ARTICLE 51.—Cancel, and substitute:—

51. **Class D:** (a) The kit issued to a rating on first joining Class D (see Appendix II) is expected to last four years, consequently, in ordinary circumstances, replacements will only be effected at the expense of the rating. Where, however, ratings have outgrown their uniform, free replacements may be made on the written authority of the Commanding Officer. Whenever such action is necessary a report is to be forwarded to the Naval Secretary.

(b) Kit-upkeep allowance is not payable to ratings in Class D, except when mobilized.

(c) Articles of kit issued from serviceable worn stocks at Headquarters, instead of new articles, may be replaced on the written authority of the Commanding Officer, if they become unserviceable due to fair wear and tear.

(d) Articles of kit lost or damaged by accident may be replaced free of charge, subject to a certificate signed by the Commanding Officer in accordance with K.R. and A.I., Article 1697, a copy of which is to be forwarded to the Naval Secretary.

(e) The kits of men who re-enrol are to be brought up to date at the end of each period of four years' service by the free issue of articles necessary to replace such clothing as is unserviceable.

(f) When there has been excessive wear and tear of kit because the rating has been on extensive Naval training, the Naval Board may approve replacement.

(g) Clothing issued under the preceding clauses is to be drawn from serviceable stocks at Headquarters, if available, subject to new articles being issued as shown in Appendix II. All other clothing required is to be demanded from the Accountant Officer, H.M.S. "Philomel."

(h) Local arrangements may be made to effect minor alterations to uniform clothing.

(i) All clothing received either from H.M.S. "Philomel," or from ratings, or from any other source, is to be taken on charge by the Accountant Officer and accounted for as directed by the Naval Board.

(j) All articles are to be clearly marked at Headquarters before issue. A special type is supplied for this purpose. Further marking is to be by means of tapes sewn on the articles. Types and tapes are to be obtained from the Accountant Officer, H.M.S. "Philomel." Marking-ink may be requisitioned from Navy Office.

(k) The kits of men who leave the Reserve prior to the completion of engagement are to be withdrawn. Such men are to be charged with the value of any article missing from their kit, and for any deterioration not due to fair wear and tear. The amount to be charged is to be assessed according to the length of service.

(l) The kits of men discharged dead are to be returned to Headquarters.

Add new Article 51A :—

51A. Articles comprised in the kits of Reserve ratings (except active-service ratings who are enrolled in the Reserve) as laid down in the regulations, remain the property of the Crown. On final discharge from the Reserve, men in Classes A, B, and C may retain their kits. Class D ratings are to return their kits to headquarters, except articles marked "B" in Appendix II.

Add new Article 51B :—

51B. Men advanced to a higher rating will be supplied gratuitously with the articles of kit of that rating which were not included in their former kit.

A reservist of Class A, B, or C, who has no further training to perform is not to be kitted up on advancement to or confirmation in a higher rating. Similarly a reservist of Class D is not to be kitted up if within one year of the expiration of his current term of enrolment, unless he undertakes to enrol for a further period.

Ratings in Class D may also purchase similar articles while not actually undergoing Naval training, with the approval of their Commanding Officer, but all demands for such clothing are to be forwarded through Navy Office.

Add new Article 51D :—

51D. **Mobilization.**—(a) When called up for active service every man is to take with him his regulation peace kit complete. This instruction must be strictly observed. If, owing to exceptional circumstances, a man appears without a kit, he will be supplied with an emergency kit consisting of the more essential articles only, at first. At the earliest opportunity after joining every man is to complete the kit in his possession to the full regulation kit of his corresponding rating in the Royal Navy, and he will be required to maintain his kit until demobilized.

(b) To enable mobilized men to complete and maintain their kits, they will be credited with a clothing gratuity sufficient to cover the cost of articles (other than bedding) which are in the active-service kit but are not in the peace kit, and they will receive kit-upkeep allowance at active-service rates. The amount of the clothing gratuity will depend on the cost of clothing at the time of mobilization, and will be

notified in Navy Orders. No clothing gratuity is to be credited, nor is any clothing to be issued, to men found medically unfit for service.

(c) A set of bedding consisting of—

1 bed,	2 hammocks,
1 blanket,	1 set of clews,
2 bed covers,	1 lashing,

will be supplied to each man on mobilization. The bedding will be retained by the man for the whole of his mobilized service, but is to be regarded as on loan and is to be returned into store on demobilization, unless orders to any other effect are given at the time.

(d) Men dressed as seamen will wear the cap ribbon of the ship to which they are drafted, and two ribbons will be issued free of charge to every man on first joining his ship.

(e) Reservists discharged for misconduct whilst mobilized are to be dealt with in the matter of kit as laid down in K.R. and A.I., Article 1597. The period of two years referred to therein is to be reckoned from the date the men are mobilized, and the amount to be charged is the value of the full regulation kit of the corresponding rate R.N. *excluding* bedding. Bedding, which is supplied to all reservists on loan, should be withdrawn and returned to store.

ARTICLE 6.—First line: Delete the words “Classes C and D” and substitute the words “Class C”.

Add new clause at end of Article:—

(See Article 51c.) He will not, however, be allowed to take up any article of clothing not included in the kit laid down except as provided above.

ALL the milling-timber on that piece of land containing 80 acres, situated in Block X, Kanieri Survey District, Provisional State Forest No. 1622, about nine miles from the Hokitika Railway-station.

The total estimated quantity of timber in cubic feet is 111,264, or in board feet 720,970, made up as follows:—

Species.	Cubic Feet.	Board Feet.
Rimu 111,264	720,970

Upset price: £567.

Time for removal: One year.

Terms of Payment.

A marked cheque for one-third of the sum tendered, together with £1 1s. license fee, must accompany the tender, and the balance be paid in two equal quarterly instalments, the first falling due three months after the date of sale.

Terms and Conditions.

1. All instalment-payments shall be secured by "on demand" promissory notes made and endorsed to the satisfaction of the Commissioner of State Forests, and interest at the rate of 1 per cent. per annum in excess of current bank overdraft rates will be charged on all notes overdue from the date of maturity to the date of payment.

2. The right to cut and remove the timber will be sold in accordance with the provisions of the Forests Act, 1921-22, the regulations in force thereunder, and these conditions.

3. The aforementioned quality, quantity, and kind as to the said timber shall be taken as sufficiently accurate for the purposes of this sale, and no contract for the purchase

shall be voidable, nor shall the successful purchaser be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, or kind as stated herein or in any advertisement having reference to the said timber.

4. A return giving the number of logs cut of each species and their contents must be made quarterly by the licensee on the last days of March, June, September, and December, respectively, in each year. A return must also be made on the same dates showing the output of sawn timber of each species. These returns may be ascertained and verified by inspection of the books of the mill, or by such other means as the Conservator may require, and for this purpose the accounts and books shall be open to the inspection of the Conservator, a Forest Ranger, or other duly authorized officer.

5. The attention of tenderers is drawn to the fact that the local controlling body may require the successful tenderer to pay any claims or charges which may be made by that body for the maintenance of the road over which the timber may be transported, and before a sawmill license is issued a letter indicating that satisfactory arrangements have been made in this connection must be produced to the undersigned.

6. Intending tenderers are expected to visit the locality and to satisfy themselves in every particular on all matters relative to the sale.

7. Each tenderer must state the total price that he is prepared to pay for the timber. The highest or any tender will not necessarily be accepted, and the timber described is submitted for sale subject to the final acceptance of the tender by the Commissioner of State Forests.

8. The right is reserved to the Commissioner of State Forests to withdraw from sale any or all of the said timber either before or after the closing date for receipt of tenders.

9. If no tender is accepted for the timber herein mentioned it will remain open for application for three months from the date tenders close.

10. Tenders should be on the special form obtainable from any office of the State Forest Service, and should be enclosed in envelopes addressed "Conservator of Forests, Hokitika," and endorsed "Tender for Timber."

The conditions, which will be inserted in the license to be issued to the purchaser, and further particulars may be obtained on application to the undersigned or to the Director of Forestry, Wellington.
