Department of Justice,
Wellington, 2nd December, 1936.

IT is hereby notified for general information that the Convention between the United Kingdom and Lithuania respecting legal proceedings in civil and commercial matters signed at Kovno on the 24th April, 1934, and in respect of which ratifications were exchanged at London on 7th May, 1936, has been extended to the Dominion of New Zealand pursuant to the provisions of Article 17 of the said Convention as from the 7th day of November, 1936.

H. G. R. MASON, Minister of Justice.

CONVENTION.

His Majesty the King of Great Britain, Ireland, and the British Dominions beyond the Seas, Emperor of India, and the President of the Republic of Lithuania, being desirous to render mutual assistance in the conduct of legal proceedings in civil and commercial matters which are being dealt with or which it is anticipated may be dealt with by their respective judicial authorities, have resolved to conclude a Convention for this purpose and have appointed as their Plenipotentiaries—

His Majesty the King of Great Britain, Ireland, and the British Dominions beyond the Seas, Emperor of India :
For Great Britain and Northern Ireland :

Mr. Hughe Montgomery Knatchbull-Hugessen, his Envoy Extraordinary and Minister Plenipotentiary to the Republic of Lithuania ; and

The President of the Republic of Lithuania :

Dr. Dovas Zaunius, Minister for Foreign Affairs,

Who, having communicated their full powers, found in good and due form, have agreed as follows :—

I.—PRELIMINARY.

Article 1.

(a) Except where the contrary is expressly stated, this Convention applies only to civil and commercial matters, including non-contentious matters.

(b) In this Convention the words—

- (1) "Territory of one (or of the other) High Contracting Party" shall be interpreted (a) in relation to His Majesty the King of Great Britain, Ireland, and the British Dominions beyond the Seas, Emperor of India, as meaning England and Wales and all territories in respect of which the Convention is in force by reason of extensions under Article 16 or accessions under Article 17; and (b) in relation to the President of the Republic of Lithuania as meaning Lithuania;
- (2) "Persons" shall be deemed to mean individuals and artificial persons;
- (3) "Artificial persons" shall be deemed to include partnerships, companies, societies, and other corporations;
- (4) "Subjects or citizens of a High Contracting Party" shall be deemed to include artificial persons constituted or incorporated under the laws of the territory of such High Contracting Party;
- (5) "Subjects (or citizens) of one (or of the other) High Contracting Party" shall be deemed (a) in relation to His Majesty the King of Great Britain, Ireland, and the British Dominions beyond the Seas, Emperor of India, to mean all subjects of His Majesty wherever domiciled and all persons under his protection; and (b) in relation to the President of the Republic of Lithuania all Lithuanian citizens.

II.—SERVICE OF JUDICIAL AND EXTRA-JUDICIAL DOCUMENTS.

Article 2.

(a) When judicial or extra-judicial documents drawn up in the territory of one of the High Contracting Parties are required by a judicial authority situated therein to be served on persons in the territory of the other High Contracting Party, such documents may be served on the recipient, whatever his nationality, by any of the methods provided in Articles 3 and 4, in all cases where such method of service is recognized by the law of the country of origin.

(b) In Part II of this Convention the expression "country of origin" means the country from which the documents to be served emanate, and the expression "country of execution" means the country in which service of documents is to be effected.

Article 3.

(a) A request for service shall be addressed and sent by a Consular Officer acting for the country of origin to the competent authority of the country of execution, requesting such authority to cause the document in question to be served.

(b) The request for service shall be drawn up in the language of the country of execution, and shall state the names and descriptions of the parties, the name, description, and address of the recipient, and the nature of the document to be served, and shall enclose the document to be served, in duplicate.

(c) The document to be served shall either be drawn up in the language of the country of execution or be accompanied by a translation into such language. Such translation shall be certified as correct by a Consular Officer acting for the country of origin.

(d) Requests for service shall be addressed and sent—

In England, to the Senior Master of the Supreme Court of Judicature.

In Lithuania, to the President of the Court of Appeal; in the case of the Territory of Klaipeda (Memel), to the President of the Landgericht.

If the authority to whom a request for service has been sent is not competent to execute it, such authority shall (except in cases where execution is refused in accordance with paragraph (f) of this Article) of his own motion forward the request to the competent authority of the country of execution.

(e) Service shall be effected by the competent authority of the country of execution, who shall serve the document in the manner prescribed by the municipal law of such country for the service of similar documents, except that, if a wish for some special manner of service is expressed in the request for service, such manner of service shall be followed in so far as it is not incompatible with the law of that country.

(f) The execution of a request for service, duly made in accordance with the preceding provisions of this Article, shall not be refused unless (1) the authenticity of the request for service is not established, or (2) the High Contracting Party in whose territory it is to be executed considers that his sovereignty or safety would be compromised thereby.

(g) In every instance where a request for service is not executed by the authority to whom it has been sent, the latter will at once inform the Consular Officer by whom the request was sent, stating the ground on which the execution of the request has been refused or the competent authority to whom it has been forwarded.

(h) The authority by whom the request for service is executed shall furnish a certificate proving the service or explaining the reason which has prevented such service, and setting forth the fact, the manner, and the date of such service or attempted service, and shall send the said certificate to the Consular Officer by whom the request for service was sent. The certificate of service or of attempted service shall be placed on one of the duplicates or attached thereto.

Article 4.

(a) Service may be effected, without any request to or intervention of the authorities of the country of execution, by any of the following methods :—

- (1) By a Consular Officer acting for the country of origin;
- (2) By an agent appointed for the purpose either by the judicial authority of the country of origin or by the party on whose application the document was issued;
- (3) Through the post; or
- (4) By any other method of service which is not illegal, under the law existing at the time of service, in the country of execution.

(b) All documents served in the manner provided in (1) of the preceding paragraph shall, unless the recipient is a subject or citizen of the High Contracting Party from whose territory the document to be served emanates, either be drawn up in the language of the country of execution or be accompanied by a translation into such language, certified as correct, as prescribed in Article 3 (c).

(c) The High Contracting Parties agree that in principle it is also desirable that the provisions of paragraph (b) of this Article should apply to documents served in the manner provided in (2), (3), and (4) of paragraph (a) of this article. Nevertheless, in the absence of any legislation in their respective territories making translations obligatory in such cases, the High Contracting Parties do not accept any obligation in this respect.

(d) It is understood that the question of the validity of any service effected by the use of any of the methods referred to in paragraph (a) of this Article will remain a matter for the free determination of the respective Courts of the High Contracting Parties in accordance with their laws.

Article 5.

(a) In any case where documents have been served in accordance with the provisions of Article 3, the High Contracting Party, by whose Consular Officer the request for service was addressed, shall repay to the other High Contracting Party any charges and expenses which are payable under the law of the country of execution to the persons employed to effect service, and any charges and expenses incurred in effecting service in a special manner. These charges and expenses shall not exceed such as are usually allowed in the Courts of that country.

(b) Repayment of these charges and expenses shall be claimed by the competent authority by whom the service has been effected from the Consular Officer by whom the request was addressed when sending to him the certificate provided for in Article 3 (h).

(c) Except as provided above, no fees of any description shall be payable by one High Contracting Party to the other in respect of the service of any documents.

III.—TAKING OF EVIDENCE.

Article 6.

(a) When a judicial authority in the territory of one of the High Contracting Parties requires that evidence should be taken in the territory of the other High Contracting Party, such evidence may be taken, whatever the nationality of the parties or witnesses may be, in any one of the ways prescribed in Articles 7, 8, or 9.

(b) In Part III of this Convention the expressions—

- (1) "Taking of evidence" shall be deemed to include the taking of the statements of a plaintiff, defendant, expert, or any other person on oath or otherwise; the submission to a plaintiff, defendant, expert, or any other person of any oath with regard to any legal proceedings; and the production, identification, and examination of documents, samples, or other objects.
- (2) "Witness" shall be deemed to include any person from whom any evidence, as defined above, is required to be taken.
- (3) "Country of origin" shall be deemed to mean the country by whose judicial authority the evidence is required, and "country of execution" the country in which the evidence is to be taken.

Article 7.

(a) The judicial authority of the country of origin may, in accordance with the provisions of the law of his country, address himself by means of a Letter of Request to the competent authority of the country of execution, requesting such authority to take the evidence.

(b) The Letter of Request shall be drawn up in the language of the country of execution, or be accompanied by a translation into such language. Such translation shall be certified as correct by a Consular Officer for the country of origin. The Letter of Request shall state the nature of the proceedings for which the evidence is required, giving all necessary information in regard thereto, the names of the parties thereto, and the names, descriptions, and addresses of the witnesses. It shall also either (1) be accompanied by a list of interrogatories to be put to the witness or witnesses, or, as the case may be, by a description of the documents, samples, or other objects to be produced, identified, or examined, and a translation thereof, certified as correct in the manner heretofore provided; or (2) shall request the competent authority to allow such questions to be asked *viva voce* as the parties or their representatives shall desire to ask.

(c) Letters of Request shall be transmitted—

In England, by a Lithuanian Consular Officer to the Senior Master of the Supreme Court of Judicature.

In Lithuania, by a British Consular Officer to the President of the Court of Appeal; in the case of the Territory of Klaipeda (Memel), to the President of the Landgericht.

In case the authority to whom any Letter of Request is transmitted is not competent to execute it, such authority shall (except in cases where execution is refused in accordance with paragraph (f) of this Article) of his own motion forward the Letter of Request to the competent authority of the country of execution.

(d) The competent authority of the country of execution shall give effect to the Letter of Request and obtain the evidence required by the use of the same compulsory measures and the same procedure as are employed in the execution of a commission or order emanating from the authorities of his own country, except that if a wish that some special procedure should be followed is expressed in the Letter of Request, such special procedure shall be followed in so far as it is not incompatible with the law of the country of execution.

(e) The Consular Officer by whom the Letter of Request is transmitted shall, if he so desires, be informed of the date when and the place where the proceedings will take place, in order that he may inform the interested party or parties, who shall be permitted to be present in person or to be represented, if they so desire, by barristers or solicitors or by any representatives who are competent to appear before the Courts either of the country of origin or of the country of execution.

(f) The execution of a Letter of Request which complies with the preceding provisions of this Article can only be refused—

- (1) If the authenticity of the Letter of Request is not established;
- (2) If, in the country of execution, the execution of the Letter of Request in question does not fall within the functions of the judiciary;
- (3) If the High Contracting Party in whose territory it is to be executed considers that his sovereignty or safety would be compromised thereby.

(g) In every instance where a Letter of Request is not executed by the authority to whom it is addressed, the latter will at once inform the Consular Officer by whom it was transmitted, stating the grounds on which the execution of the Letter of Request has been refused, or the competent authority to whom it has been forwarded.

(h) When a Letter of Request has been executed, the competent authority to whom it was transmitted or forwarded shall send to the Consular Officer by whom it was transmitted the necessary documents establishing its execution.

Article 8.

(a) The judicial authority of the country of origin may, in the Letter of Request addressed to the competent authority of the country of execution, request such authority to appoint to take the evidence, a person specially designated in the Letter of Request.

A Consular Officer for the country of origin or any other suitable person may be so designated.

(b) Where this procedure is adopted, the provisions of paragraphs (b), (c), (f), (g), and (h) of Article 7 shall apply, but the following paragraphs shall be substituted for paragraphs (d) and (e) of that Article.

(c) The competent authority of the country of execution shall give effect thereto, and shall appoint the person designated to take the evidence, unless such person shall be unwilling so to act. In addition, if necessary, such authority shall make use of such compulsory powers as it possesses under its own law to secure the attendance of and the giving of evidence by the witnesses before the person so appointed.

(d) The person thus appointed shall have power to administer an oath, and any person giving false evidence before him shall be liable in the Courts of the country of execution to the penalties provided by the law of that country for perjury.

(e) The evidence shall be taken in accordance with the law of the country of origin, provided such method is not contrary to the law of the country of execution, and the parties shall have the right to be present in person or to be represented by barristers or solicitors or by any other persons who are competent to appear before the Courts of either the country of origin or of execution.

Article 9.

(a) The evidence may also be taken, without any request to or the intervention of the authorities of the country of execution by a person in that country directly appointed for the purpose by the Court of the country of origin. A Consular Officer acting for the country of origin or any other suitable individual may be so appointed.

(b) A person so appointed to take evidence may request the individuals named by the Court appointing him to appear before him and to give evidence. He may take all kinds of evidence which are not contrary to the law of the country of execution, and shall have power to administer an oath. The attendance and giving of evidence before any such person shall be entirely voluntary, and no measures of compulsion shall be employed.

(c) Requests to appear issued by such person shall, unless the recipient is a subject or citizen of the High Contracting party for whose judicial authority the evidence is required, be drawn up in the language of the country of execution or be accompanied by a translation into such language.

(d) The evidence may be taken in accordance with the procedure recognized by the law of the country of origin, and the parties will have the right to be present in person or to be represented by barristers or solicitors of that country, or by any representatives who are competent to appear before the Courts either of the country of origin or of the country of execution.

Article 10.

The fact that an attempt to take evidence by the method laid down in Article 9 has failed owing to the refusal of any witness to appear or to give evidence does not preclude a request being subsequently made in accordance with Article 7 or 8.

Article 11.

(a) Where evidence is taken in the manner provided in Article 7 or 8, the High Contracting Party, by whose judicial authority the Letter of Request was addressed, shall repay to the other High Contracting Party any expenses incurred by the competent authority of the latter in the execution of the request in respect of any charges and expenses payable to witnesses, experts, interpreters, or translators, the cost of obtaining the attendance of witnesses who have not appeared voluntarily, and the charges and expenses payable to any person whom such authority may have deputed to act, in cases where the law of the country of execution permits this to be done, and any charges and expenses incurred by reason of a special procedure being requested and followed. These expenses shall be such as are usually allowed in similar cases in the Courts of the country of execution.

(b) The repayment of these expenses shall be claimed by the competent authority by whom the Letter of Request has been executed from the Consular Officer by whom it was transmitted when sending to him the documents establishing its execution, as provided in Article 7 (b).

(c) Except as above provided, no fees of any description shall be payable by one High Contracting Party to the other in respect of the taking of evidence.

IV.—JUDICIAL ASSISTANCE FOR POOR PERSONS AND SECURITY FOR COSTS.

Article 12.

The subjects or citizens of one High Contracting Party resident in the territory of the other High Contracting Party shall not be compelled to give security for costs in any case where a subject or citizen of such other High Contracting Party would not be so compelled.

Article 13.

(1) The subjects or citizens of one High Contracting Party shall enjoy in the territory of the other High Contracting Party a perfect equality of treatment with subjects or citizens of the latter High Contracting Party as regards free legal assistance for poor persons.

(2) The provisions of this Article apply to criminal as well as to civil and commercial matters.

V.—GENERAL PROVISIONS.

Article 14.

Any difficulties which may arise in connection with the operation of this Convention shall be settled through the diplomatic channel.

Article 15.

The present Convention, of which the English and Lithuanian texts are equally authentic, shall be subject to ratification. Ratifications shall be exchanged in London. The Convention shall come into force one month after the date on which ratifications are exchanged, and shall remain in force for three years after the date of its coming into force. If neither of the High Contracting Parties shall have given notice through the diplomatic channel to the other not less than six months before the expiration of the said period of three years of his intention to terminate the Convention, it shall remain in force until the expiration of six months from the day on which either of the High Contracting Parties shall have given notice to terminate it.

Article 16.

(a) This Convention shall not apply *ipso facto* to Scotland, Northern Ireland, nor to any of the colonies, overseas territories, or protectorates of His Majesty the King of Great Britain, Ireland, and the British Dominions beyond the Seas, Emperor of India, nor to any territories under his suzerainty, nor to any mandated territories in respect of which the mandate is exercised by his Government in the United Kingdom, but His Majesty may at any time, while this Convention is in force under Article 15, by a notification given through his Minister at Kaunas (Kovno), extend the operation of the Convention to any of the above-mentioned territories.

(b) Such notification shall state the authorities in the territory concerned to whom requests for service under Article 3 or Letters of Request under Article 7 are to be

transmitted, and the language in which communications and translations are to be made. The date of the coming into force of any such extension shall be one month from the date of such notification.

(c) Either of the High Contracting Parties may, at any time after the expiry of three years from the coming into force of an extension of this Convention to any of the territories referred to in paragraph (a) of this Article, terminate such extension on giving six months' notice of termination through the diplomatic channel.

(d) The termination of the Convention under Article 15 shall, unless otherwise expressly agreed to by both High Contracting Parties, *ipso facto* terminate it in respect of any territories to which it has been extended under paragraph (a) of this Article.

Article 17.

(a) The High Contracting Parties agree that His Majesty the King of Great Britain, Ireland, and the British Dominions beyond the Seas, Emperor of India, may at any time, while the present Convention is in force, either under Article 15 or by virtue of any accession under this Article, by a notification given through the diplomatic channel, accede to the present Convention in respect of any other Member of the British Commonwealth of Nations whose Government may desire that such accession should be effected, provided that no notification of accession may be given at any time when Lithuania has given notice of termination in respect of all the territories of His Majesty to which the Convention applies. The provisions of Article 16 (b) shall be applicable to such notification. Any such accession shall take effect one month after the date of its notification.

(b) After the expiry of three years from the date of the coming into force of any accession under paragraph (a) of this Article, either of the High Contracting Parties may, by giving six months' notice of termination through the diplomatic channel, terminate the application of the Convention to any country in respect of which a notification of accession has been given. The termination of the Convention under Article 15 shall not affect its application to any such country.

(c) Any notification of accession under paragraph (a) of this Article may include any dependency or mandated territory administered by the Government of the country in respect of which such notification of accession is given; and any notice of termination in respect of any such country under paragraph (b) shall apply to any dependency or mandated territory which was included in the notification of accession in respect of that country.

In witness whereof the undersigned have signed the present Convention, in English and Lithuanian texts, of which both are equally authentic, and have affixed thereto their seals.

Done in duplicate at Kaunas, the 24th day of April, in the year, 1934.

Classification of Assistant Teachers in Technical Schools and of Manual-training Teachers.

THE following lists of assistant teachers employed in technical schools, combined schools, recognized technical classes and recognized manual-training classes, or classified for employment in such schools or classes, are issued under the authority of the Minister of Education in accordance with the Manual and Technical Instruction Regulations and the Regulations for combined secondary and technical schools, made by Orders in Council dated the 20th November, 1925, and 25th September, 1931.

Under the heading "Division" is shown the division and class in which the teacher is classified.

The class of salary corresponding with the class and division in which the teacher is placed is given in the Schedule to the aforementioned regulations.

Attention is drawn to the regulations relating to appeals of teachers against their classification and grading, under which any teacher who considers he has good grounds for objection to his classification may lodge an appeal to reach the Director of Education not later than forty clear days after the publication of this list in the *New Zealand Gazette*—i.e., such appeals must reach the Director not later than 19th January, 1937, and must contain an explicit statement of the grounds on which the appeal is based.

NOTE.—In the last column of the classification list T.S. stands for "Technical School," E.B. for "Education Board," S. of A. for "School of Art," Int. for "Intermediate School (or Department)," and C.S. for "Combined School."

N. T. LAMBOURNE, Director of Education.

Terms of Payment.

The purchaser of the timber will be required to pay to the Receiver of Land Revenue, Dunedin, one-quarter of the purchase-price on the fall of the hammer, together with £1 1s. license fee. The balance will be payable by three equal instalments, the first within six months, the second within twelve months, and the third within eighteen months thereafter.

All instalment-payments shall bear interest at the rate of five per cent. per annum as from the date of purchase, and, with the interest added, shall be secured by "on demand" promissory notes endorsed by two approved sureties. The promissory notes are to be completed and lodged with the Commissioner of Crown Lands within fourteen days after the purchaser has been notified to complete.

Conditions of Sale.

1. The right to cut and remove the timber will be sold in accordance with the provisions of the Land Act, 1924, the regulations in force thereunder, and these conditions, and such additional conditions as the Commissioner of Crown Lands considers necessary in the interests of the Crown or of the public.

2. The promissory notes will be presented at intervals as indicated above, but they may be presented for payment at earlier dates if more than a due proportion of the timber is found to be cut or should any breach of the conditions occur, or if, in the opinion of the Commissioner of Crown Lands, the interest of the Crown is jeopardized.

3. Intending purchasers are expected to visit the locality and to satisfy themselves in every particular on all matters relating to the sale.

4. The right is reserved to the Commissioner of Crown Lands to withdraw this timber from sale before or after the date fixed for the auction.

5. For the purposes of this sale the foregoing description of the timber shall be taken as being sufficiently accurate as to quantities, qualities, and species, and no contract for the purchase of the timber shall be voidable, nor shall the purchaser be entitled to any abatement of price, by reason of any error or misdescription herein, or in any advertisement having reference to this sale, nor shall any extra sum be claimed by the Crown if the quantity of timber is found to be in excess of that stated herein.

6. All the timber, whether standing, felled, or in logs, shall remain the property of the Crown until the purchase of same has been completed.

7. Should any dispute arise as to any boundary, the decision of the Commissioner of Crown Lands shall be final.

8. If the timber is unsold at this offering the right to purchase same at the upset price will remain open until further notice.

9. Any breach of the conditions of sale will render the "on demand" promissory notes liable for presentation for immediate payment.

10. The purchaser shall have the right to cut the timber for the period specified, but shall have no right to the use of the land.

11. The purchaser shall have the right to construct and use on the land such tramway or tramways as may be found necessary for the proper cutting, milling, and removal of the timber.

12. If at any time during the currency of the license it should appear that the timber on any area is being improperly cut, or that the interests of the Crown or of the settlers is being prejudiced, or for any other reason, the Commissioner may, by notice in writing to the licensee and his sureties (and without prejudice to any proceedings for damage done, recovery of any amount due on account of royalty, or otherwise), suspend the license pending investigation; and the Commissioner may cancel such license should it be found that its conditions have been infringed.

13. No compensation shall be made, nor shall any be claimed, for any error or discrepancy in these conditions, or for any misdescription of any lot.

14. The timber will be sold in accordance with the areas and boundaries shown on sale maps which may be seen at the District Lands and Survey Office, Dunedin, where full particulars may be obtained.
