ORDER IN COUNCIL

At the Government House at Wellington, this 6th day of December, 1949
Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL

IN pursuance and exercise of the powers and authorities conferred on him by section twenty-five of the Naval Defence Act, 1913, and of all the powers and authorities enabling him in that behalf His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council, doth hereby amend and supplement the regulations referred to in the Schedule hereto as shown herein.

SCHEDULE

Regulations for the Government and Payment of the Royal New Zealand Navy, 1929

CHAPTER III.—ENTRY, TRAINING, ADVANCEMENT, DISCHARGE, ETC.: MEN

Articles 62 and 62A, cancel and substitute:—

"62. *Discharge by Purchase.*—Ratings of the regular Naval Forces may be permitted in special circumstances to purchase their discharge. Discharge by purchase cannot be claimed as a right and nothing in these Instructions shall interfere with the power of the Naval Board to suspend this concession, or to refuse discharge in a particular case.

"2. In normal circumstances, ratings who are permitted to take their discharge by purchase will retain their Reserve liabilities as laid down by the Naval Board.

"3. The Captain is to be careful not to entertain or forward an application without fully satisfying himself that the applicant has good and substantial reasons for seeking his discharge. He is to state whether or not the application is recommended by him as in the real interests of the applicant.

"4. Applications for discharge by purchase on compassionate grounds must be supported by clear evidence that undoubted material hardship to the applicant's dependants is involved by his or her retention in the Service. Proof will be required that the circumstances of the dependants have changed for the worse since the applicant entered the Service and that he is contributing to their support, through Service channels, an amount of his pay which inflicts hardship upon him, and which he could better afford as a civilian.

"5. Such applications should also be accompanied by a statement showing whether the purchase-money has been offered or lodged, and, if not, whether the Captain is satisfied that the circumstances of the applicant and/or his family preclude the possibility of finding sufficient funds to meet the full amount payable under the provisions of paragraph 9 or of any part thereof.

"6. Commanding Officers are to investigate each application and may forward to their Administrative Authority those which they recommend. They are to be made on Form S. 222 and are to be accompanied by the applicant's Service Certificate (or attested copy) and all relevant particulars including the following:—

"(a) Details of intended permanent employment and rate of wages offered:

"(b) Two independent certificates from men of standing e.g., the local Justice of the Peace and minister of religion, substantiating the applicant's claim to consideration and confirming that the offer of employment is of a *bona fide* permanent nature:

"(c) Medical certificate, where the application is preferred on compassionate grounds.

"7. If the Administrative Authority recommends the application should be granted, he is to transmit it to the Naval Board through the Commanding Officer, H.M.N.Z.S. 'Philomel,' who is to comment on the application from the manning point of view.

"When forwarding applications on compassionate grounds, the Administrative Authority is to state whether a reduction in the amount payable is recommended.

"8. The Naval Board will consider each case on its merits, and, notwithstanding the provisions of paragraph 9, may waive payment of the whole or such part of the purchase-money as may be determined in the case of applications recommended for consideration on compassionate grounds and which satisfy the requirements of paragraphs 4 and 5.

"9. The following is the scale of payments for discharge from the Service:—

"(a) Adult entries—	£
"(i) Less than three months from the date of entry	20
"(ii) After three months' service	50

"(b) Boy entries—	
"(i) Less than three months from date of entry ..	20
"(ii) From three months to one year from date of entry	35
"(iii) After one year from date of entry	50

"(c) Ratings entered as apprentices—	
"(i) Less than three months from date of entry	No charge
"(ii) From three months to one year from date of entry	35
"(iii) From one year to two years from date of entry	50
"(iv) After two years from date of entry	100

"(d) Men who have re-engaged as a condition of undergoing courses—	
"(i) During the currency of such special engagements	80

"(e) Members of the W.R.N.Z.N.S.—	
"(i) At any time during engagement	25

"(f) Ratings of all classes other than those serving under the special engagements referred to in (d)—	
"(i) After twelve years' service (see para. 10) Free	

"10. Ratings discharged free or by purchase will forfeit service gratuity accrued in respect of the current engagement, but the Naval Board may in special cases waive such forfeiture in whole or in part.

"11. The amount of purchase-money payable for the discharge of men who make application within three months of entry is to be governed by the date of application, provided there is no undue delay in depositing the sum required; in all other cases the governing factor is the actual date of discharge.

"Service for the purposes of paragraph 9 (f) means actual service in receipt of pay calculated to the date of discharge.

"12. The amount of any debt due to the Crown at the time of discharge must be paid in addition to the purchase-money.

"13. Ratings discharged free or by purchase within three months of entry or re-entry are not to be allowed to take away the whole of their kit if they receive a free kit or a grant towards the provision of kit on entry or re-entry. It is left to the discretion of the Captain to determine the articles of kit the ratings concerned may take with them, but as a general rule they should be allowed to take only such articles as are necessary to enable them to reach their homes decently dressed, the remainder being withdrawn and sold for the benefit of the Crown.

"14. One-half of the amount paid as purchase-money will be refunded if the rating concerned is allowed to rejoin the R.N.Z.N., New Zealand Army, or Royal New Zealand Air Force within two years of discharge."

Clerk of the Executive Council.

(b) (i) For potatoes grown in the North Island: £15 per ton f.o.r.s.e.:

(2) Where any potatoes grown in the South Island are delivered by a grower otherwise than f.o.b.s.e. a port in the South Island the price that may be charged by the grower shall be the appropriate price in terms of the foregoing provisions of this clause, increased by the amount of the charges (if any) incurred by him in effecting delivery and then reduced by the amount of the charges that would have been incurred by him if he had delivered the potatoes f.o.b.s.e. a port in the South Island.

(3) Where any potatoes grown in the North Island are delivered by a grower otherwise than f.o.r.s.e. the grower's station, the price that may be charged by the grower shall be the appropriate price in terms of the foregoing provisions of this clause, increased by the amount of the charges (if any) incurred by him in effecting delivery and then reduced by the amount of the charges that would have been incurred by him if he had delivered the potatoes f.o.r.s.e. the grower's station.

(4) Notwithstanding anything in the foregoing provisions of this clause, where any extraordinary charges beyond the control of the grower are reasonably incurred by him in or in the course of delivering any potatoes at the place specified in any contract as the place of delivery, the amount of such charges may, with the approval of the Tribunal, be added to the price to be paid to the grower for those potatoes.

Distributors' Prices

12. (1) Subject to the provisions of the next succeeding clause, the maximum price that may be charged or received by any distributor for any potatoes grown in New Zealand shall not exceed the sum of the following amounts:—

- (a) The price actually paid or payable to the grower by the same or any other distributor for the potatoes and for the sacks:
- (b) Any disbursements actually incurred and paid by the same or any other distributor by way of brokerage (not exceeding in the aggregate 2s. 6d. a ton) together with any grading, transport, or other charges actually paid by the same or any other distributor:
- (c) An amount computed at the rate of 10s. a ton.

(2) Subject to the provisions of the next succeeding clause, the maximum price that may be charged or received by any distributor for any potatoes imported into New Zealand by the distributor or any other person shall not exceed the sum of the following amounts:—

- (a) The landed cost of the potatoes to the importer at the port of discharge:
- (b) Any disbursements actually incurred and paid by the same or any other distributor by way of brokerage in New Zealand (not exceeding in the aggregate 2s. 6d. a ton) together with any grading, transport, or other charges incurred in New Zealand and actually paid by the same or any other distributor:
- (c) An amount computed at the rate of 10s. a ton.

13. Where any wholesaler who does not normally carry on business as a distributor sells any potatoes to another wholesaler (thus becoming a distributor in respect of that transaction) the price to be charged by the vendor may exceed the maximum price determined in accordance with the last preceding clause by such amount as may be mutually agreed to by the parties to the transaction: Provided that in any such case the maximum price that may be charged by the purchasing wholesaler in accordance with the next succeeding clause shall be determined as if he had bought those potatoes at the price paid by the wholesaler from whom he bought them.

Wholesalers' Prices

14. (1) Subject to the provisions of clause 13 hereof, the maximum price that may be charged or received by any wholesaler for any potatoes grown in New Zealand and sold by him to a retailer for purposes of retail sale shall not exceed the sum of the following amounts:—

- (a) The price actually paid or payable by the wholesaler to the grower or any other person for the potatoes and for the sacks:
- (b) An amount (not exceeding 2s. 6d. a ton) in respect of any potatoes actually received into and delivered from the wholesaler's store, together with any grading, transport, or other charges actually paid by the wholesaler:
- (c) An amount equal to 2½ per cent. of the sum of the amounts specified in paragraphs (a) and (b) hereof (to cover the estimated loss due to shrinkage and other natural causes), and, in the case of potatoes that have been actually received into the wholesaler's store, a further amount equal to 1¼ per cent. of the aforesaid sum:
- (d) An amount computed at the rate of £1 5s. a ton for lots of less than a half-ton, and at the rate of £1 a ton in all other cases.

(2) Subject to the provisions of clause 13 hereof, the maximum price that may be charged or received by any wholesaler for any potatoes imported into New Zealand by the wholesaler or any other person and sold by the wholesaler to a retailer for purposes of retail sale shall not exceed the sum of the following amounts:—

- (a) The price actually paid or payable by the wholesaler:
- (b) An amount (not exceeding 2s. 6d. a ton) in respect of any potatoes actually received into and delivered from the wholesaler's store, together with any grading, transport, or other charges incurred in New Zealand and actually paid by the wholesaler:
- (c) In respect of potatoes that have been actually received into the wholesaler's store, an amount equal to 1¼ per cent. of the sum of the amounts specified in paragraphs (a) and (b) hereof:

(d) An amount computed at the rate of £1 5s. a ton for lots of less than a half-ton, and at the rate of £1 a ton in all other cases.

Computation of Distributors' and Wholesalers' Prices by Reference to Average Prices

15. In computing the maximum price that may be charged by any distributor or by any wholesaler for potatoes that have been acquired by him in different lots at different prices, the appropriate maximum price may, with the general or special approval of the Tribunal, and subject to any conditions that may be imposed by the Tribunal, be computed by reference to the average of the several prices paid for such potatoes.

Distributors and Other Wholesalers to Specify Grades of Potatoes on Relevant Invoices

16. (1) Every distributor or other wholesaler who sells any potatoes to which this Order applies shall specify in the relevant invoices, with respect to each item, the grade of the potatoes comprised in the item.

(2) For the purposes of this clause the term "grade" with respect to any lot of potatoes means, as the case may require, "good table" or "f.a.q." or "under-grade."

Retailers' Prices

17. (1) Subject to the following provisions of this clause, the maximum price that may be charged or received by any retailer for potatoes, whether grown in New Zealand or imported into New Zealand, shall not exceed the sum of the following amounts:—

- (a) The price actually paid or payable by the retailer for the potatoes:
- (b) Any grading, transport, or other charges actually paid or payable by the retailer:
- (c) An amount equal to 33¼ per cent. of the sum of the amounts specified in paragraphs (a) and (b) hereof.

(2) The retail price of any potatoes, computed in accordance with the last preceding subclause, shall be calculated by reference to the prices and weights disclosed in the appropriate invoices.

(3) Notwithstanding anything to the contrary in the foregoing provisions of this clause, but subject to the provisions of sub-clauses (4) and (5) hereof, the retail price of potatoes to which this Order applies shall not in any case exceed:—

- (a) In the case of potatoes sold at any place within the Land Districts of Canterbury, Otago, or Southland—
If sold during the months of March to May, 1950 (inclusive) 2d. per lb.
If sold during the months of June to August, 1950 (inclusive) 2½d. per lb.
If sold during the months of September to November, 1950 (inclusive), (or thereafter while this Order is in force) 2½d. per lb.
- (b) In the case of potatoes sold elsewhere in the South Island: The appropriate price fixed in paragraph (a) according to the month in which the potatoes are sold increased by ¼d. per pound.
- (c) (i) In the case of potatoes sold at any place within the Auckland Metropolitan Area, the City of Hamilton, or the Land Districts of Taranaki, Wellington, Hawke's Bay, or Gisborne (excluding the County of Opotiki and the Borough of Opotiki) during the months of March to June, 1950 (inclusive), 2½d. per pound:
(ii) In the case of potatoes sold elsewhere in the North Island during the months of March to June, 1950 (inclusive), 2½d. per pound.
- (d) In the case of potatoes sold at any place within the Metropolitan Areas of Auckland or Wellington, or within the cities or boroughs of New Plymouth, Wanganui, Napier, or Gisborne during the months of July to November, 1950 (inclusive) (or thereafter while this Order is in force), 2½d. per pound.
- (e) In the case of potatoes sold elsewhere in the North Island during the months of July to November, 1950 (inclusive) (or thereafter while this Order is in force), 3d. per pound.

(4) Where any potatoes to which this Order applies are sold by retail in lots of 14 lb. or 28 lb. or 56 lb. or 112 lb., the maximum retail price shall not in any case exceed:—

Where the Maximum Retail Price (as Fixed by the Last Preceding Subclause) is—	Maximum Retail Price per Lot of—			
	14 lb.	28 lb.	56 lb.	112 lb.
	s. d.	s. d.	s. d.	s. d.
2d. per lb.	2 2	4 4	8 8	17 3
2½d. per lb.	2 6	4 11	9 10	19 6
2½d. per lb.	2 9	5 5	10 10	21 6
2¾d. per lb.	3 1	6 0	12 0	23 9
3d. per lb.	3 4	6 6	13 0	25 9

(5) Where any potatoes to which this Order applies are sold by retail in any lot exceeding 14 lb., but otherwise than in a lot of the actual weight specified in the last preceding subclause, the maximum price per pound of any surplus over 14 lb. or over any multiple of 14 lb. (being less in every case than 14 lb.) shall be the appropriate maximum price fixed by subclause (3) hereof.

(6) If in respect of any lot of potatoes sold by a retailer the maximum price, calculated in accordance with the foregoing provisions of this clause, is not an exact number of pence or half-pence (in the case of a lot less than 5 lb.) or is not an exact number of pence (in the case of a lot of 5 lb. or more), the maximum price of the lot shall be the next highest halfpenny or the next highest penny, as the case may be. The provisions of this subclause shall apply notwithstanding that in any case the retailer purports to sell any potatoes otherwise than by weight.

(7) For the purposes of this clause the price paid or payable by a retailer for any lot of potatoes and the grading, transport, and other charges paid or payable by him in respect of the same lot, shall be apportioned evenly over the whole lot, and the price and charges paid or payable by the retailer for each 1 lb. of potatoes included in the lot shall be determined accordingly.

(8) For the purposes of paragraph (d) of subclause (3) of this clause the Auckland Metropolitan Area shall be deemed to comprise the City of Auckland, the boroughs of Birkenhead, Devonport, Ellerslie, Mount Albert, Mount Eden, New Lynn, Newmarket, Northcote, Onehunga, One Tree Hill, Otahuhu, and Takapuna, and the road districts of Mount Roskill, Mount Wellington, and Panmure Township; and the Wellington Metropolitan Area shall be deemed to comprise the cities of Wellington and Lower Hutt, the boroughs of Eastbourne and Petone, and the Johnsonville Town District.

18. Notwithstanding anything in the foregoing provisions of this Order and subject to such conditions, if any, as it thinks fit, the Tribunal, on application by any retailer, may authorize special maximum retail prices in respect of any potatoes to which this Order applies where special circumstances exist or, for any reason extraordinary charges (freight or otherwise) are incurred by the retailer in obtaining delivery from the source of supply that is nearest or most convenient of access to him. Any authority given by the Tribunal under this clause may apply with respect to a specified lot or consignment of potatoes or may relate generally to all potatoes to which this Order applies sold by the retailer while the approval remains in force.

Retailers to Exhibit Prices

19. Every retailer who offers or exposes any potatoes to which this Order applies for sale in any shop shall keep in a prominent position in such proximity to the potatoes to which it relates as to be obviously descriptive thereof a ticket, placard, or label on which shall be stated in legible and prominent characters the retail price per pound of the potatoes.

BRANDING OF GOOD TABLE POTATOES

20. Every grower, distributor, or wholesaler who grades any potatoes as "good table" shall affix to every sack so graded a tag on which shall be written the words "Good Table Grade" and the name and address of the person so grading the potatoes: Provided, however, that where a grower so grading potatoes is a member of a growers' association approved by the Minister of Agriculture his registered number may be given in place of his name and address.

Dated at Wellington, this 23rd day of February, 1950.

The Seal of the Price Tribunal was affixed hereto in the presence of—

NOTE.—At stations where departures from normal are in parentheses, the temperature record has been maintained for less than ten years, the rainfall record for less than twenty years, and the normals are partly interpolated.

NOTES ON THE WEATHER FOR JANUARY, 1950

General.—The majority of depressions in the New Zealand area passed well to the south. Rain was frequent in the west and south of the South Island, but in the North Island the weather was dry and very sunny. Dairy production, which had been at a high level in the north, declined sharply towards the end of the month. There was much good harvesting weather and very satisfactory yields were reported. The rain which fell towards the end of the month was especially welcome, and did much to assist pastures and to reduce the risk of forest fires.

Rainfalls.—In Westland, Otago, and Southland rainfall was close to or slightly above average. There was a slight excess also in a small area east of the Wairarapa and near Gisborne. Conditions were very dry over the remainder of the North Island, especially over the Auckland Province which, as a whole, had only about a fifth of the average rainfall.

Temperatures.—Mean temperatures were about 1° F. above average in the south, and in a few scattered parts of the North Island; elsewhere the temperature anomaly was insignificant.

Sunshine.—For the North Island as a whole it was the sunniest January for at least forty years. The Auckland and Taranaki Provinces were especially well favoured, the excess being equivalent to over two hours a day. At Ruakura, Hamilton, the record total of 315.3 hours was 91.3 hours above the average. Blenheim set a new record and Nelson, too, had a large excess. In Otago and Southland totals were not quite up to the average.

Weather Sequence.—During the first few days of the month five depressions crossed the Tasman and passed to the south of New Zealand. The associated frontal systems moved across the country from the west producing frequent rain in Westland and to a lesser extent in Otago and Southland. Rain became fairly general for a time on the 4th.

On the 6th an anticyclone in the North Tasman Sea extended on to the North Island where the weather continued fine and warm. It remained unsettled in the south and some heavy rain occurred in Westland over several days while an active front progressed slowly

up the island. Rain spread to the east coast on the 8th when the front became stationary over North Canterbury, later to move southwards again and gradually dissipate.

While the cold front from the south-west was crossing the South Island on the 10th, a wave depression developed over Canterbury producing general rain south of Christchurch. Continuing northwards the front crossed the North Island on the 11th.

Following the passage of yet another depression in the south on the 12th, a cold front travelled slowly northwards over the country. With the approach of an anticyclone from the Tasman Sea temperatures became appreciably cooler and the weather gradually improved from the west and south.

A weak front produced brief rain on the Otago and Southland coasts on the 15th, and about the Kaikouras on the 16th. Pressures rose rapidly behind it and a large high-pressure cell developed east of the South Island. A spell of fine, anticyclonic weather followed, except in the Gisborne district where south-easterly winds and dull showery weather set in on the 14th and continued for over a week. On the 21st the anticyclone moved far away to the east of the South Island, while a disturbance from the north travelled slowly southwards past East Cape. Light falls of rain extended to eastern, central, and southern portions of the North Island and to Nelson and Marlborough.

North-westerlies prevailed on the 23rd and rain developed in Westland with the approach of a disturbance, the centre of which moved eastwards across Campbell Island on the morning of the 25th. The associated front produced brief rain in most places except in eastern districts from Canterbury to East Cape. Winds turned temporarily to the south-west and rose to gale force in the south.

Further rain in moderate amounts fell during the passage of a dying tropical cyclone which, after leaving a trail of damage in New South Wales, moved rapidly across the Tasman Sea to pass over Southland on the night of the 27th. Winds backed to cool southerlies on the 29th and next day the weather cleared generally.
