$$(i) \text{ Time and one-half rate} = T 1\frac{1}{2} \times 1\frac{1}{3} = T 2.$$

$$(ii) \text{ Double time rate} = T2 \times 1\frac{1}{3} = T2\frac{2}{3}.$$

(i) The rate for overtime worked by a co-operative contract party shall be based on the party's average hourly earnings for that four weekly measure-up period, *i.e.* :—

A worker refusing to do so shall be deemed to have lost time through his own default. Payment for such extra time worked shall be at ordinary time rate only, notwithstanding the provisions of clause 5 hereof.

(i) If during a fortnightly pay period (or four weekly measure-up period in the case of a co-operative contract worker) a worker has not been able to make up the whole of the time lost in that period, he shall not be required to make up the balance during a subsequent period.

(j) Time lost through wet weather by co-operative contract workers shall be paid for at the end of the four weekly measure-up period.

16. TRAVELLING-TIME : LAND-DEVELOPMENT WORKERS OCCUPYING CAMP ACCOMMODATION

(a) A worker compelled to live more than one mile from his work who has to walk to and from work shall be paid travelling-time at ordinary time rate computed on the basis of twenty minutes to the mile for all distance travelled in excess of the first mile to and from work (e.g., if a man lives a mile and a quarter from his work he is entitled to payment for half a mile, or ten minutes, for the day).

(b) (i) When workers are conveyed by the Department to and from work the officer in charge shall, after consultation with the union representative, fix a place and time of starting and returning and also the time allowed for the trip. Where practicable, the starting-time of the trip shall be not earlier than twenty minutes before the ordinary time for commencing work, and the time of arriving back at the camp shall be not later than twenty minutes after the ordinary time for ceasing work.

(ii) Time so occupied in travelling to and from work in excess of twenty minutes each way shall be paid for at ordinary time rate. Workers shall not be entitled to payment for any excess travelling-time caused by break-down of, or accidents to, conveyances.

(iii) Workers shall travel in their own time to the arranged transport-starting place.

(c) Co-operative contract workers shall be paid for travelling-time at the appropriate day-wages rates.

(d) Time occupied in travelling to and from work shall not count towards overtime or as part of the day's work except when a worker is called back for overtime from his home without prior notice.

(e) Where the work is of a scattered nature and the Department finds it inconvenient to provide transport, thus necessitating workers using their own bicycles for travelling to and from work, the following scale of mileage-allowance shall apply :—

Distance.	Allowance.	
	Per Working-day.	
	s.	d.
Over one mile and under two miles	0	6
Two miles and under three miles	0	9

The distance travelled shall count one way only and shall be determined by the ordinary shortest route. Workers shall not be entitled to payment for travelling-time.

(f) A worker who desires to reside at home and not occupy either single or married workers' accommodation may be paid travelling-time in terms of clause 17 hereof, provided he is residing within a reasonable travelling distance from the work. The officer in charge and the union representative shall decide whether or not such distance is reasonable.

17. TRAVELLING-TIME : WORKERS NOT PROVIDED WITH CAMP ACCOMMODATION

(a) This clause shall not apply to a worker while employed in terms of clause 20 hereof.

(b) An assembly point (or points) in each city, town, or other centre shall be arranged between the officer in charge and the union representative.

(c) A worker is required to travel from his home to the assembly point in his own time and at his own expense.

(ii) Be paid for reasonable time occupied in travelling to and from work from the assembly point, or from the worker's home, whichever is the nearer to the work.

(e) A worker shall not be entitled to travelling-time or expenses if the work is less than one and a half miles from his place of residence.

(f) Time occupied in travelling to and from work shall not count towards overtime.

18. CAMP-SHIFTING TIME : LAND-DEVELOPMENT WORKERS

(a) Subject to prior agreement between the officer in charge and union representative, reasonable time occupied in shifting camp shall be paid for, and payment shall be at day-wages rate. Such shifting-time may include time occupied in dismantling old camp and travelling to new camp, as well as erecting new camp. If dismantling and erecting are done by the Department, payment shall be made for time occupied in travelling.

(b) No worker shall be required to shift camp on a wet day.

(c) Working-time for fixing up camp on a new site shall be paid for at ordinary day-wages rate, with a minimum payment of two hours for single workers' accommodation and eight hours for married workers' accommodation. This provision shall apply also to new men arriving on works where they are required to bach.

19. TEMPORARY TRANSFER : EXPENSES

(b) This clause shall not apply to a worker while employed in terms of clause 20 hereof.

20. COUNTRY WORK

(a) This clause shall apply only to workers regularly employed on construction and maintenance of buildings.

(b) "Country work" means work done in such a locality as to necessitate a married worker sleeping elsewhere than at his genuine place of residence or a single worker sleeping elsewhere than at his home or headquarters.

(c) This clause shall apply whether or not a worker prior to accepting such country work is already in the employ of the Department, or whether the worker is engaged at the place where the work is to be done or elsewhere, and irrespective of the situation of the Department's usual place of business.

(d) Any worker sent to country work shall be conveyed by the Department to and from such work free of charge, or his travelling-expenses going to and returning from such work shall be paid by the Department, but once only during the continuance of the work if such work is continuous: Provided that when a worker is withdrawn from such work by the Department, or returns therefrom requiring medical attention as a result of an accident arising out of and in the course of his employment and is again required for such work, the Department shall convey the worker free of charge or pay his fare to and from such work.

(e) Such travelling-time (with a maximum of eight hours for any day) shall be paid for at ordinary time rate: Provided that a worker required to travel to a job for more than four hours on a Saturday shall be paid for eight hours.

(f) The Department shall refund reasonable and actual expenses incurred by a worker while travelling to and from country work.

(g) A worker employed on country work shall either be provided with suitable board and lodging or in lieu thereof be paid an allowance of 7s. for every day other than a Sunday while so employed: Provided that where through circumstances within the control of the Department a worker is employed on country work for less than six consecutive days the Department shall provide board and lodging and may not elect to pay the allowance in lieu thereof. What constitutes "suitable board and lodging" shall be agreed between the officer in charge and the union representative, and shall be deemed to include single worker's tent accommodation.

(h) Where suitable board and lodging is not provided at or reasonably near the site where country work is to be done, a worker shall be conveyed to and from such work at the expense of the Department. Reasonable time so spent in travelling shall be paid for at ordinary time rate.

(i) Where the work is less than 50 miles from the worker's headquarters the worker shall be refunded his return fare to and from headquarters once every four weeks during the continuance of the work. Where the work is more than 50 miles from the worker's headquarters, a return fare shall be refunded once every three months.

(j) Notwithstanding the provisions of clauses 2 and 3 hereof, the hours of country work may be fixed by agreement between the officer in charge and the union representative. Overtime shall be paid for as follows:—

- (i) Notwithstanding the provisions of clause 5 hereof, time worked outside or in excess of the hours as prescribed in clauses 2 or 3 hereof shall be paid for at the rate of 6d. an hour in addition to ordinary time rate.
- (ii) Time worked on Sundays shall be paid for at double time rate.
- (iii) Time worked on any of the holidays prescribed in clause 6 hereof shall be paid for at double time rate in addition to any payment for the holiday due under subclause (d) of clause 6 hereof.

21. EMERGENCY WORK

(a) "Emergency work" shall mean work necessitated by wind, rain, fire, snow, storms, floods, tides, earthquakes, and other causes, and requiring immediate attention to keep open or to restore essential services, and shall include opening lake outlets.

(b) All workers required by the officer in charge to undertake such work at any time shall do so.

(c) A member of a co-operative contract party while engaged on emergency work shall be paid at the appropriate day-wages rate for such work, and not at the average hourly earnings of his party.

(d) Workers called out at night for emergency work shall be paid for a minimum of two hours at the appropriate overtime rate.

(e) When long hours are required to be worked under adverse conditions the Department shall provide the workers with reasonable refreshments such as tea or coffee and food.

Prior to commencement of the journey the worker shall be paid at his ordinary rate of pay for the working-hours allowed for travelling.

(b) Where such driver is working an 8 hour day only because he lives in a town and travels a considerable distance to and from work in a conveyance with other workers (and the transport time-table does not permit his working an $8\frac{1}{2}$ hour day) the following shall apply :—

(i) If the worker declines to occupy accommodation on the work, he shall be paid for time actually worked and not his full weekly wage—*e.g.*, if he works only 40 hours a week, he shall be paid $\frac{\text{weekly wage} \times 40}{42\frac{1}{2}}$; but

(ii) If accommodation is not available on the work, the worker shall be paid his full weekly wage.

4. SHIFT-WORK

(a) Notwithstanding the provisions of clauses 2 and 3 hereof, shifts may be worked at any time as required by the officer in charge.

(c) Shift-workers shall be paid an allowance of 2s. 6d. a shift, provided that where shifts are not rotated the allowance shall not be paid to the day-shift workers.

5. WET PLACES

(g) A worker who works for more than twelve hours continuously shall continue to be paid at not less than the appropriate overtime rate for all overtime worked until he has had a break of at least eight hours.

(h) The rate for "wet place" overtime shall be computed on the ordinary "wet place" rate of time and one-third, *i.e.* :—

$$(i) \text{ Time and one-half rate} = T1\frac{1}{2} \times 1\frac{1}{3} = T2.$$

$$(ii) \text{ Double time rate} = T2 \times 1\frac{1}{3} = T2\frac{2}{3}.$$

(i) The rate for overtime worked by a co-operative contract party shall be based on the party's average hourly earnings for that four weekly measure-up period, *i.e.* :—

$$(i) \text{ Time and one-half rate} = 50 \text{ per cent. additional to average hourly earnings.}$$

$$(ii) \text{ Double time rate} = 100 \text{ per cent. additional to average hourly earnings.}$$

(j) A worker required to work evening or shift overtime for more than four and a half hours shall be allowed a meal period of half an hour at the completion of four hours' work, and shall be paid as if he had worked during such meal period.

Where, however, a worker supplies his own gum boots by arrangement with the officer in charge, he shall be paid an allowance of 2s. 6d. for every working-day on which he requires to wear them for not less than four hours.

(b) On land drainage and reclamation, or similar work, a worker shall be paid the allowance in terms of subclause (a) above even though he may not actually be working in water. Thus a worker working in wet slurry in the bottom of a drain and having to wear gum boots is entitled to the allowance.

(c) The officer in charge shall be the sole judge as to the necessity or otherwise of wearing gum boots.

(d) A gum-boot allowance shall not be paid if the work has been declared a "wet place" in terms of clause 5 hereof.

(e) Where gum boots are handed in by a worker who no longer requires them the Department shall disinfect the boots before they are issued to another worker.

(c) Workers' pay envelopes shall have clearly stated thereon—

- (i) Gross earnings.
- (ii) Gross deductions.

(a) Subject to the provisions of subclauses (b) and (c) below, provided a worker on an hourly rate of pay has worked full time (other than time lost through wet weather) in any fortnightly pay period he shall be paid the amount (if any) by which his earnings for that period are less than the sum of 80 times the hourly rate for a labourer.

(b) Notwithstanding the provisions of subclause (a) above, time lost through wet weather by a co-operative contract worker in any four-weekly measure-up period shall be paid for at either his average hourly earnings rate for that period, or at labourer's day-wages rate, whichever is the lower, provided that payment for such time shall be limited to the amount (if any) by which the worker's earnings for that four-weekly measure-up period are less than either the sum of 160 times the hourly day-wages rate for a labourer or 160 times his average hourly earnings rate for that period whichever is the lower.

(c) (i) Notwithstanding the provisions of subclause (a) above, provided a youth has worked full time (other than time lost through wet weather) in any fortnightly pay period he shall be paid the amount (if any) by which his earnings for such period are less than the sum of 80 times the minimum hourly rate for his age.

The same reduction shall be made when a worker starts, leaves of his own accord, or is discharged.

Payment for such extra time worked shall be at ordinary time rate only, notwithstanding the provisions of clause 6 hereof.

OFFICIAL MESSAGES TO BRITISH MERCHANT SHIPS AND FISHING-VESSELS

THIS organization provides for the transmission of important messages from Naval Authorities to small ships, trawlers, &c., fitted with radio-telephony, on occasions when such messages may be of vital importance to their safety and welfare. Tests of the organization, lasting for one week, may be held at irregular intervals without prior notice, and all small craft fitted with R/T apparatus are earnestly requested to listen for the messages broadcast during these tests and to forward particulars of those received.

NOTE.—This notice will in future be issued annually as New Zealand Notice to Mariners.

2. When the organization described in this Notice to Mariners is ordered to be brought into force—

- (a) Ships are to continue to read the traffic from the coast station serving the waters in which they are sailing. Official messages will be broadcast as shown in the table below:
- (b) T.R.s are to be discontinued:
- (c) Messages are not to be acknowledged unless ships are specially directed to do so in the text of the message:
- (d) Ships are to conform to any restrictions regarding the use of radio which may be issued by the Naval Authorities.

New Zealand Coastal Waters

These messages are to be broadcast at definite times from the radio-stations given in the following table. Normal R/T procedure to which small ships are accustomed is employed as far as possible. A preliminary call will be made on 2182 kc/s. and the messages will then be broadcast on the coast station's working frequency of 2162 kc/s.; this frequency will be referred to in the preliminary call. The text of each message indicates the Naval Authority who has originated it and contains, if necessary, details of the locality to which it refers.

Example.—The shore station calls on 2182 kc/s. "Hullo, all British merchant ships, this is Wellington Radio. I have a message from the New Zealand Naval Board. Please listen on 2162 kc/s."

The shore station then changes frequency and proceeds: "Hullo, all British merchant ships, this is Wellington Radio. Here is a message from the New Zealand Naval Board. Begins. The organization for broadcasting official messages for ships fitted with radio-telephony given in N. to M. No. 33 is now in force for test for one week ending . . . (repetition of text) . . . (date time group) . . . ends."

All ships hearing these messages, when transmitted for test purposes only, are particularly requested to forward brief reports through their owners to the Navy Department and the Marine Department, Wellington, stating the times and their approximate position when these test messages were heard.
