Present :

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS by section forty-four of the Valuation of Land Act, 1925, it is provided that if the Valuer-General is of the opinion that any land (other than a leasehold interest therein) has been fixed by the Assessment Court at less than its capital value, he may, within fourteen days after the hearing by the Assessment Court, give notice to the owner by registered letter that he requires the owner to consent to the capital value being fixed at the sum specified in the notice (being the sum which in the opinion of the Valuer-General is a fair capital value of the land) and that, failing such consent being given within thirty days after such notice is received or delivered at its address, the Valuer-General will recommend the Governor-General to acquire the land on behalf of His Majesty at that sum : And whereas it is further provided that the owner may, within the said thirty days but not afterwards, consent to the capital value being fixed at the sum specified in such notice, or at any other sum agreed to by him and the Valuer-General ; and in such cases the Valuer-General may fix the capital value in accordance with such notice or agreement, and alter the roll accordingly : And whereas if the owner does not consent or make such agreement as aforesaid, then the Governor-General may acquire the land on behalf of His Majesty at the sum specified as aforesaid in such notice, and for that purpose may, within a reasonable time, by Order in Council gazetted, declare that the land is vested in His Majesty : And whereas Arthur Joseph Hutchinson, Company-manager, and James Thomson Fergusson Mitchell, Land-agent, both of Auckland, as trustees of the Estate of the late Joseph James Craig, are the registered proprietors of all the mines, beds, veins, and seams of coal and fireclay within and under the land referred to in Volume 20, folio 199, Volume 20, folio 203, Volume 20, folio 207, Volume 20, folio 214, Volume 20, folio 215, Volume 20, folio 224, Volume 129, folio 14, Volume 192, folio 246, and Volume 438, folio 143, subject to Memorandum of Lease No. 5457, Auckland Registry : And whereas the Valuer-General gave notice to the owner in terms of, and within the time specified by, section forty-four of the Valuation of Land Act, 1925, that he required the capital value to be increased or the land to be acquired on behalf of His Majesty at such increased sum : And whereas the owner has failed to consent within the said thirty days to the capital value being fixed at the sum specified in such notice : And whereas the Valuer-General has referred the matter to the Governor-General in Council :

Now, therefore, in pursuance and exercise of the powers conferred on him by section forty-four of the Valuation of Land Act, 1925, and of all other powers enabling him in that behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the acquisition of the said land, and doth declare the said land to be vested in His Majesty.

Notice to Mariners No. 18 of 1942.

Marine Department,
Wellington, N.Z., 19th August, 1942.

THE following regulations relating to public traffic in the Otago Harbour, and issued by direction of the Naval Board pursuant to Regulation 4 : 1 of the Shipping Control Emergency Regulations 1939, are published for the attention of mariners and for general information.

L. B. CAMPBELL, Secretary.

(M. 25/324.)

PUBLIC TRAFFIC REGULATIONS 1942, OTAGO HARBOUR.

The following regulations have been agreed upon by the New Zealand Naval Board and the Otago Harbour Board.

By order of the Otago Harbour Board—
J. RENTON, Secretary.

By direction of the New Zealand Naval Board—
N. H. BEALL, Naval Secretary.

INTRODUCTORY.

1. Until further notice the following regulations are to be observed by all merchant vessels (see definition, paragraph 7) approaching or moving within the Otago Harbour.

2. *Limits of the Harbour.*—The limits of the Harbour of Otago shall extend to and include all waters comprised within the area enclosed by a straight line commencing at Hayward Point Trig. Station, and running thence in a north-easterly direction on a true bearing of 20° 00' for a distance of three nautical miles; thence by a straight line in a south-easterly direction on a true bearing of 126° 00' for a distance of one and three-quarter nautical miles; thence by a straight line running in a south-westerly direction on a true bearing of 200° 00' for a distance of three nautical miles to a point situated at Howlett Point, bearing 309° 00' true and distant 550 ft. from Trig. Station N, Tairaroa Head; and thence south-westerly, north-easterly, and north-westerly by high-water mark along the shores of the Harbour of Otago as commonly known, back to the commencing point. All the said area is more particularly shown and delineated on plan marked M.D. 6816, and deposited in the office of the Marine Department at Wellington.

3. The ordinary regulations of the port are to be adhered to except where varied by these regulations.

4. All former Public Traffic Regulations are hereby cancelled.

5. *Use of Wireless Telegraphy, Wireless Telephony, and Sound Signalling.*—The use of any of the above methods of communicating or signalling for any purpose whatsoever is forbidden in the harbours of New Zealand; the only exceptions to this rule are such sound signals as are authorized to be made by the Regulations for Preventing Collisions at Sea, and by local regulations.

(2) For the proper enforcement of the above, the wireless-telegraph office or offices of such ships while in harbour will be sealed by the Customs or other officer to whom this responsibility has been assigned. During the stay of the vessel in harbour access to the wireless-telegraph office(s) will only be allowed under the following condition: If the vessel is remaining in harbour for such a period that it is necessary for the wireless staff to have access to the office(s) in order to attend to the batteries, &c., the Master of the merchant vessel will be responsible for warning the Customs officers, who may arrange for the breaking of the seals. The Master will be held responsible that no messages are transmitted while the office(s) is (are) open, and should state for how long access is required in order that the Customs officers may afterward go on board and reseal the office(s).

(3) In vessels fitted with wireless switches (whereby the Master can prevent the operator from sending messages without his knowledge unless the latter tampers with the apparatus) the procedure detailed above may be dispensed with.

(4) Any breach of these regulations renders the Master of an offending ship liable to a fine not exceeding £1,000.

6. *Signalling by light* in the Otago Harbour limits is restricted to urgent or essential messages only, and to the use of a light of minimum brilliancy consistent with efficient communication. Neither the light nor its reflection should be visible from a ship at sea.

7. *Definitions.*—For the purpose of these regulations—

(a) Fog
(b) Thick weather } Is considered to exist when it is impossible, owing to meteorological or other conditions affecting visibility, to communicate between the Examination Vessel and the Examination Battery by visual signals:

(c) The term "merchant vessel" includes all vessels other than the Examination Vessels and ships flying the White Ensign or a foreign naval flag:

(d) The term "small craft" refers to all vessels under 100 net register tons, and includes small steamers, scows, schooners, ketches, trawlers, fishing-boats, yachts, and launches other than those flying the White Ensign or a foreign naval flag:

(e) The term "Examination Vessel" includes any vessel employed in the Examination Service which displays the signals specified in paragraph 23:

(f) The Examining Officer is the officer of the Examination Service normally in the Examination Vessel who examines merchant vessels wishing to enter a defended port prior to their entry. As a result of his examination he permits or does not permit a merchant vessel to enter a defended port.

PART I.—ENTRY INTO THE PORT.

11. *Advice to Shipowners and Shipping Agents.*—Shipowners and shipping agents are advised that, in their own interests, and in order to avoid delays to their vessels in their recognition by and

passage through the Examination Service, they should, when circumstances permit—

- (a) As a general rule arrange for their vessels to arrive at the port during daylight:
- (b) Give notice of the expected arrival of their vessels at the port to the Chief Examining Officer, the Harbourmaster, Dunedin, stating the following particulars:—
 - (i) Name of vessel(s):
 - (ii) Date and time due at the port:
 - (iii) Appearance and distinguishing features such as funnel marks, &c.
 - (iv) Nature of cargo:
 - (v) Ports of loading and ports of discharge of cargo:
 - (vi) Number of passengers, if any.
- (c) See that their vessels are provided with a complete set of International Code flags, and two white and two red lanterns ready and available for use, in addition to the regulation navigation lights.

12. *Instructions for Merchant Vessels wishing to enter the Port* (for special regulations for small craft wishing to enter the port, see paragraph 29).—Merchant vessels arriving from seaward may proceed to the Examination Anchorage and there anchor at any time.

(2) Normally, merchant vessels are permitted to enter the port by day and night after having passed through the Examination Service.

13. Merchant vessels approaching the port are especially cautioned against making use of private signals of any description either by day or by night; the use of such signals will render merchant vessels liable to be fired on.

14. All merchant vessels must pass through the Examination Service before they are permitted to enter the port.

15. All merchant vessels approaching a New Zealand port at which the Examination Service is in force must hoist their signal letters on arriving within visual signalling distance of the port, and are not to wait for the signal "What ship is that?" to be made by the Examination Vessel or signal station. Vessels, however, which hoist their signal letters when approaching the port War Signal Station may haul their letters down as soon as the signal has been acknowledged by the Tairaroa Head Signal Station.

16. Merchant vessels (other than small craft—for definition of which see paragraph 7 and for instructions for which see paragraph 29) wishing to enter the port are to proceed to the Examination Anchorage and there anchor, unless, before anchoring, they are given permission and the necessary instructions to proceed into the port by the Examining Officer.

17. All orders and instructions necessary to enable a merchant vessel to enter the port will be given by the Examining Officer, whose orders and instructions are to be implicitly obeyed. Disobedience will render a merchant vessel liable to be fired on.

18. As a general rule merchant vessels will be examined by the Examining Officer in the order of their arrival in the Examination Anchorage.

19. Any merchant vessels attempting to leave the Examination Anchorage without the permission of the Examining Officer will be fired on.

20. Should bad weather or any other cause prevent a merchant vessel anchoring in the Examination Anchorage she will be ordered by the Examining Officer to remain under way in the Examination Anchorage or to proceed to sea, and will not be permitted to enter the port unless she can be identified while under way by the Examining Officer.

21. Port dues will not be collected from merchant vessels which close the Examination Vessel solely for the purpose of obtaining information.

22. *Examination Anchorage, Position, and Limits.*—From a position 009° 9½ cables from Tairaroa Head, the southern limit of the Examination Anchorage extends 271° 7½ cables; thence 359° 5 cables; then parallel to the southern limit for a distance of 7½ cables; then it joins the position 009° 9½ cables from Tairaroa Head.

23. *Examination Vessels.*—The Examination Vessel will be found in the Examination Anchorage or in the vicinity thereof, and will be known by the following distinguishing marks:—

(a) *By Day.*—They will fly a special flag—white and red horizontal surrounded by a blue border—at the fore mast-head and the Blue Ensign.

24. *"Port closed": Meaning of the Term.*—The term "port closed" means that vessels are not permitted to proceed further than the Examination Anchorage. The port will be closed between the hours of sunset and sunrise and at any other time by order of the Naval Officer in Charge.

25. *Signal to indicate "Port closed" and where hoisted.*—The signal to indicate that the port is closed is:—

(a) *By Day*—

(1) Three red balls hoisted vertically 6 ft. apart in a position in the Examination Vessel (see paragraph 23) where they are clearly visible all round the horizon.

(2) A similar signal hoisted at Tairaroa Head.

(b) *By Night*—

(1) Three red light hoisted vertically 6 ft. apart in a position in the Examination Vessel where they are clearly visible all round the horizon in lieu of the three white lights hoisted when the port is open (see paragraph 23).

(2) A similar signal hoisted at Tairaroa Head.

26. *Instructions to Merchant Vessels when the Port is closed.*—When the signals specified in paragraph 25 are displayed, the port is closed and all merchant vessels must either remain in the Examination Anchorage or proceed to sea. No merchant vessel is permitted to proceed to sea from the Examination Anchorage without permission from the Examining Officer (see paragraph 19).

27. *Regulations to be observed when in the Examination Anchorage.*—Except to save life, or to avoid accident, or with previous permission from the Examining Officer, Masters of merchant vessels are forbidden to—

(a) Move the vessel:

(b) Communicate in any way with the shore or with other vessels:

(c) Lower any boats:

(d) Work cables:

(e) Allow any person to leave the vessel, or any part of the vessel, cargo, stores, &c., to be removed.

(2) Should it be necessary in order to save life or to avoid accident, to do any of these things without previous permission of the Examining Officer, this officer is to be communicated with at once.

28. *To get into Communication with the Examining Officer when in the Examination Anchorage.*—

(a) *By Day*—Merchant vessels are to hoist flags D.P.G., International Code.

(b) *By Night*—Merchant vessels are to hoist two lights, red over white, 3 ft. apart at the fore masthead.

29. *Special Regulations for Small Craft wishing to enter the Port.*—All small craft are to report to the Examination Vessel from whom permission to enter must be obtained.

(2) Small craft, other than vessels provided with a Naval Clearance Certificate, are forbidden to proceed outwards beyond a line joining Harrington Point and the Spit Jetty. This prohibition applies by day as well as by night.

(3) The Naval Clearance Certificate referred to above may be in respect of a single voyage, or may be issued for such period and subject to such limitations as the Naval Control Service Officer, Dunedin, may think fit.

PART II.—INTERNAL MOVEMENT.

34. *Local Authority controlling Internal Movement.*—The Harbourmaster, Otago Harbour Board, is the local authority controlling internal movement. No movement in the port is to take place without the authority of this officer.

35. *Restrictions on Merchant Vessels entering certain Areas in the Port.*—No gunpowder or explosives shall be loaded or discharged unless under the jurisdiction of the Harbourmaster or other duly authorized officer. Vessels with quantities of explosives in excess of 5 tons are to proceed as directed by the Examining Officer, and vessels requiring medical examination to the Health Officer's examination ground.

36. *Routes to be followed.*—Are as laid down in the New Zealand Pilot.

37. *Speed Limits in Victoria Channel.*—The speed of vessels of 300 tons and over from a point due east of Burkes to Dunedin shall be limited to 6 knots.

38. *Anchorage.*—Are as laid down in the New Zealand Pilot and on Admiralty charts.

39. *Lights to be shown or obscured at Night in the Port and in the Examination Anchorage by all Merchant Vessels.*—

(a) When under way the regulation lights are to be displayed:

(b) When at anchor or secured, if lighting restrictions have been imposed in the port, no lights are to be visible from outboard (but see paragraph 40); the Chief Examining Officer is responsible for informing Masters of incoming vessels what restrictions (if any) are in force.

40. When a merchant vessel is under way, merchant vessels at anchor or secured are to show anchor lights (see paragraph 42) until such vessel is anchored or secured, or, in the case of a merchant vessel leaving, until such vessel is clear of the port. Vessels at anchor in the Examination Anchorage are to obscure their lights when the vessel under way is clear of the Examination Anchorage.

41. *Steaming and Bow Lights.*—Merchant vessels permitted to navigate within the port and in the Examination Anchorage in the dark hours are not to employ electrically lit lanterns as steaming or bow lights.

42. *Anchor Lights.*—Electrically lit lanterns are not to be used. Normal brilliancy of all lanterns used is to be reduced by one-half. All lanterns used are to be fitted with overhead screens arranged so as to cut off the light at an angle of between twenty and twenty-five degrees above the horizontal.

43. *Other Lights.*—No lights aloft, on deck, or below (except those mentioned in paragraphs 39 to 42 above, and such as are necessary for authorized signalling purposes) shall be permitted to be visible from outboard. This applies to all merchant vessels whether under way, at anchor, or secured.

(2) It is imperative that Masters and others in charge of merchant vessels should see that this order, which is for their own protection, is carried out.

44. *Approach to Government Vessels and Establishments.*—No merchant vessel is to approach any Government vessel, ship, lighter, or other Government craft, or any Government dockyard or establishment without a written permit from the Naval Officer in Charge, to be obtained through the Collector of Customs. The Examining Officer will inform merchant vessels that vessels flying certain distinguishing signals are Government vessels and are not to be approached.

45. *Merchant Vessels to keep clear of H.M. Ships.*—Merchant vessels are to keep clear of any of H.M. ships being navigated in the port.

46. *Patrol of Internal Waterways and Approaches to the Port.*—The internal waterways of the port and the approaches thereto may be patrolled by naval patrol craft and/or other Government vessels. Captains, Masters, and others in charge of merchant vessels are hereby warned to observe any orders given by the patrols. All merchant vessels are subject to inspection and search by these patrols. Disobedience of orders given by these patrols renders a merchant vessel liable to be fired on.

PART III.—DEPARTURE FROM THE PORT.

50. *Steps necessary on the Part of Masters and/or Agents before a Vessel may leave the Port.*—

(a) All vessels other than those specified in clauses (c) and (d) leaving the Ports of Auckland, Wellington, Lyttelton, Dunedin, and Port Chalmers, are on each occasion required to obtain—

(i) A naval clearance from the Naval Control Service Officer of the port;

(ii) A Customs clearance from the Collector of Customs.

The Collector of Customs requires to receive a copy of (i) before issuing (ii).

(b) Instructions given by the Naval Control Service Officer do not in themselves constitute sufficient authority for the departure of a vessel:

(c) A naval clearance, valid in the port of issue only, to cover a period not exceeding one month, may be granted to such vessels as the Naval Control Service Officer may recommend, and subject to such conditions as may be prescribed by him:

(d) A naval clearance need not be obtained by fishing-vessels (other than steam trawlers), pleasure yachts, or pleasure launches. (But see paragraph 29.)
