Regulations under the Naval Defence Act, 1913, amended.

GALWAY, Governor-General.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 11th day of May, 1938.

Present :

THE RIGHT HON. M. J. SAVAGE PRESIDING IN COUNCIL.

IN pursuance and exercise of the powers and authorities conferred on him by section twenty-five of the Naval Defence Act, 1913, and of all other powers and authorities enabling him in that behalf, His Excellency the Governor-General, with the advice of the Executive Council, doth hereby amend and supplement the regulations referred to in the Schedule hereto as shown therein.

Article 51: Cancel, and substitute:—

51. Entry of Recruits, Engagements, Re-engagements, &c.—Candidates for entry must be the sons of British-born subjects. They will normally be required to engage for a period of twelve years from date of entry, or, if under the age of eighteen years, until that age is reached and for twelve years thereafter.

2. Subject to the proviso that the candidate is not more than one month older than the maximum age-limit on the date when final entry would be effected, the date of application for entry shall be taken in deciding the age qualification of a candidate who would otherwise be too old for entry if this were determined from the date of actual engagement. In such cases, particularly, every effort should be made to reduce the time taken to effect final entry to an absolute minimum.

3. All candidates for entry will be required to be of the physical standard laid down from time to time for the various classes of ratings, and to pass the prescribed medical and, if so ordered, educational examination. The Director of Recruiting is authorized finally to enter or reject candidates who have already been provisionally entered.

4. Ratings may be permitted, at the discretion of the Naval Board, to re-engage for further periods of five years each, but in certain cases the Board may authorize shorter periods of re-engagement.

5. Subject to requirements and suitability for further service, ratings may normally be permitted to re-engage when within two years of completing their current engagements. In normal circumstances re-engagements should be effected for the unexpired portion of the current engagement plus a period of five years or such lesser period as may be authorized, *but see clause 6 below.*

6. *Ratings selected for the purpose of qualifying abroad for officer rank* will be required to re-engage to serve for a period of five years from the anticipated date of completion of the course.

7. Ratings will not be selected for the purpose of qualifying abroad for higher substantive or non-substantive rating unless the conditions of re-engagement as prescribed hereunder are satisfied:—

- (a) *Ratings qualifying for Mechanician, Observer's Mate, and Air Gunner* will be required to re-engage to serve for a period of five years from the date of expiration of their first twelve years' engagement.
- (b) *Ratings qualifying for Gunner's Mate, Torpedo Gunner's Mate, V/S 1 and W/T 1*, will be required to re-engage to serve for a period of five years from the anticipated date of completion of the course.
- (c) *Ratings qualifying abroad in all other substantive or non-substantive rates* will be required to re-engage to serve for a period of three years from the anticipated date of completion of the course.

NOTE.—Where any rating is under orders to serve in the Royal Navy for a period to gain experience after he has qualified for higher substantive or non-substantive rate, this period of service is to be regarded as part of a qualifying course for purposes of re-engagement.

8. Applications for courses are not to be made until it has been verified that the conditions of the preceding paragraphs are satisfied.

9. Ratings shall be compulsorily retired at the following age—viz., Chief and Petty Officers, fifty years; other ratings, forty-five years. Subject to the foregoing, ratings will generally be compulsorily retired after twenty-two years man's service, but the Naval Board may from time to time call for applications from ratings who are qualified by age to re-engage for periods of three or five years after completing twenty-two years' service. No applications are to be forwarded unless steps are taken by the Board to call for them.

Article 55: Cancel clause 2, and substitute:—

2. Boys are not to be entered under the age of fifteen years and three months, or over the age of sixteen years and three months, except in very special circumstances with the approval of the Director of Naval Recruiting, and then only when within one month of these age-limits. (See also Article 51, clause 2.)

Article 59: Cancel, and substitute:—

59. Entry from Territorial Army or Naval Reserves.—A soldier of the Territorial Army may be entered in the New Zealand Division of the Royal Navy with the prior consent of the Defence Department, and a member of the Royal Naval Reserve (New Zealand Division) or Royal Naval Volunteer Reserve (New Zealand Division) may be entered with the prior consent of the Naval Board.

2. Accordingly, all candidates for entry are to be questioned as to whether they are serving in any unit of the New Zealand Military Forces, in the Royal Naval Reserve (New Zealand Division), or the Royal Naval Volunteer Reserve (New Zealand Division).

3. Full particulars of the unit and rank in the case of Territorials, and of division and rating in case of Reserve personnel, who reply in the affirmative, and whom it is desired to enter, are to be reported to the Naval Secretary by the Director of Recruiting.

4. Final entry is not to be effected until notification has been received from the Naval Secretary to the effect that the Defence Department or the Naval Board, as the case may be, have authorized the release of the individuals concerned from their existing obligations.

Article 60: Cancel, and substitute:—

60. Entry, Re-entry, and Advancement of Ratings: Qualifications.—The provisions of King's Regulations, Appendix XVII, Part I, as revised from time to time by King's Regulations amendments, are to apply to ratings in the New Zealand Division, except that the special modifications and additions to the King's Regulations prescribed in Appendix IX to these regulations shall be applicable to New Zealand personnel, and the rates of full pay applicable to all ratings and Royal Marine ranks serving in the New Zealand Division shall be as laid down in Appendix III hereof.

2. Men entered in the New Zealand Division with previous service in the Royal Navy or a Dominion Navy, and men re-entered in the New Zealand Division, may be granted on entry or re-entry the rating last held by them in such service, providing the break in service has not exceeded five years and they are found to be fully qualified to perform the duties of that rating. Such men are to be regarded as re-engaging under Article 51, and should be required to execute engagements for five years, unless they are willing and eligible to enter for the full period of twelve years, but the authority of the Naval Board is to be sought in every instance before the entry or re-entry is effected.

3. Ratings who may be accepted for permanent transfer from the Royal Navy or Dominion Navy will retain their former rating and seniority in the New Zealand Division for the purpose of full pay, but for advancement purposes their original roster positions will be adjusted so as to ensure that their transfer does not act to the detriment of New Zealand ratings entered prior to the date of transfer.

4. Royal Naval ratings serving in the New Zealand Division on loan or "interchange" service will be retained on the advancement rosters of their port divisions and will be advanced from their depots in the ordinary course on reaching their turn if qualified and recommended. They will receive the pay and status of the higher rating as from the date of roster advancement.

Article 66: Insert new article:—

66. Promotion to Commissioned Rank in the Accountant Branch.—Ratings of the Writer and Supply Branches of the New Zealand Division of the Royal Navy will be eligible to be considered for promotion to commissioned rank in the Accountant Branch of the New Zealand Division under the following conditions.

2. Candidates who are specially recommended may be permitted to take the examination for warrant rank (King's Regulations and Admiralty Instructions, Appendix XII, Part 9, Section IV) at any time after completing three years' service (including time under training), and provided they have obtained a first-class certificate in the Higher Educational Test

examinations in general knowledge, English history, and geography (taken at one sitting), and are under twenty-five years of age and unmarried. The rule contained in paragraph 2 of Articles 318 and 319 of King's Regulations and Admiralty Instructions that Writer and Supply ratings must have seven years' service before taking the examination for warrant rank will be waived, but only for candidates who are specially recommended for commissioned rank and who have passed the Higher Educational Test in the subjects mentioned above (first-class certificate).

3. The names of candidates who have passed the examination for warrant rank under the conditions set out in the preceding clause will be noted in Navy Office. The Naval Board will appoint a Selection Committee in October or November each year to interview all candidates who are still specially recommended.

4. On receipt of the report of the Selection Committee the Naval Board may promote a candidate, or candidates, to the rank of Acting Warrant Writer or Acting Warrant Supply Officer. All candidates promoted to warrant rank will be appointed to H.M.S. "Philomel" for general duties under the Accountant Officer for not less than six months.

5. Acting Warrant Writers or Acting Warrant Supply Officers promoted under this scheme will remain in the acting rank until they are promoted to the rank of Paymaster Sub-Lieutenant—*i.e.*, they will not be confirmed as warrant officers after a year's service in that rank. After serving a year in the rank of acting warrant officer, and provided the candidate is still recommended for commissioned rank, an application may be forwarded to take the examination for the rank of Paymaster Sub-Lieutenant, which will be as laid down in King's Regulations and Admiralty Instructions, Appendix XII, Part 9, Section 1, except papers (g) and (h). Paper (a) will not be taken by Writer candidates; paper (d) will not be taken by Supply candidates.

6. Should any acting warrant officer promoted under this scheme fail to sit for the examinations provided for in paragraph 5, or should he fail twice in these examinations, he will be placed on the retired list of the New Zealand Division after three years' service in that rank.

7. Candidates who are successful in passing the examinations provided for in paragraph 5 will be promoted to the rank of Paymaster Sub-Lieutenant as from the date of taking the examination.

8. Officers promoted to the rank of Paymaster Sub-Lieutenant under this scheme will be eligible for promotion to Paymaster Lieutenant after six months' service as Paymaster Sub-Lieutenant, provided they are recommended by their commanding officers.

9. Paymaster Lieutenants promoted under this scheme will be eligible to sit for the professional examination for Paymaster Lieutenant Commander under King's Regulations and Admiralty Instructions, Appendix XII, Part 9, Section II, and, if successful, will be eligible for promotion to that rank after six years' service as Paymaster Lieutenants.

10. Subsequent promotion to higher ranks will be governed by the rules in force in the Royal Navy.

Article 136: Cancelled.

Under the heading of "Qualifications" is shown the particular clause of section 6 of the Act under which the applicant has been registered.

Section 6 of the Act is as follows:—

"6. (1) Every person shall, on payment of the prescribed fee, be entitled to be registered under this Act as an engineer who—

"(a) Holds some recognized certificate as hereinafter defined, and who satisfies the Board that he has had not less than three years' practical experience in engineering; or

"(b) Has attained the age of twenty-five years, and has been engaged during a period of not less than six years before the commencement of this Act in the acquisition of professional knowledge or in the practice of engineering in a manner satisfactory to the Board, and who makes application for registration within twelve months after the commencement of this Act; or

"(c) Passes or has passed an examination or examinations approved by the Board, and who satisfies the Board that he has had not less than three years' practical experience in engineering.

"(2) For the purposes of this section the term 'recognized certificate' means a certificate, diploma, degree, or license granted by some university, college, or other public institution (whether in New Zealand or elsewhere), and which is recognized by the Board as furnishing sufficient evidence of the possession of the requisite knowledge and skill for the efficient practice of the profession of engineering."

In 1928 an amendment to the Act was passed.

Subsection (1) of section 2 of the amendment reads as follows:—

"2. (1) In addition to the classes of persons entitled to be registered as engineers under the principal Act any person may on payment of the prescribed fee be registered as an engineer who, being registered at the date of the passing of the principal Act as a licensed surveyor under the Surveyors' Institute and Board of Examiners Act, 1908, satisfies the Board that he had prior to the coming into operation of the principal Act substantial practical experience in engineering as part of his practice or employment, whether on his own account or otherwise howsoever, and who makes application for registration within six months after the passing of this Act."

NEW FORM OF TIME-SIGNALS.

Commencing on 1st June, 1938, the present form of time-signals sent out from the Dominion Observatory through the National Broadcasting Service Stations 2YA and 3YA will be replaced by a signal consisting of six dots, separated by intervals of one second, the last dot being the exact minute.

Each transmission will consist of a group of three signals at consecutive minutes, the times of transmission being as follows :—

- (1) 10h. 28m. : 10h. 29m. : 10h. 30m. a.m., daily.
- (2) 3h. 28m. : 3h. 29m. : 3h. 30m. p.m., daily.
- (3) 7h. 28m. : 7h. 29m. : 7h. 30m. p.m., daily, except Sundays.
- (4) 10h. 28m. : 10h. 29m. : 10h. 30m. p.m., daily, except Sundays.

The above times refer to New Zealand summer time during the period when summer time is in operation, and to New Zealand mean time when summer time is not in operation.

In all cases time-signals will be superimposed on the station programmes.

The daily signals at 7.30 p.m. and 10.30 p.m., as well as those at 3.30 p.m. on Saturdays, Sundays, and holidays, are not under direct supervision at the Observatory, and consequently the errors of these signals are subject to rather greater variation than those of the signals which are sent under supervision. The errors of the signals sent under supervision seldom exceed a quarter of a second.

Publication affected : New Zealand Nautical Almanac and Tide-tables, page 129.

Authority : Acting Director, Dominion Observatory, 4/5/38.
