Failure to comply shall render the offender liable for a first offence to a penalty not exceeding £2.
2. In every case of death, where the deceased has not been attended by a qualified practitioner or by a district health nurse, the committee shall investigate the circumstances surrounding such death with regard to the nature of illness, duration, treatment, and names of persons who treated or were in attendance on deceased, and report the result of this investigation to the Registrar of Births and Deaths of Maoris.
3. Human corpses shall be buried, if the death occurs between the 15th day of March and the 15th day of September (both days inclusive) in any year, within four days after death; and if the death occurs between the 16th day of September and the 14th day of March of the following year (both days inclusive), within three days after death unless the Medical Officer of Health or any person authorized by him shall otherwise direct.
4. Where death has occurred from an infectious disease, the corpse shall be buried within twenty-four hours after death. The corpse shall be removed from the dwelling, tent, hospital, or place where death occurred to the place of burial without being allowed to lie in state, and no tangi shall be held.
5. It shall be the duty of the nearest relatives of the deceased, or, in their absence, of the owner or occupier of the house or premises wherein deceased died, to comply with the provisions of by-laws 3 and 4; and all or any of them shall be deemed guilty of a breach thereof as the Council may deem fit, and shall be liable to a penalty not exceeding £5 for each offence.

7. No human corpse shall be permitted to lie in state inside or in front of any meetinghouse, but may, if encased in a casket, lie in state at some other spot in the vicinity that may be indicated by the chairman of the committee.

B.—BUILDINGS.

8. No person shall erect a dwellinghouse upon any site not having natural or artificial subsoil drainage sufficient to prevent such site being damp, or upon any site having matter thereon which may prove injurious to the health of the occupants of such buildings. The ground underlying every dwellinghouse shall be so formed and graded that no water can flow or lodge thereon or under any part of such building. Where the site of an erected dwellinghouse is considered injurious to the health of the occupants, the Council may order the owner or occupier to remove such building to a more healthy site.

9. Every person who shall erect a dwellinghouse shall construct every room intended to be used as a living-room or sleeping-room so that the same shall be not less than 8 ft. 6 in. in height from the floor to the ceiling in every part; provided that every room intended to be used as aforesaid with a sloping roof shall be not less than 8 ft. in height from the floor to the roof, over one-half the superficial area of such room, and no wall thereof shall have a height of less than 5 ft. before any slope of the roof commences.

10. Every person who shall erect a dwellinghouse shall provide that for every sleeping-room therein shall be at least 63 square feet of floor space to each adult or every two children under ten years of age sleeping in that room, and there shall be a window-space clear of frames equal in area to at least one-tenth of the area of the floor of such room, of which window space at least one-half shall be made to open.

11. Every person who shall erect a dwellinghouse must provide each sleeping-room with a boarded floor so that there shall be between the underside of every joist, plate, stringer, and bearer on which such floor may be laid or supported, and the upper surface of the ground a space of 9 in. at the least in each part, and he shall cause the area below such floor to be thoroughly ventilated by some effectual method.

12. In the case of houses already erected, the Council may require the owner or occupier of any dwellinghouse which does not comply with section B, clauses 10 and 11, to make such alterations or additions as may be deemed necessary.

13. The Council may, or shall, if the Medical Officer of Health so directs, order the removal or destruction of any building in a dirty and unwholesome state, if in its opinion it is unsuitable for human habitation, or if the owner or occupier thereof fails, after due notice, to clean, renovate, or himself remove or destroy the same.

14. The chairman of the committee, or any person duly authorized by the committee in that behalf, may, by notice in writing, direct the owner or occupier of any house or other building in a dirty and unwholesome state to clean or cause the same to be cleaned within a time to be specified in such notice.

15. Any person refusing or neglecting to comply with notice for removals, alterations, or cleaning under clauses 8, 10, 11, 12, 13, and 14, shall be liable to a fine not exceeding £1 for the first offence and £5 for every subsequent offence, and in the case of persistent refusal or neglect to comply, the committee may order the work to be done. Any costs incurred by the committee in and about such removals, alterations, or cleanings shall be a debt due to the committee, recoverable as liquidated damages by process in a Magistrates' Court.

16. The committee may, in its discretion, ease or modify the application of the foregoing clauses 8, 12, 13, and 14, in the case of any old, ill, or feeble person occupying any such buildings as aforesaid, so that such clauses shall not press heavily on such person. The chairman of the committee shall report the case and all the circumstances to the chairman of the Council, whereupon the Council shall consider such case and decide whether it shall devote part of its funds towards cleaning and otherwise improving the dwellings of such sick, old, or feeble persons.

17. The occupier of a dwellinghouse shall be held responsible for preventing more persons sleeping in any room thereof than are allowed by the floor-space laid down in clause 10. Failure to comply with this shall render him liable to a penalty not exceeding 5s. for a first offence and not exceeding 10s. for every subsequent offence.

*Movable and Temporary Dwellings.*

18. Every person who shall own or occupy temporarily a tent, shed, whare, or similar structure shall be responsible that the same is clean, dry, weatherproof, and ventilated. Each adult and every two children under ten years of age shall be provided with 20 square feet of floor-space.

19. Every person who shall own or occupy a tent, shed, whare, or similar structure which is in such a state as to be a nuisance or injurious to health, or which is so overcrowded as to be injurious to the health of the inmates, whether or not members of the same family, shall be deemed guilty of an offence, and shall be liable to a penalty not exceeding £1 for the first offence, and not exceeding £5 for every subsequent offence.

26. Where any system of drainage for the disposal of waste water is installed in any dwellinghouse it shall be an offence if the occupier does not keep such drainage system in good order and repair, and he shall be liable to a penalty not exceeding £2.

#### D.—NUISANCES.

27. No nightsoil, refuse, or offensive rubbish shall be cast or deposited or allowed to flow into any spring, stream, or watercourse.

28. No person who is the owner or occupier of any premises within a Maori kainga shall permit or suffer any nightsoil or refuse or any offensive rubbish or matter of any kind whatever to accumulate or remain or be in or upon such premises so as to be injurious or dangerous to health or as to cause an offensive smell.

##### *Regulating all Privies.*

34. The owner or occupier of every dwellinghouse shall provide the same with a privy.

It shall be an offence for any person to construct a privy in connection with a building within the distance of 40 ft. from any well, spring, or stream of water used or likely to be used by man for drinking or domestic purposes, or otherwise in such a position as to render any such water liable to pollution.

37. Every privy shall, in all respects, be well and substantially erected. It shall be provided with a sufficient opening for ventilation as near the top as practicable and shall communicate directly with the open air. It shall be enclosed on all sides and be provided with a door.

38. The occupier of the premises on which any privy is situated shall keep such privy in good state of repair and in a thoroughly clean and sanitary condition.

39. The owner or occupier of any premises in connection with which a privy has been erected shall use or cause to be used a sufficiency of dry earth or sawdust or ashes so that the excrement shall be so covered that no nuisance shall arise therefrom.

##### *Regulating Pan-privies.*

40. Where a pan-privy is used, such privy shall be constructed and cleansed in the following manner:—

(a) Every person who shall construct a pan-privy in connection with a building shall construct such privy in such a manner and such a position as to afford ready means of access to such privy for the purpose of cleaning such privy and of removing filth therefrom.

(b) The seat of a pan-privy, the aperture in such seat, and the space beneath such seat shall be of such dimensions as to admit of a movable receptacle for nightsoil of a capacity of not less than one cubic foot being placed and fitted beneath such seat in such a manner and in such a position as may effectually prevent the deposit upon the floor or sides of the space beneath the seat, or elsewhere than in such receptacle, of any filth which may from time to time fall or be passed through the aperture of such seat.

(c) The seat of such pan-privy shall be so constructed that the whole of such seat or a sufficient part thereof may be readily removed or adjusted in such a manner as to afford adequate access to the space beneath such seat for the purposes of cleansing such space or removing therefrom or placing or fitting therein the appropriate receptacle.

(d) The receptacle in any pan-privy shall be constructed of such material and in such a manner as to prevent any escape by leakage or otherwise of any part of the contents of such receptacle. The aperture of the seat shall be provided with a cover, which must be kept over the aperture when the seat is not in use.

41. The occupier of every house shall cause the pans of all pan-privies used in connection with such house to be emptied and properly cleaned at least once in every week, and in any case so frequently as to prevent overflow.

42. It shall not be lawful for any person to bury nightsoil otherwise than in a pit or trench in such a manner and to such a depth as to provide that it shall have a covering of earth of at least 6 in. when the pit or trench is closed.

43. No nightsoil shall be buried within 30 ft. of any dwelling nor 60 ft. of any well.

##### *Regulating Pit-privies.*

44. A privy of an approved type may be provided with a pit for the reception of faecal matter in place of a pan, but such pit shall not be placed within 60 ft. of any stream, spring, or well, and shall be at least 30 ft. from any dwelling or place in which food is stored.

45. The pit of every pit-privy shall be covered by a seat so constructed as to prevent the access of flies to such pit, and for this purpose the aperture of the seat shall be provided with a cover which must be in place when the privy is not in use.

46. The pit of every pit-privy shall be covered in with clean earth before the faecal matter therein rises to within 12 in. of the surface of the ground, and the privy shall be thereafter moved.
