act applies:

And whereas by the said section thirteen it is further provided that the Governor-General, by the Order in Council giving his consent to the conversion of existing securities by a local authority, may make such provisions as he thinks fit with respect to all or any of the matters specified in the said section, and that, subject to the provisions of the said Act, every Order in Council under the said section shall have the force of law as if enacted in the said Act, anything to the contrary in any other Act or in any regulations made under the said Act or any other Act notwithstanding:

And whereas the Waimarino County Council (being a local authority within the meaning of the said Act) has issued securities in respect of the loans specified in the First Schedule hereto, and such securities are existing securities to which the said Act applies:

And whereas the said local authority, being desirous of issuing new securities in conversion of such existing securities, has complied with the provisions of Part II of the said Act, and it is expedient that the precedent consent of the Governor-General to such conversion should be given as required by the said Act, and that by this Order the provisions hereinafter set forth should be made with respect to the matters specified in the said section thirteen:

Every application under this clause shall be accompanied by the securities to which it relates.

8. If the holder of any existing securities to which this Order applies does not, within the time and in the manner provided by this Order, signify his dissent from the conversion of such securities into new securities, the existing securities shall be converted into new securities in the same manner as if application had been made under the last preceding clause.

9. Dissent from the conversion of any existing securities may be signified—

(a) At any time before the expiration of fourteen days from the date of conversion; or

(b) In the case of any particular holder, within such further time as the local authority may, on account of special circumstances, in its discretion allow.

10. The dissent of the holder of any existing securities from the conversion of those securities into new securities shall be signified in writing, and shall be deemed to be signified when such writing is received by the local authority or by any person authorized by the local authority to receive it.

#### SURRENDER OF CONVERTED SECURITIES AND PAYMENT OF INTEREST THEREON.

11. The holder of any existing securities converted into new securities (whether the conversion is on application or after failure to dissent) shall not be entitled to demand payment of any principal or interest payable in respect of the existing securities, or to receive the new securities or any principal or interest payable in respect thereof, until he has surrendered the existing securities to the local authority.

12. Subject to the provisions of the last preceding clause, the interest on the outstanding principal represented by any such existing securities for the period ending on the date of conversion shall be payable not later than one month from the date of conversion.

16. (1) Every new security shall be redeemable at par on such one of the maturity dates set out in the Third Schedule hereto as is specified in that behalf in the security.

(2) The local authority shall so fix the respective maturity dates of the new securities that the aggregate amount of principal secured by the new securities maturing on each of such dates shall, if practicable, be a multiple of one hundred pounds, and, subject thereto, shall, as nearly as may be, bear the same proportion to the aggregate amount of principal secured by all the new securities as the sum set opposite that date in the Third Schedule hereto bears to the total amount specified in that Schedule.

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

#### PREMIUMS.

17. (1) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, does not exceed the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities.

(2) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, exceeds the rate of interest payable on the new securities shall on the conversion of such securities be

entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities, and, in addition thereto, shall be entitled to receive a premium on such principal computed in accordance with the Fourth Schedule hereto.

18. (1) Subject to the provisions of this clause as to payment in cash, every premium to which any person is entitled under the last preceding clause shall be satisfied by issuing to him additional new securities for the amount of such premium, or so much thereof as is not paid in cash, as the case may be.

(2) The local authority shall pay in cash—

(a) The whole of the premiums to which any holder (other than the Public Trustee) is entitled on the conversion of any existing securities to which this Order applies, and

(b) Such portion (if any) of the premiums to which the Public Trustee, as holder of any such existing securities, is entitled as is required to reduce to the nearest multiple of five pounds the aggregate amount of all such premiums to which the Public Trustee is entitled,

and may, if it thinks fit, pay in cash the whole or any part of the balance of any such aggregate amount of premium.

(3) All payments of cash in accordance with the last preceding subclause that are not made out of any sinking fund pursuant to the provisions of this Order in that behalf shall be made by the local authority out of the local fund, and charged to the appropriate account.

(4) The power of the local authority to issue new securities in accordance with this Order shall be deemed to include the power to issue any additional new securities required for the purposes of this clause.

#### PLACE FOR PAYMENT OF PRINCIPAL AND INTEREST.

19. The principal and interest in respect of new securities shall be payable in New Zealand.

#### CONSOLIDATED SINKING FUND FOR NEW SECURITIES.

20. (1) In order to provide funds for the repayment of the new securities the local authority shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a consolidated sinking fund, of which the Public Trustee shall be the Commissioner.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioner of the consolidated sinking fund on each of the maturity dates specified in the Third Schedule hereto, a contribution of six hundred and ten pounds, increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the maturity date immediately preceding that on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund.

#### SINKING FUND FOR UNCONVERTED SECURITIES.

21. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the Public Trustee shall be the Commissioner.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioner yearly and every year until the maturity date of such unconverted securities, or until the Commissioner is satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund.

#### APPLICATION OF EXISTING SINKING FUNDS.

22. For the purposes of the next two succeeding clauses the sinking fund of every loan in the First Schedule hereto some only of the existing securities issued in respect of which are held by the Public Trustee shall be divided into two parts the first of which shall bear to the second the same proportion which the amount of the existing securities so held by the Public Trustee bears to the amount of the existing securities held by persons other than the Public Trustee. The said parts shall be applied as follows:—

(a) The first part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-three hereof as if the existing securities issued in respect of the loan and held by the Public Trustee were a separate loan to which that clause applies and such first part of the sinking fund were the sinking fund of such separate loan.

- (b) The second part of such sinking fund shall be applied by the Commissioner thereof in accordance with the provisions of clause twenty-four hereof as if the existing securities issued in respect of the loan and held by persons other than the Public Trustee were a separate loan to which that clause applies and such second part of the sinking fund were the sinking fund of such separate loan.

23. (1) Subject to the provisions of clause twenty-two hereof, the existing sinking fund of every loan in the First Schedule hereto the securities issued in respect of which are held by the Public Trustee, shall be applied by the Commissioner thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
- (b) Secondly, as far as it will extend to the nearest multiple of five pounds, in repayment as at the date of conversion of the principal secured by the existing securities issued in respect of such loan and held by the Public Trustee; and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

(2) Interest up to the date of conversion on any existing securities so repaid in accordance with paragraph (b) of the last preceding subclause shall be paid by the local authority out of the local fund.

24. Subject to the provisions of clause twenty-two hereof, the existing sinking fund of every loan referred to in the First Schedule hereto (other than the loans referred to in the last preceding clause) shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioner of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;
- (b) Secondly, in payment, in accordance with the directions of the local authority of any premiums which by paragraphs (a) and (b) of subclause two of clause eighteen of this Order the local authority is required to pay in cash on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto); and
- (c) Thirdly, in transferring the balance to the Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

#### CONSOLIDATED SPECIAL RATE.

25. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a consolidated special rate to provide for the payment of interest, sinking fund, and other charges in respect of such securities. Such consolidated special rate shall, pursuant to the provisions of section six of the Local Authorities Interest Reduction and Loans Conversion Amendment Act, 1934, be made and levied on such differential basis for the several ridings of the county as may be prescribed by the resolution.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

#### SECURITIES HELD BY TRUSTEES.

26. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

#### BROKERAGE.

27. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.

(3) Subject to the foregoing provisions of this clause and to the express wish of any holder who desires to have the maturity date of his securities postponed, the maturity dates of the new securities shall as nearly as practicable be in the same chronological order as the maturity dates of the existing securities in conversion of which they are respectively issued.

## PREMIUMS.

17. (1) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, does not exceed the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities.

(2) The holder of any existing securities bearing interest at a rate which, as reduced in accordance with Part I of the Act, exceeds the rate of interest payable on the new securities shall on the conversion of such securities be entitled to receive new securities for the same aggregate amount of principal as is secured by the existing securities, and, in addition thereto, shall be entitled to receive a premium on such principal computed in accordance with the Fourth Schedule hereto.

18. (1) Every premium to which any person is entitled under the last preceding clause shall be satisfied by payment of the amount thereof in cash.

(2) All payments of cash in accordance with the last preceding subclause that are not made out of any sinking fund pursuant to the provisions of this Order in that behalf shall be made by the local authority out of the local fund, and charged to the appropriate account.

## PLACE FOR PAYMENT OF PRINCIPAL AND INTEREST.

19. The principal and interest in respect of new securities shall be payable in New Zealand.

## CONSOLIDATED SINKING FUND FOR NEW SECURITIES.

20. (1) In order to provide funds for the repayment of the new securities the local authority shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a consolidated sinking fund, of which the Public Trustee shall be the Commissioner.

(2) For such purpose the local authority shall permanently appropriate and shall pay to the Commissioner of the consolidated sinking fund on each of the maturity dates specified in the Third Schedule hereto, a contribution of three hundred and sixteen pounds, increased in respect of each contribution by a sum equal to four and one-quarter per centum of the aggregate amount of new securities redeemable up to and including the maturity date immediately preceding that on which such contribution is payable, and reduced by the aggregate of the sums which during the twelve months preceding the date of payment of such contribution have, pursuant to the provisions of the next succeeding clause, been paid to any sinking fund for unconverted securities.

(3) The provisions of subsections four, five, and six of section ninety-five of the Local Bodies' Loans Act, 1926, shall apply with respect to such sinking fund:

Provided that in respect of any securities transferred to the Public Trustee by the Commissioners of any sinking fund pursuant to the provisions of clause twenty-two hereof the Public Trustee may, pending the repayment of the moneys secured by such securities, make such charges for the collection of interest payable thereunder and otherwise for the management of such securities as are for the time being prescribed in that behalf by regulations under the Public Trust Office Act, 1908.

## SINKING FUND FOR UNCONVERTED SECURITIES.

21. (1) If dissent is signified in accordance with the provisions of this Order from the conversion of any existing securities issued in respect of any loan in the First Schedule hereto for which a sinking fund was provided, the local authority, in order to provide funds for the repayment of the unconverted securities issued in respect of such loan, shall forthwith make provision for the creation, pursuant to a resolution of the local authority, of a sinking fund, of which the persons who at the date of conversion were Sinking Fund Commissioners in respect of such loan shall be the first Commissioners.

(2) For such purpose the local authority shall permanently appropriate a sum which bears the same proportion to the annual contribution payable, before the date of conversion, to the existing sinking fund of such loan as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the existing securities in respect of which such existing sinking fund is held, and shall pay such sum to the Commissioners yearly and every year until the maturity date of such unconverted securities, or until the Commissioners are satisfied that the accumulations of sinking fund will suffice to redeem such securities at maturity.

(3) The first of such yearly payments shall be made not later than one year after the date on which the last annual contribution payable before the date of conversion to the existing sinking fund of such loan was payable.

(4) Subject to the provisions of this Order, the provisions of sections forty to forty-four of the Local Bodies' Loans Act, 1926, shall, so far as applicable and with all necessary modifications, apply with respect to such sinking fund:

Provided that nothing in the said sections or in this Order shall authorize the removal or suspension of the Public Trustee as Commissioner of any sinking fund.

## APPLICATION OF EXISTING SINKING FUNDS.

22. The existing sinking fund of every loan referred to in the First Schedule hereto shall be applied by the Commissioners thereof, so far as it will extend, in or towards making the following payments, in the following order of priority, namely:—

- (a) First, in transferring to the Commissioners of the sinking fund hereinbefore required to be created for the unconverted securities issued in respect of such loan a sum which bears the same proportion to the amount of such existing sinking fund at the date of conversion as the aggregate amount of principal secured by such unconverted securities bears to the aggregate amount of principal secured by all the securities in respect of which such sinking fund is held;

- (b) Secondly, in payment, in accordance with the directions of the local authority, of any cash premiums to which any holder is entitled on the conversion of any existing securities to which this Order applies (whether issued in respect of such loan or of any other loan referred to in the First Schedule hereto); and
- (c) Thirdly, in transferring the balance to the Public Trustee as Commissioner of the consolidated sinking fund hereinbefore required to be created for the new securities, to be held as part of that sinking fund.

CONSOLIDATED SPECIAL RATE.

23. (1) As a security for the new securities and the unconverted securities the local authority shall forthwith, by resolution gazetted (in the form numbered (4) in the Second Schedule hereto), make and levy a special rate over the whole of the district of the local authority to provide for the payment of interest, sinking fund, and other charges in respect of such securities.

(2) Subject to the provisions of this Order, the provisions of the Local Bodies' Loans Act, 1926, and of any other Act shall, so far as applicable and with all necessary modifications, apply with respect to such special rate, and with respect to the interest and other charges in respect of such securities, as if such special rate were made and levied in respect of a special loan raised under Part I of the said Local Bodies' Loans Act, 1926.

(3) Upon the making of such special rate every special rate theretofore made in respect of any existing securities to which this Order applies shall cease to be a security for such existing securities.

SECURITIES HELD BY TRUSTEES.

24. The provisions of sections twenty-two, twenty-three, and twenty-four of the New Zealand Debt Conversion Act, 1932-33 (relating to the adjustment of premiums as between capital and income and to the powers of trustees and other persons in relation thereto), shall apply with respect to existing securities converted into new securities in accordance with this Order in the same way as they apply with respect to securities converted under that Act, save that the references in the said section twenty-two to the first day of April, one thousand nine hundred and thirty-three, shall be construed as references to the day following the date of conversion.

BROKERAGE.

25. The local authority shall not, in respect of the conversion into new securities of any existing securities to which this Order applies, enter into any contract for the payment of brokerage at a rate exceeding one-quarter per centum of the amount of such existing securities.
