## Notice to Apiarists given under and for the Purposes of the Honey Emergency Regulations 1943

PURSUANT to the powers conferred on the Director of the Internal Marketing Division of the Marketing Department by the Honey Emergency Regulations 1943, I, Thomas Richard Smith, acting for the Director in accordance with the provisions in that behalf of the Marketing Act, 1936, do hereby give the following directions with respect to honey produced during the 1943-44 season.

## DIRECTIONS

## DIRECTIONS AS TO RETURNS BY APIARISTS

1. (1) This clause applies to every apiarist who on the last day of any month in the 1943-44 season is the owner of not less than twenty hives.

(2) Every apiarist to whom this clause applies shall, within seven days after the end of each month of the season, furnish to the Honey Section of the Internal Marketing Division at Auckland a return showing—

- The total amount of honey extracted by him during the month immediately preceding the date of the returns;
- Any other particulars required to be furnished in accordance with the form of the Beekeeper's Monthly Return supplied by the Department;
- In particular, in the monthly return for January, 1944, every apiarist must give particulars of the quantities and kinds of unused containers held by him as at 1st December, 1943.

(3) Forms of returns are available on application to the Department in Wellington or to the Honey Section of the Internal Marketing Division at Auckland.

## DIRECTIONS AS TO HONEY REQUIRED BY DEPARTMENT

2. (1) Notice is hereby given to all apiarists who are required in accordance with clause 1 (2) hereof to furnish returns for any month of the 1943-44 season that, subject to any directions (whether of general application to all apiarists or of special application to individual apiarists) that may hereafter be given, every such apiarist is required to supply to the Department 70 per centum of the honey extracted by him in each and every month of the season:

Provided that in respect of honey extracted by any apiarist in the month of December, 1943, if, before the publication of this notice, the apiarist has disposed of more than 30 per centum of the total quantity extracted by him during the said month, he shall supply the whole of the residue to the Department unless, on application made to the Department, he is given permission to retain portion of the said residue for private sale or otherwise for his own purposes.

3. (1) Except with the special authority of the Director, or unless otherwise expressly directed by him, every apiarist who is required to supply to the Department any honey extracted by him in any month shall, as soon as practicable after the end of the month, comply with the instructions set out in the Schedule hereto with respect to the branding, packing, and consignment of honey (which are substantially the same as the instructions given with respect to honey of the 1942-43 season in Information Circular No. 20, dated 10th December, 1942).

## NOTICE AS TO HONEY NOT REQUIRED BY DEPARTMENT

4. (1) Subject to any directions that may be hereafter given by or on behalf of the Director for the purposes of the said regulations, any honey that is not required to be supplied to the Department in accordance with the foregoing provisions of this notice may be sold or otherwise disposed of by the producer as he thinks fit, subject only to the provision of the Honey Marketing Regulations 1938\* and of any Price Order relating to honey made by the Price Tribunal under the Control of Prices Emergency Regulations 1939.

(2) The last preceding subclause applies to apiarists who have less than twenty hives as well as to apiarists who have twenty hives or more.

## SCHEDULE

DIRECTIONS AS TO PACKING AND BRANDING (EXTRACTED FROM INFORMATION CIRCULAR NO. 20, AND APPLIED TO HONEY OF THE 1943-44 SEASON)

## 1. Liquid Honey

Honey can be sent in liquid or granulated.

## 2. Forwarding Honey

On receipt of returns from producers, delivery instructions will be issued.

## 3. Packing Bulk Honey

(a) *Weights.*—Tins to hold 58 lb. to 60 lb. weight of honey each. Where weights are irregular the whole of the line will be accepted at the lowest weight in the line, only complete pounds counted. Tins must be clean and free from rust. Rust can be prevented by rubbing the tins over with a rag moist with boiled linseed oil. Weight to be allowed for tins: 2 lb. 10 oz.

(b) *Liquid Honey.*—Honey sent in liquid or semi-liquid must be packed in tins with a press-in lid within a screw-cap lid with opening not less than 1½ in. in diameter, the top of the screw cap not to project above the upper edge of the tin.

NOTE.—Honey will be classed as liquid or semi-liquid if it runs from the tin when the tins are inverted with the lids off.

(c) *Cases.*—Tins carrying liquid honey must be cased in strong wooden cases made to hold one or two tins. Ends of cases to be ¾ in. dressed on one side, and sides, top, and bottom ¼ in. Inside measurement 19¼ in. long, 9¼ in. wide, and 14¼ in. deep. The lids of cases with liquid honey should be securely nailed.

(d) *Granulated Honey.*—Honey firmly set can be sent in lever-lid tins as formerly, packed one or two in a case. If the route takes in sea carriage a wad of paper should be placed between the lever lid and case lid to keep the lever lid from coming off. Securely nail the case lid.

Producers are asked to pack their honey as set out above. Any claim for damage resulting from honey not packed according to the above specifications will be the liability of the supplier.

## 4. Branding

All suppliers must use a brand number. The brand number is to be stencilled on the lower right-hand corner of one end of the case in letters at least 1 in. high and the net weight above the number. A letter or number 1 in. high to be stencilled on the top right-hand corner of the same end of the cases of honey of the same quality, called "extraction mark." If different qualities are received under the same mark or in one line without being marked so that it cannot be graded until it is sorted and marked, any charges incurred in sorting shall be paid by the supplier. Suppliers are asked not to use the same extraction or quality mark on two different lots of honey in the same season. If this is done the cases will be re-marked at a cost of 3d. per case. It would prevent confusion when carrying stocks if suppliers would use for extraction marks letters one year and figures the next. Do not use pencil for brand and extraction marks. If pencil is used cases will require re-marking at a cost of 3d. per case. Cut a stencil out of cardboard.

## 5. Delivery Instructions

South Island producers will be instructed later where to deliver their honey. Should deliveries be required at Auckland, proceed as follows: Consign their honey at the nearest railway-station to the "Internal Marketing Division, Auckland Wharf." Mark the consignment-note "Ship by cheapest route; freight account (showing rail and rail mileage) to be sent to the Internal Marketing Division, Honey Section, P.O. Box 1293, Auckland." Also mark consignment-note: "Honey extracted, locally produced."

The portion of the freight from place of consignment to shipping port, up to 120 miles, will be charged back to the producer. The balance of the freight will be a charge on the depot.

North Island Suppliers.—Producers in the North Island, unless otherwise instructed, will, in accordance with the Honey Emergency Regulations, forward 70 per cent. of their monthly production packed in bulk tins to the Internal Marketing Division (Honey Section), Auckland. An arrangement has been made with the Railway Department to carry honey from localities in the vicinity

\* Statutory Regulations 1938, Serial number 1938/149, page 668.

of the ports of Napier, Wellington, Wanganui, and New Plymouth, at local rates. It will now be as cheap and more convenient to forward honey by rail. Producers in these localities are therefore advised to consign their honey by rail, addressing their consignment-notes "Internal Marketing Division, Auckland," and marking the consignment-note "Honey extracted, locally produced." All freight up to 120 miles will be debited back to producers; the balance of the freight will be a charge on the depot.

6. *Advising Consignments*

When forwarding honey, suppliers will advise the office on duplicate advice-notes; such advice-notes to reach the office not later than the time when the honey is received. The advice-notes shall state—

- Date when forwarded :
- How forwarded :
- Where consigned from :
- Number of packages :
- Net weight, brand, and marks :
- Consignor's name and address :

All consignments to be made freight payable, Auckland.

Dated at Wellington, this 17th day of December, 1943.

T. R. SMITH,  
For the Director of the Internal Marketing Division  
of the Marketing Department.

## PRELIMINARY

1. This Order may be cited as Price Order No. 183, and shall come into force on the 24th day of December, 1943.
2. (1) In this Order, unless the context otherwise requires,—
  - “The said regulations” means the Control of Prices Emergency Regulations 1939\* :
  - “Grower”, in relation to apricots, peaches, plums, or raspberries, means a person engaged in the business of growing any such fruit for sale :
  - “Crate of three trays”, in relation to apricots, peaches, or plums, means a “three-tray” package of the kind numbered 4 in the First Schedule to the New-Zealand-grown Fruit Regulations 1940†, and containing or reputed to contain approximately 8 lb. in each tray :
  - “Half-case”, in relation to apricots, peaches, or plums, means a case of the kind numbered 6 in the said First Schedule, and containing or reputed to contain approximately 18 lb. of apricots or peaches or approximately 20 lb. of plums :
  - “Commercial user” means a person engaged in the business of canning or of otherwise processing or compounding apricots, peaches, plums, or raspberries that are not intended for immediate consumption :
  - “Wellington Metropolitan Area” means the cities of Wellington and Lower Hutt, the boroughs of Petone and Eastbourne, and the town district of Johnsonville.
- (2) Terms and expressions defined in the said regulations and used in this Order have the meanings severally assigned thereto by those regulations.
3. (1) Any apricots, peaches, or plums to which this Order applies may be graded by the grower in accordance with the system of grading in operation with respect to such fruits in the 1942-43 season, or may be sold as ungraded.
- (2) Only fruit that has been graded as “special selected dessert” may be packed in trays, and each such tray shall be legibly branded with the words “special selected dessert”.
- (3) All apricots, peaches, or plums that are sold by a grower in half-cases shall be graded as “dessert” or shall be ungraded. No such fruit shall be graded as “dessert” unless it conforms, with respect both to quality and size, to the standard fixed for “dessert” grade fruit.
- (4) Every half-case of apricots, peaches, or plums that has been graded “dessert” in accordance with this clause shall be legibly branded with the word “dessert”, and every half-case of ungraded fruit shall be legibly branded with the word “ungraded” or shall be left unbranded.
4. The wholesale prices fixed by this Order apply with respect to sales of the following classes, namely:—
  - (a) Sales to retailers (whether made by the grower or any other person); and
  - (b) Sales to users in any case where not less than five half-cases or three crates of three trays of apricots, peaches, or plums, or not less than 56 lb. of raspberries are sold to any one purchaser at one time.
5. The provisions of this Order shall apply notwithstanding that any fruit to which the Order is applicable is sold otherwise than by weight.

## APPLICATION OF THIS ORDER

6. (1) This Order applies with respect to all apricots, peaches, plums, and raspberries grown in New Zealand and sold within any of the periods specified in the Schedule hereto.
- (2) The maximum prices fixed by this Order apply with respect to sales by auction, as well as to other sales.
- (3) Notwithstanding anything to the contrary in this Order, any customary trade practice with respect to charges for cases or other containers, and with respect to allowances for the return thereof, shall continue to be observed by growers, wholesalers, and retailers.

## MAXIMUM WHOLESALE PRICES

7. (1) All approvals given by the Tribunal with respect to any kind of fruit of the 1942-43 season sold by a wholesaler to a commercial user for the purposes of his business (including any terms and conditions subject to which any such approval was given) are hereby extended to apply to sales (during the corresponding periods of the current season or of any subsequent season) of any fruit of a like kind to which this Order applies, and the maximum price that may be charged or received by any wholesaler for fruit sold to a commercial user as aforesaid shall be determined in accordance with the particular approval that is appropriate thereto.
- (2) Except as provided in the last preceding subclause, and subject to the following provisions of this clause, the maximum wholesale price of any fruit to which this Order applies shall be determined in accordance with the Schedule hereto.
- (3) The wholesale prices prescribed in the Schedule hereto are fixed as for delivery at the wholesaler's store or other premises from which delivery to the purchaser is effected.
- (4) Where delivery is effected by a wholesaler elsewhere than at premises occupied by him he may add to the appropriate price fixed in accordance with the Schedule hereto the reasonable cost of delivery, not exceeding in any case the cost that would have been incurred by him if delivery had been effected by a common carrier at current freight rates.

## MAXIMUM RETAIL PRICES

- (2) The retail price of any fruit computed in accordance with the last preceding subclause shall be calculated by reference to the prices and weights disclosed in the appropriate invoices.
- (3) In computing the price per pound or the transport charges per pound paid or payable by a retailer for or in respect of any fruit, the total price or transport charges paid or payable by him for any lot of fruit shall be divided by the number of pounds of fruit comprised in the lot, and the result shall be deemed to be the price per pound or the transport charges per pound paid or payable by the retailer as aforesaid.
- (4) Notwithstanding anything to the contrary in the foregoing provisions of this clause, the maximum retail price of any fruit to which this Order applies shall not in any case exceed a price computed at the appropriate rate or rates prescribed in the Schedule hereto.
- (5) If in respect of any lot of fruit sold by a retailer the maximum price calculated in accordance with the foregoing provisions of this clause is not an exact number of pence or half-pence, the maximum price of the lot shall be computed to the nearest upward halfpenny.
