Except in cases mentioned in paragraph (4) of Condition No. 6 hereof and in the following cases no driver of a motor-cab shall when in any street or public place within the borough stand with his motor-cab or permit the same to stand elsewhere than a stand:—

- (1) A driver may wait at any place then open for public amusement or for public assemblance, provided that he waits with his motor-cab as near to the chief entrance to such place as possible (but not nearer than 10 yards) and takes his turn to the front of such place to pick up any passenger who may hail or desire to engage him; but any inspector or any police officer may order any such driver to alter his position and take up such other position as such inspector or police officer may think convenient for the traffic, provided always that this subsection shall not apply to places where stands are provided.
- (2) No such driver shall by virtue of this provision permit his motor-cab to remain on the said street longer than ten minutes after such place of amusement or public assemblance shall have closed, unless he is hired so to remain.

(3) A driver of a motor-cab who is hired may within the limits of time and place created by any condition of his license wait for his hirer wherever such hirer may direct, but any police constable or other officer or any inspector may direct such driver to move forward or backward to prevent obstruction, and such driver shall obey such direction.

(4) The proof that he was hired and was asked by his hirer to remain in any place of waiting shall in all cases rest on the driver.

Provided that the foregoing paragraphs (1) to (4) of this condition shall be read subject to any existing by-law or regulation which may be in force affecting the roads or the use thereof and affecting motor-cabs.

10. Touting.

- (1) Neither the licensee nor the driver, nor any other person shall, in connection with a motor-cab in any street or public place or other locality except in manner authorized by these conditions endeavour to induce a person to hire or to ride in such motor-cab.
- (2) Neither the licensee nor driver of a motor-cab nor any other person shall in any street or public place:—
 - (a) In the course of any employment or occupation connected with the business of the hiring out of such motor-cab, by act, words, or conduct tout for, solicit, or hold himself out as available for the carriage of luggage of any person to such motor-cab: Provided that nothing in this condition shall affect the duty of a driver as defined in Condition 4 hereof; or
 - (b) Summon or call up any motor-cab by horn, musical instrument, gong, drum, bell, gramophone, megaphone, loud-speaker, or other noisy means whatsoever; or
 - (c) By act, words, or conduct tout for or solicit fares or hirings for any motor-cab: Provided that nothing herein shall be deemed to render it unlawful for the driver while in or within three feet of the motor-cab which he is in charge of and which is standing as a disengaged motor-cab on a duly appointed stand, by gesture or in a moderate voice, to call attention to the fact that such motor-cab is available to be hired.

11. Driving Hours.

The licensee shall not drive or cause or permit any person employed by him or subject to his orders to drive any motor-cab:—

- (1) For any continuous period of more than five and one-half hours; or

- (a) Any two or more periods of time shall be deemed to be a continuous period unless separated by an interval of not less than half an hour in which the driver is able to obtain rest and refreshments;
- (b) Any time spent by a driver on other work in connection with a motor-cab or in driving or other work in connection with any passenger-service or goods-service vehicle or the load carried thereby shall be reckoned as time spent in driving a motor-cab:

Provided that a licensee shall not be liable to be convicted for breach of this condition if he proves to the Court that the contravention was due to unavoidable delay in the completion of any journey arising out of circumstances which he could not reasonably have foreseen.

12. Wages.

- (1) The licensee shall pay every person employed by him to drive a motor-cab not less than the wages prescribed for such employees in any award or awards from time to time in force and made by order of the Arbitration Court under the Industrial Conciliation and Arbitration Act, 1925, whether the licensee or his employees are parties to the said award or awards or not.
- (2) During such time as there may not be in force any award so made, the licensee shall pay every person employed by him to drive a motor-cab, wages at the rate of not less than £4 10s. per week plus an additional 2s. for every hour in excess of ten hours spent in driving a motor-cab within any period of twenty-four hours during that week, but shall not pay such person any additional amount by way of commission on earnings.

(3) For the purposes of this condition any time spent by a driver on other work in connection with a motor-cab or the load carried thereby shall be reckoned as time spent in driving.

(4) When the licensee himself drives the motor-cab the Licensing Authority may review the license in terms of section 8 of the Transport Licensing Amendment Act, 1936, if the Authority is satisfied that the licensee has failed to earn an amount corresponding to the wages hereinbefore set out.

13. *Accounts and Returns.*

The licensee shall keep such records and maintain such an accounting system as will enable him to make on request of the Commissioner of Transport or the Licensing Authority the statistical and financial returns described in Form T.L. 17 of the Transport Licensing Passenger Regulations, 1936, and shall provide such returns relating to the same as may from time to time be required by the said Commissioner.

14. *Taxi-meters.*

(1) With the exceptions hereinafter described the licensee shall cause an efficient taxi-meter of a make and type approved by the Licensing Authority to be fitted to and used on every motor-cab subject to the license under such conditions as may be prescribed by the Authority. In the case of any motor-cab not fitted with a taxi-meter at the date of issue of the license the taxi-meter shall be fitted not later than six months from such date. The taxi-meter shall be so constructed, fitted, maintained, and lighted as readily to indicate to any passenger the correct hiring-mileage charges as they accrue at the rates fixed in the license.

(2) If the licensee uses or permits to be used a taxi-meter with intent to deceive he shall be deemed to have committed a breach of the license.

(3) In the case of a motor-cab which is hired by time only or is kept for private hire only, exemption from this requirement may be granted in writing to the licensee by the Licensing Authority under the hand of the secretary.

15. *General Duty of Compliance with Statutory and other Provisions.*

The licensee and the driver of a motor-cab shall comply with the provisions and requirements of every statute, regulation, or by-law regulating, controlling, or affecting the use of motor-vehicles in so far as such provision and requirements relate to motor-cabs and to the rights, duties, and obligations of such licensee or driver.
