(T.C. 1/17/24.)

Classification of Assistant Teachers in Technical Schools and of Manual-training Teachers.

THE following list of assistant teachers employed full time in technical schools, combined schools, recognized technical classes and recognized manual-training classes, is issued under the authority of the Minister of Education in accordance with the Manual and Technical Instruction Regulations and the Regulations for Combined Secondary and Technical Schools, made by Orders in Council dated the 20th November, 1925, and 25th September, 1931.

Under the heading "Division" is shown the division and class in which the teacher is classified.

The class of salary corresponding with the class and division in which the teacher is placed is given in the Schedule to the aforementioned regulations.

Attention is drawn to the regulations relating to appeals of teachers against their classification and grading, under which any teacher who considers he has good grounds for objection to his classification may lodge an appeal to reach the Director of Education not later than forty clear days after the publication of this list in the *New Zealand Gazette*—i.e., such appeals must reach the Director not later than 12th January, 1943, and must contain an explicit statement of the grounds on which the appeal is based.

NOTE.—In the last column of the classification list T.S. stands for "Technical School," E.B. for "Education Board," S. of A. for "School of Art," Int. for "Intermediate School (or Department)," and C.S. for "Combined School."

Teachers marked with an asterisk are now or have been on military leave with overseas forces.

Those marked † are on leave in New Zealand on military duties or on work connected with the war.

Those marked § hold war appointments in another branch of the teaching service.

Parentheses indicate relieving positions, which are, almost without exception, war vacancies.

Teachers who desire their grading marks may have them on application to the Department.

C. E. BEEBY, Director of Education.

Terms of Payment.

A marked cheque for a deposit of one-fifth of the purchase-money, together with £1 ls. license fee, must accompany the tender, and the balance be paid in twelve equal monthly instalments, the first of which shall be made on the 20th of the month following the date of sale.

Special Condition.

The successful tenderer shall be liable for payment for any damage caused by fire on the above-mentioned area during the term of the license.

Terms and Conditions.

1. All instalment-payments shall be secured by "on demand" promissory notes made and endorsed to the satisfaction of the Commissioner of State Forests, and interest at the rate of 1 per cent. per annum in excess of current bank overdraft rates will be charged on all notes overdue from the date of maturity to the date of payment.

2. The right to cut and remove the timber will be sold in accordance with the provisions of the Forests Act, 1921-22, the regulations in force thereunder, and these conditions.

3. The aforementioned quality, quantity, and kind as to the said timber shall be taken as sufficiently accurate for the purposes of this sale, and no contract for the purchase shall be voidable, nor shall the successful purchaser be entitled to any abatement in price by reason of the said timber being of less quantity, quality, or kind as stated herein or in any advertisement having reference to the said timber.

4. A return giving the number of logs cut of each species and their contents must be made quarterly by the licensee on the last days of March, June, September, and December, respectively, in each year. A return must also be made on the same dates showing the output of sawn timber of each species. These returns may be ascertained and verified by inspection of the books of the mill, or by such other means as the Conservator may require, and for this purpose the accounts and books shall be open to the inspection of the Conservator, a Forest Ranger, or other duly authorized officer.

5. The attention of all tenderers is drawn to the fact that the local controlling body may require the successful tenderer to pay any claims or charges which may be made by that body for the maintenance of the road over which the timber may be transported, and before a sawmill license is issued a letter indicating that satisfactory arrangements have been made in this connection must be produced to the undersigned.

6. Tenderers are expected to visit the locality and to satisfy themselves in every particular on all matters relative to the sale.

7. Each tenderer must state the total price that he is prepared to pay for the timber. The highest or any tender will not necessarily be accepted, and the timber described is submitted for sale subject to the final acceptance of the tender by the Commissioner of State Forests.

8. The right is reserved to the Commissioner of State Forests to withdraw from sale any or all of the said timber either before or after the closing date for receipt of tenders.

9. If no tender is accepted for the timber herein mentioned it will remain open for application for three months from the closing date of tenders.

10. Tenders should be on the special form obtainable from any office of the State Forest Service, and should be enclosed in envelopes addressed "Conservator of Forests, Hokitika," and endorsed "Tender for Timber."

The conditions, which will be inserted in the license to be issued to the purchaser, and further particulars may be obtained on application to the undersigned or to the Director of Forestry, Wellington.
