7. In computing the weight of cheese for which payment is to be made by the Commission, the weight of all cheese comprised in any consignment submitted for grading under the said regulations shall be ascertained as follows:—

(a) The weight of all cheese in any such consignment shall be determined on the basis of the weight as ascertained by the grader of several crates of cheese selected by him for weighing and set out in the Grader's Certificate issued in respect of that consignment, and the crates of cheese so weighed shall be taken as fixing the average weight for the whole quantity of cheese comprised in such certificate, overweights being averaged with underweights in relation to the respective packed weights as set out in such certificate:

(b) If the average weight ascertained as aforesaid of the crates of cheese comprised in any Grader's Certificate be less than the average of the marked weights thereof as set out in such certificate, then payment shall be made for the cheese comprised in that certificate on the basis of the average weight so ascertained:

(c) If the average weight ascertained as aforesaid of the crates of cheese comprised in any Grader's Certificate exceeds the average of the marked weights thereof as set out in such certificate, then the amount of such excess shall not be taken into account for the purpose of computing payment therefor:

(d) From the total weight computed as aforesaid of the cheese comprised in any Grader's Certificate there shall be deducted by way of shrinkage allowance an amount equal to 2½ per centum thereof, or such greater or lesser amount in respect of any particular brand or class of cheese as the Department may from time to time determine.

8. Ownership of butter and cheese to which Part II of the Dairy Products Marketing Commission Act, 1947, applies shall pass to the Commission on the 20th day of the month next following the month in which that butter or cheese was graded.

9. Payment of the appropriate price of any butter or cheese which has become the property of the Commission will be made on the 20th day of the month next following the month in which that butter or cheese was graded.

10. The prices fixed by the Commission shall not be paid for any butter or cheese manufactured otherwise than in compliance with the said regulations.

11. The price to be paid by the Commission for any butter or cheese which, with the approval or at the request of the Commission, is manufactured, prepared, or packed in special containers, or in special quantities or otherwise in any special manner shall be the appropriate price payable for that butter or cheese as hereinbefore provided increased by the additional cost incurred in such special manufacture, preparation, or packing. Any such approval or request of the Commission may include a stipulation limiting the additional cost to be incurred, and may dispense with the requirements of paragraphs 5, 6, and 7 hereof, and, in that event, payment shall be made for the actual net weight of the butter or cheese exported. The additional cost referred to in this paragraph shall be computed by the Commission and the computation of the Commission shall be final.

Dated at Wellington, this 18th day of August, 1949.
