BY-LAWS

IN pursuance and exercise of the powers and authorities vested in it by the Public Reserves, Domains, and National Parks Act, 1928, the Abel Tasman National Park Board of Control doth hereby make the following by-laws.

1. INTERPRETATION

IN these by-laws, unless inconsistent with the context,—

"Park" means the Abel Tasman National Park as constituted by Order in Council dated 24th February, 1943, in pursuance of section 71 of the Public Reserves, Domains, and National Parks Act, 1928;

"Board" means the Abel Tasman National Park Board of Control constituted by virtue of section 73 of the said Act;

"Chairman" means the person appointed under section 75 of the said Act as Chairman of the Board;

"Secretary" means the person appointed to that office by resolution of the Board under section 79 of the said Act;

"Ranger" means any person appointed to that office by the Board under the powers of section 79 of the said Act;

"Stock" includes any horse, donkey, mule, goat, pig, sheep, or cattle beast;

"Camping-sites" means any area or areas that may from time to time be set aside, used, or that may be deemed suitable for such purpose.

2. USE OF PARK

The park shall be open to the public throughout the year without charge for admission thereto except as hereafter provided.

3. FLORA AND FAUNA

No person shall, without the written authority of the Secretary, acting on a decision of the Board, place in the ground, sow, or plant any seed or plant in the park, whether such seed or plant be native in New Zealand or not; nor shall birds, insects, or other animals be liberated therein except under like authority.

No person shall remove or destroy any tree, plant, shrub, or fern, or remove dead wood of any kind whatsoever, without the written authority of the Secretary, acting on a decision of the Board.

4. CAMPING

All persons wishing to camp in the park shall apply to the Secretary or a ranger for assignment of camping-sites, and shall pay such fees or charges as may from time to time be fixed by the Board, and shall not change camp-sites without permission from the Secretary or a ranger.

The following conditions shall be strictly observed in connection with camp-sites:—

(a) Combustible rubbish must be burned on camp-fires, and all other garbage and refuse of all kinds, including broken glass, bottles, tin cans, &c., must be placed in garbage-cans if available, or otherwise must be buried not less than 1 ft. deep by the campers in a place hidden from sight;

(b) No person, whether camping in the park or otherwise therein, shall pollute in any manner the waters of the park, nor shall he or she bathe in any of the streams near the regularly travelled thoroughfares in the park without suitable bathing clothes;

Campers shall construct latrines over pits in suitable places hidden from sight, and such pits shall be filled in to the satisfaction of a ranger or other officer of the Board before leaving;

(c) No person shall tie or tether stock in such a way that they may be able to enter any streams of the park. All animals shall be kept at sufficient distance from camping-grounds so as not to litter the ground and render the area unfit for camping;

(d) No person shall take any wood for fuel except from dead trees or from trees which have been cut for that purpose by the Board's employees;

(e) No person shall remove, disturb, break, destroy, cut names, letters, words, figures or devices on, or deface any building, fixed or movable seats, gates, bridges, or trees within the limits of the park.

5. HUTS

(a) Any person desiring the use of any huts or other buildings erected in the park shall apply to the Secretary or a ranger, who shall in their discretion grant to such applicant such usage of the hut or building as they shall deem advisable, either exclusively or concurrently with any other person or persons.

(b) The charges, restrictions, and conditions of usage of any hut or building shall be as fixed by the Board from time to time.

(c) The ranger or other officer of the Board is empowered to terminate any usage of any hut or building where such is in excess of that granted, or where the user acts in such a manner as in the opinion of the ranger or other officer of the Board is likely to cause damage to the Board's property or give offence to other persons.

(d) No person shall use or attempt to use any hut or building without the written consent of the Secretary or a ranger.

(e) Should any organization be empowered to erect any buildings for accommodation within the park, and such accommodation is at any time not fully occupied by members of that organization, then other persons shall be entitled to make use of the same under whatever conditions the organization, with the prior approval of the Board, may determine.

6. FIRES

No person shall light any fire, except at camping-sites, without the express permission of the Secretary or a ranger.

Fires shall not be kindled near trees or dead wood, moss, dry leaves, grass, tussock, forest mould, or other vegetation, but may be lit in some specially prepared open place on rocks or earth. Should camps be located in a locality where no such open space exists, or is provided, the dead wood, moss, dry leaves, &c., must be scraped away to the rock or earth over an area considerably larger than that required by the fire. Fires shall be lighted only when necessary, and when no longer needed shall be completely extinguished, and all embers and the bed smothered with earth and water so that there remains no possibility of reignition.

Special care must be taken that no lighted match, cigar, or cigarette is dropped in any grass or other inflammable matter.

Nothing in this by-law shall exempt an offender from his or her liability under the Public Reserves, Domains, and National Parks Act, 1928, or any other Act, with respect to the lighting of fires.

7. HUNTING

All hunting or the killing, wounding, or capturing of any bird or animal, except with the written permission of the Board, is prohibited within the limits of the park.

No person entering, camping in, or travelling through the park shall take, carry, or discharge or use firearms or any fireworks, gunpowder, or other explosive, or any weapons or instrument of a dangerous nature, or bows and arrows, or catapult or shanghai within the limits of the park, except with the written permission of the Board.

8. BUSINESS PERMITS

No person shall reside permanently, engage in any business or erect any buildings, or sell or offer for sale any article of merchandise, or carry on any trade within the limits of the park except with the written permission of the Board.

9. ADVERTISING

No person shall erect, post, or display any notices or advertisements within the park, except such as the Board may deem necessary for the convenience and guidance of visitors to the park.

10. STOCK

(a) Live-stock of any kind or description improperly within the limits of the park may be impounded and held until the usual driving fees and impounding charges and other expenses have been paid.

(b) Any authorized officer or officers of the Board, or any other authorized person, may destroy all unbranded stock of any kind whatsoever above the age of six months, or apparently above that age, found within the park.

11. REMOVAL OF CERTAIN PERSONS

Any person who renders himself obnoxious by bad behaviour or disorderly conduct in the park may be removed therefrom by a ranger or other officer of the Board.

12. DOGS, ETC.

No person shall take any dog or cat into the park without the written permission of the Board or liberate or abandon in the park any dog, cat, or other animal.

The ranger is empowered to destroy any dog or cat found in the park without authority or not being under proper control.

Nothing in these by-laws shall be deemed to limit or prevent the taking of proceedings under any Act or statute in respect to any offence committed within the park.

Passed and adopted by resolution of the Board at a meeting held at Nelson on this 15th day of November, 1943.

P. R. WILKINSON, Chairman.
J. B. DIXON, Secretary.

The foregoing by-laws of the Abel Tasman National Park Board are hereby approved, this 15th day of May, 1944.

NOTES ON THE WEATHER FOR APRIL, 1944

General.—April was a mild and rather cloudy month, with frequent rain in most districts. Conditions have promoted further growth, although the season has not proved very good for fattening stock. Prospects for the winter are very favourable.

Rainfall.—Rainfall was deficient in eastern districts from the Bay of Plenty to Marlborough, totals being appreciably less than half the average about northern and central Hawke's Bay. Elsewhere rainfall was in excess. About twice the average amount fell in western Nelson and proportionately more from Culverden to Balclutha. Near Dunedin totals exceeded thrice the average, chiefly as the result of exceptional rain on the 5th and 6th. On the latter day several falls exceeded 4 in. and caused minor flooding.

Temperatures were milder than usual, departures exceeding two degrees in the western portion of the Wellington Province. There were several frosts, which were sharp only locally.

Sunshine totals were below normal in most places, particularly so in Napier, Hanmer, Hokitika, and Westport, all of which averaged at least one hour a day less than average. On the other hand, Wanganui (172.0 hours) and Gisborne (169.4 hours) experienced a particularly sunny month, while Invercargill had a slight surplus.

Weather Sequence.—Fine, anticyclonic conditions prevailed at first, but a deepening depression which moved from the north-west to south of New Zealand on the 2nd and 3rd gave considerable rain in and west of the southern ranges and north-westerly gales in central and southern areas. The trough of this depression reached Cook Strait on the 5th, when a shallow disturbance located to the north caused a deterioration to spread from the north, with unsettled conditions becoming general. Another depression on this trough, which between the 5th and 7th moved from north of Westland to east of Otago, was accompanied by many heavy falls, and most of the North Island received some heavy showers as the cold front passed. Winds turned more generally to the south-west and the weather improved, especially east of the North Island ranges.

A cold front from the south-west brought scattered showers with some thunder on the 8th and 9th, but an early improvement followed. Extensive rain commenced in and west of the South Island ranges on the 11th, a depression moving to the east of Otago on the 12th, and most districts received a period of rain with the passage of the associated cold front, but east of the main ranges the amount was small.

From the 13th to 15th a cold front advanced slowly from the south, while a depression remained south of Lord Howe Island and an anticyclone moved to the east of the South Island and intensified. There was little rain. A complex system associated with the depression moved across New Zealand on the 17th and 18th, giving dull weather generally and heavy rain in North Auckland, western Nelson, and Westland. A new low-pressure centre developed north of New Zealand on the 18th, causing fresh easterlies over the Auckland Province, with rain extending south to Wairoa. Further south, under the influence of a transient anticyclone, there was a clearance. Rain ceased in the Gisborne area on the 21st when, however, a trough with a narrow band of rain commenced to move eastward across New Zealand.

On the 24th, with an anticyclone to the north and a deep depression approaching in the south-west, north-westerly winds increased, later reaching gale force in places. A secondary centre formed off Westland and moved into the deepened southern centre, the associated trough crossing the North Island on the 25th. Fairly general rain occurred, being heavy in the ranges of both Islands, but to the eastward, falls were light. Westerly conditions persisted on the 26th and 27th, with passing showers in southern and western districts. Winds tended south-westerly as a high-pressure wedge advanced, and the weather became mainly fair and cool. A trough passed on the 29th, with a low remaining east of Canterbury. Conditions were changeable with showery periods in most districts, and at 4 a.m. a tornado swept across Westport, damaging houses in its path. On the 30th fresh southerlies advanced up the east coast to Cook Strait.
