3. The allowance is to be credited in the ledger.

Article 237.—*Cancel, and substitute :—*

237. Tropical Clothing, Sun Helmets, White Canvas Shoes, and White Uniform Clothing.—A gratuitous issue of three tropical shirts (for Chief Petty Officers) or three tropical singlets (for other ratings), three pairs of drill shorts and one pair of white canvas shoes with leather soles is to be made to each permanent rating on first being drafted to a seagoing ship. A similar issue is to be made to loan ratings on joining a seagoing ship, provided that an issue at New Zealand Government expense has not already been made. Subsequent issues of tropical clothing are to be made on the same scale after three years' actual service in seagoing ships of the New Zealand Division, or in other ships employed in the tropics, provided that the rating has not less than one year to serve in the New Zealand Division.

2. Sun helmets (and covers) and white canvas shoes are to be issued gratuitously to all ratings under the same conditions as for tropical clothing.

3. The gratuitous issue of three khaki singlets and two pairs of khaki shorts to Royal Marine ranks is to be made under the same conditions as for seamen.

4. The additional articles of white uniform clothing permitted to be issued gratuitously on foreign stations, as shown in the Uniform Regulations, are to be issued gratuitously under the same conditions of service as for tropical clothing. Similar issues are to be made to ratings on change of uniform from Class II to Class I or Class III under the same conditions. If more convenient, the value of the articles at current issuing prices may be credited in lieu of an issue in kind, provided that the men actually equip themselves with the additional articles.

5. Gratuitous issues are to be supported by a certified nominal list, forwarded as an enclosure to the clothing account. The dates on which the clothing is issued are to be shown on the list, together with details of the articles supplied.

6. The last dates of gratuitous issues of tropical clothing, sun helmets, white uniform clothing, and white canvas shoes, respectively, are to be noted in the "Remarks" column of the ledger, thus: "T.C. date"; "S.H. date"; "W.U.C. date"; "W.S. date"; and the notations carried forward from quarter to quarter and shown on transfer lists.

7. Where, in exceptional cases, the value of white uniform clothing is credited instead of an issue in kind, such credit is to appear in the ledger and is not to be made through the Cash Account. In all such cases a certificate is to accompany the ledger as an enclosure certifying that the men who have received credit have actually equipped themselves with the articles of white uniform clothing for which credit has been given.

Article 260.—*Cancel, and substitute :—*

260. Passages for Officers and their Families.—Officers of the New Zealand Naval Forces and officers of the Royal Navy lent for service in the New Zealand Division are entitled to free passages at Government expense when travelling overseas to or from New Zealand, unless proceeding by ship of war.

2. *Passages for Officers' Wives and Families.*—Free passages are also granted at Government expense to the wives and families of officers appointed to the Naval Board, to the staff at Navy Office, and for duty in the Depot Ship "Philomel" or in the shore establishments administered by the Captain in Charge.

3. The grant of a free passage for wife and family is subject to the following conditions:—

- (a) The officer must be loaned for a period of not less than three years.
- (b) Officers who are loaned for a period of less than three years will not be granted free passages for their wives and families, nor will this privilege apply if an officer is transferred from sea service to shore service. The right to a free passage for wife and family will be forfeited unless they leave England within three months of the date of departure of the officer. The right will be forfeited, too, if there is an intention that the officer's wife and family shall not remain in New Zealand during the full period on loan of the officer. Special reasons, such as severe illness in the family may be advanced and the Naval Board may authorize the forfeiture to be waived in such exceptional circumstances. The right to a return passage will also be forfeited if the wife and family desire to return to England before the term of the officer's service expires. In no circumstances will free passage be provided where the family remain in New Zealand for six months after the officer has been discharged from the Dominion Service.
- (c) Where an officer's wife and family does not accompany him on passage, no greater amount will be allowed in respect of their passages than would have been incurred had they accompanied the officer at the time of transfer.
- (d) Whether permission to make his own arrangements is granted or not, the wife and family of the officer concerned must travel in the same class of accommodation as the officer himself. His pay account will be debited with a sum equal to the cost of messing his family in accordance with the terms of Article 1676 of King's Regulations, and for the period of his family's passage he will be regarded as having been provided with quarters and so will not be entitled to be credited with marriage allowance, though children's allowance will be payable.
- (e) The term "family" is to be understood to include only such sons as are under sixteen years of age at the date of commencement of the passage, whether outward or homeward, and unmarried daughters dependent on and residing with their fathers. An exception to this rule will be permitted in the case of sons over sixteen who, by reason of physical or mental infirmity, are necessarily dependent on their parents. Passages of adopted children are not allowable, except under special circumstances with the approval of the Naval Board.
- (f) Passages will not be provided at public expense for the wife and family of any officer who marries on or subsequent to the commencing date of the period of his loan to the New Zealand Division.
- (g) A report is to be rendered to Navy Office by each officer in respect of whose wife and family a passage to New Zealand is provided by the Government. This report should show—
 - (i) The date the wife and family left England and ship by which passage was taken :
 - (ii) The names of the persons comprising the family party :
 - (iii) The dates of birth of children.

4. *General.*—Should an officer's service in the New Zealand Naval Forces be terminated owing to his misconduct or unsatisfactory service, or should an officer voluntarily withdraw from service in the New Zealand Division prior to the completion of the period for which lent, the Government do not hold themselves responsible for his return passage nor, whether normally eligible or otherwise, for the return passage of his wife and family.

5. Provided adequate accommodation is available in ships trading on the Panama route, passages will always be booked by that route, and will be booked in the most convenient vessel with suitable accommodation.

6. Notwithstanding the provisions of the immediately preceding paragraph, officers may be permitted to make their own arrangements. All applications for permission are to be addressed to the Naval Board or to the High Commissioner. This paragraph applies also to those officers who are eligible for the grant of free passages for wives and families.

7. Detailed instructions regarding the grades of passages, conditions under which officers are permitted to make their own arrangements, financial adjustments, and settlement of expenses connected with passage rights are promulgated from time to time in Navy Orders.

Article 289.—*Cancel clause 3, and substitute :—*

3. The following officers shall be entitled to deck berths on inter-island ferry steamers :—

Members of the Naval Board.
 Director of Naval Reserves.
 Commanding Officers of H.M. ships of and above the rank of
 Commander.

Cancel clause 5, and substitute :—

5. The Chief of the Naval Staff shall be entitled to the sole use of a two-berth sleeping compartment when travelling by train on duty at night, but if accompanied by an officer of his staff no further provision of sleeping-berth accommodation can be made in respect of the latter officer from public funds.

Article 300.—Add to paragraph 1 :—

NOTE.—“ Lodging-allowance is not payable to officers who are in receipt of marriage allowance.”

Article 315.—*Delete, and substitute :—*

315. Demands, &c., for Money.—The Accountant Officers of H.M. ships will be sub-impresstees responsible to the Naval Secretary as Naval Imprestee in regard to the accounting of cash drawn by them. All correspondence on the subject of cash, pay, &c., and the relevant accounts is to be addressed to the Naval Secretary.

2. Money required in New Zealand will be credited to the sub-impresstee's banking account by Navy Office, and demands, approved by the Commanding Officer, should be forwarded on form S. 5, in duplicate, so as to reach Navy Office seven days before the credit is required to be effected. In order that the necessary arrangements may be made with the Treasury longer notice is required when holiday periods intervene.

3. Requirements of cash are to be obtained in exchange for cheques drawn by the sub-impresstees, who should make all arrangements direct with the managers of banks concerned. Where, however, cheques are to be cashed at ports other than Auckland or Wellington, the Naval Secretary should be advised accordingly, so that arrangements may be made for the cheques to be cashed free of exchange.

4. When it is required to draw money at places outside New Zealand arrangements will be made through the Treasury for the issue of letters of credit. Sufficient notice should be given, whenever possible, to enable this to be done. In cases, however, in which, owing to the ship's unexpected movements, it is found impossible to make previous arrangements for obtaining letters of credit the demand for money may be made by telegram, when arrangements will be made for authority to be given by cable if necessary for the supply of the money required.

5. The balance of money in a sub-impresstee's account is at all times to be as low as the service on which the ship is employed will admit, and dates for the lodging of additional credits should be fixed with due regard to those on which the disbursements will be made.

Article 390.—*Cancel, and substitute :—*

390. Director of Medical Services.—The Medical Officer in charge of the sick-quarters at Devonport Naval Base is appointed to be the Naval Board's adviser on medical questions in addition to his normal duties. For this purpose he will be appointed to the depot ship for ship duties and in charge of the sick-quarters and as Director of Medical Services.

2. He will be paid an allowance of 5s. a day under the terms of Appendix I, Part III, No. 24 (a), of the King's Regulations.

3. The Director will scrutinize medical returns and maintain medical records. He will take steps to co-ordinate the naval medical administration within the Port of Auckland to the best advantage under the authority of the Captain Superintendent. He will prepare draft regulations from time to time on the subject of medical standards required of recruits.

4. The Naval Board will communicate with the Director, by Board minute, on any medical matter upon which they desire to seek his advice.

Article 391.—*Cancel, and substitute :—*

391.—Medical Report on an Officer or Rating prior to Discharge or Reversion to the Royal Navy.—Before an officer or rating is finally discharged to the shore (whether he belongs to the New Zealand Division permanently or whether he is on loan, or on interchange), or before reversion

to the Royal Navy on completion of a loan or interchange period, he is to be examined by the Medical Officer of his ship or establishment to determine whether he suffers from any disability either attributable to or aggravated by his service in the New Zealand Division of the Royal Navy.

Form N.Z.D. 50 is to be completed at this examination in accordance with the instructions on the form and forwarded by the Commanding Officer to Navy Office.

2. When personnel are found to be suffering from any disability it will be necessary to obtain the services of a second medical officer. When no other ship is in company at ports on the New Zealand Station the local surgeon and agent should be employed. When a ship is paying off in England application should be made for the services of a medical officer to be loaned from the naval barracks at the port where the ship is lying.

3. Medical officers are to exercise the greatest care in completing the form and to ensure that all details are correctly furnished.

The Naval Board should be in a position to know the exact nature and degree of any disability at the time of the examination; answers to questions 6 to 9 should be framed accordingly.

4. When officers and men who have served in the Royal Navy are discharged to the shore direct from H.M. ships of the New Zealand Division the form should be required in duplicate (one copy is required by the Admiralty).

5. Whenever invaliding papers are raised and a person is in fact invalided, form N.Z.D. 50 is not required.

Article 392.—Cancel, and substitute :—

392. Dental Treatment.—The provision of dental treatment for the personnel of the New Zealand Division of the Royal Navy is to be met by the Squadron Dental Officer, and his services should be requisitioned for on every available opportunity.

2. Officers are not eligible for the supply, replacement, or repair of dentures except when necessitated by a casualty of the service.

3. Dental treatment at the public expense is not to be afforded to Reserve personnel undergoing training unless such treatment is necessitated by a casualty occasioned on duty during the period of training. Where Reserve personnel are permitted to perform prolonged periods of training—*e.g.*, six months—and dental treatment becomes necessary during that period, the facts should be presented to the Naval Board before authority is given for treatment, other than that occasioned by a casualty on duty, to be performed at the public expense.

4. Officers and men employed under mercantile conditions in Royal Fleet auxiliaries, &c., are not entitled to treatment at the expense of Naval funds unless they have had their teeth or jaws injured on duty as the result of an accident attributable to the service. In such cases, provided the injury was reported at the time of its occurrence and there is satisfactory evidence that the accident was attributable to the service, necessary operative treatment may be undertaken, and the cost of treatment necessitated by the injury will be met from the Naval vote. Where, in addition to the treatment actually necessitated by the injury, it is desired to remedy pre-existing dental defects, the patient will be liable for the additional expense involved.

5. The Admiralty Fleet Orders governing dental treatment, as issued from time to time, apply generally to the New Zealand Division.

6. Dental treatment at the public expense does not include the use of precious metals.

7. When the services and advice of the Squadron Dental Officer have been requisitioned for and are not available, limited operative dental treatment by appointed Naval Dental Surgeons and Agents is allowable at the public expense, where dental conditions are present which the ship's Medical Officer considers are urgent, and detrimental to the member's general health. The Medical Officer should certify accordingly on forms N.Z.D. 44 and Ty. 39. Denture work should be limited to repairs, and where supply or replacement is considered necessary the question should be referred to the Dental Officer and advantage taken of the arrangements made in Auckland for denture work in conjunction with this officer.

8. The names and addresses of the Dental Surgeons and Agents to whom ranks and ratings should be sent at the different ports for urgent dental treatment are promulgated in Navy Orders, and details relating to the scale of fees and the procedure to be followed are also notified in Navy Orders.

Article 393.—Insert :—

393. Dental Treatment, Claims for.—Ranks and ratings who are in urgent need of operative dental treatment are to be furnished with the written authority of the ship's Medical Officer, attached to form M. 228, and addressed to the Dental Surgeon and Agent. In the case of the urgent supply, replacement, or repair of dentures to ratings, the authority will be attached to the form M. 234 if at the public expense, and form M. 234A if on repayment of cost.

2. The form M. 228 is for the use of the Dental Surgeon and Agent to record the dental condition and treatment; it should be retained on board. Whenever subsequent treatment is necessary this form is to accompany the patient when he is sent for treatment.

3. The Dental Surgeon and Agent should also chart and fill in the details of treatment and denture work on form N.Z.D. 44 in respect of each person dealt with, together with the fee for each operation, according to the standard scale of fees. These forms are to be collected by the ship's Medical Officer or the Dental Officer, as the case may be, and he will certify thereon that the claim is correct. They will be supported by a schedule on form Ty. 39, duly certified and forwarded through the Accountant Officer to Navy Office, where, after examination and approval, payment will be effected.

4. The Director of Dental Services to the New Zealand Division of the Royal Navy will approve for payment all dental treatment claims at the public expense. He will scrutinize all returns of dental treatment and demands raised in the Squadron for supply to the Naval Department, and will act as Adviser to the Naval Board on all questions affecting dental treatment in the New Zealand Naval Forces.

Appendix I.—Cancel, and substitute :—**APPENDIX I.****Rates of Pay : Officers.****FULL PAY.**

SUBJECT to the provisions of Article 100 of these regulations, the following shall be the daily rates of pay for all officers of the New Zealand Division of the Royal Navy.

2. The rates of pay detailed in this appendix have been modified in accordance with the decision to introduce marriage allowance. For details of the rates payable to officers who have elected not to accept the marriage-allowance scheme, see Appendix I to the 1929 edition of the regulations.
